(1) Name: **BDO USA, P.C.**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

Independent Auditor's Report

To the ERISA Management Committee and Plan Administrator
The New York Times Companies Supplemental Retirement and Investment Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The New York Times Companies Supplemental Retirement and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The New York Times Companies Supplemental Retirement and Investment Plan

Notes to Financial Statements

1. Description of the Plan

The following description of The New York Times Companies Supplemental Retirement and Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan was adopted effective August 1, 1971. The Plan is a defined contribution plan for the benefit of certain eligible employees, as defined in the Plan document, of The New York Times Company (the Company or Employer) and its participating affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The authority to manage, control, and interpret the Plan is vested in the ERISA Management Committee (the Committee) of the Company. Vanguard Fiduciary Trust Company (the Trustee or Vanguard) serves as the Trustee of the Plan.

The Committee appoints the Plan administrator (the Plan Administrator). The "named fiduciary" within the meaning of ERISA comprises the Committee, the Plan Administrator, and the Pension Investment Committee. The authority to manage the investment of the Plan assets is vested in the Pension Investment Committee of the Company.

The Company acquired The Athletic Media Company in February 2022. In August 2023, the Committee approved a merger of The Athletic Media Company 401(k) Plan into the Plan effective December 31, 2023. As a result of the merger, the Plan was amended to add The Athletic Media Company as a participating employer effective January 1, 2024. The net assets available for benefits of The Athletic Media Company 401(k) Plan as of December 31, 2023 totaled \$25,311,060, including \$163,033 of outstanding loans.

Eligibility

All eligible employees of a participating employer who are scheduled to work at least 27 hours per week are eligible to participate in the Plan on the first day of the month following their date of hire.

Eligible employees of a participating employer who are not scheduled to work at least 27 hours per week must complete one year of eligibility service to become a Plan participant. Eligible employees of a participating employer who are hired on or after November 1, 2017 and are classified as casual, part-time, temporary, or an intern must complete one year of eligibility service to participate. One year of eligibility service is 1,000 hours of service during the first 12-consecutive-month period beginning on the date an employee first performs an hour of service, or, if an employee did not complete 1,000 hours of service during that period, the first Plan year during which a total of at least 1,000 hours of service are completed. Certain changes in the status of an employee may make him or her ineligible to become, or continue as, a participant.

Effective January 1, 2024, employees classified as casual, part-time, temporary, or interns who have completed 500 hours of service during each of the immediate three consecutive years are eligible to participate in the Plan.

Participant Contributions

A participant may elect to contribute, through payroll deductions, subject to certain limitations, from 1% to 75% (in increments of 1%) of his or her eligible earnings (Before-Tax Contributions), as defined in the Plan document. Before-Tax Contributions are deducted from a participant's earnings before federal and (in most cases) state and local income taxes are calculated.

If the Before-Tax Contributions are less than 75% of the participant's eligible earnings, the participant may elect to make After-Tax contributions from 1% to 75% (in increments of 1%) of his or her eligible earnings (After-Tax Contributions). Participants who have attained age 50 are permitted to make catch-up contributions in an amount specified by the Internal Revenue Service (IRS) (Before-Tax Catch-up Contributions). In addition, eligible participants are allowed to make Roth contributions and Roth Catch-up Contributions (Roth Contributions).

The combined amount of Before-Tax Contributions, After-Tax Contributions, and Roth Contributions on behalf of a participant shall not exceed 75% of the participant's eligible earnings. Roth Contributions are made in lieu of all or a portion of the Before-Tax Contributions and/or Before-Tax Catch-up Contributions the participant is otherwise eligible to make under the Plan. IRS limitations for 2024 were \$23,000 for employee elective deferrals and \$7,500 for catch-up contributions for those age 50 and over.

Participants may also roll over amounts distributed from other eligible retirement plans, as defined by the Plan.

Employer Contributions

Safe Harbor Matching Contributions - The Plan is designated as a safe harbor plan. As a safe harbor plan, Before-Tax Contributions (including Before-Tax-Catch-up Contributions), Roth Contributions, and Safe Harbor Matching Contributions are deemed to comply with the nondiscrimination testing requirements. The Company makes a matching contribution equal to 100% of the first 6% of eligible earnings contributed by a participant (Safe Harbor Matching Contribution). Safe Harbor Matching Contributions are made on a participant's eligible earnings, as defined in the Plan document, for each pay period. Safe Harbor Matching Contributions are fully vested when made. There were \$30,042,096 of Safe Harbor Matching Contributions for the year ended December 31, 2024.

Discretionary Profit-Sharing Contribution - Upon approval from the Committee, the Company may contribute a discretionary profit-sharing contribution (Profit-Sharing Contribution) to all participants who have completed one year of eligibility service, as defined in the Plan document. The discretionary Profit-Sharing Contribution is determined by a participant's eligible earnings, which generally is the compensation reported in Box 1 of Form W-2 adjusted to include pre-tax deferrals. Contributions are only made for participants who are employed by the Company on the last day of the Plan year, or for participants who terminate employment prior to the last day of the Plan year on account of death, disability, or retirement. In January 2025, the Committee approved a discretionary contribution of 1% to the eligible participants for the Plan year 2024. The Profit-Sharing Contributions for the Plan year 2024 were \$5,300,710.

Participant Accounts

An individual account is maintained for each Plan participant. Each participant's account is credited with the participant's contributions, Safe Harbor Matching Contributions, and any Profit-Sharing Contributions. Each participant's account is also credited with Plan earnings and charged for Plan losses, based on the participant's account balance. Certain administrative expenses may also be charged to a participant's account, such as loan fees or fees for processing domestic relations orders. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investments of their accounts into various investment options offered by the Plan.

Vesting

Participants are fully vested in the value of their contributions and the Safe Harbor Matching Contributions. Participants become 40% vested in their Profit-Sharing Contributions upon completion of one year of vesting service. A year of vesting service is defined by the Plan document as the 12-month period beginning with the employee's date of hire or rehire, and each one-year anniversary thereof, until the employee quits, retires, or is discharged, or, if earlier, the 12-month anniversary of any other absence. The participant receives an additional 15% vesting credit upon the completion of each additional year of vesting service, thereby becoming 100% vested after completing five years of vesting service, as defined in the Plan document.

Notes Receivable from Participants

The Trustee may make loans to participants pursuant to participant loan procedures adopted by the Committee. The loan will be funded from the participant's Plan investments on a proportionate basis, from Before-Tax Basic Contributions first, followed by vested Safe Harbor Matching Contributions, vested discretionary Profit-Sharing Contributions, Rollover Contributions, After-Tax Basic Contributions, and Roth Contributions. There are two types of loans available from the Plan: (i) a general-purpose loan available for any reason, and (ii) a residential loan available for the purchase or the construction of the participant's principal residence. No more than one general-purpose and one residential loan may be outstanding to any one participant at a time. The minimum loan amount is \$1,000. The maximum loan amount will be the lesser of: (i) 50% of the participant's vested account balance, or (ii) \$50,000 minus the highest outstanding loan balance in the last 12 months. Loans are secured by up to 50% of a participant's vested account balance upon inception of the loan. The proceeds for the loan will be taken pro-rata from each of the investment funds in which the participant's account is invested.

The interest rate charged for a loan is one percentage point above the prime rate as received by Vanguard from Reuters on the first day of the month in which the loan is initiated. Interest rates on loans outstanding ranged from 4.25% to 9.50% for the 12 months ended December 31, 2024 and 2023, respectively.

Loan repayments are made through automatic payroll deductions beginning no later than the first payroll period of the second month after the loan check is mailed. General-purpose loans must be paid back within five years and the residential loans must be paid back within 15 years. There is no prepayment penalty. Outstanding loans will be declared due and payable upon termination of the participant's employment; however, terminated participants with an outstanding loan balance may

The New York Times Companies Supplemental Retirement and Investment Plan

Notes to Financial Statements

elect to continue to repay their loans directly to Vanguard, provided they are not otherwise subject to the immediate cash-out requirement (account of \$5,000 or less through May 31, 2024 or \$7,000 or less from June 2024 onward).

Payment of Benefits

A participant's vested account is payable upon termination, retirement, disability, or death and the nonvested portion of the account is forfeited. The participant, or designated beneficiary upon the participant's death, may choose to receive a lump-sum payment or installment payments.

Prior to a participant's termination, retirement, disability, or death, the Plan allows the following partial or full withdrawals:

- A participant may withdraw their After-Tax Contributions. After-Tax Contributions made before January 1, 1987 can be withdrawn without any allocable earnings. Withdrawals of After-Tax Contributions made after January 1, 1987 include a percentage of earnings on those contributions. After-Tax Contributions, which were subject to the Safe Harbor Matching Contributions, can be withdrawn only after unmatched After-Tax Contributions are withdrawn. Withdrawals of matched After-Tax Contributions will subject the participant contribution to a six-month suspension period.
- A participant may withdraw Before-Tax Contributions and Roth Contributions only upon presenting proof of hardship to and receiving approval from the Plan Administrator.
- A participant who has attained age 59½ may withdraw the entire vested amount of their account.

Account balances less than \$1,000 will automatically be paid directly to the participant upon the participant's severance from employment, unless the participant elects a direct rollover, and account balances between \$1,000 and \$5,000 will be automatically rolled over to an Individual Retirement Account, unless the participant elects a cash distribution or direct rollover. Effective June 2024, the \$5,000 threshold was revised to \$7,000.

Administrative Expenses

Fees for Trustee and recordkeeping services are paid on a per-participant basis. Certain investment management fees are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits. Participants pay administrative fees for elective investment advisory services, loans, and administrative fees for processing domestic relations orders, if applicable. Other expenses are paid by the Company and are excluded from these financial statements.

Forfeited Accounts

Forfeited accounts include amounts from uncashed benefit payments and from nonvested Profit-Sharing Contributions. These amounts can be used to reduce future Safe Harbor Matching Contributions. As of December 31, 2024 and 2023, the balance in the forfeiture account, included in investments, at fair value in the statements of net assets available for benefits, totaled \$48,776 and \$273,005, respectively. During the year ended December 31, 2024, \$466,250 forfeitures were used to offset the Safe Harbor Matching Contributions.

The New York Times Companies Supplemental Retirement and Investment Plan

Notes to Financial Statements

Forfeited amounts from uncashed benefit payments are included as other additions in the statement of changes in net assets available for benefits. Forfeited amounts utilized to reissue checks are included as other deductions in the statement of changes in net assets available for benefits, where applicable.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. No allowance for loan losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan payments and the loan is deemed a distribution, based on the terms of the Plan document, the participant's loan balance is reduced, and a benefit payment is recorded. Related loan origination and loan maintenance fees are recorded as administrative expenses and are expensed when incurred.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 5). The Plan's Pension Investment Committee determines the Plan's valuation policies utilizing information provided by its investment adviser and custodian.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded as earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions are recorded in the Plan year in which the contributions are withheld. The Safe Harbor Matching Contributions are recorded in the Plan year in which the underlying participant contributions are withheld, resulting from the Safe Harbor Matching Contribution formula. The Profit-Sharing Contributions are recorded in the Plan year coinciding with the last day of the Plan year that the participant is employed by the Company, or other criteria, as noted above, as long as the contributions are made within the time permitted by Section 404(a)(6) of the Internal Revenue Code (IRC). Amounts payable to participants for contributions in excess of statutory limitations on

The New York Times Companies Supplemental Retirement and Investment Plan

Notes to Financial Statements

annual additions and excess aggregate contributions to participants' accounts are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Recently Issued but Not Yet Adopted Accounting Pronouncements

Accounting standards that have been issued or proposed by the Financial Accounting Standards Board (FASB) or other standard-setting bodies are not expected to have a material impact on the Plan's financial statements.

3. Risks and Uncertainties

The Plan holds various investments that may expose it to concentration risk. The Plan provides for various investment securities, which include investments in any combination of registered investment companies and common/collective trusts. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Plan's financial statements. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

4. Information Certified by the Plan's Trustee

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard, a qualified institution:

- Investments and notes receivable from participants held as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The New York Times Companies Supplemental Retirement and Investment Plan

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies - The shares of registered investment companies are valued at quoted market prices in an exchange and active market, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Common/Collective Trusts - The fair value of investments in common/collective trusts is valued at NAV, as a practical expedient, as reported by the sponsoring financial institution. The NAV is determined by reference to the value of the underlying assets owned by the common/collective trust, minus its liabilities, and then divided by the number of units outstanding. The Plan's common/collective trusts consist of the Vanguard Institutional Market Index Trusts, Vanguard Target Retirement Trust I Series, Vanguard Retirement Savings Trust III, and T. Rowe Price Blue Chip Growth Trust, which are direct filing entities (DFE), and the Small Mid Capital Growth CIT (Loomis Sayles & Company), Alliance Bernstein U.S. Small and Mid-Cap Value CIT (Alliance Bernstein Fund), and DWS RREEF Real Assets CIT (Deutsche Fund), which are non-DFE. There are no redemption restrictions for these investments, and there were no unfunded commitments as of December 31, 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The New York Times Companies Supplemental Retirement and Investment Plan

Notes to Financial Statements

The following tables present, by level within the fair value hierarchy, the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2024 and 2023. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the asset's placement within the fair value hierarchy levels.

December 31, 2024

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 128,615,573	\$ -	\$ -	\$ 128,615,573
Common/collective trusts*				1,179,817,520
Total Investments, at fair value				\$ 1,308,433,093

December 31, 2023

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 160,345,044	\$ -	\$ -	\$ 160,345,044
Common/collective trusts*				957,377,084
Total Investments, at fair value				\$ 1,117,722,128

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented on these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2024 and 2023.

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies and common/collective trusts managed by an affiliate of the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services to the Trustee and its affiliates amounted to \$711,283 for the year ended December 31, 2024.

In addition, participants who are active employees may borrow from their accounts and such loans qualify as party-in-interest transactions. As of December 31, 2024 and 2023, the Plan had \$3,978,313 and \$3,665,807, respectively, in notes receivable from participants.

All related-party and party-in-interest transactions noted above are deemed exempt from the prohibited transaction rules.

7. Tax Status

The IRS has determined and informed the Plan Administrator in a favorable determination letter dated August 3, 2017 that the Plan and related trust are designed in accordance with Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

The New York Times Companies Supplemental Retirement and Investment Plan

Notes to Financial Statements

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan or upon the complete discontinuance of contributions under the Plan, the value of each participant's interest, which includes the participant's contributions, Profit-Sharing Contributions, and Safe Harbor Matching Contributions, will be fully vested. Each participant's interest will be distributed in accordance with the terms of the Plan.

9. Subsequent Events

Effective January 1, 2025, the Plan complied with the benefit provisions under the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 (SECURE 2.0) increasing the catch-up contribution limit for individuals aged 60-63 to the greater of \$10,000 (indexed for inflation) or 150% of the regular catch-up amount.

Effective February 27, 2025, the Plan adopted the disaster relief provisions under the SECURE 2.0.

The Committee evaluated the accompanying financial statements for subsequent events through August 4, 2025, and transactions on the date these financial statements were available to be issued, and has determined that no other subsequent events have occurred that would affect the information presented in the accompanying financial statements or require additional disclosure.
