INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Members
C.W. Holding Company, Inc. Employee Stock Ownership Plan
Carroll, Ohio

Opinion

We have audited the accompanying financial statements of C.W. Holding Company, Inc. Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of C.W. Holding Company, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of C.W. Holding Company, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about C.W. Holding Company, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of C.W. Holding Company, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about C.W. Holding Company, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

C.W. HOLDING COMPANY, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE A - PLAN DESCRIPTION

The following brief description of the C.W. Holding Company, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

C.W. Holding Company, Inc. comprises the following companies:

- 1.) Company Wrench, Ltd. – A construction equipment dealer and distributor;
- 2.) C.W. Property Group, Ltd. A real estate company.

Effective January 1, 2024, C.W. Machine Worx, Ltd. was merged into Company Wrench, Ltd. As a result, C.W. Machine Worx, Ltd. is no longer presented as a separate entity within the group from that date forward. This corporate action did not have a material impact on the administration, eligibility, or benefits provided under the C.W. Holding Company, Inc. Employee Stock Ownership Plan. All eligible employees of the merged entity continue to participate in the Plan under the same terms and conditions as prior to the merger.

C.W. Holding Company, Inc. (the Company) established the C.W. Holding Company Inc. Employee Stock Ownership Plan (the Plan) effective as of July 1, 2018. The Plan is administered by an Employee Benefits Administration Committee comprising seven persons appointed by the Sponsor Company's Board of Directors. The Plan's Trustee is Mark Mills of the MGM Group, Inc.

Eligibility

Generally, employees are eligible to participate in the plan if they are 21 years of age and have accumulated a year of service. A year of service is defined as a 12 month period in which the employee works at least 1,000 hours.

To be eligible to participate in a year's allocation, the employee must be eligible for the plan as defined above, and must meet the following additional eligibility requirements:

- 1.) The employee must be employed on the last day of the plan year;
- 2.) The employee must have less than 10% of the total outstanding shares of the company.

The employee is auto-enrolled into the plan on July 1 or January 1, following the date the employee satisfies the eligibility requirements above.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company elected to make a voluntary contribution of 200 shares of stock in 2023. Employees are not permitted to make contributions.

Payment of Benefits

At the time a Participant or Beneficiary becomes entitled to receive their account under the terms of the Plan, the Trustee will distribute the account balance over a period of five years. Beginning in 2022, distributions have been made by selling one-fifth of the eligible participant's shares each year. The remaining shares continue to be held in the Plan and remain invested, so their value may change from year to year. As a result, annual distribution amounts may vary and are no longer equal installments.

C.W. HOLDING COMPANY, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE A - PLAN DESCRIPTION (CONTINUED)

Payment of Benefits (Continued)

In addition, any dividends paid on employer shares to the ESOP are allocated to Participants' accounts and are credited to Participants' accounts. Distributions of Plan assets to qualifying participants are paid in cash by the Trustee.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Employee Benefits Administration Committee should direct the Trustee to pay all liabilities and expenses of the trust fund.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Eligible compensation is defined by the plan as generally all compensation earned from the Company during the year, but excluding commissions and bonuses. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Put Option

Any employer shares which are not readily tradable on an established market at the time they are distributed to participants or former participants, or that are subject to a trading limitation when distributed, shall be subject to a put option which will permit the participant, the participant's donees, or a person to whom the shares pass by reason for the participant's death, to put those employer shares to the employer. Put options shall be exercisable at least during the 16-month period which begins on the date the employer shares subject to the option are distributed by this plan. Such an option may be exercised by the holder of the shares by notifying the employer in writing, in accordance with the employer's rules in this regard, that the put option is being exercised. The price at which the put option must be exercisable is the fair market value of the shares. If the employer is required to repurchase employer shares which are distributed to a participant or beneficiary within one taxable year in a distribution that represents the balance to the credit of the participant's account, the amount to be paid for such employer shares shall be paid in substantially equal periodic payments (not less frequently than annually) over a period beginning not later than 30 days after the exercise of the put option and not exceeding 5 years.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE A - PLAN DESCRIPTION (CONTINUED)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution. Participants eligible to diversify make their election after year-end based on the number of shares of the employer's stock held in their account at year-end.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20% per year of service after the first year and are 100% vested after six years of service.

For the purposes of vesting, a Participant's years of service includes all of the Participant's years of service with the Employer or an Affiliate, but excludes the Participant's years of service or any hours of service earned prior to July 1, 2018, which was the effective date of the plan.

Allocation of Contributions and Forfeitures

Employer stock contributions and Plan forfeitures are allocated to each participant's account based on the relation of the participant's eligible wages to the total eligible wages for the Plan year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The shares of Company common stock are valued at fair value. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

C.W. HOLDING COMPANY, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Operating Expenses

All expenses of maintaining the Plan were paid by the Company in 2024. The Plan provides an option for forfeitures to be used to pay qualifying plan expenses to the extent available, at the Company's option.

Payment of Benefits

Benefits payable related to one plan year are generally paid in the next plan year, and so these amounts of benefits payable are recorded as a liability as of the end of the plan year.

Compensation costs

For the year ended December 31, 2024, the Company recognized compensation cost of \$106,181, representing the cash contribution made to the ESOP during the year. As the Plan is nonleveraged, compensation cost is measured as the amount of cash contributed or committed to be contributed to the Plan in accordance with U.S. GAAP.

ESOP debt and guarantees

The Plan is not leveraged. As of December 31, 2024, the Plan had no outstanding debt, and the Company has not guaranteed any debt on behalf of the Plan.

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through October 3, 2025, which is the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Fair Value Measurements

The fair value of the Company common stock is based on an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches consistent with prior years. The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums.

The Employee Benefits Administration Committee, under the supervision of the Company's Board of Directors, determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables present fair value measurement information for the Plan's investments in Company common stock:

	<u>December 31, 2024</u>	Significant Unobservable Inputs (Level III)
	<u>Fair Value</u>	<u>(Level III)</u>

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2024 and 2023, there were no significant transfers into or out of Level 3.

NOTE D - TAX STATUS

The Internal Revenue Service has not determined and informed the Company that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE E - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common stock, are held by the Trustee of the Plan. The Trustee is independent of the Company.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees were paid directly by the Company in 2024.

NOTE F – INVESTMENTS

NOTE G - RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE H - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock. These are related party and party-in-interest transactions. As described in Notes B and E, the Company paid the expenses of the Plan in 2024 and 2023. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.
