Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about Tx: Team Rehab, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining the Plan's transactions are presented and disclosed in the financial statements in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report including our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tx: Team Rehab, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about Tx: Team Rehab, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule agreed to or derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and;
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Notes to the Financial Statements**  
**For the Year Ended December 31, 2024**

**Note 1 – Description of the Plan**

The following brief description of Tx: Team Rehab, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan instrument for complete information.

General

The Plan is a defined contribution plan covering substantially all eligible employees of Tx: Team Rehab, Inc. (the Company) who are at least 18 years old, have completed six months of service with at least 500 hours of service from date of hire. Employees become eligible to participate on either January 1st or July 31st following the date on which eligibility requirements have been met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Part-time employees are eligible to enroll in the Plan once they reach three consecutive years of service with at least 500 hours in each year. The Plan was restated effective November 18, 2024.

Contributions

Each year, participants may contribute up to a maximum amount of their pretax or after-tax annual compensation, as defined by the Internal Revenue Service and recorded in the plan document. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans.

Under the Plan, the Company may make a discretionary matching contribution to each eligible participant who elects to contribute to the Plan through a salary deferral election. For the years ended December 31, 2024 and 2023, the discretionary match formula was 50% of deferrals up to 3% of compensation. The Company may also make a discretionary non-elective contribution on behalf of all eligible participants based upon each participant's compensation. Any non-elective contribution allocation is at the discretion of the Company's Board of Directors. There were no non-elective contributions made in 2024 or 2023. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, if any, allocations of plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant account balances or earnings, as defined. The benefit to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral contributions and rollover contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus actual earnings (losses) thereon is based on years of continuous service in a six year graded schedule. A participant is 100% vested after 6 years of service. Participants also become fully vested in the event of death, disability, retirement, or Plan termination.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts may be used to reduce future Company matching and non-elective contributions. As of December 31, 2024 and 2023, the Plan had no forfeited non-vested accounts. During the year ended December 31, 2024, the Plan utilized \$12,463 of forfeitures to reduce Company matching contributions.

**Note 1 – Description of the Plan (Continued)**

Investment Options

Upon enrollment in the Plan, participants are able to invest in a variety of investment choices as more fully described in the plan document. Participants may change their investment options at any time during the year.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the vested balance or \$50,000. Participants may not borrow from Roth contributions, and no loan consolidation or refinancing is allowed. Participants may only have one loan outstanding at a time. Loans are secured by the participant's account balance and must be repaid over a period not to exceed 5 years. Interest is charged on these loans at a rate equal to the current prime rate plus 1%. The interest rates on all current outstanding loans are between 4.25% and 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, retirement, death or disability, a participant (or beneficiary) may receive benefits based on the participant's vested account balance. Benefits may only be paid in a lump sum or installment payments, and hardship distributions of pretax elective deferrals and vested Company contributions are permitted. The Plan also has a mandatory distribution provision for terminated or retired participants with a vested account balance under \$5,000.

**Note 2 – Summary of Significant Accounting Policies**

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), which requires management to make estimates and assumptions affecting certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances. Delinquent notes receivable are reclassified to deemed distributions based on the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated by management through August 25, 2025, which is the date the financial statements were available to be issued.

**Note 3 – Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability;
- Inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded (Level 1 inputs).

**Note 3 – Fair Value Measurements (Continued)**

The following tables set forth the Plan's investments by level within the fair value hierarchy as of December 31:

<b>2024</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 9,255,823	\$ -	\$ -	\$ 9,255,823
<b>2023</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 2,386,412	\$ -	\$ -	\$ 2,386,412
Investments measured at net asset value *	-	-	-	5,736,957
Investments at fair value	\$ 2,386,412	\$ -	\$ -	\$ 8,123,369

\* In accordance with FASB ASC 820-10, certain investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Note 4 – Tax Status**

The Internal Revenue Service determined the prototype plan used by the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code, as indicated in a letter dated March 31, 2014.

The Plan was most recently restated on January 1, 2022. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position which more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 5 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

**Note 6 – Certified Information**

At December 31, 2023 and through October 2024, the Plan's investments were maintained by American Trust Company. In November 2024, the Plan's investments were transferred from American Trust Company to Transamerica Life Insurance Company Inc. Both of these companies functioned as custodians of the Plan. The custodians supplied the plan administrator with certifications as to the completeness and accuracy of all information relating to investments as of December 31, 2024 and 2023, and income and expenses on such investments for the year ended December 31, 2024. The certified information includes total assets of \$9,275,917 and \$8,158,300 at December 31, 2024 and 2023, respectively, and the activity reported on the statement of changes in net assets available for benefits for the year ended December 31, 2024, exclusive of the receivable adjustments presented in Note 9.

**Note 7 – Party-In-Interest Transactions**

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds certain investment funds managed by the plan trustee. Such investments and the Plan's payment of fees qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some professional fees for the administration and audit of the Plan are paid directly by the Company.

**Note 8 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to numerous risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
