There was a change in the Target Normal Cost (TNC) reported on the 2023 Schedule SB, line 6c, due to a correction in the final formula for Group One participants. This adjustment slightly increased the TNC, which flowed through the form and ultimately affected the total excess contributions for the current year reported on line 38. The 2023 Schedule SB was not amended since the impact was not material and did not create an unpaid minimum contribution or impact the prefunding balance. The correction is reflected on the 2024 Schedule SB, line 11a.
