Report of Independent Auditors

To the Administrator of Schweitzer Engineering Laboratories, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Schweitzer Engineering Laboratories, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PricewaterhouseCoopers LLP, 405 Howard Street, Suite 600
San Francisco, CA 94105
T: (415) 498 5000

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Independent Auditors

To the Administrator of Schweitzer Engineering Laboratories, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Schweitzer Engineering Laboratories, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Schweitzer Engineering Laboratories, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Plan Description

The following description of the Schweitzer Engineering Laboratories, Inc. (the "Company" or "Plan Sponsor") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that became effective January 1, 2000. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and was created for the benefit of all eligible employees of the Company. The Plan's Advisory Committee is responsible for oversight of the Plan, as well as determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

The Secure 2.0 Act of 2022 (the "Act") was enacted into law in December of 2022. The Act includes several required and optional provisions affecting employee benefit plans, with various effective dates extending through 2027. The Plan has adopted all required provisions through December 31, 2024.

Under the Plan's provisions, accounts of terminated participants in the Schweitzer Engineering Laboratories, Inc. Employee Stock Ownership Plan ("SEL ESOP") are converted to cash and then transferred and deposited into an account under the participant's name into this Plan. A similar transfer occurs in the case of beneficiaries of deceased SEL ESOP participants and alternate payees of ESOP participants designated under a qualified domestic relations order. This transfer will occur annually and does not impact participant benefits.

Eligibility

Employees who have attained the age of 18 are eligible to participate in the Plan on their date of hire. Ineligible employees are: (1) employees whose employment is governed by the terms of a collective bargaining agreement, (2) employees who are nonresident aliens who do not receive any earned income from the Company, which constitutes income from sources within the United States, (3) leased employees, (4) employees who are employed by an affiliated employer that is not an Adopting Employer, and (5) residents of Puerto Rico.

Contributions and Participant Investment Options

Newly eligible participants are automatically enrolled into the Plan; automatic contributions start at 3% of the participant's compensation, unless the participant has formally opted out. Each year, participants may make voluntary tax deferred contributions to the Plan through payroll deductions of up to 100% of eligible compensation, up to a maximum annual amount allowed by Internal Revenue Service ("IRS") regulations. The Plan also allows participants to make contributions to a Roth 401(k). Contributions may be suspended or canceled at any time upon reasonable written notice (not to exceed 30 days). Changes in contribution amounts and reinstatements of contributions are allowed each pay period. A participant who receives a qualified distribution from another qualified plan may make rollover contributions to the Plan, provided certain conditions are met.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies and common/collective trust funds as investment options. Participants may elect to change amounts invested in any of the individual accounts on a daily basis via telephone or internet transfer.

Schweitzer Engineering Laboratories, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contribution and the participant's portion of earnings and losses. Participant accounts are also credited for any balances transferred in from the SEL ESOP, as described above. If the ESOP participant is not participating in the Plan and has not indicated otherwise, the ESOP transfer balance is invested in a target date fund that aligns with the participant's expected retirement date. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is 100% vested in his or her contributions at all times.

Distributions of Benefits

Participants are eligible to receive benefits upon termination of employment, retirement, disability, in-service distribution after attaining the age of 59 ½, or as hardship withdrawals subject to certain requirements. The account balance of a participant who dies while an employee of the Company will be paid to the participant's designated beneficiary. A participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. Upon termination of service, a participant will receive a lump sum or an installment amount equal to the value of his or her vested account balance based on the participant's election. If the participant's vested account exceeds \$5,000, then the participant must consent to a distribution and may elect a single lump sum or installment payments. The Plan increased the distribution consent threshold from \$5,000 to \$7,000 effective March 1, 2024 per the optional provisions in the Act. If the lump sum of a participant's benefit does not exceed \$1,000, the Plan Administrator may distribute the benefit in a lump sum, without the participant's consent. The distribution date will be the earliest administratively feasible date determined by the Plan Administrator. If the vested account balance is between \$1,000 and \$5,000 (or \$7,000 starting March 1, 2024 and later) as of the distribution date and the participant does not consent to a distribution, the account balance will be rolled over to an Individual Retirement Account selected by the Plan Administrator.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Advisory Committee determines the Plan's valuation policies utilizing information provided by investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Schweitzer Engineering Laboratories, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Contributions

Contributions from Plan participants are recorded in the year that the associated wages were earned. All contributions are participant-directed.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees incurred by the Plan for the investment management services are included in administrative expenses.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Information Certified or Provided by Vanguard Fiduciary Trust Company

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the financial statements, notes to financial statements and supplemental schedule are based on information certified as accurate and complete by Vanguard Fiduciary Trust Company, Plan custodian/trustee, as of December 31, 2024 and 2023, and for the year ended December 31, 2024:

- a. Investments included in the Statements of Net Assets Available for Benefits as of December 31:

	2024	2023
Investments at fair value		
Registered investment companies	\$ 305,887,257	\$ 258,838,441
Common/collective trust fund	<u>185,091,515</u>	<u>152,147,800</u>
Total investments at fair value	<u>\$ 490,978,772</u>	<u>\$ 410,986,241</u>

- b. Net appreciation of \$50,562,091 in fair value of investments and interest and dividends of \$11,491,740 from investments included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.
- c. Information in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024.

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies (Mutual Funds)

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds

Valued at the NAV of units of the common/collective trust. The NAV, as provided by the custodian/trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business matter.

Schweitzer Engineering Laboratories, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following presents the level within the fair value hierarchy at which the Plan's financial assets are measured on a recurring basis at December 31:

	Assets at Fair Values at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 305,887,257	\$ -	\$ -	\$ 305,887,257
Investments measured at NAV (a)				185,091,515
Total investments at fair value				<u>\$ 490,978,772</u>

	Assets at Fair Values at December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 258,838,441	\$ -	\$ -	\$ 258,838,441
Investments measured at NAV (a)				152,147,800
Total investments at fair value				<u>\$ 410,986,241</u>

- (a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following sets forth additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share (or its equivalent), as of December 31, 2024 and 2023:

Schweitzer Engineering Laboratories, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

** Subject to Vanguard's Large Transactions Policy which requires early notification for transactions exceeding the dollar amount designated by the portfolio manager.

*** Twelve-month notice is required to exit the fund.

5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are investments of registered investment companies and common collective trusts managed by Vanguard Fiduciary Trust Company, the Plan custodian/trustee; therefore, these transactions qualify as party-in-interest transactions. The sponsor also paid certain administrative expenses of the Plan.

6. Tax Status

The Plan uses a prototype plan document sponsored by Vanguard Fiduciary Trust Company. The prototype plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service stating that the written form of the underlying prototype plan document is qualified under Section 401(k) of the Internal Revenue Code ("IRC") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(k) of the IRC. Therefore, the related trust is exempt from taxation. The Plan Administrator believes that the Plan is currently designed and is operating in conformity with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

7. Risks and Uncertainties

The Plan allows participants to direct contributions into a variety of investment vehicles. These investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of the investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

8. Administration of the Plan

The Plan is administered by the Plan Sponsor in the form of an Advisory Committee, consisting of management personnel. Trust and recordkeeping services are performed by Vanguard Fiduciary Trust Company.

9. Plan Termination

Although it has not expressed any intent to do so, the employer has the right, at any time, to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants' accounts will be available to be fully distributed.

10. Subsequent Events

Subsequent events have been evaluated through August 15, 2025, which is the date the financial statements were available to be issued.

In accordance with the Plan amendment in 2017, approximately \$162.7 million was transferred from the SEL ESOP to the Plan on May 14, 2025.

Effective January 1, 2025 the Plan was amended to increase the automatic salary deferral election percentage from 3% to 5%.
