INDEPENDENT AUDITORS' REPORT

To the Plan Administrative Committee of

EARLY WARNING SERVICES, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **Early Warning Services, LLC 401(k) Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule(s) Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EARLY WARNING SERVICES, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of the Plan

The following brief description of the **Early Warning Services, LLC 401(k) Plan** (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. **General** – The Plan is a defined contribution plan originally effective January 1, 2006, and amended and restated most recently effective October 2, 2023. The Plan is based on a prototype plan as described in Note 5. The Plan trustee is Empower Trust Company, LLC ("Empower Trust") and Empower Retirement, LLC is responsible for the record keeping functions related to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC") Section 401(k).
- B. **Eligibility** – Effective October 2, 2023, the Plan covers all employees of Early Warning Services, LLC ("Employer" or "Company" or "Sponsor") and its subsidiaries, except for collectively bargained employees, non-resident aliens, and leased employees. Employees classified as full time or part time are eligible to participate in the Plan and may enter the Plan to make elective deferrals and to receive matching contributions effectively upon hiring.
- C. **Contributions** – Eligible participants can contribute, on a pre-tax and Roth basis, up to a total of 75% of their annual eligible compensation and participants who have attained age 50 before the close of the Plan year may make catch-up contribution deferrals as defined in the Plan document not to exceed the maximum dollar amount allowed by law. The Internal Revenue Service (IRS) adjusts this limitation each year for cost-of-living increases. The Plan has an automatic enrollment feature at 4% that automatically increases 1% annually. Effective January 1, 2024, the deferral rate for each automatically enrolled employee will then increase by 1% each year, beginning on January 1 of each subsequent Plan year, until the deferral rate for the employee reaches 10%. The employee may select a different rate or elect to not participate in the Plan. Participants may also contribute amounts representing distributions from other qualified plans.

During 2024, the Employer made safe harbor matching contributions to the participants' accounts. Matching contributions are calculated based on a Plan year basis rather than each payroll period, and are not to exceed 6% of Plan compensation as defined in the Plan document.

The Company may also provide a discretionary contribution (profit sharing contribution) which is determined annually. This contribution, if made by the Company, will be allocated using a non-integrated (pro-rata) formula. In order to share in the profit sharing contribution, the employee must be actively employed on the last day of the Plan year. These conditions do not apply in the year of death, or after the normal retirement age. The profit sharing contribution is subject to a vesting schedule, as discussed below. No discretionary profit sharing contribution was made for the year ended December 31, 2024.

- D. **Participant accounts** – Each participant's account is credited with the participant's contributions, the participant's portion of the Company's contribution, if any, and an allocation of any Plan earnings, losses, and expenses. Earnings and losses are allocated by fund based on the participant's account balance, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- E. **Investment options** – Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the investment options covered by the Plan and may change their investment options daily.

EARLY WARNING SERVICES, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of the Plan (continued)

- F. **Vesting** – Participants are immediately vested in their own contributions plus actual earnings thereon. In the event of termination of employment for reasons other than death, retirement or disability, a participant shall have a vested right in all Company generated portions of his or her account based on years of continuous employment with the Company as follows:

<u>Participant's Years of Service</u>	<u>Non-Forfeitable Percentage</u>
Less than 1	0%
After 1	25%
After 2	100%

- G. **Forfeitures** – Nonvested accounts will be forfeited and may be used to reduce Employer contributions.

At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$645,000 and \$203,000, respectively. During the year ended December 31, 2024, approximately \$275,000 of forfeited nonvested accounts were applied for permitted uses as described above.

- H. **Notes receivable from participants** – Under the terms of the Plan, participants may borrow up to 50 percent of their vested benefit up to a maximum of \$50,000, with a minimum loan amount of \$1,000. Loans may be made from the participants' accounts upon written application to the Plan administrator. The interest rate is calculated as the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated + 1.00%. Interest rates for all outstanding loans at December 31, 2024 were 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, except for loans to acquire a residence, which are determined by the employer, considering maturity dates of commercial banks in the local area for similar loans, not to exceed fifteen years. A participant may not have more than one loan outstanding at any time.

- I. **Payment of benefits** – Benefits may be paid to participants or their beneficiaries as soon as administratively possible after one of the following events:

- The date on which the participant attains age 59½, if elected (in-service)
- The date on which the participant attains age 70½, required
- Disability, termination of employment, or hardship
- Death – The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance

For participants with vested account balances, the payment will be in the form of a lump sum payment as defined in the Plan document, except that a participant may elect to obtain required minimum distributions in installments. A participant subject to termination of employment with an account balance less than \$5,000 will receive a mandatory distribution.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income and contributions are recognized when earned, and expenses are recorded when incurred.

EARLY WARNING SERVICES, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(2) Significant accounting policies (continued)

Management's use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Investment valuation and income recognition – Investments in shares of mutual funds are stated at net asset value, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions. Self-directed brokerage accounts consist of investments in stocks and exchange-traded funds, which are stated at the closing price reported on the active market on which the securities are traded. Investments in common/collective trusts are stated at unit value, or the equivalent of net asset value (NAV), which is based on the current fair values of the underlying assets of the fund and is a practical expedient for estimating the fair values of the investments. Common/Collective trusts have no unfunded commitments and can be redeemed daily with no redemption notice period or other redemption restrictions. The stable value fund is composed primarily of fully benefit-responsive investment contracts, and is valued at the NAV of units of the collective trust. The stable value fund NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions with the stable value fund (purchases and sales) may occur daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits – Benefit payments to participants are recorded when paid.

Administrative fees – Administrative costs of the Plan, such as trustee fees, record keeper fees, and fees charged to a participant for a benefit payment or loan, are paid by either the Plan or the Company at the Company's discretion. The Company pays legal and accounting fees. The costs paid by the Company for administrative fees are not reflected in the statement of changes in net assets available for benefits.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest.

Risks and uncertainties – The Plan provides for various investment fund options, which in turn invest in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market volatility risks. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent events – The Plan's management has evaluated subsequent events through July 30, 2025 which is the date the financial statements of the Plan were available to be issued.

(3) Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level assigned to an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 150,228,212	\$ -	\$ -	\$ 150,228,212

The following table sets the Plan's investments at NAV as a practical expedient as of December 31, 2023:

	<u>Total</u>
Common/collective trusts*	\$ 4,795,314
Stable value fund*	<u>5,478,272</u>
Total	<u>\$ 10,273,586</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(4) Information certified by the Plan trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments, at fair value
- Notes receivable from participants
- Interest income on notes receivable from participants
- Interest and dividends
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

EARLY WARNING SERVICES, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(5) Tax status

Effective October 2, 2023, the Plan adopted a prototype plan document sponsored by Empower Retirement, LLC, which has been determined by the Internal Revenue Service to be designed in accordance with applicable sections of the Internal Revenue Code (IRC) by opinion letter dated November 14, 2022.

The Plan has not filed for an individual determination letter. The Plan administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the IRC, therefore, they believe that the Plan was qualified and the related trust was tax exempt at December 31, 2024. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

(6) Party-in-interest transactions

The Plan paid fees to Empower Trust as trustee. The Plan paid fees to Empower Retirement, LLC as record keeper of the Plan. These transactions qualify as party-in-interest transactions and are included in administrative expenses in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
