Report of Independent Auditors

To the Participants and Trustees of
Automatic Sprinkler Local 281, U.A. Welfare Fund

Opinion

We have audited the financial statements of Automatic Sprinkler Local 281, U.A. Welfare Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of Automatic Sprinkler Local 281, U.A. Welfare Fund as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

December 31, 2024 and 2023

Note 1. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements of Automatic Sprinkler Local 281, U.A. Welfare Fund (the Plan) have been prepared using the accrual basis of accounting.

Investments - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Contributions Receivable - Employer contributions due but not received at year end are recorded as contributions receivable. Employer contribution deficiencies which are established through payroll compliance audits are recognized upon settlement with the employer. No allowance for uncollectible accounts is considered necessary as all contributions receivable are considered fully collectible at year end.

Property and Equipment - Property and equipment are carried at cost. Major additions are capitalized while replacements, maintenance and repairs which do not improve or extend the lives of the respective assets are expensed currently. Depreciation is computed by the straight-line method over the following estimated useful lives of the related assets:

Office furniture and equipment	7 years
Computer software and equipment	5 - 7 years

Deferred Income - Retired participants make contributions to receive benefits under the Plan. Contributions received in advance of the corresponding eligibility period are recognized as deferred income.

Note 1. Summary of Significant Accounting Policies (continued)

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked in covered employment and the contribution rates set forth in the applicable collective bargaining agreement. Employers are required to remit contributions monthly. The Plan carries out its purpose described in Note 2 in the automatic sprinkler and fire control industry within a jurisdiction primarily located in Illinois, including the counties of Cook, DuPage, Grundy, Kane, Kendall, Lake, McHenry and Will and in Indiana including the counties of Lake and Porter.

Reciprocal Contributions - The Plan is signatory to reciprocity agreements with various other multiemployer welfare plans for its participants who perform work outside the geographic jurisdiction of the local union. Participants who are normally employed within the territory of one local union (home local) may be temporarily employed within the territory of another local union (reciprocating local). When a participant of the home local works in the territory of a reciprocating local, the latter is to make contributions to the former's fringe benefit plans on the participant's behalf. Monies received by the Plan on behalf of persons from outside participating local unions are forwarded to their home local fringe benefit plans. The Plan uses the same recognition and measurement criteria for contributions received on behalf of its participants under the terms of reciprocity agreements, as for all other employer contribution revenue. Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan recognizes a liability upon receiving reciprocal contributions on behalf of non-participants working within the jurisdiction of the local union, and recognizes a decrease in that liability upon remitting those contributions to the appropriate plan. Employer contributions included reciprocal contributions of \$146,887 and \$134,740 for the years ended December 31, 2024 and 2023, respectively, from various other welfare plans under the terms of reciprocity agreements. The Plan remitted a total of \$149,978 and \$126,509 in reciprocal contributions to various other welfare plans under the terms of reciprocity agreements for the years ended December 31, 2024 and 2023, respectively. Reciprocal contributions payable at December 31, 2024 and 2023 totaled \$67,242 and \$27,681 respectively.

Prescription Drug Rebates - The Plan utilizes a pharmacy benefit manager (PBM) who periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs. Refunds due from the Plan's PBM are recorded when earned. Refunds due as of the financial statements date have been reported as a receivable.

Stop-Loss Insurance - The Plan contracted with Union Labor Life Insurance Company for the years ended December 31, 2024 and 2023 to provide stop-loss insurance. Under the terms of the contract, individual participant claims incurred within the contract year in excess of specific limits within the contract are reimbursed to the Plan. During the years ended December 31, 2024 and 2023, the contract limit was \$550,000 and \$525,000, respectively.

Note 1. Summary of Significant Accounting Policies (continued)

Transitional Reinsurance Fee Refund - The Plan opted into the transitional reinsurance fee class action lawsuit which challenged the legality of requiring self-insured multiemployer welfare plans to pay the transitional reinsurance fees as mandated by the Affordable Care Act. Judgment in favor of the plaintiffs was entered on May 12, 2023 in the United States Court of Federal Claims. As part of this judgment, the Plan was awarded a total recovery in the amount of \$137,826. This amount was reduced during 2024 to \$94,222 to account for fees and other expenses.

Benefit Obligations - Benefit obligations were determined by the Plan's actuarial consultant using accepted actuarial principles based on paid and incurred claims cost studies, Plan benefits, claims experience and other data as considered necessary.

The obligation for participants' accumulated eligibility credits represents an estimate of claims which will be due the following year for participants who had been credited with sufficient hours prior to December 31 to maintain eligibility after year end.

Expenses - Certain investment related expenses are included in net appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through May 29, 2025, which is the date the financial statements were available to be issued.

Note 2. Description of the Plan

The Plan was established pursuant to collective bargaining agreements to provide health care, death and disability benefits for eligible participants and their dependents. The Plan also provides dental, vision, prescription drug and accidental death and dismemberment benefits. All benefits are self-funded except for the life, accidental death and dismemberment benefits. Medicare eligible participants receive benefits through a fully insured Medicare Advantage arrangement. The Plan is a multiemployer welfare plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participants become initially eligible to receive benefits on the first day of the calendar month following a period of 12 or less consecutive months during which the participant has been credited with a minimum of 600 hours.

Note 2. Description of the Plan (continued)

Once attaining initial eligibility, participants remain eligible provided that at least 300 hours is reported within the three consecutive months, or 600 hours is reported within the six consecutive months, prior to each eligibility month. Two administrative months are added to allow for time to process contributions. The administrative months are the two months prior to the eligibility month.

Retirees are permitted to make self-payments to the Plan.

Continuation of health care benefits to persons who would otherwise lose those benefits due to certain events, as mandated by Consolidated Omnibus Budget Reconciliation Act (COBRA) was adopted by the Plan.

Participants should refer to the summary plan description for more complete information.

Note 3. Priorities upon Termination

It is the intent of the Trustees to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the Trustees shall first satisfy or make provisions to satisfy the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will in the opinion of the Trustees bring about the purpose of the Plan. Discontinuance or termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants.

Note 4. Tax Status

The Plan obtained a notice of exemption dated November 5, 1954, in which the Internal Revenue Service stated that the trust established under the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the notice of exemption. The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Funding Policy

The Plan is primarily funded by employer contributions and participant self-payments. Participating employers contribute such amounts as specified in their collective bargaining agreements. The hourly employer contribution ranged from \$13.70 to \$14.20 during the years ended December 31, 2024 and 2023, respectively. Additionally, \$0.50 per hour through June 30, 2023 and \$0.75 thereafter, of employer contributions, described as Retired Employee Subsidy Account (RESA) contributions, are used to subsidize future increases in payments for retirees.

Participant contributions are allowed to provide COBRA benefits and benefits to retired and disabled participants. Participant contribution rates are determined annually based on claims experience. During the years ended December 31, 2024 and 2023, quarterly contribution rates to provide benefits to retired participants ranged from \$180 to \$1,695 depending on the participant's retirement date and coverage option. Participant contributions to provide benefits under COBRA were paid at a monthly rates ranging from \$594 to \$1,669 during the years ended December 31, 2024 and 2023, depending on the participant's coverage option.

The related local union subsidizes COBRA premiums for those participants who lose their jobs through involuntary termination and elect continuation of health benefits pursuant to COBRA. The related local union also subsidizes a portion of the retiree premiums.

Note 6. Concentration of Cash

The Plan maintains its cash balances with financial institutions deemed to be creditworthy. Balances are insured by FDIC up to \$250,000 per financial institution. Although balances may at times exceed insured limits, the Plan believes its credit risk to be minimal.

Note 7. Major Employer

There were no contributions from any employers that exceeded 10% of total employer contributions during the year ended December 31, 2024. Contributions from one employer accounted for approximately 10% of total employer contributions during the year ended December 31, 2023. In the event this employer suspended contributions, the Plan would terminate coverage to the employer's participants as required under the Plan document. The Plan would retain the risk of meeting current fixed administrative expenses until the appropriate adjustments were made.

Note 8. Fair Value Measurements

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following describes the three levels of the fair value hierarchy.

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

		<u>Fair Value Measurements at 12/31/24 Using</u>

		Fair Value Measurements at 12/31/23 Using		
		Quoted Prices		
		in Active	Significant	
		Markets for	Other	Significant
		Identical	Observable	Unobservable
		Assets	Inputs	Inputs
		(Level 1)	(Level 2)	(Level 3)

Investments measured at net asset value:				
Commingled funds	<u>15,544,395</u>			
Total	<u>\$ 45,561,682</u>			

Level 1 Measurements

The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable fixed income and equity securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Level 2 Measurements

The money market funds are valued at cost, which approximates their fair value.

Measurements Using Net Asset Value as a Practical Expedient

The commingled funds are valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset values are based on the fair values of the underlying investments held by the funds less their liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The commingled funds are direct filing entities (DFEs) and file a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the investment strategies of DFE investments. Redemptions are available on a monthly basis upon three days' notice.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

Note 9. Risks and Uncertainties (continued)

Due to the inherent uncertainties involved in the valuations of investments that are not publicly traded, estimated fair values may differ materially from the values that would have been used had a ready market for the securities existed.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 10. Property and Equipment

Property and equipment at December 31, 2024 and 2023 consisted of the following:

	<u>2024</u>	<u>2023</u>
Office furniture and equipment	\$ 15,382	\$ 15,382
Computer software and equipment	<u>162,856</u>	<u>161,603</u>
Total	178,238	176,985
Less accumulated depreciation and amortization	<u>(164,191)</u>	<u>(157,811)</u>
Net property and equipment	<u>\$ 14,047</u>	<u>\$ 19,174</u>

Depreciation and amortization expense was \$6,380 in 2024 and \$7,051 in 2023.

Note 11. Related Organization

The Plan has one related tax-exempt organization, a local union.

Shared Administrative Expenses

The Plan shares facilities, equipment and staff with the related local union on a direct and pro-rata basis. These expenses are normally paid by the local union and allocated periodically to the Plan based on estimates of time spent, space utilized and costs incurred. Shared administrative expenses allocated for the years ended December 31, 2024 and 2023 totaled \$280,279 and \$267,709 respectively. At December 31, 2024 and 2023, the Plan owed the local union \$48,812 and \$45,080 respectively, for such expenses.

Note 11. Related Organization (continued)

Office Operating Expenses

The Plan reimburses the related local union for office space used exclusively for the purpose of operating and administering the Plan. This reimbursement, paid on a month-to-month basis in the form of rent, is based on actual square footage and covers the costs for the building and other building operating expenses such as furniture repairs, cleaning, utilities, taxes and building insurance that are normally incurred in the operation of a commercial office building. The Plan made monthly rental payments of \$1,650 through September 2024. The Plan's monthly rental payments decreased to \$1,450 effective in October 2024.

Total rent expense for the years ended December 31, 2024 and 2023 was \$19,200 and \$19,800 respectively.

Benefit Plans

The Plan's full-time administrator is covered by two multiemployer defined benefit pension plans, a multiemployer defined contribution retirement plan and a multiemployer welfare plan. Contributions to the plans are initially paid by the local union and are made monthly under the terms of participation agreements. Contributions to the defined benefit pension plans totaled \$53,926 in 2024 and \$52,102 in 2023. Contributions to the defined contribution plan totaled \$24,920 in 2024 and \$23,920 in 2023. Contributions to the welfare plan totaled \$31,174 in 2024 and \$29,796 in 2023.

Benefit plan contributions made on behalf of the Plan's administrator are included in the allocation of shared administrative expenses.

COBRA and Retiree Premium Subsidies

As described in Note 5, the local union's membership approved to subsidize COBRA premiums for those members who lose their jobs through involuntary termination and elect continuation of health benefits through the Plan pursuant to COBRA. Additionally, the local union subsidizes a portion of the premiums for retired members who elect continuation of health benefits through the Plan. During the years ended December 31, 2024 and 2023, the Plan recognized a total of \$630,458 and \$633,524 respectively, in subsidies from the local union.

Note 12. Participation in Multiemployer Plans

Defined Benefit Pension Plan

All of the Plan's office employees are covered by a multiemployer defined benefit pension plan. The risk of participating in multiemployer defined benefit pension plans is different from single employer plans. Assets contributed to a multiemployer defined benefit pension plan by one employer may be used to provide benefits to employees of other participating employers. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.

The Plan's participation in the multiemployer defined benefit pension plan for the years ended December 31, 2024 and 2023 is outlined in the following table. Plans that are considered to be significant are required to be identified. The "EIN/PN" column provides the employer identification number (EIN) and the three-digit plan number (PN). The most recent Pension Protection Act (PPA) zone status provides an indication of the financial health of the plan. Among other factors, plans in the red zone are below 65 percent funded, plans in the yellow zone are between 65 percent and 80 percent funded, and plans in the green zone are at least 80 percent funded. The "FIP/RP Status Pending/Implemented" column indicates plans for which a funding improvement plan (FIP) or rehabilitation plan (RP) is either pending or has been implemented. The last column specifies the year end date of the plan to which the annual report (Form 5500) relates.

<u>Pension Plan</u>	<u>EIN/PN</u>	<u>Pension Protection Act</u>		<u>FIP/RP</u>			<u>Most</u>
				<u>Status</u>			<u>Recently</u>
				<u>Pending/</u>			<u>Available</u>
		<u>Zone Status</u>		<u>Implemented</u>	<u>Contributions</u>		<u>Annual Report</u>
		<u>2024</u>	<u>2023</u>		<u>2024</u>	<u>2023</u>	<u>(Form 5500)</u>
National Automatic Sprinkler		Green as of	Green as of				
Industry Pension Fund	52-6054620/001	1/1/2025	1/1/2024	Implemented	\$ 62,598	\$ 63,569	12/31/23

Contributions are made monthly under the terms of a participation agreement, which does not have an expiration date. The Plan's contributions do not represent more than 5% of total contributions to the plan as indicated in the plan's most recently available annual report.

Defined Contribution Retirement Plan

In addition to the defined benefit pension plan, all office employees are covered by a multiemployer defined contribution retirement plan. Contributions to the plan are made monthly under the terms of a participation agreement. For the years ended December 31, 2024 and 2023, contributions totaled \$27,869 and \$28,694 respectively.

Note 12. Participation in Multiemployer Plans (continued)

Welfare Plan that Provides Postretirement Benefits

The Plan's employees are also covered by a multiemployer health and welfare plan that provides medical benefits to retirees and eligible employees working under collective bargaining agreements, and their dependents. Contributions to this plan for the years ended December 31, 2024 and 2023 totaled \$86,485 and \$90,901 respectively.

Note 13. Postretirement Benefit Obligations

The postretirement benefit obligation represents the total actuarial present value of those estimated future benefits that are attributed to employee service rendered to December 31, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the participating employers. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date. Postemployment benefit obligations consist of medical benefits for active and inactive participants.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

At December 31, 2024 and 2023, retirees contribute approximately 16% and 20%, respectively, of the estimated cost of providing their postretirement benefits. These benefits were available to 585 retirees at December 31, 2024, and 570 retirees at December 31, 2023, at an annual cost of approximately \$5,466,000 and \$5,073,000 respectively. As discussed in Note 5, RESA contributions are used to subsidize a portion of retiree contributions depending on the retiree's circumstances. During 2024, approximately \$804,000 of accumulated RESA contributions, representing approximately 15% of retiree costs, were used to subsidize retiree premiums. During 2023, approximately \$788,000 of accumulated RESA contributions, representing approximately 16% of retiree costs, were used to subsidize retiree premiums.

Note 13. Postretirement Benefit Obligations (continued)

Some of the significant assumptions used to calculate the postretirement benefit obligations as of December 31, 2024 and 2023 were as follows:

Discount rate:

2024 - 5.50%

2023 - 5.00%

Health trend rates:

2024 - 7.9% graded to 4% over 16 years

2023 - 6.9% graded to 4% over 17 years

Administrative expenses:

2024 - 11% of pre-65 claims and 41% of post-65 claims

2023 - 7% of pre-65 claims and 39% of post-65 claims

Postretirement mortality rate:

105% for males and 110% for females of the Pri-2012 Blue Collar Mortality Tables for employees and healthy annuitants projected forward using the MP-2021 projection scale

The trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point, it would increase the postretirement obligation as of December 31, 2024 and 2023 by \$33,993,722 and \$35,205,417 respectively.

Changes in plan provisions decreased obligations by \$1,911,537 for 2024. This decrease was the result of introducing certain step therapies for prescription drugs as well including the impact of certain cost containment efforts undertaken by the Board.

Changes in actuarial assumptions decreased obligations by \$11,151,670 for 2024. This decrease was the result of increasing the discount rate and adjusting the medical, drug and dental trend rates to reflect the best projection for future medical inflation.

Changes in actuarial assumptions increased obligations by \$11,288,241 for 2023. This increase was the result of decreasing the discount rate and adjusting the medical, drug and dental trend rates to reflect the best projection for future medical inflation. Additionally, the mortality rates for females were changed to better reflect the latest mortality improvement data available.

All Medicare eligible participants are covered under a fully insured Medicare Advantage arrangement. The estimated benefit obligation takes into account the reduced prescription drug costs related to the change in plan provisions to sponsor a Medicare Part D program through an Employer Group Waiver Plan (EGWP).

Note 13. Postretirement Benefit Obligations (continued)

The Plan's deficiency of benefit obligations over net assets relates primarily to the postretirement benefit obligation, the funding of which is not covered by the contribution rate provided by the current collective bargaining agreements. However, the Plan empowers the Board of Trustees to increase or decrease the amount of self-payments by eligible retired participants and to modify the terms and conditions under which retiree eligibility may be maintained; therefore, the cost to the Plan can be reduced or eliminated prospectively by action of the Board of Trustees.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Note 14. Concentration of Plan Investments

The Plan has a significant portion of its assets invested in an intermediate fixed income mutual fund, a total stock market mutual fund and a core fixed income commingled fund. These investments represented approximately 32%, 25% and 28% respectively, of the Plan's net assets available for benefits as of December 31, 2024, and approximately 31%, 25% and 26% respectively, of the Plan's net assets available for benefits as of December 31, 2023.

Note 15. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 55,178,797	\$ 49,559,770
Less - benefit obligations currently payable	<u>(3,712,383)</u>	<u>(2,241,150)</u>
Net assets available for benefits per the Form 5500	<u>\$ 51,466,414</u>	<u>\$ 47,318,620</u>

The following is a reconciliation of benefits paid to or for participants per the financial statements to the Form 5500 for the year ended December 31, 2024:

Benefits paid to or for participants per the financial statements	\$ 25,373,914
Add - amounts currently payable at end of year	3,712,383
Less - amounts currently payable at beginning of year	<u>(2,241,150)</u>
Benefits paid to or for participants per the Form 5500	<u>\$ 26,845,147</u>

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULES

To the Participants and Trustees of
Automatic Sprinkler Local 281, U.A. Welfare Fund

We have audited the financial statements of Automatic Sprinkler Local 281, U.A. Welfare Fund (the Plan) as of and for the years ended December 31, 2024 and 2023, and our report thereon dated May 29, 2025, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplemental Schedules 1 and 2 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
