INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
Schulte Roth & Zabel LLP Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Schulte Roth & Zabel LLP Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SCHULTE ROTH & ZABEL LLP SAVINGS PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE A - THE PLAN

The Schulte Roth & Zabel LLP Savings Plan (the "Plan") is a defined contribution plan. The Plan was amended and restated effective January 1, 2024, and included certain administrative and conforming amendments with earlier effective dates. The Plan is sponsored by Schulte Roth & Zabel LLP (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective August 1, 2025, the Employer merged with another firm and became McDermott Will & Schulte LLP (refer to Note D[6]).

NOTE B - ELIGIBILITY

Eligible partners, special counsel and employees who are either legal assistants or secretaries and non-legal staff (all as defined in the Plan), excluding nonresident aliens with no U.S. source income, leased employees and certain others (as defined in the Plan), are entitled to become participants of the Plan on the first day of the month coincident with or next following the date on which they are employed and attained age 21. Eligibility to become a Plan participant was amended effective August 1, 2025 (refer to Note D[6]).

NOTE C - CONTRIBUTIONS AND VESTING

The Employer's contribution to the Plan on behalf of participants is based upon a discretionary percentage of compensation, as defined, determined by the Employer's executive committee.

For the years ended December 31, 2024 and 2023, the Employer contributed to the Plan the sum of 5.0% of the participants' first \$345,000 and \$330,000, respectively, of compensation, as defined. The maximum employer contribution on behalf of the participants may not exceed 15% of the participants' total compensation for any Plan year.

Subject to Internal Revenue Service ("IRS") regulations, a Plan participant may elect to contribute up to the maximum limit permitted of \$23,000 in 2024. If a Plan participant is age 50 or over by the end of the calendar year, the Plan participant may elect to contribute up to an additional \$7,500 for 2024. In addition, partners and employees (as defined in the Plan) may make a qualified rollover contribution to the Plan. A participant may elect to make "Roth" (after-tax) contributions to the Plan.

No Employer contribution is to be made for any participant who has not completed a year of service, as defined in the Plan. Notwithstanding the foregoing, any partner who is a participant in a qualified defined benefit pension plan sponsored by the Employer during such Plan year, is eligible to receive an Employer contribution. No Employer contribution is to be made for any participant who is not an employee of the Employer as of the last day of the Plan year, except that an Employer contribution is made with respect to any participant who retires on or after his normal retirement date. All participant and Employer contributions and earnings or losses thereon are immediately fully vested and non-forfeitable.

NOTE D - SUMMARY OF ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

SCHULTE ROTH & ZABEL LLP SAVINGS PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE D - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

[2] Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The fair values of collective trust funds are based on their unit value, which is based on the market value of the underlying assets held by the fund, less its liabilities and represents the NAV at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The Plan invests in the Galliard Stable Return Fund C ("Stable Return C") collective trust fund and the Putnam Large Cap Value Trust II ("Putnam") collective investment trust. Stable Return C invests all its assets in the Galliard Stable Return Fund Core. Stable Return C is trustee by SEI Trust Company and managed by Galliard Capital Management, LLC. Stable Return C seeks to provide investors with a moderate level of stable income without principal volatility. Putnam is maintained by Great Gray Trust Company as the fund's trustee and seeks to provide investors with capital growth and current income and is benchmarked to the Russell 2000 Growth Index. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in circumstances that make securities liquidation not reasonably practicable. Participant transactions (purchases and sales) may occur daily. The collective trust funds contain several redemption restrictions to withdraw, including the right to require up to a 12-month advance notice period for fund withdrawals initiated by the Plan sponsor. As of December 31, 2024 and 2023, there were no unfunded commitments; the redemption frequency for participant transactions in the collective trust funds is daily upon receipt of an authorized request on or prior to the valuation date.

For the Plan's investments in the SRZ Alternative Investment Account (the "Fund"), which invests in the Schulte Roth & Zabel LLP Group Trust ("Group Trust"), the Plan administrator's policy is to consider the valuation provided by the third-party managers of the underlying investments of the Group Trust, which is based on the computed NAV of the underlying investments. The underlying investments of the Group Trust include a variety of security and financial instruments, including interest-bearing cash, mutual funds, and also limited partnership and limited liability company interests, which are classified within Level 3 of the fair value hierarchy. The underlying investments trade infrequently and do not have readily available market prices or observable inputs. Factors considered in valuing investments include, without limitations, the type of security, cost, the price activity of similar instruments and financial conditions of the investee. Investments in the Fund are recorded at the NAV at year-end, which represents fair value based upon financial information supplied by each underlying Group Trust investment holding or from its investment manager. The values assigned to the Fund and any unrealized gains or losses are based on available information and do not necessarily represent amounts that might be realized if a ready market existed, and such differences could be material. Furthermore, the ultimate realization of such amounts depends on future events and circumstances, and therefore, valuation estimates may differ from the value realized upon disposition. The liquidity for the private investment entities within the Group Trust range from monthly to quarterly, and in some cases, annually, with advance notice and are subject to liquidity of the underlying funds. In some cases, there may be side-pockets for non-liquid assets. At December 31, 2024 and 2023, there were no unfunded Fund commitments. Participants may invest in the Fund on a quarterly basis. Due to the liquidity limitations of the private investment entities within the Group Trust, participant withdrawals from the Fund (and the underlying Group Trust) may be requested effective as of the end of the second quarter of the calendar year and as of the end of the calendar year, after giving 120-days prior notice. Withdrawals are generally processed initially at approximately 90% of the estimated value and the remainder is processed upon completion of the applicable period's Group Trust valuation. As a result, there were Fund withdrawals of approximately \$657,550 unpaid at December 31, 2024.

NOTE D - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

[2] Investment valuation and income recognition: (continued)

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Purchases and sales of securities are recorded on a trade-date basis. Dividends, which are recorded on the ex-dividend date, and interest are recorded as earned.

Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

[3] Payment of benefits:

Benefits are recorded when paid.

[4] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes therein during the reporting period and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[5] Administrative expenses:

Administrative expenses include asset-based fees on investment options excluding the Fund, managed accounts and self-directed brokerage accounts ("managed accounts"). Except for fees related to the managed accounts, costs are paid by the Employer or paid pursuant to revenue sharing agreements (see Note P).

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads, or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

[6] Subsequent events:

The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued.

Effective August 1, 2025, the Employer merged with another firm and became McDermott Will & Schulte LLP. A Plan amendment was executed July 31, 2025, effective August 1, 2025, and included the following:

- Participants in the Plan on July 31, 2025, shall continue to be a participant in accordance with the terms of Plan
- No employee or partner with a date of hire after July 31, 2025 is eligible to participate in the Plan
- No person who is not an employee or partner prior to August 1, 2025, shall become a participant of the Plan

**Notes to Financial Statements
December 31, 2024 and 2023**

NOTE E - INVESTMENT OPTIONS

In accordance with the Plan, participants are to have a minimum of three investment fund options available providing a broad range of investment alternatives. Each participant may designate, in any percentage or flat dollar amount, the investment funds in which to participate. Investment options include a money market fund, various mutual funds, collective trust funds, target retirement funds, self-directed brokerage accounts, the Fund, and the managed account program.

The Fund invests in the Schulte Roth & Zabel LLP Group Trust, which invests in mutual funds and private investment entities. Transfers may be made into the Fund on a quarterly basis (see Note D[2]).

The managed account program offers independent professional investment management and personalized asset allocation with automatic rebalancing and reallocation of account assets.

NOTE F - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal Trust Company"), the custodian of the Plan, has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants, and related activity, excluding the Fund, in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the statement of changes in net assets available for benefits for the year ended December 31, 2024, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2024.

The Plan's investments include self-directed brokerage accounts. The types of investments within these accounts are limited to certain investments, as defined, in accordance with ERISA.

The Plan's investment income and interest and dividend income certified by the custodian during the year ended December 31, 2024 were as follows (excluding activity of the Fund):

Net realized/unrealized appreciation in the fair value of mutual funds, collective trust, and self-directed brokerage accounts	\$ 11,281,298

SCHULTE ROTH & ZABEL LLP SAVINGS PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE G - FAIR VALUE MEASUREMENTS

Accounting guidance under the Financial Accounting Standards Board's Accounting Standards Codification 820, *Fair Value Measurements*, establishes a framework for fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies used for assets measured at fair value are described in Note D[2]. There have been no changes in methodologies used at December 31, 2024 and 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 129,598,237	\$ -	\$ -	\$ 129,598,237
Self-directed brokerage accounts	7,091,713	-	-	7,091,713

Investments at fair value				<u>\$ 166,112,307</u>

The purchases and sales of the Fund for the year ended December 31, 2024 were \$270,213 and \$72,062, respectively. There were no investment classification movements into or out of Level 3 for the year ended December 31, 2024.

NOTE G - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 126,066,348	\$ -	\$ -	\$ 126,066,348

Investments measured at NAV (A): Common/collective trust				<u>4,232,431</u>
Investments at fair value				<u>\$ 155,655,361</u>

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE H - PARTICIPANT ACCOUNTS

Each participant's account is credited with his or her contributions, the Employer's contribution to the Plan on behalf of the participant (see Note C), allocations of the Plan's earnings or losses, and an allocation of administrative expenses. Allocations are based upon participants' account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE I - NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their Plan accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the loan is made, or 50% of their account balance. The loans are secured by the balances in the participants' accounts and bear interest at 2% above the prime rate. Interest rates on outstanding loan balances range from 5.25% to 10.50% and 5.25% to 10.50% at December 31, 2024 and 2023, respectively. Principal and interest are paid ratably through payroll deductions or another approved manner, with payments made not less frequently than quarterly. With the exception of loans used to acquire a principal residence, loans are to be repaid over a period of time not to exceed five years. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

SCHULTE ROTH & ZABEL LLP SAVINGS PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE J - BENEFITS

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may receive a full distribution of their benefits upon retirement, in the event of death or disability, upon termination of employment or upon attaining the age of 59½. Participants may receive a full distribution of their rollover contribution account. Participants of the Plan for at least five (5) years may receive a full in-service distribution of their employer contribution. Participants in the Plan for less than five (5) years, may receive an in-service distribution limited to the amount of employer contributions that have been in their account for at least two (2) full Plan years, measured from the date such contributions were allocated into the Plan. Participants may receive a full in-service distribution of their pre-tax 401(k) contributions or Roth contributions (excluding earnings) on account of "hardships" subject to the Plan's provisions.

Benefits payable under the Plan shall be in one lump sum payment, except as defined by the Plan. The entire interest of a participant must be distributed or begin to be distributed no later than the April 1 of the calendar year following the calendar year in which the participant attains the age of 72 if the participant is a 5% owner of the Employer, as defined by the Internal Revenue Code (the "Code"). For all other participants that attain the age of 72 while still an employee, the distribution date is the date service is terminated.

If the value of a terminated participant's account is \$1,000 or less, the Plan shall immediately distribute the participant's entire vested account balance.

NOTE K - TRANSFER TO/FROM RELATED PLANS

During 2024, \$1,093,923, net, based upon changes in Plan eligibility, was transferred to the Plan on behalf of participants from the Schulte Roth & Zabel LLP Associates Savings Plan and \$364,272, net, was transferred from the Plan on behalf of participants to the Schulte Roth & Zabel LLP Thrift Plan.

NOTE L - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,

SCHULTE ROTH & ZABEL LLP SAVINGS PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE M - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE N - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit, liquidity and market perception risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE O - TAX STATUS

The Plan was amended and restated effective January 1, 2024, and received a determination letter dated December 12, 2018. The Plan, as adopted, is intended to meet the requirements of Code Sections 401(a) and 401(k), therefore, its related trust is exempt from federal income tax under Code Section 501(a). The Plan has been amended since receiving the tax determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan is qualified, and the related trust is tax-exempt. The Plan is subject to the provisions of ERISA.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE P - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan pays administrative and investment advisory fees to Principal Trust Company, Principal Life Insurance Company, the recordkeeper, and other service providers. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to these service providers were \$54,287 for the year ended December 31, 2024.

The Plan invests in the Fund, which invests in the Group Trust, which is managed by the Employer.

The recordkeeper receives revenue from mutual fund providers for services it provides to the Plan's mutual fund investments. This revenue is used to offset certain amounts owed to the recordkeeper for their administrative services to the Plan. If the revenue received by the recordkeeper from such mutual fund service providers exceeds the amounts owed, the excess is made available to the Plan pursuant to the service agreement. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024, \$52,997, exclusive of dividends of \$478, was received from the custodian and is reflected in net realized/unrealized appreciation in the statement of changes in net assets available for benefits and \$52,496 was used to pay Plan expenses. The account balance as of December 31, 2024 and December 31, 2023, is \$11,279 and \$10,300, respectively.
