INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Triple, Inc. 401(k) Savings Plan
Troy, Michigan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Triple, Inc. 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (an *ERISA Section 103(a)(3)(C) audit*). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Triple, Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from *Fidelity Personal Trust Company, FSB*, a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Triple, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Triple, Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Triple, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Triple, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental *Schedule of Assets Held at End of Year* as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRIPLE, INC. 401(K) SAVINGS PLAN

Notes to Financial Statements December 31, 2024 and 2023

NOTE 1 - Plan Description

The following description of the Triple, Inc. 401(k) Savings Plan (the "Plan"), sponsored by Triple, Inc. (the "Company"), provides only general information. This information is provided for their eligible employees' purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- a) General - The Plan is a defined contribution plan covering substantially all employees of the Company who have completed 30 days of service and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan also contains an "auto-enroll" feature which automatically enrolls employees into the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation, subject to an annual increase of 1 percent up to a contribution rate of 12 percent. The participant may complete a salary deferral agreement to elect an alternative deferral amount or to elect not to defer under the Plan.
- b) Contributions – Participants may contribute up to \$23,000 for 2024 and \$22,500 for 2023 of pretax annual compensation and for those aged 50 or older, catch-up contributions of an additional \$7,500 for 2024 and 2023 may be made. Participants direct the investment of their contribution into various investment options offered by the Plan. The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participant elective deferrals each month. The total matching contribution made will not exceed 6% of compensation each month. In addition, the Company may make a discretionary nonelective contribution to the Plan. Rollover contributions are permitted by the plan. The Plan also allows Roth deferrals.
- c) Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d) Vesting - Participants are immediately vested in their contributions and rollovers, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.
- e) Participant Notes Receivables - Participants may borrow from their fund accounts subject to a minimum amount of \$1,000 as prescribed in the Plan and in the Internal Revenue Code. The maximum amount that can be borrowed is the lesser of:
 - 50% of the vested balance of their account or
 - \$50,000 (reduced by the highest prior 12-month outstanding loan balance)
 - Loans bear interest at the bank prime loan rate of interest provided at www.federalreserve.gov as of the last business day of each quarter or another frequency and does not change during the participant's loan repayment period. Repayment of the loan is normally made through payroll deduction in a level amortized amount within 5 years. The loans are secured by the vested balance of the participant's account.
- f) Payment of Benefits - Distributions and withdrawals are allowed upon retirement, attainment of age 59 ½, disability or death of the employee, as well as termination of service with the Company. A participant or their beneficiary may elect to receive a lump-sum distribution of their total vested account balance, subject to minimum distribution requirements by the IRC. After 60 months of participation in the Plan, participants are eligible for hardship distributions. If a participant is no longer employed by the Company, they may be subject to various force-out provisions depending on the participant's account balance upon the date of valuation after termination.

NOTE 1 - Plan Description (continued)

- g) Forfeited Accounts - Forfeitures of employer-matching contributions are used to reduce administrative expenses or to offset employer contributions. There were no forfeitures used during the year ended December 31, 2024.
- h) Investment Elections - Each participant may direct that their salary reduction contributions be invested in one or more of the investment choices offered by the Plan. A participant may change allocation percentages at any time directly with the Trustee. The Trustee updates allocation percentages weekly. Participants can transfer amounts between investment vehicles, subject to limitations within the Plan agreement.
- i) Termination - The Company has the right to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, partially terminated or if there is a complete discontinuance of contributions under the Plan, all amounts credited to the accounts of participants shall become 100% vested and become non-forfeitable. In the event of termination, the employer shall direct the Trustee to distribute accounts to or for the exclusive benefit of participants or their beneficiaries. The employer has no intention to terminate the plan.

NOTE 2 - Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed by the Plan:

- a) Basis of Accounting - The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.
- b) Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.
- c) Investment Valuation and Income Recognition - The Plan's investments in pooled separate accounts (PSAs) and mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit responsive investment contracts are reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses (realized and unrealized) are included in net appreciation in the statement of changes in net assets available for benefits. See Note 4 for additional information on fair value measurements.
- d) Participant Notes Receivable - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded at December 31, 2024 and 2023. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. There were no deemed distributions for the year ended December 31, 2024.

NOTE 2 - Summary of Significant Accounting Policies (continued)

- e) Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net realized and unrealized appreciation in investments.
- f) Payment of Benefits - Benefits are recorded when paid.

NOTE 3 - Certification of Investment Information

Fidelity Personal Trust Company, FSB (Fidelity), as Trustee and custodian of the Plan, have supplied the Plan administrator with certification as to the completeness and accuracy of all the investments reflected in the accompanying *Statements of Net Assets Available for Benefits* at December 31, 2024 and 2023, the information in the December 31, 2024 *Schedule of Assets (Held at End of Year)*, and the related investment activity and interest income from participant notes receivable reflected in the *Statement of Changes in Net Assets Available for Benefits* for the year ended December 31, 2024.

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Notes to Financial Statements

NOTE 4 - Fair Value Measurements (continued)

Guaranteed Investment Contract:

PSAs: Valued using the unadjusted net asset value (“NAV”) as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by the custodian. While the majority of the underlying assets’ values are based on quoted prices, NAV of the PSAs are not publicly quoted. The NAV is reported by the Custodian on the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. Investments whose fair value is reflected using the NAV practical expedient are not required to be leveled in the fair value hierarchy.

Collective Trusts: Valued at the NAV of units of collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	December 31, 2024				December 31, 2023			
	Total	(LEVEL 1)	(LEVEL 2)	(LEVEL 3)	Total	(LEVEL 1)	(LEVEL 2)	(LEVEL 3)
Mutual Funds at fair value	\$5,721,957	\$ 5,721,957	\$ -	\$ -	\$4,448,278	\$ 4,448,278	\$ -	\$ -
Investments at NAV	<u>3,334,786</u>				<u>2,987,199</u>			
TOTAL	<u><u>\$9,056,743</u></u>				<u><u>\$7,435,477</u></u>			

NOTE 5 - Related Party Transactions and Party-In-Interest

Certain plan investments are managed by Fidelity Personal Trust Company (Fidelity), as Trustee and custodian of the Plan and the Plan pays direct compensation to the third-party administrator, Sentinel Group. Fees out of the Plan to Sentinel Pension Advisors were \$23,920 and \$18,720 to Sentinel Benefits Group, LLC. These transactions qualify as party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Other fees and costs related to the plan are paid directly by the company.

NOTE 6 - Tax Status

The Plan is a prototype plan and relies on an opinion letter issued to the prototype sponsor which has obtained a favorable determination letter from the Internal Revenue Service, dated November 30, 2020, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code.

The Plan administrators believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income tax is included in the accompanying financial statements.

NOTE 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the *Statements of Net Assets Available for Benefits*.

NOTE 8 - Subsequent Events

The financial statements and related disclosures include evaluation of events up through September 4, 2025, which is the date the financial statements were available to be issued.
