of the Marsh & McLennan Companies Health & Welfare Benefits Program

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Marsh & McLennan Companies Health & Welfare Benefits Program (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, the statements of plan's benefit obligations as of December 31, 2024 and 2023, and the related statement of changes in plan's benefit obligations for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we

have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, the supplemental schedule of reportable transactions for the year ended December 31, 2024, and supplemental schedule of nonexempt transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MARSH & McLENNAN COMPANIES
HEALTH & WELFARE BENEFITS PROGRAM
AS OF DECEMBER 31, 2024 AND 2023 AND FOR THE YEAR ENDED
DECEMBER 31, 2024
NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

General

The Marsh & McLennan Companies Health and Welfare Benefits Program (the "Plan") is sponsored by Marsh & McLennan Companies, Inc. (the "Company", "Employer", or "Plan Sponsor") and provides medical, dental, long-term disability and life insurance benefits, health flexible spending account plans as well as optional long-term disability and group variable universal life insurance. The various component benefits are discussed in more detail below. The Company utilizes Aptia365 for eligible employees and retirees to elect coverage under the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan's assets are primarily held in both the Marsh & McLennan Companies Employer-Funded Welfare Benefits Trust (the "Employer Trust") and the Marsh & McLennan Companies Employee-Funded Welfare Benefits Trust (the "Employee Trust") (collectively, the "Trusts"). The Bank of New York Mellon/BNY Mellon, N.A. ("Mellon Trust", or the "Trustee") is the Trustee and is responsible for maintaining the assets of the Trusts, making benefit distributions and other payments as directed by the Company, and generally performing all other acts deemed necessary or proper to fulfill its responsibilities as set out in the Trust agreements.

On March 10, 2010, the Patient Protection and Affordable Care Act ("PPACA") was signed into law. Each year the Company evaluates the potential impact of this legislation on the Plan and takes any necessary compliance steps. At December 31, 2024, the Plan was in compliance with the PPACA.

On March 11, 2021, the American Rescue Plan Act ("ARPA") was signed into law. ARPA includes several required and optional provisions for welfare plans. The Department of Labor and the Internal Revenue Service ("IRS") issued regulations and guidance related to ARPA. Where applicable, the Plan was amended and operates in compliance with the provisions of ARPA. For example, claims procedures deadlines and COBRA deadlines were extended.

The Marsh & McLennan Companies Benefit Administration Committee ("BAC") is the Plan's Administrator responsible for the overall administration and operation of the Plan. Certain administrative functions are performed by employees of the Company or its subsidiaries. All such costs are borne directly by the Company. The Marsh & McLennan Companies Benefit Investment Committee is the investment fiduciary responsible for the investment and monitoring of Plan assets.

The following description of the Plan is provided for general purposes only. Participants should refer to <https://careers.marshmclennan.com/global/en/us-benefits> and the Plan document for more complete information.

Company Contributory Plans

The following are welfare benefit plans in which contributions intended to cover the cost of the plans are made by (i) both the Company and eligible participating employees or (ii) solely by the Company.

Medical Plans

The Company offers 9 medical plan options including, a Health Maintenance Organization ("HMO") and a Preferred Provider Organization ("PPO") in Hawaii (collectively, the "Medical Plans"). U.S. regular employees of the Company and its participating subsidiaries or affiliates are eligible to participate in the Medical Plans. Retirees who are under 65 years of age ("Pre-65 Retirees") are also eligible to participate in the Medical Plans.

Employees contribute to the Medical Plans on a before-tax basis. Pre-65 Retirees contribute to the Medical Plans on an after-tax basis. The benefits of the enrolled employees are subject to certain deductible, coinsurance, and schedule limitations.

Employees who terminate their employment with the Company may elect health care continuation coverage for a period of time subject to the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"). Such former employees are charged for this coverage on a monthly basis.

Self-Insured Medical Plans - The Company offers the following Medical Plans: the \$1,600 Deductible Medical Plan and the \$3,200 Deductible Medical Plan, each of which are offered through multiple insurance carriers. The Company also offered Copay Medical Plan with Surest ("Surest") as the sole third party administrator. These Medical Plans are self-insured and provide medical coverage for in-network and out-of-network services including physician, hospital, surgical, and major medical. Pharmacy benefits are offered under the CVS Caremark ("CVS") Pharmacy Program. Except for pharmacy benefits, these self-insured Medical Plans are administered by Aetna, Anthem Blue Cross Blue Shield or Surest.

The Company assumes the financial risk for any claim costs in excess of the amount borne by the participant. The Company has Administrative Services Only contracts with Aetna, Anthem Blue Cross Blue Shield and Surest to administer the self-insured Medical Plans and with CVS to administer the Pharmacy Program.

Fully-Insured Medical Plans - A fully-insured option of the \$1,600 Deductible Medical Plan and the \$3,200 Deductible Medical Plan is offered to eligible employees and Pre-65 Retirees who reside in California, Colorado, District of Columbia, Georgia, Maryland, Oregon, Virginia and Washington, and is administered by the Kaiser Foundation Health Plan, Inc. ("Kaiser"). This option provides comprehensive major medical, surgical, hospital and pharmacy benefits. There is no out-of-network coverage.

Fully-insured HMO and PPO options are also offered to eligible employees and Pre-65 Retirees who reside in Hawaii and are administered by the Hawaii Medical Services Association ("HMSA"). The options provide comprehensive major medical, surgical, hospital and pharmacy benefits. There are no out-of-network benefits under the HMO option. There are out-of-network benefits under the PPO option.

The Company pays premiums to an insurer who retains the financial risk to the extent that claims costs exceed premiums paid by the Plan. The Company has insured arrangements with Kaiser and HMSA with respect to the fully-insured Medical Plans.

Postretirement Contributions: The costs of the postretirement benefits are shared by the Pre-65 Retirees and the Company. The annual increase in Company contributions will not exceed 5%. Historically, Pre-65 Retirees paid a percentage of the cost of the medical plans based on the following cost-sharing targets:

Less than 10 years of service	100%
10-14 years of service	84%
15-19 years of service	68%
20-24 years of service	52%
25 plus years of service	36%

Effective January 1, 2006, changes were made to the retiree medical and retiree life plans. For retiree medical, only those employees who were at least age 45 or have at least 15 years of vesting service as of December 31, 2005, were eligible for the Company-subsidized retiree medical coverage, provided they meet the eligibility requirements for the subsidy at retirement (at least 10 years of vesting service). In addition, the annual increase in Company contributions for retiree medical will not exceed 5%.

For retiree life, the \$7,500 non-contributory life benefit is no longer available to employees, regardless of age and years of service whose last day worked is after December 31, 2005.

CVS Pharmacy Program

Effective January 1, 2022, CVS became the administrator of the national pharmacy program which provides pharmacy coverage to enrolled employees and Pre-65 Retirees and is subject to the provisions of ERISA. Prior to January 1, 2022 the national pharmacy program was administered by Express Scripts, Inc.

The CVS Pharmacy Program provides retail and mail order pharmacy benefits to enrolled employees and Pre-65 Retirees and their family members enrolled in the self-insured Medical Plans administered by Aetna, Anthem Blue Cross Blue Shield or Surest.

Dental Plan

The Company offers two Dental Plan options – Premier or Standard. The Dental Plan provides dental assistance (preventive, restorative, and reconstructive services) with the Premier option covering orthodontia services. Active employees and their eligible family members may elect to participate in the Dental Plan administered by the Metropolitan Life Insurance Company ("MetLife").

Employees contribute to the Dental Plan on a before-tax basis. The benefits of the Dental Plan for enrolled employees are subject to certain deductible, coinsurance, and schedule limitations.

Employees who terminate their employment with the Company may elect dental care continuation coverage for a period of time subject to the provisions of COBRA. Such former employees are charged for this coverage on a monthly basis.

The Company has an Administrative Services Only contract with MetLife.

Basic Long-Term Disability Plan

The Basic Long-Term Disability Plan (the "LTD Plan") provides a basic level of long-term disability coverage for its eligible employees. Under the LTD Plan, employees of the Company, who meet the eligibility requirements as defined in the LTD Plan, are covered.

The LTD Plan provides benefits to eligible employees who, due to injury or illness, have become totally disabled and unable to work. The amount of benefit payments to a participant is equal to 40% of the employee's monthly base salary, subject to Internal Revenue Code ("IRC") limitations, reduced by income received from sources such as state disability, other legislated plans, primary disability or benefits under Federal Social Security, and any other employer-sponsored benefit plan, with the exception of income received from the Company's Optional Long-Term Disability Plan. Benefit payments commence at the start of the seventh month of an approved disability and generally continue for each month of disability for as long as the participant is disabled, the participant becomes eligible for normal retirement, or dies, whichever occurs first.

The Company contributes such amounts as are necessary to provide the LTD Plan with assets sufficient to meet the actuarially computed projected future benefits to be paid to Plan participants.

The income earned, including any net realized and unrealized gains and losses recognized on investments of the LTD Plan, serves to reduce or increase future contributions that would otherwise be required to provide for the defined level of benefits under the LTD Plan.

The Company has an Administrative Services Only contract with the Hartford Life Insurance Company to administer the LTD Plan.

Basic Life Insurance Plan

The Basic Life Insurance Plan (the "BLI Plan") provides a basic level of life insurance coverage for its eligible participants. Under the BLI Plan, employees of the Company who meet the eligibility requirements as defined in the BLI Plan are covered.

The BLI Plan provides for a benefit payment to the participating employee's designated beneficiary in the event of the employee's death. The amount of the benefit payment for active employees is generally equal to 100% of the employee's basic annual salary, taken to the next higher multiple of \$1,000, if not already a multiple of \$1,000.

For the BLI Plan, the Company maintains a Group Insurance Contract with MetLife.

Contributory Plans

The following are welfare benefit plans in which contributions intended to cover the cost of the plans are made solely by eligible participating employees.

Health Care and Limited Purpose Health Care Flexible Spending Account Plans

The Health Care Flexible Spending Account Plan and the Limited Purpose Health Care Flexible Spending Account Plan (collectively, the "Spending Account Plans") reimburse participating eligible employees for certain unreimbursed expenses. The Health Care Flexible Spending Account Plan reimburses participating eligible employees for health care expenses incurred by the participant or their eligible family members that are not reimbursed or covered by any employer sponsored health care program. The Limited Purpose Health Care Flexible Spending Account Plan reimburses participating eligible employees enrolled in the \$1,600 Deductible Medical Plan or the \$3,200 Deductible Medical Plan for certain health care expenses incurred by the participant or their eligible family members that are not reimbursed or covered by any employer sponsored health care program.

The Spending Account Plans are funded by salary reduction arrangements by the participants. Prior to each coverage period (calendar year), eligible employees may elect to contribute up to \$3,200 for the Health Care Flexible Spending Account Plan or the Limited Purpose Health Care Flexible Spending Account Plan through semi-monthly payroll deductions. It is intended that the Spending Account Plans meet the requirements of IRC Section 125 and that the contributions be excluded from the participant's taxable income by virtue of IRC Section 105(b). If the Spending Account Plans pay out less benefits than total contributions received from any participant with respect to the coverage period, subsequent to the end of the period for which claims may be submitted for the coverage period, the excess may be applied to pay administrative fees and expenses under the Spending Account Plans and other welfare benefit plans maintained by the Company.

The Consolidated Appropriations Act enacted in 2020 allowed participants to roll over all unused amounts in their Spending Account Plans from plan years 2020 and 2021 to 2022. The Company elected to comply with this guidance allowing eligible health care expenses incurred by an employee to be reimbursable up to the total annual amount the employee elected to contribute.

If an employee terminated during the year and received reimbursements in an amount greater than the employee contributed to date, the difference is absorbed by the Spending Account Plans.

On a net aggregate basis, the Spending Account Plans paid \$40,148 less than was collected for the 2024 plan year.

The Company has an Administrative Services Only contract with Trion Group ("Trion"), a subsidiary of Marsh & McLennan Agencies, LLC, a wholly-owned subsidiary of the Company and a party-in-interest of the Plan, to administer the Spending Account Plans.

Optional Long-Term Disability Plan

The Optional Long-Term Disability Plan (the "OLTD Plan") provides an opportunity to secure additional long-term disability coverage for eligible employees of the Company. Employees of the Company who meet the eligibility requirements, as defined in the OLTD Plan, and who elect to participate, are covered by the OLTD Plan.

The OLTD Plan provides benefits to participating employees, who, due to injury or illness, have become totally disabled and unable to work. The amount of benefit payments to a participant is generally equal to 20% of the employee's monthly base salary (subject to IRC limitations) and is coordinated with the Company-paid basic long-term disability benefits. The benefit payments commence at the start of the seventh month of an approved disability and generally continue for each month of disability as long as the participant is disabled, the participant becomes eligible for normal retirement, or dies, whichever occurs first.

The participating employees contribute such amounts as are necessary or intended to provide the OLTD Plan with assets sufficient to meet the actuarially computed benefits to be paid to OLTD Plan participants.

The income earned serves to reduce future contributions that would otherwise be required to provide for the defined level of benefits under the OLTD Plan.

The Company has an Administrative Services Only contract with the Hartford Life Insurance Company to administer the OLTD Plan.

Group Variable Universal Life Insurance Plan

The Company offers the Group Variable Universal Life Insurance Plan (the "GVUL Plan") which provides an opportunity to secure additional life insurance coverage for eligible employees of the Company. Employees of the Company who meet the eligibility requirements, as defined in the GVUL Plan, and who elect to participate are covered by the GVUL Plan.

The GVUL Plan is a life insurance policy that provides portable, permanent life insurance for active employees and their families, with features to help protect financial assets and build savings through tax-advantaged investment options for future needs, including retirement.

The GVUL Plan provides for a benefit payment to the participating employee's designated beneficiary in the event of the employee's death. Eligible employees may purchase group variable universal life insurance in the amounts up to 8 times their annual base salary (taken to the next higher multiple of \$1,000, if not already a multiple of \$1,000) up to a maximum of \$5 million.

For the GVUL Plan, the Company has a Group Insurance Policy with MetLife.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Investments are stated at fair value. For details refer to Note 5 Fair Value Measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value includes the Plan's gains and losses on investments bought and sold as well as held at the year end. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted by the mutual funds from income earned on a daily basis and are reflected as a reduction of net appreciation/(depreciation) in fair value of investments for these funds.

Claims Incurred But Not Reported

The Plan's liability for incurred but unreported claims is estimated using actuarial methods that use actual data and historical trend information.

Administrative Expense

Administrative expenses incurred by the Plan in 2024, including fees from third-party administrators, trustee fees and auditor fees, totaled \$11,619,000. All other administrative costs, including actuarial support, accounting services and investment management fees are paid by the Company.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Claims Paid

Claims are recorded as paid when paid to the claims administrators.

Rebates Receivable

Rebates due from the Plan's Pharmacy Benefits Manager, CVS, are recorded when earned. Beginning 2023, net rebates due as of the financial statements date are reported as a receivable on the statement of net assets available for benefits, with the offset being netted against claims paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and charges or changes therein, claims incurred, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan can utilize various investment instruments, including mutual funds, U.S. government securities, corporate debt instruments, and corporate stocks. The Plan currently utilizes mutual funds. Investment securities, in general, are exposed to various risks such as geopolitical or macroeconomic conditions including from multiple major wars and global conflicts, tariffs or changes in trade policies, slower GDP growth or recession, lower interest rates, capital markets volatility, and inflation. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Plan contributions made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Funding Policy

The Company's funding policy is to make contributions to the Plan in amounts that, when combined with employee contributions, will provide the Plan with assets sufficient to meet the current year benefits to be provided on behalf of the participants.

Unrelated Business Income Taxes

The Plan accounts for income taxes under the liability method as prescribed by Accounting Standards Codification (ASC) 740, *Income Taxes*. Under the liability method, deferred income taxes are derived on the differences between the book and tax basis of assets and liabilities.

3. Benefit Obligations

Benefit obligations include claims payable and claims incurred but not reported for active and retiree participants, projected future salary payments for participants disabled as of year-end, life insurance continuation for totally disabled employees, and medical benefits for totally disabled employees.

Plan liabilities for claims incurred but not reported are estimated by the Plan's consulting actuary, Mercer (a wholly-owned subsidiary of the Company and a party-in-interest of the Plan), using data provided by the Plan's third-party administrators and claimant listings maintained by the Company. Refer to Note 4 Post Retirement Benefit Obligations for a discussion of postretirement benefits.

The Plan's postemployment benefit obligation net of accounts payable decreased by \$835,932 during 2024. This obligation is funded by the Company as needed to pay benefits.

The significant actuarial assumptions used to determine the Plan's Health Care Program, Long-Term Disability, BLI, GVUL, or Postemployment Benefit Obligations, as applicable, are as follows:

- Administrative expenses associated with the health care claims incurred but not paid liability are assumed to be 5% of the liability.
- Weighted-average discount rates for long-term disability, premium waiver and long-term disability medical coverage were 5.35% for 2024 and 5.25% for 2023. Weighted-average discount rates for other coverages were 5.52% for 2024 and 5.34% for 2023.
- The valuation assumptions as to future recovery and death were derived using the death and recovery patterns of the Society of Actuaries' 2008 GLTD tables, separate for males and females for a 6-month elimination period, and loaded by 75%.
- Assumptions were included to anticipate a future reduction in benefits for recently disabled employees resulting from approval for Social Security benefits.
- Administrative expenses to be incurred in the future with respect to the Long-Term Disability salary continuation benefits are assumed to be 4% of payments.
- The premium waiver liability for the BLI and GVUL Plans are based on actual claims incurred, so the liability recognized is based on the present value of future death claims.
- Administrative expenses to be incurred in the future with respect to the premium waiver liability for the BLI and GVUL salary continuation benefits are assumed to be 8% of payments beginning in 2023.
- The medical trend rates used in the valuation of medical benefit costs for disabled employees are as follows: 8.59% beginning in 2025, decreasing with an ultimate trend of 3.97% reached in 2050. The following trend rates were used in the prior year valuation: 7.06% beginning in 2024, decreasing with an ultimate trend of 4.00% reached in 2049.
- It is assumed that 85% of disabled participants will qualify for Social Security after 29 months of disability during the first 3 years after becoming disabled.

4. Postretirement Benefit Obligations

The postretirement benefit obligation decreased by \$2,370,626 during 2024. The postretirement benefit obligation represents the actuarial present value of those estimated future benefits covered by this Plan that are attributed to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current participants. Postretirement benefits for retiree medical include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and family members, and (2) active employees and their beneficiaries and dependents after retirement from service with the Company. Postretirement life insurance benefits are available only to employees who were retired at December 31, 2005. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributable to that employee's service rendered to the valuation date.

Postretirement benefits covered by this Plan are:

1. Postretirement life insurance for all covered participants of any age, and
2. Postretirement medical insurance (reduced by retiree contributions) for retirees and their spouses who are less than 65 years of age.

The actuarial present value of the expected postretirement benefit obligation is determined by the Plan's consulting actuary, Mercer, a wholly-owned subsidiary of the Company and a party-in-interest of the Plan. It is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment, and to reflect the portion of those costs expected to be borne by the retired participants.

For measurement purposes, health care cost trend rates for Pre-65 Retirees were assumed to be 7.06% beginning in 2024 gradually declining to 4.00% in 2049. In 2023, health care cost trend rates for Pre-65 Retirees were assumed to be 6.10% beginning in 2023 gradually declining to 4.00% in 2046. Other assumptions used in the measurement of the liability were:

- Weighted-average discount rates of 5.52% at December 31, 2024, and 5.34% at of December 31, 2023.
- Life expectancy for pre-commencement mortality was based on the white collar PRI-2012 white collar mortality tables for males and females. The post-commencement mortality was based on the Mercer Industry Longevity Experience Study (MILES) Banks, Financial Services and Insurance Industry Tables, and the disabled mortality was based on the 1985 Pension Disability Table Class 1 for males and females for December 31, 2024 and December 31, 2023. For 2024 and 2023, the improvement scale was MMP-2021 applied generationally.
- Administrative expenses to be incurred in the future with respect to the Retiree life insurance benefits are assumed to be 8% of payments beginning in 2023.
- Weighted average retirement age of 62 at December 31, 2024 and 2023.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of postretirement benefit obligations.

This obligation is funded by the Company as needed to pay benefits.

According to the terms of the Plan, the Company's costs cannot increase no more than 5% annually. As disclosed above, the health care cost trend rate exceeded 5% for most of the period used in the calculation of the obligation; therefore, an increase in the assumed trend rate for those years would be absorbed entirely by the retirees and would have no impact on the obligation. For the years in which the trend rate was below 5%, a one-percentage point increase in the trend rate would increase the obligation at December 31, 2024 by less than 0.25%.

5. Fair Value Measurements

U.S. GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows: Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2024 and 2023:

Fair Value Measurements at December 31, 2024				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments in mutual funds	\$ 79,724,480	\$ —	\$ —	\$ 79,724,480
Short-term investment funds	61,239,287	—	—	61,239,287
Total	\$ 140,963,767	\$ —	\$ —	\$ 140,963,767

Fair Value Measurements at December 31, 2023				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments in mutual funds	\$ 69,880,246	\$ —	\$ —	\$ 69,880,246
Short-term investment funds	47,862,992	—	—	47,862,992
Total	\$ 117,743,238	\$ —	\$ —	\$ 117,743,238

Short-term investment funds include interest-bearing cash of \$998,285 and \$961,461 at December 31, 2024 and 2023, respectively.

Following is a description of the valuation methodologies used for assets measured at fair value.

- *Investments in mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Short-term investment funds:* Money market funds are valued using a valuation technique that results in price per share of \$1.00 per share.

6. Termination of Plan

The Plan may be terminated collectively or by its component parts at any time by the Company but only upon the condition that such action is taken under the applicable Trust agreement subject to provisions set forth in ERISA. Under the Trust agreements, the corpus or income of the Trusts cannot be used for purposes other than for the exclusive benefit of participants under the Plan.

In the event of termination of the Plan, the assets in the respective Trusts shall be used first to provide benefits for all disabled participants then receiving or entitled to receive such benefits and for the payment of expenses. Any remaining assets, less any charges and expenses payable from the respective Trusts, shall be used to provide life, sickness, accident, or similar benefits for participants and their beneficiaries until assets are exhausted.

Any participating subsidiary or affiliate of the Company may, with the consent of the Company, withdraw from the Plan at any time, and the Company may, at its discretion, at any time withdraw the authorization of any subsidiary or affiliate to participate in the Plan. In either of such events, the employees of such withdrawing subsidiary or affiliate shall cease to be participants under the Plan unless they are totally disabled and receiving or are entitled to receive benefits at the time of such withdrawal. Benefit payments will continue to be made to such totally disabled employees in accordance with the terms of the Plan.

7. Certified Investment Information

The following is a summary of the investment information regarding the Plan at December 31, 2024 and 2023, and for the year ended December 31, 2024, included in the Plan's financial statements and supplemental schedules that was prepared by or derived from information prepared by Mellon Trust, trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate.

Statements of net assets available for benefits:

	December 31,	
	2024	2023
Short-term investment funds	\$ 60,241,002	\$ 46,901,531
Investments in mutual funds	79,724,480	69,880,246
Accrued interest and dividends receivable	165,060	196,972
Total Assets	<u>\$ 140,130,542</u>	<u>\$ 116,978,749</u>

Statement of changes in net assets available for benefits:

	2024
Investment income (loss):	
Interest	\$ 1,924,978
Dividends	4,204,905
Net appreciation in fair value of investments	<u>5,666,799</u>
Investment income	<u>\$ 11,796,682</u>

Investment balances and information included in Note 5, Fair Value Measurements was certified by the Trustee, except for the Metlife Life Insurance Funding Account included in short term investments (\$998,285 and \$961,461 at December 31, 2024 and 2023, respectively) and the classification and leveling of each investment within the fair value hierarchy as disclosed in Note 5.

Interest as shown in the above table excludes \$36,824 of interest earned in the MetLife Life Insurance Funding Account. All investment balances and information included in the supplemental Schedule of Assets (Held at End of Year) and the Schedule of Reportable Transactions, with the exception of the Metlife Life Insurance Funding Account, was certified by the Trustee.

8. Federal Income Tax Status

The Trusts established under the Plan to hold the Plan's assets are intended to qualify pursuant of Section 501(c)(9) of the IRC, and accordingly, the Trusts' net investment income is exempt from income taxes. The Employer Trust has obtained an exemption letter dated October 26, 1982, from the IRS and the Employee Trust has obtained an exemption letter from the IRS dated January 8, 1986. The Plan Sponsor believes that the Trusts, as amended, continue to qualify and to operate in accordance with the applicable requirements of the IRC. No provision for income taxes has been included in the Plan's financial statements except as described below.

In accordance with IRC Section 512 and related regulations, a portion of the Plan's investment income is taxable as unrelated business income for both Federal and State purposes if investment assets exceed Plan benefit obligation amounts currently payable. For the year ended December 31, 2024, an expense of \$1,516,951 was recorded for unrelated business income tax ("UBIT"). The amount of UBIT shown in the statement of changes in net assets available for benefits results from the payment of the 2024 tax. There were no deferred taxes reflected in the Plan's net assets. The Trusts are subject to UBIT at a maximum Federal tax rate of 37% as prescribed by the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Related Party and Party-In-Interest

Mercer, a wholly-owned subsidiary of the Company, prepared the actuarial valuations of the Plan. Certain administrative functions are performed by officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

Mellon Trust, as the trustee of the Plan, is responsible for maintaining the assets of the Trusts, making benefit distributions and other payments as directed by the Company, and generally performing all other acts deemed necessary or proper to fulfill its responsibilities as set out in the Trust agreements.

As disclosed in Note 1, Description of the Plan, MetLife is responsible for the administration of the Dental Plan. In addition, the Plan had cash balances of \$998,285 and \$961,461 at December 31, 2024 and 2023, respectively, held by MetLife in a Life Insurance Funding Account.

The Plan also has funds on deposit with the Hartford Life Insurance Company, the administrator of the LTD Plan and a party-in-interest, which are included in Prepaid expense reported on the statements of net assets available for benefits. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

10. Prohibited Transaction

The Plan utilized Trion, a subsidiary of Marsh & McLennan Agencies, LLC, a wholly owned subsidiary of the Company and a party-in-interest of the Plan, to administer the Spending Account Plans. Payment of fees by the Plan to an affiliate through the Plan's assets is a prohibited transaction pursuant to section 406 of the ERISA. To correct the prohibited transaction, in 2024, fees paid to Trion, were reimbursed by the Company to the Plan in the amount of \$362,403 for plan years 2022-2024. In 2025, the Company reimbursed the Plan in the amount of \$591,192 for plan years 2019-2021. The Plan transitioned to another administrator in 2024 and Plan management determined the prohibited transaction did not impact the tax status of the Plan.

11. Subsequent Events

Plan Management has performed its evaluation of subsequent events through October 1, 2025, the date these financial statements were available to be issued, and has determined that there were no subsequent events requiring adjustment to or disclosure in the financial statements.
