Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: LAVINE, LOFGREN, MORRIS, & ENGELBERG

(2) EIN: 33-0690020

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
AnaptysBio, Inc. 401(k) Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of AnaptysBio, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Part IV, Line 4i as of December 31, 2024) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ANAPTYSBIO, INC. 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 1. DESCRIPTION OF PLAN

AnaptysBio, Inc. 401(k) Plan (the "Plan") is sponsored by AnaptysBio, Inc. (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan, which became effective on January 1, 2007, is a defined contribution plan covering all eligible employees of the Company. The Plan's trustee and custodian is Fidelity Management Trust Company (the "custodian" or "Fidelity"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the provisions of the Internal Revenue Code (the "Code").

Eligibility

Employees of the Company are generally eligible to participate in the Plan for the purposes of participant contributions and are eligible for purposes of employer contributions if they are employed on the last day of the Plan year. There are no age or service requirements to participate in the Plan. Ineligible employees include those whose employment is governed by a collective bargaining agreement, as well as leased employees and temporary employees who are not yet participants, as defined. Eligible employees may enter the Plan on the first day of the month coincident with or next following their hire date.

Contributions

Participant contributions – Participants may elect to contribute to the Plan up to 100% of their compensation each year, subject to certain statutory limitations, and may designate their contributions as either pre-tax or Roth amounts, as defined. Participants who are 50 years of age or older may also contribute "catch-up" contributions to the Plan, as defined. In addition, employees may also contribute amounts representing rollover distributions from other qualified sources.

Discretionary employer matching contributions – For 2024, the discretionary employer matching contribution was equal to 100% of a participant's deferral contributions up to 10% of the participant's eligible compensation during the Plan year, with a maximum annual contribution of \$23,000.

Qualified employer matching contributions – Prior to making discretionary employer matching contributions, the Plan sponsor may designate all or a portion of such contributions as qualified matching employer contributions for the purpose of satisfying certain non-discrimination tests related to deferral contributions. To receive an allocation of qualified matching contributions, an employee must be a non-highly compensated employee for the Plan year. For the year ended December 31, 2024, the Company made no qualified matching employer contributions to the Plan.

Discretionary non-elective employer contributions – Generally, a participant shall be entitled to receive discretionary non-elective employer contributions if they are employed by the Company on the last date of the Plan year. Discretionary non-elective employer contributions are allocated to eligible participants in accordance with the ratio that each eligible participant's compensation bears to the total compensation paid to all of the eligible participants during the Plan year. For the year ended December 31, 2024, the Company made no discretionary non-elective employer contributions to the Plan.

Notes to Financial Statements December 31, 2024

NOTE 1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in the portion of their accounts related to their contributions (including earnings or losses thereon). Participants vest in the portion of their accounts related to employer matching, employer discretionary, and nonelective contributions (including earnings thereon) based on years of service as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
1	25%
2	50%
3	75%
4 or more	100%

In addition, upon reaching normal retirement age (65), or in the event of disability, employed participants become 100% vested in their accounts.

Forfeitures

Forfeitures of terminated participants' accounts are held in an unallocated asset account. These amounts may be used to pay Plan administrative expenses or reduce employer contributions. During 2024, \$1,670 was added to the forfeitures account for investment gains, \$36,835 was used toward Plan expenses, \$53,523 was used to offset employer matching contributions, and \$84,483 was added for amounts forfeited from participant accounts. As of December 31, 2024 and 2023, the forfeitures account balance was \$56,346 and \$60,551, respectively.

Notes Receivable from Participants (Participant Loans)

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50% of their vested account balance. Loans bear interest at a reasonable rate as determined by the Plan administrator at the time of application and are generally secured by the participant's vested account balance. Participants are permitted to have no more than two loans outstanding at any time. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years unless the loan is used toward the acquisition of the participant's principal residence, in which case the loan term may be longer. As of December 31, 2024, the interest rate on outstanding loans ranged from 4.00% to 8.50%.

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contributions, any employer contributions, and allocations of (i) Plan earnings or losses, and (ii) any administrative expenses. Allocations are based on participant contributions, earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon disability, death, termination, attaining age 59½, and/or hardship, participants (or, if applicable, their beneficiaries) may elect to receive a distribution of their vested account balance in a lump sum, or defer distribution if their vested account balance exceeds \$5,000.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reached the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

The distribution provisions of the SECURE Act were modified by the SECURE 2.0 Act of 2022 ("SECURE 2.0 Act") (Note 9), such that beginning in 2023, the age a participant must begin taking distributions was raised to 73. If a participant reached the age of 72 during 2023, the participant may defer receiving distributions until April 1, 2025, the latest date that a required minimum distribution may be taken for 2024.

Upon termination of employment, if a participant's vested account balance is between \$1,000 and \$5,000, and if the participant has not elected to receive a cash distribution or have the balance rolled over into an individual retirement account ("IRA") of his/her choosing, the Plan may transfer the participant's account balance into an IRA separately managed and maintained by a trust company engaged by the Plan. Also at its discretion, the Plan may elect to distribute vested account balances of less than \$1,000.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

ANAPTYSBIO, INC. 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses, such as custodian/trustee, accounting, and legal expenses, are paid by the Company, except for certain distribution and loan fee expenses, which are paid by the transacting participants.

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation or depreciation in fair value of investments, and interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ANAPTYSBIO, INC. 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023.

Mutual Funds (including Money Market Funds): Valued at the daily closing price as reported by the fund. Mutual funds including money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: Valued at the net asset value of units of the respective collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer may reserve the right to require a notification period in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Fidelity Advisor Stable Value Fund is a stable value collective trust which primarily consists of indirect investments in fully benefit-responsive investment contracts through an investment company. Consistent with ASC 820, the stable value collective trust's contract values are considered their fair values for financial reporting purposes as those are the amounts at which participants would normally transact with the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements December 31, 2024

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			Total
	Level 1	Level 2	Level 3	
Interest-bearing cash	\$ 31	\$ -	\$ -	\$ 31

	December 31, 2023			Total
	Level 1	Level 2	Level 3	
Interest-bearing cash	\$ 30	\$ -	\$ -	\$ 30
Mutual funds	15,639,377	-	-	15,639,377
Total investments in the fair value hierarchy	<u>\$ 15,639,407</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 15,639,407
Common/collective trust measured at net asset value ^(a)				<u>184,704</u>
Total investments at fair value				<u>\$ 15,824,111</u>

^(a) In accordance with FASB ASC 820, Subtopic 10, certain investments that are measured at net asset value per share (or its equivalent) shall not be classified in the fair value hierarchy. The fair value amount of the common/collective trust presented in these tables is intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table provides additional information regarding the investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023:

	Fair Value	Unfunded Commitments	Redemption Frequency (Participant)	Redemption Notice Period (Plan)
<u>December 31, 2024:</u>				
Fidelity Advisor Stable Value Fund	<u>\$ 295,030</u>	N/A	Daily	Up to 12 months

ANAPTYSBIO, INC. 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company pays certain administrative costs of the Plan and provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by Fidelity, the custodian of the Plan, and/or its affiliates. These transactions qualify as exempt party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provision of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7. TAX STATUS

The Company has adopted a pre-approved defined contribution plan and relies upon the pre-approved plan's opinion letter from the Internal Revenue Service ("IRS") which states that, in its opinion, the plan and related trust are designed in accordance with applicable sections of the Code. The Company has not applied for a determination letter from the IRS specific to the Plan. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

ANAPTYSBIO, INC. 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 9. SECURE 2.0 ACT

On December 29, 2022, the SECURE 2.0 Act of 2022 became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. In addition to the changes to distributions described in Note 1, the SECURE 2.0 Act includes various required and optional provisions that became effective beginning in 2023 and will continue to become effective through 2033, certain of which are described below.

- Beginning in 2033, the age for required minimum distributions will increase from age 73 to 75.
- Beginning in 2027, catch-up contributions will be made on a Roth basis, unless the participant earns \$145,000 or less.
- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of \$10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Starting January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.

Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2026.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
AnaptysBio, Inc. 401(k) Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of AnaptysBio, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Part IV, Line 4i as of December 31, 2024) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ANAPTYSBIO, INC. 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 1. DESCRIPTION OF PLAN

AnaptysBio, Inc. 401(k) Plan (the "Plan") is sponsored by AnaptysBio, Inc. (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan, which became effective on January 1, 2007, is a defined contribution plan covering all eligible employees of the Company. The Plan's trustee and custodian is Fidelity Management Trust Company (the "custodian" or "Fidelity"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the provisions of the Internal Revenue Code (the "Code").

Eligibility

Employees of the Company are generally eligible to participate in the Plan for the purposes of participant contributions and are eligible for purposes of employer contributions if they are employed on the last day of the Plan year. There are no age or service requirements to participate in the Plan. Ineligible employees include those whose employment is governed by a collective bargaining agreement, as well as leased employees and temporary employees who are not yet participants, as defined. Eligible employees may enter the Plan on the first day of the month coincident with or next following their hire date.

Contributions

Participant contributions – Participants may elect to contribute to the Plan up to 100% of their compensation each year, subject to certain statutory limitations, and may designate their contributions as either pre-tax or Roth amounts, as defined. Participants who are 50 years of age or older may also contribute "catch-up" contributions to the Plan, as defined. In addition, employees may also contribute amounts representing rollover distributions from other qualified sources.

Discretionary employer matching contributions – For 2024, the discretionary employer matching contribution was equal to 100% of a participant's deferral contributions up to 10% of the participant's eligible compensation during the Plan year, with a maximum annual contribution of \$23,000.

Qualified employer matching contributions – Prior to making discretionary employer matching contributions, the Plan sponsor may designate all or a portion of such contributions as qualified matching employer contributions for the purpose of satisfying certain non-discrimination tests related to deferral contributions. To receive an allocation of qualified matching contributions, an employee must be a non-highly compensated employee for the Plan year. For the year ended December 31, 2024, the Company made no qualified matching employer contributions to the Plan.

Discretionary non-elective employer contributions – Generally, a participant shall be entitled to receive discretionary non-elective employer contributions if they are employed by the Company on the last date of the Plan year. Discretionary non-elective employer contributions are allocated to eligible participants in accordance with the ratio that each eligible participant's compensation bears to the total compensation paid to all of the eligible participants during the Plan year. For the year ended December 31, 2024, the Company made no discretionary non-elective employer contributions to the Plan.

ANAPTYSBIO, INC. 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in the portion of their accounts related to their contributions (including earnings or losses thereon). Participants vest in the portion of their accounts related to employer matching, employer discretionary, and nonelective contributions (including earnings thereon) based on years of service as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
1	25%
2	50%
3	75%
4 or more	100%

In addition, upon reaching normal retirement age (65), or in the event of disability, employed participants become 100% vested in their accounts.

Forfeitures

Forfeitures of terminated participants' accounts are held in an unallocated asset account. These amounts may be used to pay Plan administrative expenses or reduce employer contributions. During 2024, \$1,670 was added to the forfeitures account for investment gains, \$36,835 was used toward Plan expenses, \$53,523 was used to offset employer matching contributions, and \$84,483 was added for amounts forfeited from participant accounts. As of December 31, 2024 and 2023, the forfeitures account balance was \$56,346 and \$60,551, respectively.

Notes Receivable from Participants (Participant Loans)

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50% of their vested account balance. Loans bear interest at a reasonable rate as determined by the Plan administrator at the time of application and are generally secured by the participant's vested account balance. Participants are permitted to have no more than two loans outstanding at any time. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years unless the loan is used toward the acquisition of the participant's principal residence, in which case the loan term may be longer. As of December 31, 2024, the interest rate on outstanding loans ranged from 4.00% to 8.50%.

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contributions, any employer contributions, and allocations of (i) Plan earnings or losses, and (ii) any administrative expenses. Allocations are based on participant contributions, earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

ANAPTYSBIO, INC. 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon disability, death, termination, attaining age 59½, and/or hardship, participants (or, if applicable, their beneficiaries) may elect to receive a distribution of their vested account balance in a lump sum, or defer distribution if their vested account balance exceeds \$5,000.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reached the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

The distribution provisions of the SECURE Act were modified by the SECURE 2.0 Act of 2022 ("SECURE 2.0 Act") (Note 9), such that beginning in 2023, the age a participant must begin taking distributions was raised to 73. If a participant reached the age of 72 during 2023, the participant may defer receiving distributions until April 1, 2025, the latest date that a required minimum distribution may be taken for 2024.

Upon termination of employment, if a participant's vested account balance is between \$1,000 and \$5,000, and if the participant has not elected to receive a cash distribution or have the balance rolled over into an individual retirement account ("IRA") of his/her choosing, the Plan may transfer the participant's account balance into an IRA separately managed and maintained by a trust company engaged by the Plan. Also at its discretion, the Plan may elect to distribute vested account balances of less than \$1,000.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

ANAPTYSBIO, INC. 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses, such as custodian/trustee, accounting, and legal expenses, are paid by the Company, except for certain distribution and loan fee expenses, which are paid by the transacting participants.

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation or depreciation in fair value of investments, and interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ANAPTYSBIO, INC. 401(K) PLAN

Notes to Financial Statements December 31, 2024

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023.

Mutual Funds (including Money Market Funds): Valued at the daily closing price as reported by the fund. Mutual funds including money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: Valued at the net asset value of units of the respective collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer may reserve the right to require a notification period in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Fidelity Advisor Stable Value Fund is a stable value collective trust which primarily consists of indirect investments in fully benefit-responsive investment contracts through an investment company. Consistent with ASC 820, the stable value collective trust's contract values are considered their fair values for financial reporting purposes as those are the amounts at which participants would normally transact with the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements December 31, 2024

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			Total

Interest-bearing cash	\$ 30	\$ -	\$ -	\$ 30
Mutual funds	15,639,377	-	-	15,639,377
Total investments in the fair value hierarchy	<u>\$ 15,639,407</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 15,639,407
Common/collective trust measured at net asset value ^(a)				<u>184,704</u>
Total investments at fair value				<u>\$ 15,824,111</u>

^(a) In accordance with FASB ASC 820, Subtopic 10, certain investments that are measured at net asset value per share (or its equivalent) shall not be classified in the fair value hierarchy. The fair value amount of the common/collective trust presented in these tables is intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table provides additional information regarding the investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023:

	Fair Value	Unfunded Commitments	Redemption Frequency (Participant)	Redemption Notice Period (Plan)

Notes to Financial Statements December 31, 2024

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company pays certain administrative costs of the Plan and provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by Fidelity, the custodian of the Plan, and/or its affiliates. These transactions qualify as exempt party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provision of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7. TAX STATUS

The Company has adopted a pre-approved defined contribution plan and relies upon the pre-approved plan's opinion letter from the Internal Revenue Service ("IRS") which states that, in its opinion, the plan and related trust are designed in accordance with applicable sections of the Code. The Company has not applied for a determination letter from the IRS specific to the Plan. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE 9. SECURE 2.0 ACT

On December 29, 2022, the SECURE 2.0 Act of 2022 became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. In addition to the changes to distributions described in Note 1, the SECURE 2.0 Act includes various required and optional provisions that became effective beginning in 2023 and will continue to become effective through 2033, certain of which are described below.

- Beginning in 2033, the age for required minimum distributions will increase from age 73 to 75.
- Beginning in 2027, catch-up contributions will be made on a Roth basis, unless the participant earns \$145,000 or less.
- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of \$10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Starting January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.

Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2026.
