**d** The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1)  This form is filed for a CCT, PSA, DCG or MTIA. (2)  It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
<b>a</b> Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
<b>b</b> Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
<b>c</b> Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
<b>d</b> Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
<b>e</b> Was this plan covered by a fidelity bond?	X		10000000
<b>f</b> Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
<b>g</b> Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
<b>h</b> Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
<b>i</b> Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
<b>j</b> Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
<b>k</b> Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X

## Independent Auditor's Report

RSM US LLP

Participants and Plan Committee  
Medical Mutual of Ohio Employees' Retirement Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Medical Mutual of Ohio Employees' Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## Medical Mutual of Ohio Employees' Retirement Savings Plan

### Notes to Financial Statements

---

#### Note 1. Description of the Plan

The following description of the Medical Mutual of Ohio Employees' Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General:** The Plan, as amended and restated, is comprised of a defined contribution employee retirement savings portion (401(k) Portion) and a defined contribution standard non-elective portion (Horizons Portion) covering eligible employees of Medical Mutual of Ohio and certain subsidiaries (the Company). All regular full-time and part-time employees are eligible the first day of service. Temporary employees and interns are eligible after completing 1,000 hours of eligibility service in a plan year ending December 31. The Plan is designed to encourage eligible employees to develop a program of systematic individual savings, to provide for employer contributions thereto, and to create arrangements for investing such savings and contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Administration and trustee:** The Plan is administered by the Medical Mutual of Ohio Pension Investment Committee (the Committee) comprised principally of management. The Committee appointed Fidelity Management Trust Company (Fidelity) as trustee of the Plan. Fidelity is designated as the trustee and investment manager of the Plan. Fidelity holds all contributions made to the Plan and allocates the amounts among various investment alternatives as directed by participants. An affiliate of Fidelity is recordkeeper of the Plan.

#### Contributions:

**401(k) Portion:** A participant in the Plan can elect to make tax-deferred or after-tax contributions from 0% to a maximum of 75%, in the aggregate, of their eligible compensation. The Company contributes 100% of the first 3% of compensation that a participant contributes to the Plan and 50% of the next 2% of compensation that a participant contributes in tax-deferred contributions to the Plan.

New employees are given a 35-day grace period to opt in or out of the Plan before they are automatically enrolled with a contribution equal to 5% of annual compensation. Before the effective date of the automatic enrollment, a notice is provided to allow participants the opportunity to revoke or modify the deemed salary deferral agreement.

**Horizons Portion:** The Company may make, at its discretion, contributions which are calculated as a percentage of the employees' covered compensation. The percentages range from 3% to 8%, using an age plus years of service-graded scale. An employee's covered compensation includes their base salary, bonuses, sales compensation, overtime pay and shift differential. The Company may contribute an additional amount, ranging from 3.0% to 5.7%, based on an employee's compensation in excess of the Social Security Wage Base. Participants must be employed on the last day of the calendar year to qualify to receive Horizons contributions.

### Notes to Financial Statements

---

#### Note 1. Description of the Plan (Continued)

The maximum combined amount that the participant and the Company can contribute to all qualified plans is the lesser of 100% of a participant's total compensation, which is subject to federal income tax withholding, or \$69,000 in 2024. In addition, participants aged 50 and over are permitted to make additional contributions of up to \$7,500 in 2024. Participants may roll over funds into the Plan from other qualified plans.

The Plan accepts Roth 401(k) contributions made on behalf of participants. Unless specifically stated otherwise, Roth 401(k) contributions will be treated as tax-deferred contributions for all purposes under the Plan.

**Participant accounts:** Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and the Plan's earnings. Certain plan investments generate revenue sharing that is maintained in a separate account and is used to pay eligible plan expenses. Each year, the Pension Investment Committee reviews and approves an allocation back to eligible participants defined in the service agreement on a pro-rata basis.

**Vesting:** Plan participants are immediately vested in their contributions and in the Company's contributions plus any actual earnings thereon.

**Investment options:** Upon enrollment in the Plan, a participant may direct all contributions into any combination of the specific investment funds offered by the Plan. The investment menu is determined and monitored by plan fiduciaries that are the members of the Pension Investment Committee and an outside consultant, currently Highland Consulting. Participants can also choose investments through Fidelity self-directed brokerage accounts (BrokerageLink).

**Notes receivable from participants:** Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance (excluding Horizons contributions). Loan terms range from one to five years or greater for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

**Payment of benefits:** Benefit payments are typically made in a lump-sum payment, although periodic payment alternatives are available. Distributions generally occur upon termination of a participant's employment with the Company. A participant may withdraw all or a portion of their account balance upon attaining the age of 59½ or incurring a financial hardship (if certification requirements are satisfied) while remaining employed with the Company. The age 59½ and hardship distributions exclude the Horizons contributions.

Terminated participants with vested account balances less than \$5,000 but greater than or equal to \$1,000 will automatically have their vested account balance rolled into an individual retirement account unless they otherwise instruct the third-party administrator and take a lump-sum distribution as soon as practicable following termination. Terminated participants with vested account balances less than \$1,000 must take a lump-sum distribution as soon as practicable following termination.

**Plan termination:** Although it has not expressed any intent to do so, the Company may terminate the Plan at any time, subject to the provisions of ERISA. Upon termination, the assets of the Plan shall be distributed to each participant in proportion to their interest in the Plan, which shall consist of the participant's contributions and the Company's contributions made on behalf of each participant, adjusted for the participant's interest in fund earnings or losses.

#### Note 2. Significant Accounting Policies

**Basis of accounting:** The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

**Investment valuation and income recognition:** The investments held by the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Realized gains or losses on the sale of investments are computed on the specific identification basis. Net changes in appreciation or depreciation of investments are combined with realized gains or losses and are reflected as net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

**Notes receivable from participants:** Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest, which ranges from 3.25% to 9.5% at December 31, 2024. Notes receivable have various maturities through October 2039 at December 31, 2024. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

**Contributions:** Employee contributions are made through regular payroll deductions and are remitted to the Plan bi-weekly. Discretionary employer contributions are remitted to the Plan in the year subsequent to when they were earned. Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

**Payment of benefits:** Benefits are recorded when paid.

**Administrative expenses:** The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include external fiduciary, record-keeping and trustee fees.

**Subsequent events:** The Plan evaluated subsequent events through October 3, 2025, the date the financial statements were available to be issued and no events were noted other than indicated below.

#### Note 3. Information Certified and Provided by Fidelity

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA required supplemental schedule, obtained by management and agreed to or derived from information certified by Fidelity (the Trustee). The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2024	2023
Investments, at fair value:		
Money market funds	\$ 178,076	\$ 208,521
Registered investment companies	685,963,965	605,960,521
Common/collective trusts	50,209,739	58,100,945
Self-directed brokerage accounts	35,054,005	26,786,279
Total	<u>\$ 771,405,785</u>	<u>\$ 691,056,266</u>
Notes receivable from participants	<u>\$ 7,461,304</u>	<u>\$ 6,489,539</u>

The Trustee also certified to the completeness and accuracy of the investment results information (including investments bought, sold and held during the year) and interest income on notes receivable from participants for the year ended December 31, 2024, included on the accompanying statement of changes in net assets available for benefits.

#### Note 4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- Level 1:** Values are unadjusted quoted prices for identical assets in active markets accessible at the measurement date.
- Level 2:** Inputs include quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads, and yield curves.
- Level 3:** Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in valuation methodologies at December 31, 2024, compared to December 31, 2023.

## Medical Mutual of Ohio Employees' Retirement Savings Plan

### Notes to Financial Statements

#### Note 4. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

**Registered investment companies:** Valued at the daily closing price as reported by the Fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Money market fund:** Valued at amortized cost, which approximates fair value.

**Common/collective trust:** Valued at the NAV of units held by the Plan at year-end. The NAV of units held by the Plan is based on the most recent bid prices in the principal market in which such securities are normally traded for underlying securities for which notations are readily available and for underlying securities for which qualifications are not readily available.

**Self-directed brokerage accounts (SDBAs):** SDBAs include money market funds, mutual funds, common stock and preferred stock that are all reported at fair value based on quoted market prices and classified within Level 1 of the valuation hierarchy. SDBAs also include government bonds, corporate bonds, options, and certificates of deposit that are reported at fair value based on other observable inputs and classified within Level 2 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize fair value measurements at December 31, 2024 and 2023, for assets measured at fair value on a recurring basis:

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

### Notes to Financial Statements

#### Note 4. Fair Value Measurements (Continued)

(a) Certain investments that are measured at fair value using the NAV per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV, as a practical expedient, as of December 31, 2024 and 2023:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Common/collective trust (a)	\$ 50,209,739	\$ 58,100,945	None	Daily	Daily

(a) The investment strategy of this fund is not disclosed pursuant to Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)-(I) Fully Benefit Responsive Investment Contracts, (II) Plan Investment Disclosures and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*.

During 2024 and 2023 there were no transfers of securities between the fair value levels.

#### Note 5. Related-Party and Party-in-Interest Transactions

The Plan holds interests in registered investment companies managed by Fidelity. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. The Plan also maintains notes receivable from participants which are exempt from prohibited transaction rules.

Per the recordkeeper agreements, Fidelity is authorized to receive compensation for the record-keeping and shareholder services they provide to certain funds in the form of annual distribution fees or shareholder servicing fees. Any fees received by Fidelity related to the Plan's investments in excess of the revenue threshold, in accordance with its revenue sharing arrangement, are deposited on a quarterly basis back into an administrative budget account, from which certain administrative expenses for the Plan are paid. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

The Company also provides certain accounting, record-keeping and administrative services to the Plan for which it is not compensated.

#### Note 6. Tax Status

The underlying preapproved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2011-49 and 2011-44 I.R.B. 608, the Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, including any amendments made subsequent to the advisory letter and, therefore believes the Plan is qualified and the related trust is tax-exempt.

## **Medical Mutual of Ohio Employees' Retirement Savings Plan**

### **Notes to Financial Statements**

---

#### **Note 6. Tax Status (Continued)**

The Plan applies the standards on accounting for uncertainty in income taxes. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustments to the financial statements; therefore, no provision or liability for income taxes has been included in the financial statements.

#### **Note 7. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Independent Auditor's Report

RSM US LLP

Participants and Plan Committee  
Medical Mutual of Ohio Employees' Retirement Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Medical Mutual of Ohio Employees' Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## Medical Mutual of Ohio Employees' Retirement Savings Plan

### Notes to Financial Statements

---

#### Note 1. Description of the Plan

The following description of the Medical Mutual of Ohio Employees' Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General:** The Plan, as amended and restated, is comprised of a defined contribution employee retirement savings portion (401(k) Portion) and a defined contribution standard non-elective portion (Horizons Portion) covering eligible employees of Medical Mutual of Ohio and certain subsidiaries (the Company). All regular full-time and part-time employees are eligible the first day of service. Temporary employees and interns are eligible after completing 1,000 hours of eligibility service in a plan year ending December 31. The Plan is designed to encourage eligible employees to develop a program of systematic individual savings, to provide for employer contributions thereto, and to create arrangements for investing such savings and contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Administration and trustee:** The Plan is administered by the Medical Mutual of Ohio Pension Investment Committee (the Committee) comprised principally of management. The Committee appointed Fidelity Management Trust Company (Fidelity) as trustee of the Plan. Fidelity is designated as the trustee and investment manager of the Plan. Fidelity holds all contributions made to the Plan and allocates the amounts among various investment alternatives as directed by participants. An affiliate of Fidelity is recordkeeper of the Plan.

#### Contributions:

**401(k) Portion:** A participant in the Plan can elect to make tax-deferred or after-tax contributions from 0% to a maximum of 75%, in the aggregate, of their eligible compensation. The Company contributes 100% of the first 3% of compensation that a participant contributes to the Plan and 50% of the next 2% of compensation that a participant contributes in tax-deferred contributions to the Plan.

New employees are given a 35-day grace period to opt in or out of the Plan before they are automatically enrolled with a contribution equal to 5% of annual compensation. Before the effective date of the automatic enrollment, a notice is provided to allow participants the opportunity to revoke or modify the deemed salary deferral agreement.

**Horizons Portion:** The Company may make, at its discretion, contributions which are calculated as a percentage of the employees' covered compensation. The percentages range from 3% to 8%, using an age plus years of service-graded scale. An employee's covered compensation includes their base salary, bonuses, sales compensation, overtime pay and shift differential. The Company may contribute an additional amount, ranging from 3.0% to 5.7%, based on an employee's compensation in excess of the Social Security Wage Base. Participants must be employed on the last day of the calendar year to qualify to receive Horizons contributions.

#### Note 1. Description of the Plan (Continued)

The maximum combined amount that the participant and the Company can contribute to all qualified plans is the lesser of 100% of a participant's total compensation, which is subject to federal income tax withholding, or \$69,000 in 2024. In addition, participants aged 50 and over are permitted to make additional contributions of up to \$7,500 in 2024. Participants may roll over funds into the Plan from other qualified plans.

The Plan accepts Roth 401(k) contributions made on behalf of participants. Unless specifically stated otherwise, Roth 401(k) contributions will be treated as tax-deferred contributions for all purposes under the Plan.

**Participant accounts:** Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and the Plan's earnings. Certain plan investments generate revenue sharing that is maintained in a separate account and is used to pay eligible plan expenses. Each year, the Pension Investment Committee reviews and approves an allocation back to eligible participants defined in the service agreement on a pro-rata basis.

**Vesting:** Plan participants are immediately vested in their contributions and in the Company's contributions plus any actual earnings thereon.

**Investment options:** Upon enrollment in the Plan, a participant may direct all contributions into any combination of the specific investment funds offered by the Plan. The investment menu is determined and monitored by plan fiduciaries that are the members of the Pension Investment Committee and an outside consultant, currently Highland Consulting. Participants can also choose investments through Fidelity self-directed brokerage accounts (BrokerageLink).

**Notes receivable from participants:** Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance (excluding Horizons contributions). Loan terms range from one to five years or greater for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

**Payment of benefits:** Benefit payments are typically made in a lump-sum payment, although periodic payment alternatives are available. Distributions generally occur upon termination of a participant's employment with the Company. A participant may withdraw all or a portion of their account balance upon attaining the age of 59½ or incurring a financial hardship (if certification requirements are satisfied) while remaining employed with the Company. The age 59½ and hardship distributions exclude the Horizons contributions.

Terminated participants with vested account balances less than \$5,000 but greater than or equal to \$1,000 will automatically have their vested account balance rolled into an individual retirement account unless they otherwise instruct the third-party administrator and take a lump-sum distribution as soon as practicable following termination. Terminated participants with vested account balances less than \$1,000 must take a lump-sum distribution as soon as practicable following termination.

**Plan termination:** Although it has not expressed any intent to do so, the Company may terminate the Plan at any time, subject to the provisions of ERISA. Upon termination, the assets of the Plan shall be distributed to each participant in proportion to their interest in the Plan, which shall consist of the participant's contributions and the Company's contributions made on behalf of each participant, adjusted for the participant's interest in fund earnings or losses.

#### Note 2. Significant Accounting Policies

**Basis of accounting:** The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

**Investment valuation and income recognition:** The investments held by the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Realized gains or losses on the sale of investments are computed on the specific identification basis. Net changes in appreciation or depreciation of investments are combined with realized gains or losses and are reflected as net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

**Notes receivable from participants:** Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest, which ranges from 3.25% to 9.5% at December 31, 2024. Notes receivable have various maturities through October 2039 at December 31, 2024. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

**Contributions:** Employee contributions are made through regular payroll deductions and are remitted to the Plan bi-weekly. Discretionary employer contributions are remitted to the Plan in the year subsequent to when they were earned. Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

**Payment of benefits:** Benefits are recorded when paid.

**Administrative expenses:** The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include external fiduciary, record-keeping and trustee fees.

**Subsequent events:** The Plan evaluated subsequent events through October 3, 2025, the date the financial statements were available to be issued and no events were noted other than indicated below.

#### Note 3. Information Certified and Provided by Fidelity

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA required supplemental schedule, obtained by management and agreed to or derived from information certified by Fidelity (the Trustee). The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2024	2023
Investments, at fair value:		
Money market funds	\$ 178,076	\$ 208,521
Registered investment companies	685,963,965	605,960,521
Common/collective trusts	50,209,739	58,100,945
Self-directed brokerage accounts	35,054,005	26,786,279
Total	<u>\$ 771,405,785</u>	<u>\$ 691,056,266</u>
Notes receivable from participants	<u>\$ 7,461,304</u>	<u>\$ 6,489,539</u>

The Trustee also certified to the completeness and accuracy of the investment results information (including investments bought, sold and held during the year) and interest income on notes receivable from participants for the year ended December 31, 2024, included on the accompanying statement of changes in net assets available for benefits.

#### Note 4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- Level 1:** Values are unadjusted quoted prices for identical assets in active markets accessible at the measurement date.
- Level 2:** Inputs include quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads, and yield curves.
- Level 3:** Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in valuation methodologies at December 31, 2024, compared to December 31, 2023.

### Notes to Financial Statements

#### Note 4. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

**Registered investment companies:** Valued at the daily closing price as reported by the Fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Money market fund:** Valued at amortized cost, which approximates fair value.

**Common/collective trust:** Valued at the NAV of units held by the Plan at year-end. The NAV of units held by the Plan is based on the most recent bid prices in the principal market in which such securities are normally traded for underlying securities for which notations are readily available and for underlying securities for which qualifications are not readily available.

**Self-directed brokerage accounts (SDBAs):** SDBAs include money market funds, mutual funds, common stock and preferred stock that are all reported at fair value based on quoted market prices and classified within Level 1 of the valuation hierarchy. SDBAs also include government bonds, corporate bonds, options, and certificates of deposit that are reported at fair value based on other observable inputs and classified within Level 2 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize fair value measurements at December 31, 2024 and 2023, for assets measured at fair value on a recurring basis:

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

#### Note 4. Fair Value Measurements (Continued)

(a) Certain investments that are measured at fair value using the NAV per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV, as a practical expedient, as of December 31, 2024 and 2023:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Common/collective trust (a)	\$ 50,209,739	\$ 58,100,945	None	Daily	Daily

(a) The investment strategy of this fund is not disclosed pursuant to Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)-(I) Fully Benefit Responsive Investment Contracts, (II) Plan Investment Disclosures and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*.

During 2024 and 2023 there were no transfers of securities between the fair value levels.

#### Note 5. Related-Party and Party-in-Interest Transactions

The Plan holds interests in registered investment companies managed by Fidelity. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. The Plan also maintains notes receivable from participants which are exempt from prohibited transaction rules.

Per the recordkeeper agreements, Fidelity is authorized to receive compensation for the record-keeping and shareholder services they provide to certain funds in the form of annual distribution fees or shareholder servicing fees. Any fees received by Fidelity related to the Plan's investments in excess of the revenue threshold, in accordance with its revenue sharing arrangement, are deposited on a quarterly basis back into an administrative budget account, from which certain administrative expenses for the Plan are paid. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

The Company also provides certain accounting, record-keeping and administrative services to the Plan for which it is not compensated.

#### Note 6. Tax Status

The underlying preapproved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2011-49 and 2011-44 I.R.B. 608, the Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, including any amendments made subsequent to the advisory letter and, therefore believes the Plan is qualified and the related trust is tax-exempt.

## **Medical Mutual of Ohio Employees' Retirement Savings Plan**

### **Notes to Financial Statements**

---

#### **Note 6. Tax Status (Continued)**

The Plan applies the standards on accounting for uncertainty in income taxes. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustments to the financial statements; therefore, no provision or liability for income taxes has been included in the financial statements.

#### **Note 7. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
