Report of Independent Auditors

To the Administrator of BAYADA Home Health Care 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of BAYADA Home Health Care 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Form 5500 - Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BAYADA Home Health Care 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the BAYADA Home Health Care 401(k) Plan (the “Plan”) sponsored by BAYADA Home Health Care, Inc. (the “Company” or the “Plan Administrator”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company and other adopting employers of the Plan. As of December 31, 2024, participating employers in the Plan include BAYADA Home Health Care, Inc. (Plan Sponsor), B.C.P., Inc., BAYADA Home Care (“BHC”), Tri-County Home & Hospice Care, LLC, BPS Philadelphia, BBKSHH, LLC, SCHHA, LLC, UB of West FL, LLC, BayBap, LLC, Health at Home Central, LLC, Oasis Home Health, LLC, JeffHome PA, LLC, JeffHome, NJ, LLC, Integrity Home Care, LLC, Integrity Home Care of Kansas City, LLC, and Hearts for Home Care, Inc. The Plan excludes the participant contributions of Highly Compensated Employees (“HCE”) of BAYADA Home Health Care, Inc., BHC, JeffHome PA, LLC, and JeffHome NJ, LLC, and former HCEs, who are eligible to contribute their participant contributions to the BAYADA Home Health Care 403(b) Plan (“403(b) Plan”). HCE determination is completed by the Plan Sponsor at the end of the preceding Plan year. Employees are notified by no later than the first week of January of the Plan year as to their HCE status.

Covered employees (as defined in the Plan Document) of participating employers are immediately eligible to participate in the Plan upon hire.

The Company’s Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and is involved with other administrative matters and determining the Plan’s valuation policies utilizing information provided by the investment consultant, trustee, and insurance companies.

Participant Contributions

The Plan allows participants to make tax deferred or Roth after-tax contributions of up to 80% of eligible compensation, as defined in the Plan Document. Employee contributions are limited to the maximum amount allowable under the Internal Revenue Code (IRC) (\$23,000 in 2024, plus a \$7,500 catch-up if age 50 or over). Highly Compensated Employees are limited to a maximum deferral of 4% of plan-eligible compensation (plus a \$7,500 catch-up if age 50 or over). Participants may modify their deferral elections at any time. Qualified distributions from other qualified retirement plans or IRAs can also be contributed to the Plan by employees and retained as a rollover contribution.

Employer Contributions

The Company may make discretionary matching contributions equal to a percentage of the salary an employee elected to defer; the percentage will be determined each year by the Company. During 2024, the Company matched 35% of the first 4% of participant contributions. The Company does not match catch-up 401(k) contributions to the Plan. During 2024, the Plan participants were eligible for discretionary matching contributions upon attaining age 21 and completing 1 year and 1,000 hours of service. For an eligible terminated participant to receive a discretionary matching contribution for the year ended December 31, 2024, the participant must have completed over 501 hours of service during the Plan year or have been actively employed on the last day of the Plan year, unless termination was due to death, disability, or attainment of normal retirement age. For the year ended December 31, 2024, the discretionary matching contribution, net of forfeiture was \$5,467,840 which the Company paid on March 6, 2025.

BAYADA Home Health Care 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Vesting

Participants are immediately vested in their voluntary contributions and the earnings thereon. Participants are vested in discretionary matching contributions and earnings based on years of service. To earn a year of vesting service, employees must work over 1,000 hours in a calendar year. The following table is the vesting schedule by years of service:

Years of Service	Vested Percentage
Less than 2	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Participant Accounts

Each participant's account is credited with the participant's contribution and the appropriate employer discretionary matching contribution, Plan earnings, and realized and unrealized gains and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Terminated participants forfeit nonvested Company contributions at the earlier of account distribution or completion of a consecutive 5-year break in service. Upon subsequent reemployment if before a 5-year break in service, these may be reinstated to the participants' accounts in accordance with conditions included in the Plan Document. Participants are not allowed to take loans from the Plan.

Forfeited Accounts

Forfeitures of terminated participants' nonvested amounts together with related Plan earnings may be used to pay any administrative expenses of the Plan, to reduce the employer discretionary matching contributions, to be reallocated to participants and to be reinstated to the participants upon subsequent reemployment in accordance with conditions in the Plan Document. During 2024, the forfeited vested accounts were used to reduce employer discretionary matching contributions in the amount of \$431,984. At December 31, 2024 and 2023 forfeited nonvested accounts totaled \$395,918 and \$563,242, respectively.

Payment of Benefits

On termination of service a participant may elect to receive either a single lump sum payment equal to the value of the participant's vested interest in his or her account, installment payments over a period of not more than assumed life expectancy, ad-hoc (partial distribution of vested plan account), or if eligible, direct rollover into an IRA or other eligible retirement plan (Required Minimum Distributions, hardship withdrawals and installment payments made over the participant's life, the life of the participant's beneficiary or for a specified period of 10 or more years are ineligible for rollover). If a participant's beneficiary receives distribution in a single-sum payment or in installments over a period of less than 10 years, the beneficiary may also elect a direct rollover, as described above. If the beneficiary is the participant's spouse or a former spouse, he or she may rollover the distribution to an IRA (including a Roth IRA) or to any other eligible plan. The nonspouse beneficiary may only rollover the distribution to an IRA (including a Roth IRA) that is treated as an inherited IRA for required distribution purposes.

BAYADA Home Health Care 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

The Plan allows for in-service distributions from all money sources upon attainment of age 59.5, and hardship withdrawals based on the safe harbor criteria detailed in the Plan Document. Additionally, the Plan allows the distribution of earnings on deferrals for hardship withdrawals. In addition, rollover contributions may be withdrawn at any time with no restrictions.

The beginning required minimum distribution age is age 73, corresponding with April 1 of the calendar year following the calendar year in which the participant attains age 73.

Investment Options

Participants direct the investment of their accounts into various investment options that are offered by the Plan. As of December 31, 2024, the Plan offers seventeen mutual funds, and a pooled separate account and investment contract as investment options for the participants.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value, except for the investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. The net appreciation (depreciation) in fair value of investments reported in the statement of changes in net assets available for benefits includes gains and losses on investments bought and sold, as well as held during the year. Realized gains or losses on sales of securities are determined using the average cost method.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan allows for payment of some or all of the eligible operating expenses from the Plan assets. Eligible Plan operating expenses can be any nonsettlor fees, including but not limited to advisor fees, recordkeeping fees and Plan audit fees.

ERISA Fee Recapture Account

The Plan has an ERISA Fee Recapture Account ("Account") where Empower Annuity Insurance Company deposits the excess revenue collected from the investment products used by the Plan, as well as fees charged to participant accounts. This account is intended for use to pay administrative expenses. At December 31, 2024 and 2023, the Account totaled \$491,364 and \$335,219, respectively.

BAYADA Home Health Care 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability on the Statement of Net Assets Available for Benefits. The Plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025. The Plan distributed the 2023 excess contributions to the applicable participants prior to March 15, 2024.

3. Information Certified by the Trustee and Insurance Company

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. All Plan assets at December 31, 2024 and 2023 were held by Empower Trust Company LLC (formerly known as Prudential Bank & Trust, F.S.B.) and Empower Annuity Insurance Company (formerly known as Prudential Retirement Insurance and Annuity Company), the trustee and insurance company, respectively. Accordingly, investment amounts on the Statements of Net Assets Available for Benefits at December 31, 2024 and 2023, investment income (loss) (including net appreciation (depreciation) in fair value of investments, interest, and dividends and realized gains) on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and information included in the accompanying supplemental schedule of Form 5500 – Schedule H, Line 4(i)– Schedule of Assets (Held at End of Year) as of December 31, 2024, have been compiled from statements certified as complete and accurate by the trustee and insurance company of the Plan in accordance with 29 CFR 2520.103-8 of DOL Rules and regulations for reporting and disclosure under ERISA.

	2024	2023
Statement of net assets available for benefits		
Investments, at fair value	\$ 326,750,900	\$ 277,305,140
Investments, at contract value	66,373,602	65,610,286
Statement of changes in net assets available for benefits		
Net appreciation in fair value of investments	\$ 23,034,465	
Interest	1,482,992	
Dividends and realized gains	17,914,914	

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.

BAYADA Home Health Care 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Following is a description of the valuation methodologies used for investments measured at fair value at December 31, 2024 and 2023. There have been no changes in the methodology used at December 31, 2024 and 2023.

Registered Investment Companies

The fair value of registered investment companies is measured by the daily closing price as reported by the fund, which represents the net asset value of shares held by the Plan at year end. Mutual funds of the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

The fair value of pooled separate accounts is measured by the net unit value, which is based on the fair value of the underlying assets of the accounts. The investment in the pooled separate account offers daily liquidity with no redemption restrictions.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

December 31, 2024 and 2023

5. Investment Contract With Insurance Company

The Plan has a fully benefit-responsive investment contract with Empower Annuity Insurance Company ("EAIC"). EAIC maintains the contributions in a general account. The account is credited with earnings and interest on the underlying investments and is charged for participant withdrawals and administrative expenses.

The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value, as reported to the Plan by EAIC, represents contributions made under the contract, plus earnings at guaranteed crediting interest rates, less participant withdrawals, and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The crediting rate for the Guaranteed Long Term Fund is based on actual cash flow experience and general account earnings but may not be less than 1.5%. The crediting rate is 4.50% and 2.25% as of December 31, 2024 and 2023, respectively. If a plan sponsor decides to terminate the Guaranteed Long Term Fund contract, the plan can receive 6 book value payments over 5 years or a lump sum at market value based on established practices. Also, the Plan Sponsor can also choose to have payments made annually for no more than 10 years.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to Plan documents (including complete or partial Plan termination or merger with another Plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or 5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include 1) an uncured violation of the Plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation, or 4) a material amendment to the agreement without the consent of the issuer.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of a Plan termination, participants will become 100% vested in their accounts.

7. Risks and Uncertainties

The Plan invests in various investment funds. Investment funds are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk

Notes to Financial Statements

December 31, 2024 and 2023

associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Tax Status

As of October 1, 2020, the plan was amended to a Volume Submitter Profit Sharing Plan with CODA sponsored by Document Agility Inc. The Volume Submitter received an opinion letter from the Internal Revenue Service, dated March 31, 2014. Although the Plan had been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and was operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

9. Related Parties and Party-in-Interest Transactions

The pooled separate account is managed by an affiliate of Empower Trust Company LLC, the trustee of the Plan. Any purchases and sales of these investments are performed in the open market at fair value. Dividends and realized gains received from the affiliated funds was \$17,914,914 during 2024. The Plan invests in an investment contract managed by Empower Annuity Insurance Company, the insurance company. Interest income received, by the plan, from the investment contract was \$1,482,992 in 2024. All these transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

10. Subsequent Events

The Plan's management has evaluated all activity of the Plan through October 2, 2025, the date the financial statements were available for issuance, and concluded that there are no other subsequent events that are required to be reflected in the Plan's financial statements and disclosures.
