## INDEPENDENT AUDITOR'S REPORT

To: Administrative Committee  
MacQueen Equipment Group 401(k) Plan  
St. Paul, Minnesota

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed an audit of the financial statements of MacQueen Equipment Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood

that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedules (see accompanying table of contents), as of December 31, 2024, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**(See Independent Auditor's Report)**

**1. Description of the Plan**

The following description of the MacQueen Equipment Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

***General***

The Plan is a defined contribution plan established by MacQueen Equipment, LLC (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the administrator and sponsor of the Plan and has appointed Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively Empower) (the "asset custodian") as the asset custodian and recordkeeper of the plan. The Plan sponsor is a member of a controlled group which includes Trans Iowa Equipment, Inc. and Bruce Municipal Equipment. An officer of the Company has been designated as the Trustee of the Plan. On December 8, 2022 the Company filed an amendment to their adoption agreement to modify the plan year-end from October 31 to December 31, and updated vesting and eligibility requirements. The first full plan year with the change commenced on January 1, 2023.

***Eligibility***

All employees who have completed one hour of service with the Company during the plan year, as defined in the Plan and are age 18 or older are able to participate in the Plan. Participants are eligible to enter the Plan by the first day of the month following eligibility. Eligible employees may enter the Plan on the first day of the month after meeting eligibility requirements.

***Contributions***

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 50% of the lesser of 6% of gross wages or total base contributions that a participant contributes to the plan. In order to receive the Company match, the participant must have worked 1,000 hours and be employed at the end of the year unless the employee terminates due to death, disability or reaching retirement age. Participants direct the investment of all contributions into various investment options offered by the Plan.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**(See Independent Auditor's Report)**

**1. Description of the Plan (continued)**

***Contributions (continued)***

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Additional elective profit sharing contributions may be contributed at the discretion of the Company. To receive elective profit sharing contributions, the participant must have worked 1,000 hours and be employed at the end of the year. During the year ended December 31, 2024, no additional profit sharing contributions were made.

***Participant Accounts***

Each participant's account is credited with the participant's contributions, rollover contributions, catch-up contributions and an allocation of the Company's contributions and Plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Investment Options***

Upon enrollment in the Plan, a participant may direct contributions to a variety of investment options, as more fully described in the Plan's literature. All choices vary in types of investments, rate of return and investment risk. Participants may elect at any time to have all or part of their account balances and future contributions transferred from one fund to another or in any combination.

***Vesting***

Participants are vested immediately in their contributions, Roth, catch-up contributions, and rollover plus earnings thereon. Participants who leave the Plan because of death, retirement or disability retirement are considered 100 percent vested. Company matching contributions, discretionary profit sharing contributions declared on or before December 31, 2022, and earnings thereon, vest in accordance with provisions of the Plan as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1 year of service	0 %
After 1 year of service	20 %
After 2 years of service	40 %
After 3 years of service	60 %
After 4 years of service	80 %
After 5 years of service	100 %

**MacQueen Equipment Group 401(k) Plan  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023**

**(See Independent Auditor's Report)**

**1. Description of the Plan (continued)**

Effective January 1, 2023, the plan revised the Company matching contributions, discretionary profit sharing contributions declared and earnings thereon, to vest in accordance with provisions of the plan as follows:

Years of Service	Percentage
Less than One Year	0 %
One Year but less than Two Years	20 %
Two Years but less than Three Years	50 %
Three or More Years	100 %

Years of service for vesting are counted from date of hire. For vesting, a participant will be credited with a year of service for each Plan year during which a participant earns credit for 1,000 hours of service.

***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.5% at December 31, 2024, which are commensurate with local prevailing rates at inception of loan as determined quarterly by the Plan administrator. Principal and interest is paid ratably through bi-monthly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

***Payment of Benefits***

On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum distribution or installments equal to the value of the participant's vested interest in their account. In addition, the Plan allows for in-service and hardship distributions if certain criteria are met. The Plan provides for normal retirement at age 65. If a participant terminates employment and the participant's account balance is less than \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent. As of both December 31, 2024 and 2023, there were no requests for distributions by participants that were not yet paid.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**(See Independent Auditor's Report)**

**1. Description of the Plan (continued)**

***Forfeited Accounts***

As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$264 and \$1,709, respectively. These accounts will be used to reduce future Company contributions and/or administrative expenses. For the plan year ended December 31, 2024, forfeitures were used to offset employer contributions and administrative expenses.

**2. Summary of Significant Accounting Policies**

***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

**MacQueen Equipment Group 401(k) Plan**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**(See Independent Auditor's Report)**

**2. Summary of Significant Accounting Policies (continued)**

*Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

*Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

*Payment of Benefits*

Benefits are recorded when paid.

**3. Information Prepared and Certified by Asset Custodian**

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the years ended December 31, 2024 and 2023. Accordingly, the asset custodian of the plan has certified to the completeness and accuracy of the all investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2024 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**(See Independent Auditor's Report)**

**4. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2024 and 2023.

***Mutual Funds***

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

(See Independent Auditor's Report)

**4. Fair Value Measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

<b>Fair Value Measurements at December 31, 2024</b>				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 18,329,363	\$ -	\$ -	\$ 18,329,363
Total investments in the fair value hierarchy	\$ 18,329,363	\$ -	\$ -	\$ 18,329,363
<b>Fair Value Measurements at December 31, 2023</b>				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 15,084,842	\$ -	\$ -	\$ 15,084,842
Total investments in the fair value hierarchy	\$ 15,084,842	\$ -	\$ -	\$ 15,084,842

**5. Fully Benefit Responsive Investment Contracts**

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. Guaranteed investment contracts are valued at contract value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due to accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**(See Independent Auditor's Report)**

**5. Fully Benefit Responsive Investment Contracts (Continued)**

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contract;
3. Plan termination or merger;
4. Changes to the Plan's prohibition of competing investment options; and
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or signoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact a contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract.

Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and
4. A material amendment to the agreements without the consent of the issuer.

**6. Related Party and Party-In-Interest Transactions**

The Plan's assets are administered under a contract with the recordkeeper and asset custodian of the Plan. Contributions are held and managed by the asset custodian, who invests cash received, interest and dividend income and makes distributions to participants. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**(See Independent Auditor's Report)**

**7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions.

**8. Tax Status**

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**9. Contingencies, Risks, and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

**10. Delinquent Participant Contributions**

For the period from November 1, 2022 to December 31, 2022 and for the year ended December 31, 2024, the Company did not remit certain participant and employer contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances and loan repayments identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contribution which totaled \$338 for the period from November 1, 2022 to December 31, 2022 were corrected using the Department of Labor Voluntary Fiduciary Correction Program in 2024. Contribution which totaled \$141,422 for the year ended December 31, 2024 were self-corrected outside of the Department of Labor Voluntary Fiduciary Correction Program in 2025. Additionally, the plan has compensated participants for lost earnings resulting from the delay in contributions.

**(See Independent Auditor's Report)**

**11. Reconciliation of Financial Statements to Schedule H Form 5500**

Both of the audited financial statements and the Plan's Form 5500 have been prepared using the accrual basis of accounting. Net assets available for benefits per the Plan's Form 5500 are \$19,647,298 and \$15,912,833 as of December 31, 2024 and 2023. The net increase in net assets available for benefits per the Plan's Form 5500 is \$3,734,465 for the year ended December 31, 2024. Such amounts agree to these audited financial statements.

**12. Subsequent Events**

Management has evaluated subsequent events through October 2, 2025, the date on which the financial statements were available for issue.
