Met-Chem, Inc. 401(k) Savings Retirement Plan
Cleveland, Ohio

To the Board of Trustees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Met-Chem, Inc. 401(k) Savings Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at Year End) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2024, are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MET-CHEM, INC. 401(K) SAVINGS RETIREMENT PLAN

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 1 Description of Plan

The following description of the Met-Chem, Inc. 401(k) Savings Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Met-Chem, Inc. and includes the participating employers Northern Filter & Supply Co., dba Lamports Filter Media Inc.; Auto Technology Company; MFI Acquisition Co., Inc., dba Murray Fabrics, Inc.; WFS Industrial Sales; WFS Filter Co., dba Micropure Filtration Inc.; STD Specialty Filters Inc.; Samsco Corp.; Lakeside Water Treatment Inc.; Water & Wastewater Equipment Co., LLC; and AQ Matic Valve and Controls Company, Inc., Digital Analysis Corp., Advanced Chemical Systems, Inc. (collectively referred to as the "Company"). The Plan covers substantially all eligible employees who are age 21 or older. Excluded classes of employees include leased employees and nonresident aliens. The Company serves as the plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Company's employees who have completed one year (1,000 hours) of service and are at least age 21 are eligible to participate.

Contributions

Each year participants may elect to defer a percentage of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company contributes a safe harbor matching contribution that is allocated based on a participant's contributions. The Company may not make a contribution to the Plan for any Plan year to the extent the contribution would exceed the participant's maximum permissible amount. For the Plan year ended December 31, 2024, the Company matched 100% of the first 3% of compensation contributed by a participant and 50% for any contributions in excess of 3% that did not exceed 5%. For the Plan years ended December 31, 2024 and 2023, the Company's safe harbor matching contributions were \$357,811 and \$328,656, respectively. The Employer may also make a discretionary non-elective contribution to the Plan. During the years ended December 31, 2024 and 2023, the Company made no discretionary non-elective contributions. All contributions are subject to certain IRS limitations.

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 1 Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's non-elective contribution and an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

All investments of the Plan are participant-directed. Participants have the option of directing their account balance to one or more different investment options.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at a rate of 3.25%-10.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through biweekly payroll deductions. Notes receivable from participants had a balance of \$98,793 and \$39,747 at December 31, 2024 and 2023, respectively.

Payments of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount or in annual installments if the account balance is greater than \$5,000. If the participant's vested account balance does not exceed \$5,000, it can be distributed only in a single lump sum payment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's contributions. These forfeitures may be reallocated to participants in the same manner as Company contributions may be used to pay administrative expenses in accordance with the Plan document. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$277 and \$266, respectively. There were no forfeitures used during the years ended December 31, 2024 and 2023.

MET-CHEM, INC. 401(K) SAVINGS RETIREMENT PLAN

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 2 Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are measured at fair value using the net asset value per share practical expedient. Fair value is a price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Also, the Plan has an investment contract related to an insurance contract, which are measured at contract value (see Note 4).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from employees are recorded as they are withheld from the participant's wages.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses charged by the Trustee of the Plan and investment advisory fees are paid by the Plan. All other expenses incurred in conjunction with the Plan are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2025, which is the date the financial statements were available to be issued.

MET-CHEM, INC. 401(K) SAVINGS RETIREMENT PLAN

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 3 Fair Value Measurements

The Plan follows ASC 820, Fair Value Measurement, and SOP 94-4-1, which require investments to be reported at fair value, except for fully benefit-responsive investment contracts (FBRICs), which are reported at contract value. Contract value represents contributions made, plus earnings, less participant withdrawals and administrative expenses, and is the amount participants would receive if they withdrew funds under the terms of the plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value hierarchy prioritizes inputs into three levels:

- Level 1 – Quoted prices in active markets for identical assets.
- Level 2 – Observable inputs other than quoted prices in Level 1.
- Level 3 – Unobservable inputs that are significant to the valuation.

Certain investments, including collective investment trusts (CITs) and pooled separate accounts (PSAs), are measured at fair value using the net asset value (NAV) practical expedient. In accordance with ASU 2015-07, investments valued using NAV are not categorized in the fair value hierarchy but are presented separately to reconcile to total plan assets.

Valuation Methodologies

- Mutual Funds – Valued at quoted market prices (Level 1).
- Pooled Separate Accounts – Valued at NAV as reported by the trustee. These are measured at NAV practical expedient and not classified in the hierarchy.
- Insurance Contract – The Nationwide Fixed Select Option is a general account contract valued at contract value, which approximates fair value (Level 2).
- Self-Directed Brokerage Accounts – Valued at quoted market prices of underlying investments (Level 1).

Investments at Fair Value

Investment	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,303,911	\$ -	\$ -	\$ 6,303,911

Total investments	\$ -	\$ 310,704	\$ -	\$ 7,460,485

(a) - In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy table to the fair value of investments presented in the statements of net assets available for benefits.

Note 3 Fair Value Measurements (Continued)

Investments Measured Using the Net Asset Value (NAV) Practical Expedient

The Plan invests in pooled separate accounts and certain collective funds that are valued at NAV. These investments are not categorized in the fair value hierarchy.

Investment	2024 Fair Value	2023 Fair Value	Redemption Frequency	Notice Period
Pooled separate accounts	\$ -	\$ 7,149,781	Daily	None

Stable Value and Fixed Contract Disclosures

2023 – Nationwide Fixed Select Contract:

- Contract (book) value at 12/31/23: \$310,703
- Fair value at 12/31/23: \$266,739
- Market-to-book adjustment: 85.85%
- Crediting rates during 2023: ranged from 2.22% to 2.32%.
- Fully benefit-responsive; reported at contract value in the financial statements.

Note 4 Information Prepared and Certified by Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Fidelity Management Trust Company, the current Custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the period from December 1, 2024 through December 31, 2024. Nationwide Life Insurance Company, the previous Custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2023, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2024 through November 30, 2024.

Note 5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

MET-CHEM, INC. 401(K) SAVINGS RETIREMENT PLAN

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 6 Tax Status

The Company adopted a nonstandard prototype document with an IRS opinion letter dated June 30, 2020, which states the prototype Plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 7 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 Party-in-Interest Transactions

Certain Plan investments are managed by the Custodians, and therefore, these transactions qualify as party in interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Net assets available for benefits per the Form 5500	\$ 8,189,887	\$ 7,500,275

The following is a reconciliation of the change in net assets available for benefits per the financial statements and the Form 5500 for the year ended December 31, 2024:

	2024
Change in net assets available for benefits per the accompanying financial statements	\$ 787,662
Current year participant receivable	(68,852)
Current year employer receivable	(29,155)
Other receivables	(43)
Change in net assets available for benefits per the Form 5500	\$ 689,612

Note 10 Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the plan sponsor is required to segregate employee contributions to the plan from its general assets as soon as practicable but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. For the year ended December 31, 2024, there were \$2,438 of participant contributions and loan payments related to the 2024 year end that do not include lost earnings that were not remitted to the plan until 2025 and \$6,695 of participant contributions and loan payments related to the 2024 year end that were remitted during the year that include lost earnings. These amounts have been reported on the Supplemental Schedule of Delinquent Participant Contributions accordingly.

Met-Chem, Inc. 401(k) Savings Retirement Plan
Cleveland, Ohio

To the Board of Trustees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Met-Chem, Inc. 401(k) Savings Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at Year End) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2024, are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 1 Description of Plan

The following description of the Met-Chem, Inc. 401(k) Savings Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Met-Chem, Inc. and includes the participating employers Northern Filter & Supply Co., dba Lamports Filter Media Inc.; Auto Technology Company; MFI Acquisition Co., Inc., dba Murray Fabrics, Inc.; WFS Industrial Sales; WFS Filter Co., dba Micropure Filtration Inc.; STD Specialty Filters Inc.; Samsco Corp.; Lakeside Water Treatment Inc.; Water & Wastewater Equipment Co., LLC; and AQ Matic Valve and Controls Company, Inc., Digital Analysis Corp., Advanced Chemical Systems, Inc. (collectively referred to as the "Company"). The Plan covers substantially all eligible employees who are age 21 or older. Excluded classes of employees include leased employees and nonresident aliens. The Company serves as the plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Company's employees who have completed one year (1,000 hours) of service and are at least age 21 are eligible to participate.

Contributions

Each year participants may elect to defer a percentage of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company contributes a safe harbor matching contribution that is allocated based on a participant's contributions. The Company may not make a contribution to the Plan for any Plan year to the extent the contribution would exceed the participant's maximum permissible amount. For the Plan year ended December 31, 2024, the Company matched 100% of the first 3% of compensation contributed by a participant and 50% for any contributions in excess of 3% that did not exceed 5%. For the Plan years ended December 31, 2024 and 2023, the Company's safe harbor matching contributions were \$357,811 and \$328,656, respectively. The Employer may also make a discretionary non-elective contribution to the Plan. During the years ended December 31, 2024 and 2023, the Company made no discretionary non-elective contributions. All contributions are subject to certain IRS limitations.

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 1 Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's non-elective contribution and an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

All investments of the Plan are participant-directed. Participants have the option of directing their account balance to one or more different investment options.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at a rate of 3.25%-10.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through biweekly payroll deductions. Notes receivable from participants had a balance of \$98,793 and \$39,747 at December 31, 2024 and 2023, respectively.

Payments of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount or in annual installments if the account balance is greater than \$5,000. If the participant's vested account balance does not exceed \$5,000, it can be distributed only in a single lump sum payment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's contributions. These forfeitures may be reallocated to participants in the same manner as Company contributions may be used to pay administrative expenses in accordance with the Plan document. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$277 and \$266, respectively. There were no forfeitures used during the years ended December 31, 2024 and 2023.

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 2 Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are measured at fair value using the net asset value per share practical expedient. Fair value is a price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Also, the Plan has an investment contract related to an insurance contract, which are measured at contract value (see Note 4).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from employees are recorded as they are withheld from the participant's wages.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses charged by the Trustee of the Plan and investment advisory fees are paid by the Plan. All other expenses incurred in conjunction with the Plan are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2025, which is the date the financial statements were available to be issued.

MET-CHEM, INC. 401(K) SAVINGS RETIREMENT PLAN

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 3 Fair Value Measurements

The Plan follows ASC 820, Fair Value Measurement, and SOP 94-4-1, which require investments to be reported at fair value, except for fully benefit-responsive investment contracts (FBRICs), which are reported at contract value. Contract value represents contributions made, plus earnings, less participant withdrawals and administrative expenses, and is the amount participants would receive if they withdrew funds under the terms of the plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value hierarchy prioritizes inputs into three levels:

- Level 1 – Quoted prices in active markets for identical assets.
- Level 2 – Observable inputs other than quoted prices in Level 1.
- Level 3 – Unobservable inputs that are significant to the valuation.

Certain investments, including collective investment trusts (CITs) and pooled separate accounts (PSAs), are measured at fair value using the net asset value (NAV) practical expedient. In accordance with ASU 2015-07, investments valued using NAV are not categorized in the fair value hierarchy but are presented separately to reconcile to total plan assets.

Valuation Methodologies

- Mutual Funds – Valued at quoted market prices (Level 1).
- Pooled Separate Accounts – Valued at NAV as reported by the trustee. These are measured at NAV practical expedient and not classified in the hierarchy.
- Insurance Contract – The Nationwide Fixed Select Option is a general account contract valued at contract value, which approximates fair value (Level 2).
- Self-Directed Brokerage Accounts – Valued at quoted market prices of underlying investments (Level 1).

(a) - In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy table to the fair value of investments presented in the statements of net assets available for benefits.

Note 3 Fair Value Measurements (Continued)

Investments Measured Using the Net Asset Value (NAV) Practical Expedient

The Plan invests in pooled separate accounts and certain collective funds that are valued at NAV. These investments are not categorized in the fair value hierarchy.

Investment	2024 Fair Value	2023 Fair Value	Redemption Frequency	Notice Period
Pooled separate accounts	\$ -	\$ 7,149,781	Daily	None

Stable Value and Fixed Contract Disclosures

2023 – Nationwide Fixed Select Contract:

- Contract (book) value at 12/31/23: \$310,703
- Fair value at 12/31/23: \$266,739
- Market-to-book adjustment: 85.85%
- Crediting rates during 2023: ranged from 2.22% to 2.32%.
- Fully benefit-responsive; reported at contract value in the financial statements.

Note 4 Information Prepared and Certified by Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Fidelity Management Trust Company, the current Custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the period from December 1, 2024 through December 31, 2024. Nationwide Life Insurance Company, the previous Custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2023, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2024 through November 30, 2024.

Note 5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

MET-CHEM, INC. 401(K) SAVINGS RETIREMENT PLAN

Notes to Financial Statements

Years ended December 31, 2024 and 2023

Note 6 Tax Status

The Company adopted a nonstandard prototype document with an IRS opinion letter dated June 30, 2020, which states the prototype Plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 7 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 Party-in-Interest Transactions

Certain Plan investments are managed by the Custodians, and therefore, these transactions qualify as party in interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Current year other receivables	-	43
Net assets available for benefits per the Form 5500	\$ 8,189,887	\$ 7,500,275

The following is a reconciliation of the change in net assets available for benefits per the financial statements and the Form 5500 for the year ended December 31, 2024:

	2024
Change in net assets available for benefits per the accompanying financial statements	\$ 787,662
Current year participant receivable	(68,852)
Current year employer receivable	(29,155)
Other receivables	(43)
Change in net assets available for benefits per the Form 5500	\$ 689,612

Note 10 Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the plan sponsor is required to segregate employee contributions to the plan from its general assets as soon as practicable but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. For the year ended December 31, 2024, there were \$2,438 of participant contributions and loan payments related to the 2024 year end that do not include lost earnings that were not remitted to the plan until 2025 and \$6,695 of participant contributions and loan payments related to the 2024 year end that were remitted during the year that include lost earnings. These amounts have been reported on the Supplemental Schedule of Delinquent Participant Contributions accordingly.
