## **INDEPENDENT AUDITORS' REPORT**

To the Plan Administrator of  
Premier Automation Holdings, Inc. 401(k) Profit Sharing Plan and Trust

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Premier Automation Holdings, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, internal omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets held for investment purposes at December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# PREMIER AUTOMATION HOLDINGS, INC. 401(K) PROFIT SHARING PLAN AND TRUST

## NOTES TO FINANCIAL STATEMENTS

---

### 1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of Premier Automation Holdings, Inc. 401(k) Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General* - The Plan, established effective January 1, 1986 and restated on January 1, 2022, is a defined contribution plan established to provide supplemental retirement benefits for employees of Premier Automation Holdings, Inc.; Premier Automation, LLC; Solcon Solutions, LLC; and PanelShop.com LLC (collectively referred to as the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

*Eligibility* - Employees become eligible to participate in the Plan for the purpose of salary deferrals and employer match after attaining the age of 18. An eligible employee becomes a participant of the Plan on the first day of the month following the date the eligibility requirements were met. Employees who are nonresident aliens and/or represented by a collective bargaining agreement are not eligible to participate in the Plan.

*Use of Estimates* - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of changes in assets available for benefits during the reporting periods. Actual results could differ from those estimates.

*Contributions* - Participants may contribute up to 92% of pretax or after tax annual compensation, as defined in the Plan. Contributions for any calendar year are subject to Internal Revenue Code ("Code") limitations.

The Company makes certain safe harbor matching contributions based on deferral contributions equal to 100% of the first 3% of the participants' deferrals and 50% of the next 2% of the participants' deferrals to the Plan. The Company may also opt to make a qualified nonelective employer contribution during each contribution period. At year end, the Company may make an additional matching employer contribution on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each participant. This additional discretionary match is an amount determined from year to year. For the years ended December 31, 2024 and 2023, Company contributions in the

statement of changes in assets available for benefits consist only of safe harbor matching contributions.

Participant contributions are recorded in the month withheld from the participant's compensation. Employer match contributions are recorded at that same time. Additional employer contributions are recorded as approved.

*Participant Rollovers* - Participant rollovers represent nonforfeitable contributions from other plans.

*Participant Accounts* - Each participant's account is increased for participant deferred contributions and Company contributions, reduced for withdrawals, and increased or decreased for an allocation of Plan earnings (losses) based on the investment options elected by the participant, net of allocated administrative expenses.

Contributions for which no effective investment directive is given by the participant are invested in the appropriate age-based targeted retirement fund.

*Vesting* - Participants are immediately 100% vested in both their voluntary contributions and Company contributions, as well as any income or loss thereon.

*Notes Receivable from Participants* - Participants may borrow from their accounts up to the lesser of 50% of their account balance or \$50,000. Loans are repaid by regular payroll deductions over a maximum of five years. Delinquent participant loans are reclassified as benefits paid to participants. As of December 31, 2024 and 2023, interest rates on outstanding participant loans ranged from 5.25% to 10.5%.

*Investment Valuation and Income Recognition* - Investments are carried at fair value. The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation (depreciation) of these investments, in the statements of changes in assets available for benefits. Gains and losses on securities sold or redeemed are determined on the basis of specific identification. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

*Risks and Uncertainties* - The Plan provides for investment options that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of assets available for benefits.

*Distribution of Benefits* - Upon termination of employment, after the age of 59 1/2, or due to death, disability, or retirement, a participant or their beneficiaries may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or equal installments over a period not more than his or her assumed life expectancy. A participant may also, in the event of hardship, be permitted to withdraw all or a portion of the participant's vested interest in his or her account in accordance with Plan provisions.

*Fair Value* - U.S. GAAP establishes a framework for measuring fair value of financial assets. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- Level 1 Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs are not quoted prices in active markets but they are observable either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds and money market accounts are valued using a quoted price in active markets (Level 1 measurement). There have been no changes to the methodology used at December 31, 2024 and 2023.

This method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

*Administrative Expenses* - The Plan's provisions provide that administrative costs be paid by the Plan, except to the extent that the Company has elected to pay part or all of such costs.

*Subsequent Events* - The Plan administrator has analyzed subsequent events for recognition and disclosure purposes through July 31, 2025, the date the financial statements were available to be issued.

## **2. PLAN TERMINATION**

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time. In the event of termination, the interest of participants affected by the termination and their beneficiaries under the Plan shall be nonforfeitable.

## **3. INCOME TAX STATUS**

The Plan is operating under an adoption agreement in connection with a non-standardized, pre-approved profit sharing plan. The Internal Revenue Service stated in a letter dated June 30, 2020 that the Plan is acceptable for use by employers under Section 401 of the Code. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement dates.

Management believes there is no liability related to uncertain tax positions at December 31, 2024 or 2023. The Plan is no longer subject to U.S. federal or state income tax examinations by tax authorities for tax years before 2021.

## **4. CERTIFIED FINANCIAL INFORMATION**

Charles Schwab Trust Bank, the custodian, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of assets available for benefits as of December 31, 2024 and 2023.
- Net investment income, as shown in the statements of changes in assets available for benefits for the years ended December 31, 2024 and 2023.
- The schedule of assets held for investment purposes as of December 31, 2024, as shown on the accompanying schedule.

## **5. PARTY-IN-INTEREST TRANSACTIONS AND RELATED PARTIES**

Charles Schwab Trust Bank serves as the custodian of the Plan and provides access to investment options and, accordingly, is considered a party-in-interest.

Certain administrative functions of the Plan are performed by employees of the Sponsor. Neither the Sponsor nor its employees receive compensation from the Plan.
