INDEPENDENT AUDITORS' REPORT

Board of Trustees
Masonry Welfare Trust
9848 E. Burnside
Portland, OR 97216

Opinion

We have audited the accompanying financial statements of Masonry Welfare Trust (the Plan and Trust), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, the related statement of changes in the benefit obligations for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Masonry Welfare Trust's net assets available for benefits as of December 31, 2024 and 2023, and the changes therein for the years then ended, and changes in the plan benefit obligations for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, as established by the AICPA's Auditing Standards Board. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Masonry Welfare Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules in support of statements of changes in net assets available for benefits, and schedules of assets (held at end of year) and reportable transactions, together referred to as "supplemental information", are presented for the purpose of additional analysis and are not a required part of the financial statements but the schedules of assets (held at end of year) and reportable transactions are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, as established by the AICPA's Auditing Standards Board.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Masonry Welfare Trust (the Plan) provides only general information and further reference should be made to the Plan agreement for more complete information regarding the provisions of this Plan. A copy of that document can be obtained from the Plan Administrator through Masonry Industry Trust Administration, 9848 E. Burnside Street, Portland, OR 97216.

General: The Plan is a multi-employer plan that is collectively bargained which provides health, drug, dental, vision, life, disability, and vacation benefits covering substantially all active and retired eligible participants. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The plan provides benefits to eligible covered employees of participating employers under collective bargaining agreements with various local unions of Oregon, Washington, Montana, and Idaho, as well as retirees that make required payments under the terms of the Plan.

Benefits: The Plan provides health benefits (medical, drug, hearing, dental, and vision), life insurance coverage, and disability benefits for eligible participants and to their beneficiaries and covered dependents. Further information regarding rates for coverage may be obtained from the Plan administrator.

The Plan also provides health benefits to participants during periods of unemployment, provided they have accumulated credit amounts in excess of the amount required for current coverage. Accumulated eligibility credits equal to three months coverage may be carried forward.

Contributions: Participating employers contribute to the Plan on covered hours pursuant to collective bargaining agreements. Reference should be made to specific agreements for information as to contribution rates.

Non- Medicare Retiree Contributions: Effective April 1, 2017, the Board elected to have Non-Medicare retirees and their spouses/dependents purchase coverage through Ullico Private Exchange, a private marketplace for health and welfare coverage. Those retirees and their spouses/dependents that choose the Ullico Private Exchange will receive a subsidy in the form of dental, vision and life (life is Retiree only) . No subsidy will be provided if they purchase coverage outside of the Ullico Private Exchange, but they may purchase dental, vision and life, at cost, from the Plan.

Medicare Retiree Contributions: Effective April 1, 2017, Medicare retirees were moved to Labor First and were provided with a \$40 per person, per month discount subsidy from the Plan. The \$40 subsidy for retirees on Medicare ceased with the January 1, 2022 coverage, as noted in the Plan amendments section. Medicare retirees are afforded the opportunity to purchase dental and vision coverage from the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Fund Termination: In the event of termination, the Trust agreement provides that funds remaining after the payment of all expenses be used to best effectuate the purpose of the Trust and the requirements of law.

Plan Amendments: During 2010, the Board amended the Plan by eliminating the lifetime benefit maximums. Reference should be made to the Plan document for specifics as to the effective dates and information regarding coverage and limits to coverage. These amendments are not expected to result in significant financial impact to the Plan.

During October 2016, the Board of Trustees elected to lose the Grandfathered Status and to make numerous changes in the Plan's benefits, effective January 1, 2017, the specifics of which are available from the Trust Administrator. The Board also elected to approve the Southern Idaho region to be included as In-Network for all benefits (except those restricted by the Affordable Care Act) at a lower contribution rate than the other areas that participate in the Trust.

The Board of Trustees elected to have Non-Medicare retirees and their spouses/dependents purchase coverage through the Ullico Exchange, a private marketplace for health and welfare coverage, effective April 1, 2017. The Board also acted to contract with Labor First to provide medical and prescription coverage to Medicare retirees, effective April 1, 2017. Retirees will be eligible to opt-in back to the Plan one time only, if they have continuous coverage but spouses/dependents are no longer eligible to re-enter the Plan. Additionally, the Board elected to adopt the effective date of January 1, 2018 as the date the current retirees will need to re-establish and/or maintain Union membership to receive a subsidy on the Retired Medical Plan.

Effective starting January 1, 2020, Willamette Dental is offering a \$1,500 implant benefit if participants live in Oregon, Idaho or Washington, on the condition that treatment or referral must be given by their providers.

Effective starting January 1, 2020, the Trust Plan is offering a Telemedicine Benefit with WellVia, which has a national network of board certified, state licensed doctors offering medical and mental health consultations by computer or mobile device. Doctors can diagnose acute non-emergency medical conditions and prescribe medications when appropriate. Access to therapy is also available. The benefit is being offered with no cost for accessing providers through this benefit and a \$0 co-pay. Kaiser members should see the telemedicine benefits available with Kaiser. The Board has elected November 11, 2020 to offer telemedicine benefits as a permanent benefit to members, with phone/virtual visits being offered the same as in-person regular or urgent care visits, subject to the Plan's eligibility rules and in-network or out-of-network deductibles and cost sharing.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Effective July 1, 2020, the Board approved a hearing aid benefit of 100% for the first \$400 and 50% of the balance up to \$3,000, with the maximum benefit of \$3,400. The hearing aid benefit will be contracted with TruHearing and is renewable every 36 months.

Effective November 11, 2020, the Board approved for prescriptions that are “Dispense as Written” as a standard approach where the member will pay the brand co-pay, plus the difference between the brand and the generic costs, when a generic is available and the doctor has written the prescription allowing for no substitutions. Also effective on this date, is the approval of certain specialty medications for 90-day fills by postal service.

Effective for January 1, 2022 coverage, the Trust will no longer be providing a \$40 per person, per month subsidy discount for Medicare Retirees with enrolled coverage with Labor First, as previously mentioned. The Board approved the change on November 5, 2021.

Administration of the Trust: The administration of the Trust is the responsibility of the Plan’s Board of Trustees comprised of Union Trustees and Employer Trustees. The investments of the Plan are managed by Verus, a professional investment advisor. KeyBank serves as the Plan’s investment custodian.

Basis of Accounting: The Plan’s financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Employer Contributions and Receivables: Employer contributions receivable generally includes the amounts the Trust expects to collect from employers in January 2025 and 2024 for hours worked in the last month of the calendar year. These monies are collected for participant benefits for the years ended December 31, 2024 and 2023, respectively. The estimated contributions receivable also includes amounts collected after each year end that were related to hours worked prior to December 31, 2024 and 2023, respectively. In accordance with guidelines of the American Institute of Certified Public Accountants, the financial statements set forth the employer contributions due that are estimated to be collectible. The estimated contributions receivable presented in these financial statements as of December 31, 2024 and 2023 are net of estimated uncollectible receivables of \$418,001 and \$425,398, respectively, which is estimated based on information provided by the administration office. Contributions are considered delinquent on the 25th day of the month following the month in which covered hours are worked. The Plan’s policy for charging off uncollectible receivables is based on action by the Board of Trustees.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Postretirement Benefit Obligation: Actuarial computations under Accounting Standards Codification (ASC) Topic 965 are for purposes of fulfilling trust financial accounting requirements with regard to postretirement benefit obligations. The postretirement benefit obligations represent the actuarial present value of those estimated future benefits that are attributed to participant services rendered to December 31, 2024 and 2023. Postretirement benefits include future benefits to be paid to or for (1) currently retired or terminated participants and their beneficiaries and dependents and (2) active participants and their beneficiaries and dependents after retirement from service with the participating employers. Prior to an active participant's full eligibility date, the postretirement benefit obligation is the amount that is attributed to that participant's service in the industry rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims – cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for deaths, disability, withdrawal or retirement) between the valuation date and the expected date of payment. Further details regarding the postretirement benefit obligation may be found in the actuarial reports for the years ended December 31, 2024 and 2023.

The postretirement benefit obligations as of December 31, 2024, was based on the census data, plan provisions, actuarial assumptions and methods as specified in the December 31, 2023, full valuation rolled forward using standard actuarial techniques. The postretirement benefit obligations as of December 31, 2023, was based on the census data, plan provisions, actuarial assumptions and methods as specified in the December 31, 2023 full valuation.

For the year ended December 31, 2024 and 2023, the actuary applied the aggregated trend of 4% per year to the expected dental and vision costs. No trend was applied to the life benefit or to the stipend for Medicare eligible retirees.

The following were other significant assumptions used in the valuations as of December 31, 2024 and 2023.

Weighted-average discount rate	5.50% (4.75% at December 31, 2023)
Average retiree age	63.3
Mortality rate	RP 2014 Mortality Tables for healthy participants with Blue Collar adjustment, projected at 50% of the ultimate rates specified in the MP2017 projection scale. Disabled mortality is assumed to follow the RP 2014 Disability Mortality Table.

MASONRY WELFARE TRUST

Notes to the Financial Statements

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Accumulated Eligibility: It is not uncommon for participants to periodically be without work. Therefore, the Plan has a provision whereby participants can earn coverage for periods of unemployment based on eligibility earned in excess of the amount needed to provide coverage, limited to three months of eligibility. Accumulated eligibility as of December 31, 2024 and 2023 was based on the amount of future coverage accumulated for participants. Each active participant's accumulated eligibility is increased by the amount of the monthly contributions received for that active participant by the Trust and decreased monthly by a fixed amount to provide coverage. Each month of eligibility was valued by the administrator from \$946 to \$1,024 as of December 31, 2024 and \$906 to \$948 as of December 31, 2023, depending on coverage. The maximum accumulated eligibility is three months. The accumulated eligibility was calculated by valuing each month of accumulated eligibility at an estimated actual cost for each month which was \$1,326 as of December 31, 2024, and \$1,178 as of December 31, 2023. If a participating employee terminates, the Trust generally provides the participant with health coverage for such a period as the participant has accumulated coverage.

Benefit Currently Payable: Benefit obligations currently payable include the Plan's liability for vacation funds receivable as of December 31, 2024 and 2023 that are expected to be transferred to participant's accounts subsequent to their receipt and premiums payable.

Other Benefit Obligations: Benefit obligations currently payable include the Plan's liability for claims incurred as of December 31, 2024 and 2023 but not reported, and the Plan's liability for premiums payable and estimated claims reported but not yet paid as of December 31, 2024 and 2023. The Plan's liability for claims incurred but not reported is estimated by a consultant.

Concentration of Source of Contributions and Labor: The Trust receives a significant portion of its revenue from employer contributions. These contributions are based on hours worked by participants who are generally union bricklayers. The contributions paid on hours worked by these participants are directly affected by the quantity of work resulting from construction contracts and contributing employers that hire union members.

Deferred Revenue: Income from employer contributions that are derived from participant hours worked and self-payments received are recognized as revenue in the periods for which the participant eligibility and vacation amounts relate. See Note 14 for more information.

MASONRY WELFARE TRUST

Notes to the Financial Statements

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: If available, quoted market prices are used to value investments. Please see Note 4 for information regarding fair value. In general, however, common stocks and mutual funds are valued based on information provided by KeyBank, the custodian as of December 31, 2024 and 2023.

Purchases and sales of securities are recorded on a trade-date basis. Interest Income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on the sales of investment securities are recorded as the difference between proceeds received and cost. Cost is determined on the historical cost basis.

Subsequent Events: The Plan has evaluated subsequent events through October 2, 2025, which is the date the financial statements were available to be issued.

NOTE 3 – BENEFIT OBLIGATIONS

The Trust has benefit obligations available to pay from net assets for December 31, 2024 and December 31, 2023. Most of the benefit obligations relate to the postretirement benefit obligation for which there is no provision for funding by the current bargaining agreements. The calculation of the obligation does not imply that there is any legal liability to provide the benefits valued nor do the participants have any vested rights in the postretirement benefit obligations. The board of trustees has the right to amend or terminate postretirement benefits. In addition, the postretirement benefits have not been funded by the Plan.

The health care cost trend rate assumptions have a significant effect on the amounts reported in the accompanying financial statements. If the assumed rate increased by one percentage point each year, it would increase/ (decrease) the obligation as of December 31, 2024 and 2023, by \$129,071 and \$135,173, respectively.

Other plan changes are included in the ASC 965 December 31, 2023, full valuation.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments as of December 31, 2024 and 2023 are reported at fair value in the accompanying statement of net assets available for benefits. The fair value measurements used as of this date are as follows:

		Fair Value Measurements at Reporting Date Using:

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would be used only when Level 1 or Level 2 inputs were not available. The various levels of input used to value the investments presented in these financial statements are as follows:

Level 1 – The fair values of mutual funds and common stock are based on quoted market prices.

Level 2 – In the absence of quoted market prices, the estimated values of certain assets or liabilities may be based on significant other observable inputs.

As of December 31, 2024 and 2023, the Plan held no investments for which the estimated fair value was based on Level 2 inputs.

Level 3 – In some cases, the estimated values of certain assets or liabilities may be based on the best information available that may include significant unobservable inputs. This is the case when there is little to no market activity or other observable inputs for the asset or liability at the measurement date. In these circumstances the reporting entity's own assumptions and data are often used to develop an estimate of fair value.

As of December 31, 2024 and 2023, the Plan held no investments where the estimated fair value was based on Level 3 inputs.

NOTE 5 – INVESTMENTS

During 2024 and 2023, the Plan’s investments (including net investments purchased, sold, and held during the year and appreciation (depreciation) in value are summarized as follows (excluding Money Market Funds held in investment account):

	December 31	
	2024	2023
Market Value at Beginning of Year	\$ 5,304,601	\$ 5,558,319
Net investments purchased or (sold)	(310,504)	(513,393)
Net appreciation (depreciation) in market value:		
Common stock	136	(40)
Mutual funds	47,872	259,715
Market Value at End of Year	<u>\$ 5,042,105</u>	<u>\$ 5,304,601</u>

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of such investments will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Specifically, the Plan holds investments in fixed income securities inside its mutual funds which are subject to market value changes resulting from fluctuations in market interest rates. Generally, as market interest rates increase, the market value of a specific security decreases and vice versa. These mutual fund holdings may be exposed to risks associated with interest rate fluctuations depending on the extent and character of their fixed income holdings. The holdings of the Plan as of December 31, 2024 and 2023 include mutual funds, which may include fixed income holdings.

The actuarial present value of post-retirement benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Notes to the Financial Statements

NOTE 7 – TAX STATUS

The Plan obtained its latest determination letter from Internal Revenue Service in November 1957, stating that the Plan, as then designed, was in compliance with the applicable requirements under Section 501(c)(9) of the Internal Revenue Code (IRC) and was therefore, exempt from federal income taxes. Once qualified, the Plan is required to operate in accordance with the IRC to maintain its qualification. The Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and, therefore, they believe that the Plan and the Trust is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain positions that are more likely than not would be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan is subject to routine audits by taxing jurisdictions: however, there are currently no audits for any tax periods in progress. Typically plan tax years will remain open for three years: however, this may differ depending upon the circumstances of the Plan. The Plan's activities do not generate any unrelated business income (UBI) or any associated taxes (UBIT).

NOTE 8 – STOP-LOSS INSURANCE

Subsequent to May 1, 1980, trust benefits were funded with a self-insurance program with a form of stop-loss insurance coverage to cover potential catastrophic claims. For medical benefits, claims paid in excess per person per contract year are covered by the stop-loss policy for the years ended in the amounts of \$250,000 for December 31, 2024, and \$225,000 for December 31, 2023.

NOTE 9 – LITIGATION

The Trust is pursuing several claims against employers for unpaid contributions to the Trust. The aggregate of such claims that represent contributions due from employers are not included in the accompanying financial statements.

Trust legal counsel has advised that it is unaware of any asserted or unasserted claims, which would have a significant affect upon the financial statements as of December 31, 2024 and 2023.

MASONRY WELFARE TRUST

Notes to the Financial Statements

NOTE 10 – FUND MANAGEMENT

Fund management fees are paid to the Masonry Industry Trust Administration (MITA). MITA is the entity created to self-administer the Northwest Bricklayers Pension Trust and Masonry Welfare Trust (the Trust Fund). The amounts presented herein represent the full amount paid and incurred to MITA by the Trust Fund for the expenses and support needed by MITA to provide administration services to the Masonry Welfare Trust for the years presented. A portion of these payments has been used to acquire assets used in the performance of MITA's administrative functions. Therefore, as MITA is wholly funded and directed jointly with the Northwest Bricklayers Pension Trust, the Trust is building an equity interest in MITA, which has not been presented in these financial statements.

Based on analyses prepared in connection with MITA's tax filings, the equity interest of the Trust Fund was a deficit of \$24,723 and a deficit of \$32,551 as of December 31, 2024 and 2023, respectively. These amounts represent the Trust's interest in MITA's cost of equipment less its retained loss. The Masonry Welfare Trust paid administration fees to MITA totaling \$492,300 and \$437,600 for the years ended December 31, 2024 and 2023, respectively.

NOTE 11 – RELATED PARTY TRANSACTION

Employer contributions which are collected by Masonry Industry Trust Administration are being deposited in the Masonry Welfare Trust administrative account using KeyCapture. These funds are then immediately electronically transferred to various industry benefit plan and ancillary funds. As of December 31, 2024, Masonry Welfare Trust does not hold any funds that belong to any other benefit plan trust or ancillary funds.

As of December 31, 2024, funds were transferred from Masonry Welfare Trust to Northwest Bricklayers Pension Trust in the amount of \$9,928,135 and also from Masonry Welfare Trust to Northwest Bricklayers and also Allied Craftworkers Defined Contribution Plan in the amount of \$2,106,537.

NOTE 12 – CONCENTRATIONS OF CREDIT RISK ARISING FROM CASH DEPOSITS IN EXCESS OF INSURED LIMITS

The Trust maintains cash balances at KeyBank in Portland, Oregon. At December 31, 2024 and 2023, cash balances in this institution totaled \$870,161 and \$699,491, respectively. These types of accounts are FDIC insured up to \$250,000.

As of December 31, 2024 and 2023, cash in the amounts of \$220,106 and \$214,118, respectively, were held in a money market fund at KeyBank, which was not covered by FDIC insurance or by any other government agency. In the event that the financial institutions were to fail, the Trust could incur a loss to the extent deposits exceed available coverage.

Notes to the Financial Statements

NOTE 13 – DIFFERENCE BETWEEN FINANCIAL STATEMENT INFORMATION AND
FINANCIAL INFORMATION REPORTED IN FORM 5500

This note is a disclosure required by Department of Labor Regulation Section 2520.103-1(b)(3).

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,	
	2024	2023
Net assets available for benefits per the financial statements	\$ 4,645,709	\$ 4,879,400
Difference in claims and premiums payable	(979,666)	(1,336,485)
Accumulated eligibility	(1,445,864)	(1,654,595)
Net assets available for benefits per the Form 5500	<u>\$ 2,220,179</u>	<u>\$ 1,888,320</u>

Benefit obligations related to premiums and claims payable and accumulated eligibility have been included as liabilities in the Form 5500, but are presented in the Statement of Plan's Benefit Obligations in these financial statements rather than the Statement of Net Assets Available for Benefits. The related changes in these benefit obligations are presented as a part of expenses in the Form 5500, but are included in these financial statements as part of the Statement of Changes in Plan's Benefit Obligations. The postretirement benefit obligations and changes therein presented in these financial statements are not included anywhere in the Form 5500 financial reporting.

The gain or loss on sale of investments presented in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, differs from the gain or loss shown on the Form 5500. The gain or loss for the Form 5500 was computed using a basis revalued to reflect the beginning of year market value unless the investment was purchased during the year, in which case the cost of the investment would be used. The financial statements use historical cost as the basis of computing gain or loss. Furthermore, market change shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, is different than the unrealized gain or loss indicated on the Form 5500. This difference also results from using the different bases of calculation as described.

NOTE 14 – DEFERRED REVENUE

The change in the Masonry Welfare Trust deferred revenue account for the year ended December 31, 2024, is comprised of the following:

	2024	2023
Balance at Beginning of Year	<u>\$ 1,704,370</u>	<u>\$ 468,491</u>
Additions		
Employer contributions, November hours	452,081	561,797
Employer contributions, December hours	404,743	512,239
Other employer contributions (unfunded employer payments)	688,321	545,970
Reciprocity	30,303	54,303
Self-payments	36,913	30,061
Total Additions	<u>1,612,361</u>	<u>1,704,370</u>
Reductions		
Participant eligibility earned	<u>(1,704,370)</u>	<u>(468,491)</u>
Net Change	<u>(92,009)</u>	<u>1,235,879</u>
Balance at End of Year	<u>\$ 1,612,361</u>	<u>\$ 1,704,370</u>

The recognition of employer contributions in addition to the self-payments is a prospective application of an existing accounting policy for deferred revenue that provides a more accurate presentation of the Trust's obligations.
