INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of
The Niello Company 401(k) Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of The Niello Company 401(k) Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Niello Company 401(k) Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Niello Company 401(k) Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Niello Company 401(k) Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Niello Company 401(k) Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Niello Company 401(k) Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

INDEPENDENT AUDITORS' REPORT (continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE NIELLO COMPANY 401(K) PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

Note 1: Description of Plan

The following description of The Niello Company 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Summary Plan Description and Adoption Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established on November 1, 1977 covering all eligible full-time employees of the participating companies who have one year of service and are age twenty or older. It is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). The participating companies are all subsidiaries of The Niello Company ("the Company"); Niello Audi, Niello Acura, Niello BMW of Sacramento, Niello BMW of Elk Grove, Niello Jaguar, Niello Land Rover of Sacramento, Niello Land Rover of Rocklin, Niello Mini, Niello Porsche, Porsche Sacramento, Niello Volvo, and Niello Volkswagen.

Contributions - Each year, participants may contribute from 1% to 100% of included compensation, subject to IRS limits, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Company may match employee contributions at the discretion of the Board of Directors or contribute an amount which it designates as a qualified nonelective contribution. The Company made matching contributions of \$1,104,578 for the 2024 plan year.

Participant Accounts - Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. In addition to the administrative and advisory fees charged directly to each participant by the record keeper, Freedom One Retirement Services, LLC or Milliman, Inc., each mutual fund investment includes internal expense ratios. These expenses are reflected in each fund's investment return and participants' accounts are not charged separately. Participants should refer to the mutual funds' prospectuses for details of these fees.

Vesting - Participants are immediately vested in their voluntary contributions and any Company matching contributions, plus actual earnings thereon. Vesting in profit sharing contributions is based on years of service. A participant is one hundred percent vested after five years of credited service. Participants become fully vested in the event of death, disability, retirement, or plan termination.

Forfeitures - The total non-vested portion of terminated participants' account balances are used by the plan sponsor to reduce employer matching contributions or pay plan expenses. There were \$45,190 of forfeitures generated in the current year, and \$16,666 of forfeitures were used to pay administrative fees, and \$18,120 were used to reduce employer matching contributions. As of December 31, 2024 there is a balance of \$23,832 in unused forfeitures available to reduce future employer contributions or pay plan expenses.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions in various increments to the investments administered by Freedom One Retirement Services, LLC (record keeper) and held by Charles Schwab Trust Bank (the Plan's custodian). Freedom One has subcontracted with Milliman, Inc. to provide record keeping services. Participants may change their investments daily and choose from a variety of mutual fund investment options.

Notes Receivable from Participant - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loans may be paid over a reasonable period of time not to exceed five years. The loans are secured by the balances in the participants' accounts and bear interest at a rates which are commensurate with local prevailing rates as determined by the Plan Administrator.

THE NIELLO COMPANY 401(K) PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

Note 1: Description of Plan (continued)

Payment of Benefits. Distributions from the Plan are available to participants or their beneficiaries at retirement, as a result of permanent disability, upon termination of employment, or death. Distributions may also be made due to financial hardship as defined by the Plan. All investments available in the plan allow for daily redemptions with no redemption notice period required.

Life Insurance. Participants enrolled in the plan prior to December 31, 2002 may elect to have a portion of their contributions invested in life insurance contracts. Upon the death of the participant, the proceeds of the contract will be payable to the Trustee. The Trustee is then required to pay all proceeds to the participant's designated beneficiary. The cash surrender value of these outstanding policies was \$85,379 and \$83,192 as of December 31, 2024 and 2023, respectively.

Amendments: During the year ending December 31, 2024, the plan was amended to shorten the waiting time for auto enrollment to start for new employees, and to add a new participating company, Porsche Sacramento.

Note 2: Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments primarily consist of shares of registered investment companies (mutual funds) and are stated at fair value as determined by quoted market price as reported by Charles Schwab Trust Bank, the Trustee for the Plan. Common/Collective Trusts are valued at fair value using the net asset value (NAV) provided by Charles Schwab Trust Bank. The New York Life Anchor Account CIT is valued at contract value as reported by Charles Schwab Trust Bank. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Cash Surrender Value of Life Insurance is stated at fair value as reported by Allianz Life Insurance Company.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Risks and Uncertainties - The Plan provides for various investment options which are exposed to a variety of risks, including interest rate, market fluctuations, valuation, and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Plan management has evaluated subsequent events through September 30, 2025, the date the financial statements were available to be issued.

THE NIELLO COMPANY 401(K) PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

This information has been certified as complete and accurate to the best of their knowledge. A summary of the information certified by the trustee is as follows:

	2024	2023

Mutual Funds (at fair value)	\$ 2,507,210	\$ 4,863,574

New York Life Anchor Account CIT (at contract value)	2,161,478	2,199,277
Participant Notes Receivable	734,071	478,758
Net appreciation in value of investments	7,829,500	
Interest and Dividends	150,394	

Note 4: Fair Value Measurements

Financial Accounting Standards Board ASC 820-10 (formerly FASB Statement No. 157, Fair Value Measurements), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

THE NIELLO COMPANY 401(K) PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

Note 4 : Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the net asset value ('NAV') of shares held by the plan at year end based on quoted market prices as reported by Charles Schwab Trust Bank, the trustee of the Plan.

Common/Collective Trusts: Valued at fair value as determined by Charles Schwab Trust Bank, based on the number of units held and quoted market prices of the underlying mutual fund investments.

Cash Surrender Value of Life Insurance: Valued at the stated cash surrender value available to each participant as reported by the insurance carrier, Allianz Life Insurance Company.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Investments at Fair Value as of December 31, 2024

THE NIELLO COMPANY 401(K) PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

Note 5: Stable Value Accounts - Reliance New York Life Anchor Account Series I

The investments in the New York Life Anchor Account are deposited by New York Life into the New York Life Pooled Separated Account No. 25 (the Separate Account). The Contract simulates the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by New York Life. The Contract provides that the Trust execute transactions at contract value. New York Life guarantees the contract value, which represents contributions, plus interest, less participant-initiated withdrawals or transfers. This is the Contract's guaranteed value.

The Contract provides a fixed interest rate for a fixed period that will apply to the entire guaranteed value. The interest rate is reset daily as determined by New York Life with consideration of the fair value of the Separate Account, the anticipated market yields-to-maturity of the assets and cash held in the Separate Account, and the amortization of the difference, if any, between the fair value of the assets and the liabilities held in the Separate Account. New York Life guarantees that the rate will never be less than zero.

Participant-directed withdrawals are paid at the guaranteed value. However, under certain circumstances, non-benefit related withdrawals from the fund, such as the termination of a participating plan, may be transacted at fair value which may be lower than contract value. The investment in the New York Life Anchor Account CIT is stated at contract value as follows:

	<u>2024</u>	<u>2023</u>
Traditional Stable Value Investment Contract	<u>\$ 2,161,478</u>	<u>\$ 2,199,277</u>

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7: Administrative Fees

THE NIELLO COMPANY 401(K) PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

Note 8: Tax Status

The Plan uses the prototype plan document Freedom One Retirement Services, LLC Defined Contribution Pre-Approved Plan, sponsored by Freedom One Retirement Services, LLC who received an opinion letter from the IRS dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administration has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 9: Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Notes receivable from participants reflect party-in-interest transactions.
