## Report of Independent Auditors

The Trustees  
Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan

### Report on the Audit of the Financial Statements

#### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter***

*Supplemental Schedule Required by ERISA*

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2024, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan Notes to Financial Statements

---

### Note 1 – Description of Plan

The following description of the Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions.

**General** – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Oceanside Auto Country, Inc. and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Oceanside Auto Country, Inc. (the Company) is the Plan's sponsor and serves as plan administrator.

**Eligibility** – Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing 60 days of service. Participants must be employed as of the last day of the plan year to be eligible to receive any employer paid profit sharing contributions.

### Contributions –

*Participant contributions* – Each year, participants may contribute between 1% to 100% of pre-tax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals are automatically increased annually by 1%, up to a maximum auto-deferral of 10%.

*Employer profit sharing contributions* – The Company may elect to make discretionary profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit-sharing contributions for the year ended December 31, 2024.

*Employer match contributions* – The Company matches 10% of employee contributions, up to 100% of eligible compensation deferred to the Plan. For the year ended December 31, 2024, the Company made \$403,128 matching contributions to the Plan.

Contributions are subject to regulatory limitations.

**Participant accounts** – Each participant's account is credited with the participant's contributions and company matching contributions, as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

## Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan Notes to Financial Statements

---

**Vesting** – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. Participants vest in the Company’s contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

**Notes receivable from participants** – Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant’s account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time not to exceed 30 years. Under the terms of the Plan Agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through monthly or semi-monthly payroll deductions. As of December 31, 2024, the rate of interest on all outstanding loans ranged from 3.25% to 8.50% with various maturities through May 2053.

**Payment of benefits** – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, or monthly, quarterly, or annual installments over a period of time no longer than the assumed left expectancy of the participant or his or her beneficiary, as applicable. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the Participant’s vested balance does not exceed \$7,000, a distribution of the vested balance will be made to the participant in a single lump-sum payment in cash.

**Forfeitures** – Forfeitures are the non-vested portion of a participant’s account that is lost upon termination of employment. Forfeitures are retained in the Plan, must be used before year-end or in the subsequent year, and will first be used to pay plan administrative expenses or to reduce future Company contributions, at the Company’s discretion, with any remaining amount reallocated to participant accounts. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$32,251 and \$18,427, respectively. For the year ended December 31, 2024, \$345 was used for payment of employer contributions. For the year ended December 31, 2024, forfeited balances reallocated to participant accounts totaled \$54,685.

### **Note 2 – Summary of Significant Accounting Policies**

**Basis of accounting** – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

## Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan Notes to Financial Statements

---

**Use of estimates** – The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Investment valuation** – The investments are stated at fair value and contract value. The Plan's trustee, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust Company), certifies the contract value of the guaranteed investment contract and the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

**Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

**Contributions** – Contributions from participants and corresponding matching contributions are recorded in the year in which the related participant compensation is earned.

**Notes receivable from participants** – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

**Payment of benefits** – Benefits are recorded when paid.

**Expenses** – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

**Subsequent events** – Subsequent events are events or transactions that occur after the statements of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statements of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 9, 2025, which is the date the financial statements were available to be issued.

### Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Registered investment companies (mutual funds)* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Pooled separate accounts* – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The PSAs can be redeemed on a daily basis and there are no unfunded commitments.

*Collective investment trusts* – Units held in collective investment trusts (CITs) are valued using the NAV practical expedient of the CITs as reported by the CITs managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CITs, minus its liabilities, and then divided by the number of units outstanding. The CITs can be redeemed daily, and there are no redemption restrictions or notice requirements.

## Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan Notes to Financial Statements

---

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's assets by level as of:

	Fair Value Measurement at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 4,560,660	\$ -	\$ -	\$ 4,560,660
Total assets in the fair value hierarchy	\$ 4,560,660	\$ -	\$ -	4,560,660
Investments measured at NAV practical expedient				48,914,448
Investments at fair value				\$53,475,108

  

	Fair Value Measurement at December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 3,923,894	\$ -	\$ -	\$ 3,923,894
Total assets in the fair value hierarchy	\$ 3,923,894	\$ -	\$ -	3,923,894
Investments measured at NAV practical expedient				43,107,941
Investments at fair value				\$47,031,835

#### **Note 4 – Guaranteed Investment Contract with Principal Life Insurance Company**

The Plan entered into a fully benefit-responsive investment contract (FBRIC) with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a semi-annual basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life Insurance Company represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

## **Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan**

### **Notes to Financial Statements**

---

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

#### **Note 5 – Tax Status**

The Plan Document is a volume submitter defined contribution plan that received a determination letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 6 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

#### **Note 7 – Certified Investment Information**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the trustee of the Plan, has certified to the completeness of the following:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.

## **Oceanside Auto Country, Inc. Profit Sharing 401(k) Plan**

### **Notes to Financial Statements**

---

- Net appreciation in fair value of investments, dividends, interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
  
- Investments reflected on the schedule of assets (held at end of year).

#### **Note 8 – Party-in-Interest Transactions**

The Plan paid expenses related to the Plan's operations and investment management to various service providers. Certain plan investments are managed by Principal Life Insurance Company, an affiliate of Principal Trust Company. Principal Trust Company is the trustee of the Plan, therefore, transactions with this entity qualify as exempt party-in-interest transactions.

#### **Note 9 – Plan Termination**

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
