Independent Auditor's Report

To the Board of Trustees and Participants
Berkshire Systems Group, Inc. Group Medical Plan
Shillington, Pennsylvania

Opinion

We have audited the financial statements of Berkshire Systems Group, Inc. Group Medical Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2024, the related statements of changes in net assets available for benefits and changes in benefit obligations for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2024 and the changes in net assets available for benefits and changes in benefit obligations for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - 2023 Financial Statement

The accompanying statement of net assets available for benefits of the Plan as of December 31, 2023, was not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on it.

Notes to Financial Statements

December 31, 2024 (Audited) and 2023 (Unaudited)

Note 1 - Description of Plan

The following description of Berkshire Systems Group, Inc. Group Medical Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan is a self-insured welfare benefit plan that provides benefits to all regular full-time employees of Berkshire Systems Group, Inc. (the Company) who are working at least 30 hours per week, as well as former employees electing coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) provisions. Employees are eligible the first of the month following date of hire. Benefits are also provided to dependents of these individuals who elect coverage on their behalf. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a member of Veris Benefits Consortium, LLC, which operates as a health insurance consortium under which the members negotiate and establish employee welfare benefit plans for their employees. Some expenses of the Plan are paid through the Veris Benefits Consortium, LLC Trust. The employees are required to pay for a portion of the cost of the benefit.

Contributions

The Company shall contribute such amounts to the Plan as necessary for timely payment of all claims and administrative expenses of the Plan. The Company provides for stop loss insurance over a specified amount as per agreement with the reinsurance carrier, with the premiums being paid by funds deposited in the Plan. Employee contributions are determined on a fixed fee basis. The amount varies depending on the selection of individual or eligible dependent coverage.

Benefits

The Plan provides health (medical, hospital, surgical, major medical, and telemedicine), and prescription drug benefits to substantially all employees of the Company who meet the eligibility requirements of the Plan and to their covered dependents. The Plan also provides continuation of certain benefits upon termination of employment through COBRA, as defined in the plan document.

The Company provides most health insurance benefits and pays the administrative fees incurred. The employees pay a portion of their health coverage based upon the coverage chosen through payroll deferrals.

Current health and prescription drug claims are processed through Highmark, Inc.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, claims incurred but not reported (IBNR), claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Payment of Benefits

Premiums paid by the trust are recorded as premium payments in the accompanying statement of changes in net assets available for benefits when paid.

Claim payments are recorded when paid by the third-party claims processor.

Stop Loss Insurance

The Plan has a stop loss insurance arrangement, whereby the stop loss insurance will cover the Plan's obligations for any plan participant's claims in excess of a fixed dollar amount (self-insured retention). The self-insured retention for the Company was \$75,000 per covered person for the year ended December 31, 2024. Stop loss refunds of \$273,831 have been netted with claims paid in the accompanying statements of changes in net assets.

In addition, the Plan has an aggregate stop loss insurance arrangement whereby the aggregate stop loss insurance will cover the Plan's obligations if all claims exceed a fixed dollar amount. Premiums for stop loss insurance are included in insurance premiums in the accompanying statement of changes in net assets available for benefits.

Plan Benefit Obligations

Plan obligations at December 31, 2024 and 2023 for health claims incurred by active participants, but not reported at that date, are estimated by the Plan's management. Such estimated amounts are reported in the accompanying statement of benefit obligations. Due to the short-term nature of the reserve liability, time value of money was not used to discount future payments. As of December 31, 2024 and 2023, benefit obligations for claims that had been incurred but not paid totaled \$120,538 and \$78,829, respectively. This amount was paid in the plan year immediately following the respective period end dates noted above. It is the Plan's policy that deductions for claims are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (continued)

Administrative Expenses

The Plan pays administrative expenses that consist of administrative fees paid to third-party administrators, including costs related to claims processing and actuary, broker fees, and patient advocate fees. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses and are paid directly from the plan trust account. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Note 3 - Plan Administration

The Plan has entered into a service agreement with Highmark, Inc. to provide administrative services for health and prescription drug claims. Highmark, Inc. is responsible for determining eligibility of the claiming person, evaluating the validity of the claim, calculating the amount of the claim payable, if any, and issuing a check payable to the provider of services, or to the employee in accordance with the terms of the Plan. Highmark, Inc. charges a fee based on the number of employees participating in the Plan.

Substantially all administrative expenses of the Plan, including, but not limited to, costs related to claims processing are being paid from plan assets. Certain other administrative expenses of the Plan, including certain recordkeeping services, are also paid from plan assets.

Note 4 - Fair Value Measurements

The framework for measuring fair provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Berkshire Systems Group, Inc. Group Medical Plan

Notes to Financial Statements

December 31, 2024 (Audited) and 2023 (Unaudited)

Note 4 - Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2024.

The interest-bearing cash account is valued at cost, which approximates fair value.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Fair Value Measurements at December 31, 2024			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Interest-bearing cash account	\$ -	\$ 156,285	\$ -	\$ 156,285
	Fair Value Measurements at December 31, 2023			
Interest-bearing cash account	\$ -	\$ 40,968	\$ -	\$ 40,968

Note 5 - Tax Status

The Plan is funded through a nonqualified trust under Internal Revenue Code (IRC) 419(a). The trust files Form 1041 U.S. Income Tax Return for Estates and Trusts. Plan management believes that the Plan is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. Federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

December 31, 2024 (Audited) and 2023 (Unaudited)

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, active employees, discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for, or on account of, the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 7 - Risks and Uncertainties

The Plan maintains cash in a bank deposit account which may, at times, exceed federally insured limits. The Plan has not experienced any losses in such account. The Plan believes it is not exposed to any significant credit risk on cash.

The actuarial present value of benefit obligations is reported based on certain assumptions, including level of past claims, which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 8 - Related Party Transactions

The plan investment is managed by UMB Bank, N.A., the custodian of the Plan, and; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to the Plan's custodian totaled \$95,284 for the year ended December 31, 2024. As described in Notes 1, 2, and 3, the Plan has several arrangements with service providers. These transactions are party-in-interest transactions under ERISA.

Note 9 - Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 178,368	\$ 218,789
Benefit obligations currently payable	<u>(120,538)</u>	<u>(78,829)</u>
Net Assets Available for Benefits per the Form 5500	<u>\$ 57,830</u>	<u>\$ 139,960</u>

Note 9 - Reconciliation of the Financial Statements to the Form 5500 (continued)

The following is a reconciliation of claims paid per the financial statements to the Form 5500 for the year ended December 31, 2024:

Claims Paid per the Financial Statements	\$ 1,014,251
End of year	120,538
Beginning of year	<u>(78,829)</u>
Claims Paid per the Form 5500	<u>\$ 1,055,960</u>

Claims that have been processed and approved for payment at year-end, but not paid, and claims incurred but not reported are not considered liabilities under accounting principles generally accepted in the United States of America and; therefore, are not presented as liabilities or claims paid in the accompanying financial statements, but are recorded on the Form 5500 as a liability.

Note 10 - Subsequent Events

Plan management has evaluated subsequent events through September 22, 2025. This date is the date the financial statements were available to be issued. No material events subsequent to December 31, 2024 were noted.
