## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustee  
Rate Holdings Corp. Multiple Employer 401(k) Plan  
Chicago, Illinois

### Report on Financial Statements

#### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the accompanying financial statements of Rate Holdings Corp. Multiple Employer 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

#### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplementary Information Required by ERISA***

The supplementary information, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 1 - DESCRIPTION OF PLAN**

The following description of the Rate Holdings Corp. Multiple Employer 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

**1. General**

The Plan is a multiple employer defined contribution plan covering substantially all employees Rate Holdings Corp. and other participating employers (collectively, the Company) who have completed three months of service and attained the age of 21. As of December 31, 2024, the Plan had 13 participating employers.

Effective January 1, 2023, the Company established the Plan for the benefit of its employees and the employees of any participating employer to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Company management is responsible for oversight of the Plan. The Plan utilizes a third party investment advisor to determine the appropriateness of the Plan's investment offerings and to monitor investment performance. The third party investment advisor reports to the Company's management.

**2. Contributions**

Each year, participants may contribute pre-tax and qualified Roth deferrals to the Plan up to 100% of annual eligible compensation, as defined in the Plan documents. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at varying percentages dependent upon the participating employer, ranging from 3% to 5% of eligible compensation, and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate will increase annually by 1% of compensation, up to a maximum of 6%.

Each participating employer, at its discretion and according to the participating employer's plan documents, may elect to make a discretionary profit-sharing contribution based on a uniform percentage of participant compensation. Certain participating employers, at their discretion and according to the participating employer's plan documents, may elect to make a discretionary matching contribution based on a specific matching formula. The discretionary match contributions from participating employers ranged from 0% to 5%. Certain participating employers, according to the participating employer's plan documents, make safe harbor matching contributions of 100% of the participant's deferred compensation that is not in excess of 4% of the participant's compensation. Contributions are subject to certain Internal Revenue Service (IRS) and Plan limitations.

**NOTE 1 - DESCRIPTION OF PLAN (Continued)**

**3. Participant Accounts**

Each participant's account is credited with the participant's contribution, the participating employer's safe harbor matching contributions, discretionary matching contributions, and discretionary profit-sharing contributions, as well as allocations of the Plan's earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**4. Vesting**

Participants are vested immediately in their contributions and the participating employer's safe harbor contributions plus actual earnings thereon. Vesting in the participating employer's discretionary matching contributions and discretionary profit-sharing contributions is based on years of continuous service, as defined in the participating employer's plan documents, as applicable.

**5. Notes Receivable from Participants**

Participants may borrow from their pre-tax fund accounts at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's accounts. The loan interest rate will be based on the Prime rate plus 1.00%. Principal and interest is paid ratably through monthly payroll deductions.

**6. Payment of Benefits**

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a specified period of time (annually, quarterly or monthly), not exceeding the participant's life expectancy or joint life expectancy with their designated beneficiary, or as part lump sum and installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

**7. Forfeited Accounts**

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$1,297,157 and \$2,070,566, respectively. These accounts are to be used to pay future Plan expenses or meet future employer contribution obligations. During 2024, employer contributions were reduced by \$2,053,854 from forfeited non-vested accounts and forfeitures totaling \$2,453,676 were reinstated to the participants affected by the prior year partial plan termination.

**RATE HOLDINGS CORP. MULTIPLE EMPLOYER 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 2 - SUMMARY OF ACCOUNTING POLICIES**

**1. Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as codified in the Financial Accounting Standards Board's (FASB) *Accounting Standards Codification* (ASC).

**2. Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying the notes. Actual results could materially differ from those estimates.

**3. Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**4. Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses on the statement of changes in net assets available for benefits and are expensed when incurred.

**5. Payment of Benefits**

Benefits are recorded when paid.

**6. Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses on the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

**RATE HOLDINGS CORP. MULTIPLE EMPLOYER 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 3 - CERTIFIED INVESTMENT INFORMATION**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplementary information, including investments and notes receivable from participants held at December 31, 2024, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company (the Trustee).

**NOTE 4 - FAIR VALUE MEASUREMENTS**

FASB ASC 820, *Fair Value Measurement* (ASC 820), defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not assumptions specific to the entity.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)**

The following is a description of the valuation methodologies used in 2024 and 2023 for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Registered Investment Companies (Mutual Funds):* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Net Asset Value (NAV) is the value of a fund's assets minus its liabilities, typically expressed on a per-share basis. The mutual funds held by the Plan are deemed to be actively traded.

The following is a description of the valuation methodology used for assets measured at NAV as the practical expedient to estimate fair value.

*Common/Collective Trusts (Collective Funds):* Valued at the NAV of units held. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 169,781,631	\$ -	\$ -	\$ 169,781,631
Total assets in the fair value hierarchy	169,781,631	-	-	169,781,631
Investments measured at NAV as a practical expedient <sup>(1)</sup>	-	-	-	335,252,479
Total investments, at fair value	\$ 169,781,631	\$ -	\$ -	\$ 505,034,110

**NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 158,857,120	\$ -	\$ -	\$ 158,857,120
Total assets in the fair value hierarchy	158,857,120	-	-	158,857,120
Investments measured at NAV as a practical expedient <sup>(1)</sup>	-	-	-	313,539,537
Total investments, at fair value	\$ 158,857,120	\$ -	\$ -	\$ 472,396,657

<sup>(1)</sup> In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or as equivalent) have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Investments Measured Using the NAV per Share Practical Expedient**

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31:

2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective funds	\$ 335,252,479	n/a	Daily	12-30 months
2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective funds	\$ 313,539,537	n/a	Daily	12-30 months

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

**Fair Value of Other Financial Instruments**

Due to their short-term nature, the carrying value of cash and cash equivalents and short-term receivables approximate their fair value as of December 31, 2024 and 2023.

**NOTE 5 - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as risk of foreign currency fluctuations relative to the U.S. Dollar, interest rate risk, credit risk, issuer going concern risk, and overall market volatility. During the year ended December 31, 2024, the net appreciation in fair values of investments totaled approximately \$61 million. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE 6 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

**NOTE 7 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Additionally, notes receivable from participants are considered party-in-interest transactions and are secured by the vested balances in the participants' accounts.

Effective January 1, 2024, the Trustee provides certain administrative services to the Plan pursuant to a Master Services Agreement (MSA) between the Company and the Trustee. The Trustee receives revenue from mutual fund service providers for services the Trustee provides to the funds. This revenue is used to offset certain amounts owed to the Trustee for its administrative services to the Plan.

If the revenue received by the Trustee from such mutual fund service providers exceeds the amount owed under the MSA, the Trustee remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024 there were no excess amounts. The Plan or the Company may make a payment to the Trustee for administrative expenses not covered by revenue sharing.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits, as they are paid through revenue sharing, rather than direct payment. The Company pays directly any other fees related to the Plan's operations. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

The Company pays certain Plan accounting and administrative fees. The Company incurred \$270,256 for accounting and administrative fees during the year ended December 31, 2024. These fees are not reflected in the accompanying financial statements.

**NOTE 8 - TAX STATUS**

The Plan adopted a prototype plan document sponsored by T. Rowe Price Retirement Plan Services Inc. (T. Rowe). T. Rowe received an opinion letter from the IRS, dated August 19, 2020, which states the prototype document satisfies the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the prototype plan received a determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 9 - SUBSEQUENT EVENTS**

The Plan's management has evaluated subsequent events through September 29, 2025, the date on which the financial statements were available to be issued.

Effective January 1, 2025, all assets of the Plan were transferred to a new third-party administrator, Fidelity, engaged by the Plan sponsor to provide administrative and recordkeeping services for the Plan.
