INDEPENDENT AUDITOR'S REPORT

The Employee Welfare Trust Committee of the United Home Services
United Home Services Short Term Disability Plan for Field Employees
St. Louis, Missouri

Opinion

We have audited the financial statements of the United Home Services Short Term Disability Plan for Field Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions,

including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Part IV, Line 4j– Schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates

directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

UNITED HOME SERVICES
SHORT TERM DISABILITY PLAN FOR FIELD EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

NOTE 1 - PLAN DESCRIPTION

The following description of the United Home Service Short Term Disability Plan for Field Employees (“the Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan was established to provide for short-term disability benefits for full-time field employees of the United Insurance Company of America and its subsidiaries (collectively, the “Company”). Full-time employees automatically become participants of the Plan in the month after they complete six months of service, unless they elect to decline participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions and Funding: Contributions to the Plan are funded by plan participants and are based on participant compensation, as defined. Except for participants covered by a state mandated disability plan, participants are required to contribute 1% of weekly compensation, as defined. For participants covered by a state mandated plan, the required contribution is equal to the difference between 1% of weekly compensation, as defined, and the state mandated tax imposed on the Company. If plan assets accumulated from participant contributions are not sufficient to cover plan benefits, the Company is responsible for funding the benefits in excess of plan assets.

Benefits Under the Plan: Plan participants are entitled to benefits after five consecutive business days of absence for illness, accidental injury, or other disability. Eligibility to receive benefits is determined by the Company’s plan administrator after review of documentation provided by the participant’s physician, as required by the terms of the Plan.

The Plan provides up to 26 weeks of weekly disability benefits equal to 66-2/3 percent of an eligible participant’s weekly compensation, as defined. Benefits will be paid only during periods when a participant is considered disabled, as defined by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Benefit Obligations: The benefit obligations are calculated based on actual payments subsequent to the end of the year for claims incurred prior to the end of the year.

Payment of Benefits: Benefits are recorded when paid. The Company pays all benefits and is reimbursed by the Plan.

Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures and actual results could differ from those estimates.

Risks and Uncertainties: Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Due to uncertainties inherent in the estimations and assumptions process in measuring the Plan’s benefit obligations, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition: Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis.

The Plan uses a hierarchical framework which prioritizes and ranks the market price observability used in fair value measurements. Market price observability is affected by a number of factors, including the type of asset or liability and the characteristics specific to the asset or liability being measured. Assets and liabilities with readily available, active, quoted market prices or for which fair value can be measured from actively quoted prices generally are deemed to have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value. The inputs used to measure fair value are classified into one of three levels as follows:

Level 1: Quoted prices in an active market for identical assets or liabilities;

Level 2: Observable inputs other than Level 1, quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, and model-derived prices whose inputs are observable or whose significant value drivers are observable; and

Level 3: Significant unobservable inputs for the asset or liability being measured.

Observable inputs are based on market data obtained from independent sources, while unobservable inputs are based on the Plan's market assumptions. Unobservable inputs require significant management judgment or estimation. In some cases, the inputs used to measure an asset or liability may fall into different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level of input that is significant to the entire measurement. Such determination requires significant management judgment.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Money market mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs). The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The valuation of assets measured at fair value at December 31, 2024 is summarized below.

	Level 1	Level 2	Level 3	Total Fair Value
Investments at Fair Value:				
Money Market Mutual Funds	\$ 5,599,953	\$ —	\$ —	\$ 5,599,953
Total Investments at Fair Value	\$ 5,599,953	\$ —	\$ —	\$ 5,599,953

The valuation of assets measured at fair value at December 31, 2023 is summarized below.

	Level 1	Level 2	Level 3	Total Fair Value
Investments at Fair Value:				
Money Market Mutual Funds	\$ 4,986,161	\$ —	\$ —	\$ 4,986,161
Total Investments at Fair Value	\$ 4,986,161	\$ —	\$ —	\$ 4,986,161

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

There were no transfers between Levels in either 2024 or 2023. The Plan did not have Level 3 investments at either December 31, 2024 or December 31, 2023 nor at any time during 2024.

NOTE 3 - PLAN AMENDMENT OR TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA. In the event of termination of the Plan, all funds remaining in the trust are to be used for payment of benefits and plan expenses in accordance with the Plan.

NOTE 4 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Benefit payments and certain Plan expenses are paid by the Company and Kemper Corporate Services ("KCS") on behalf of the Plan. These transactions are considered party-in-interest transactions. During 2024, it was determined that the Company and KCS will not seek reimbursement for certain Plan expenses previously paid on behalf of the Plan. These amounts are recorded as Company Contributions on the Statement of Changes in Net Assets Available for Benefits.

Additionally, employees of Kemper Corporation's subsidiaries, including the Company, provide various services to the Plan. The Plan does not compensate these employees for services provided.

NOTE 5 - INCOME TAX STATUS

The trust established under the Plan (the "Trust") to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code ("IRC"), and accordingly, the Trust's net investment income is exempt from income taxes. The Trust has obtained a favorable tax determination letter from the Internal Revenue Service dated February 25, 2003, and the plan sponsor believes that the Trust, as amended, continues to qualify and to operate in accordance with applicable provisions of the IRC. No provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 6 - PLAN BENEFIT OBLIGATIONS

The Plan provides for participants to receive benefits when a participant is considered disabled, as defined by the Plan. The Plan's obligation to provide benefits to participants as of December 31, 2024 and 2023 and the related changes in the benefit obligations are as follows:

	2024	2023
Total benefit obligations - claims payable	\$ 184,495	\$ 196,094
