INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Plan Management and Participants
Associated Urologists of North Carolina, P.A. Employees 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Associated Urologists of North Carolina, P.A. Employees 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of July 31, 2025, and December 31, 2024, and the related statement of changes in net assets available for benefits for the seven months ended July 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Associated Urologists of North Carolina, P.A. Employees 401(k) Profit Sharing Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of July 31, 2025, and for the seven months then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Associated Urologists of North Carolina, P.A. Employees 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Associated Urologists of North Carolina, P.A. Employees 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Associated Urologists of North Carolina, P.A. Employees 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Associated Urologists of North Carolina, P.A. Employees 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule: Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Termination of Plan.

Effective December 14, 2024, the Plan was amended to freeze and terminate. No further contributions were permitted or made under the Plan with respect to Plan Compensation earned on or after the Effective Date. As of the date of this report, all participant accounts have been liquidated.

Notes to Financial Statements

1. Description of Plan

The following description of the Associated Urologists of North Carolina, P.A. Employees 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General.

The Plan was a defined contribution plan covering all eligible employees of the Associated Urologists of North Carolina, P.A. (the “Company”) who had 1 year of service and were age 21 or older. Entry dates were semi-annual, the first day of the first and seventh months of the Plan year. The Plan was established on January 1, 1999, and was subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA) as amended.

Contributions.

Each year eligible participants could make pre-tax or Roth contributions from their eligible compensation, as defined by the Plan adoption agreement, subject to applicable limits established by law. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans (rollover contributions).

Effective January 1, 2022, upon satisfaction of the eligibility requirements, participants were automatically enrolled in the Plan at a deferral rate of 3%. The Plan also allowed participants to convert their pre-tax balances to after-tax balances.

For 2024, the Company provided a safe harbor contribution equal to 3% of the participants’ compensation. The Company did not make any contributions for 2025.

Participant and Company contributions were invested as directed by the participant in investment options offered by the Plan.

Plan termination.

Effective December 14, 2024, the Plan was amended to freeze and terminate. No further contributions were permitted or made under the Plan with respect to Plan Compensation earned on or after the Effective Date. As of the date of this report, all participant accounts have been liquidated.

Notes to Financial Statements

1. Description of Plan (continued...)

Participant accounts.

Participants directed their account balance into various investment options offered by the Plan. Participant accounts were credited with the participant's contributions, the Participating Employer's contributions, if any, and investment earnings and/or losses and charged with the participant's benefit payments and applicable transactions charges, which were considered administrative expenses. Allocations were based on participant compensation, deferrals, or the earnings and losses of the participant's account balances, as defined. Income was allocated daily based on the number of shares or units in the participants' account. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting.

Participants were immediately vested in their contributions and the Company's safe harbor contributions plus actual earnings on the contributions. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows: less than 1 year = 0%, 1 to 2 years = 20%, 2 to 3 years = 40%, 3 to 4 years = 60%, 4 to 5 years = 80%, more than 5 years = 100%. A participant is 100 percent vested after 3 years of credited service or attaining the retirement age of 65, or upon death or disability.

Notes receivable from participants.

Participants could borrow from the vested portion of their account balance a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their account balance. Loan terms were fixed up to five years, except in the case of a loan used to acquire a principal residence, in which case the loan term could exceed five years. The loans were secured by the vested balance in the participant's account and bore interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits.

On termination of service, death, disability, or retirement, a participant, or their beneficiary, could elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. In-service withdrawals could be taken after attaining age 59-1/2. Withdrawals could also be made in conjunction with IRS hardship distribution regulations.

Forfeited accounts.

Forfeited nonvested accounts could be used to reduce future employer contributions or to pay Plan administrative expenses. Forfeited account balances were \$ 0 as of July 31, 2025, and \$1,200 as of December 31, 2024.

2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates.

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition.

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of July 31, 2025, and December 31, 2024. Delinquent participant loans are recorded as distributions based upon the terms of the Plan documents.

Payment Benefits.

Benefits are recorded when paid, except for material corrective distributions which are accrued during the year in which the originating contributions were made. The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan.

Expenses.

Plan expenses paid directly by the Company are excluded from these financial statements. Fees charged directly to participant accounts are included in administrative expenses. Investment-related expenses are included in net appreciation of the fair value of investments.

Subsequent Events.

Plan management has evaluated events and transactions that occurred between December 31, 2024, and September 4, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. Effective December 14, 2024, the Plan was amended to freeze and terminate. No further contributions were permitted or made under the Plan with respect to Plan Compensation earned on or after the Effective Date. As of the date of this report, all participant accounts have been liquidated.

3. Information Certified by the Plan Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of July 31, 2025, and December 31, 2024, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of July 31, 2025, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the seven months ended July 31, 2025 has been reported to the Plan and certified as complete and accurate by the Plan's custodian, Chares Schwab Trust Bank.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (continued...)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2025, and December 31, 2024.

Cash and cash equivalents: The carrying amounts for cash reflect the assets' fair value. The fair values for cash equivalent are determined based on quoted market prices. These assets are included in Level 1.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Personal choice retirement account: The personal choice retirement account is a self-directed brokerage account allowing participants to make investments that are not included as one of the Plan's options. The personal choice retirement account invests in noninterest-bearing cash, common stock, and mutual funds. Common stock represents investments in various companies. Common stock held by the personal choice retirement account is valued daily by the Intercontinental Exchange based on the last trade price. The common stock and mutual funds held by the personal choice retirement account are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of the units held by the Plan at year-end. The NAV, as provided by the trustee/custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require advance notification to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued...)

The fair value of the Plan's participant-directed investments as of July 31, 2025, and December 31, 2024, are set forth by level within the fair value hierarchy in the table below. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>7/31/2025</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	-			-
Self-directed brokerage account	-	-		-
Total assets in the fair value hierarchy	-	-	-	-
Investments measured at net asset value*				-
Investments at fair value	17,946,919	1,713,012	-	-

<u>12/31/2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	17,946,919			17,946,919
Self-directed brokerage account	-	1,713,012		1,713,012
Total assets in the fair value hierarchy	17,946,919	1,713,012	-	19,659,931
Investments measured at net asset value*				882,315
Investments at fair value	17,946,919	1,713,012	-	20,542,246

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of July 31, 2025.

<u>Fund</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Schwab Bank Savings	0	N/A	Daily	N/A

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. Investments Recorded at Contract Value

The Plan did not hold any investments recorded at contract value as of July 31, 2025, and December 31, 2024.

6. Rollover Contributions

The Plan accepted a rollover, provided the rollover did not jeopardize the tax-exempt status of the Plan or create adverse tax consequences for the Employer. The amounts rolled over were separately accounted for in a "Participant's Rollover Account." For purposes of this Section, the term Participant included any Eligible Employee who is not yet a Participant.

7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds or collective trust funds held by Charles Schwab Trust Bank, the custodian as defined by the Plan. Fees incurred within these investments qualify as party-in-interest transactions. Investment fees paid to parties-in-interest are netted against investment returns.

During 202, fees were also paid to MVP Plan Administrators, Inc., Guardian Wealth Partners LLP, and Independent Advisor Alliance for their advisory and administrative services to the Plan. These fees include investment fees, third party administrative fees, and other professional service fees, and are based on customary charges as agreed upon by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption. Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan.

8. Tax Status

Although the Plan has not received a determination letter from the Internal Revenue Service, it has adopted a pre-approved Prototype Plan. The Plan has been amended and the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS/DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

Notes to Financial Statements

9. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. There were no such differences as of July 31, 2025, or December 31, 2024.

11. Termination of the Plan

Effective December 14, 2024, the Plan was amended to freeze and terminate. No further contributions were permitted or made under the Plan with respect to Plan Compensation earned on or after the Effective Date. As of the date of this report, all participant accounts have been liquidated.
