## Independent Auditor's Report

To the Participants and Beneficiaries  
Eye Physicians of Florida 401(k) Profit Sharing Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Eye Physicians of Florida 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted accounting standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Note 1. Plan Description**

The following description of the Eye Physicians of Florida 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering substantially all employees of Eye Physicians of Florida, LLP and subsidiaries, wholly-owned single member limited liability companies, (collectively the “Sponsor” or the “Partnership”) and effective January 1, 2008, who have completed one (1) year and a minimum of 1,000 hours of service, are age 18 or older and are not members of the following classes of employees: (a) leased employees; (b) union employees; and/or (c) non-resident aliens who have no earned income from sources within the United States of America. Eligible employees may enter the Plan on the earliest of the monthly enrollment dates following satisfactorily meeting eligibility criteria.

The Plan Administrator is responsible for oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Partnership has entered into an agreement whereby, Ascensus Trust Partnership (the “Trustee”) has been appointed the Trustee of the Plan’s assets. Under the terms of the agreement, the Trustee holds and invests the funds of the Plan.

**Contributions:** Eligible participants may elect to make contributions to the Plan by means of a salary deferral agreement of up to 100% of their annual compensation, up to the maximum allowable amount under the Internal Revenue Code (the “IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollovers, amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees, excluding those having a reemployment commencement date, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Partnership contributes a safe harbor contribution equal to 3% of each eligible participant’s compensation. Additional discretionary non-safe harbor matching and profit-sharing contributions are determined annually by the Partnership’s Board of Directors, subject to limits set forth in the Plan and taking into account the Partnership’s profits, safe harbor contributions and other business factors. The Partnership did not make discretionary matching or profit-sharing contributions in 2024 or 2023. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

**Investment options:** Upon enrollment in the Plan, a participant may direct all contributions to selected investments, as made available and determined by the plan administrator. Participants may change their investment options daily. The Plan currently offers various mutual funds as investment options, including common collective trusts and self-directed brokerage option.

**Participant accounts:** Each participant's account is credited with the participant's contribution and Partnership's safe harbor and employer matching and profit-sharing contributions as well as the Plan earnings. Each participant's account is reduced by any withdrawals or distributions and charged with an allocation of investment losses, if any, and administrative fees paid by the Plan. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**For the Years Ended December 31, 2024 and 2023**

---

**Note 1. Plan Description (Continued)**

**Vesting:** Participants are immediately vested in their contributions and the Partnership's safe harbor contributions plus actual earnings thereon. The portion of participants' accounts attributable to the Partnership's discretionary matching and profit-sharing contribution portions of their accounts become 100% vested after six years of credited service (at the rate of 20% per year), as defined in the Plan document. Eligible participants are 100% vested upon death, becoming disabled or reaching normal retirement age. Participants are immediately vested 100% in the Partnership's Safe Harbor matching contributions. The Partnership's Safe Harbor matching contributions were \$441,079 and \$435,300 for the years ended December 31, 2024 and 2023, respectively.

**Payment of benefits:** Upon retirement, total and permanent disability or other termination of service, a participant or their beneficiary may elect to receive either a lump-sum distribution equal to the participant's vested interest in his or her account or installment payments. Upon termination, a participant's vested interest is distributed immediately as soon as administratively feasible as a lump-sum cash payment. Upon the death of a participant, the vested balance of the participant's account is distributed to the participant's beneficiary.

The Plan also allows for in-service distributions of fully vested participant deferrals in the event of financial hardship.

**Notes Receivable from Participants:** Participants may borrow from their account balances with interest charged at a rate fixed by the Plan, which remains in effect for the duration of the loan. Loan terms range from one to five years or may extend beyond five years if for the purchase of a primary residence. The maximum loan is the lesser of \$50,000 less the highest outstanding loan balance during the one-year period prior to the new loan application date, or 50% of the participant's account balance less any current outstanding loan balance. The loans are secured by the balance in the participants' account. Loan interest rates are set at 1% above the prime rate, as defined. Principal and interest are repaid through payroll deductions. As of December 31, 2024 and 2023, the Plan had notes receivable from participants with principal balances totaling \$53,824 and \$21,639, respectively.

**Forfeitures:** Forfeitures are used to reduce future employer contributions or pay Plan expenses. As of December 31, 2024 and 2023, there were no forfeited non-vested accounts. Also, for the years ended December 31, 2024 and 2023, no forfeitures were used to reduce employer matching contributions or to pay administrative expenses.

**Note 2. Summary of Significant Accounting Policies**

**Basis of accounting:** The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except for benefits paid to participants, which are recorded on the cash basis.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes to Financial Statements**  
**For the Years Ended December 31, 2024 and 2023**

---

**Note 2. Summary of Significant Accounting Policies (Continued)**

**Notes receivable from participants:** Notes receivable from participants is measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

**Contributions:** Contributions from participants and the Partnership's matching contributions are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed annually under the IRC are recorded as a liability with a corresponding reduction in contributions.

**Payment of benefits:** Benefit payments to participants are recorded when paid.

**Participant Withdrawal from the Plan:** There were no participants who left the Plan at December 31, 2024 that had requested a distribution of their account balance.

**Expenses:** Certain expenses of maintaining the Plan are paid directly by the Partnership and are excluded from these financial statements. Administrative expenses include certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

**Note 3. Information Certified and Provided by Trustee**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Information regarding investments held at December 31, 2024 and 2023 and investment income for the years then ended that is disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

**Note 4. Fair Value Measurements**

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under that framework are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**Notes to Financial Statements**  
**For the Years Ended December 31, 2024 and 2023**

**Note 4. Fair Value Measurements (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

**Registered investment companies (mutual funds):** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Self-directed brokerage accounts:** Self-directed brokerage accounts are valued at the closing price reported on the active market on which the underlying securities are traded.

**Common collective trusts:** Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2024 and 2023:

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 20,100,746	\$ -	\$ -	\$ 20,100,746
Self-directed brokerage accounts	4,849,442	-	-	4,849,442
Common collective trusts (a)	-	589,099	-	589,099
	<u>\$ 24,950,188</u>	<u>\$ 589,099</u>	<u>\$ -</u>	<u>\$ 25,539,287</u>
Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 18,338,015	\$ -	\$ -	\$ 18,338,015
Self-directed brokerage accounts	4,089,250	-	-	4,089,250
Common collective trusts (a)	-	679,876	-	679,876
	<u>\$ 22,427,265</u>	<u>\$ 679,876</u>	<u>\$ -</u>	<u>\$ 23,107,141</u>

a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

**Eye Physicians of Florida 401(k) Profit Sharing Plan**  
**Notes to Financial Statements**  
**For the Years Ended December 31, 2024 and 2023**

---

**Note 5. Plan Termination**

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested and the funds of the Plan will be distributed based on individual participant balances.

**Note 6. Related Party and Parties-in-Interest Transactions**

Ascensus is the current trustee of the Plan; therefore, transactions, with the current trustee qualify as party-in-interest transactions under ERISA regulations. The notes receivable from participants are also considered to be party-in-interest transactions. Fees paid to the current trustee by the Plan totaled \$27,701 and \$26,744 for the years ended December 31, 2024 and 2023, respectively. These transactions are specifically exempt from the prohibitions of party-in-interest transactions under ERISA.

**Note 7. Tax Status**

Effective January 1, 2022, the Plan adopted a prototype non-standardized profit-sharing plan sponsored by The Vanguard Group, Inc. The prototype non-standardized profit-sharing plan has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, that the prototype non-standardized profit-sharing plan is acceptable with the applicable section of the IRC. The plan administrator believes the Plan is currently designed and operated in compliance with the applicable provisions of the IRC and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**SECURE ACT 2.0**

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included the SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2024 financial statements related to SECURE Act 2.0.

**Note 8. Risks and Uncertainties**

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in equity markets, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

**Note 9. Subsequent Events**

Management has evaluated subsequent events through September 25, 2025, the date on which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

## Independent Auditor's Report

To the Participants and Beneficiaries  
Eye Physicians of Florida 401(k) Profit Sharing Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Eye Physicians of Florida 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted accounting standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Note 1. Plan Description**

The following description of the Eye Physicians of Florida 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering substantially all employees of Eye Physicians of Florida, LLP and subsidiaries, wholly-owned single member limited liability companies, (collectively the “Sponsor” or the “Partnership”) and effective January 1, 2008, who have completed one (1) year and a minimum of 1,000 hours of service, are age 18 or older and are not members of the following classes of employees: (a) leased employees; (b) union employees; and/or (c) non-resident aliens who have no earned income from sources within the United States of America. Eligible employees may enter the Plan on the earliest of the monthly enrollment dates following satisfactorily meeting eligibility criteria.

The Plan Administrator is responsible for oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Partnership has entered into an agreement whereby, Ascensus Trust Partnership (the “Trustee”) has been appointed the Trustee of the Plan’s assets. Under the terms of the agreement, the Trustee holds and invests the funds of the Plan.

**Contributions:** Eligible participants may elect to make contributions to the Plan by means of a salary deferral agreement of up to 100% of their annual compensation, up to the maximum allowable amount under the Internal Revenue Code (the “IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollovers, amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees, excluding those having a reemployment commencement date, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Partnership contributes a safe harbor contribution equal to 3% of each eligible participant’s compensation. Additional discretionary non-safe harbor matching and profit-sharing contributions are determined annually by the Partnership’s Board of Directors, subject to limits set forth in the Plan and taking into account the Partnership’s profits, safe harbor contributions and other business factors. The Partnership did not make discretionary matching or profit-sharing contributions in 2024 or 2023. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

**Investment options:** Upon enrollment in the Plan, a participant may direct all contributions to selected investments, as made available and determined by the plan administrator. Participants may change their investment options daily. The Plan currently offers various mutual funds as investment options, including common collective trusts and self-directed brokerage option.

**Participant accounts:** Each participant's account is credited with the participant's contribution and Partnership's safe harbor and employer matching and profit-sharing contributions as well as the Plan earnings. Each participant's account is reduced by any withdrawals or distributions and charged with an allocation of investment losses, if any, and administrative fees paid by the Plan. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**For the Years Ended December 31, 2024 and 2023**

---

**Note 1. Plan Description (Continued)**

**Vesting:** Participants are immediately vested in their contributions and the Partnership's safe harbor contributions plus actual earnings thereon. The portion of participants' accounts attributable to the Partnership's discretionary matching and profit-sharing contribution portions of their accounts become 100% vested after six years of credited service (at the rate of 20% per year), as defined in the Plan document. Eligible participants are 100% vested upon death, becoming disabled or reaching normal retirement age. Participants are immediately vested 100% in the Partnership's Safe Harbor matching contributions. The Partnership's Safe Harbor matching contributions were \$441,079 and \$435,300 for the years ended December 31, 2024 and 2023, respectively.

**Payment of benefits:** Upon retirement, total and permanent disability or other termination of service, a participant or their beneficiary may elect to receive either a lump-sum distribution equal to the participant's vested interest in his or her account or installment payments. Upon termination, a participant's vested interest is distributed immediately as soon as administratively feasible as a lump-sum cash payment. Upon the death of a participant, the vested balance of the participant's account is distributed to the participant's beneficiary.

The Plan also allows for in-service distributions of fully vested participant deferrals in the event of financial hardship.

**Notes Receivable from Participants:** Participants may borrow from their account balances with interest charged at a rate fixed by the Plan, which remains in effect for the duration of the loan. Loan terms range from one to five years or may extend beyond five years if for the purchase of a primary residence. The maximum loan is the lesser of \$50,000 less the highest outstanding loan balance during the one-year period prior to the new loan application date, or 50% of the participant's account balance less any current outstanding loan balance. The loans are secured by the balance in the participants' account. Loan interest rates are set at 1% above the prime rate, as defined. Principal and interest are repaid through payroll deductions. As of December 31, 2024 and 2023, the Plan had notes receivable from participants with principal balances totaling \$53,824 and \$21,639, respectively.

**Forfeitures:** Forfeitures are used to reduce future employer contributions or pay Plan expenses. As of December 31, 2024 and 2023, there were no forfeited non-vested accounts. Also, for the years ended December 31, 2024 and 2023, no forfeitures were used to reduce employer matching contributions or to pay administrative expenses.

**Note 2. Summary of Significant Accounting Policies**

**Basis of accounting:** The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except for benefits paid to participants, which are recorded on the cash basis.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes to Financial Statements**  
**For the Years Ended December 31, 2024 and 2023**

**Note 2. Summary of Significant Accounting Policies (Continued)**

**Notes receivable from participants:** Notes receivable from participants is measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

**Contributions:** Contributions from participants and the Partnership's matching contributions are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed annually under the IRC are recorded as a liability with a corresponding reduction in contributions.

**Payment of benefits:** Benefit payments to participants are recorded when paid.

**Participant Withdrawal from the Plan:** There were no participants who left the Plan at December 31, 2024 that had requested a distribution of their account balance.

**Expenses:** Certain expenses of maintaining the Plan are paid directly by the Partnership and are excluded from these financial statements. Administrative expenses include certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

**Note 3. Information Certified and Provided by Trustee**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Information regarding investments held at December 31, 2024 and 2023 and investment income for the years then ended that is disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

**Note 4. Fair Value Measurements**

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under that framework are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**Notes to Financial Statements**  
**For the Years Ended December 31, 2024 and 2023**

**Note 4. Fair Value Measurements (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

**Registered investment companies (mutual funds):** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Self-directed brokerage accounts:** Self-directed brokerage accounts are valued at the closing price reported on the active market on which the underlying securities are traded.

**Common collective trusts:** Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2024 and 2023:

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 20,100,746	\$ -	\$ -	\$ 20,100,746
Self-directed brokerage accounts	4,849,442	-	-	4,849,442
Common collective trusts (a)	-	589,099	-	589,099
	<u>\$ 24,950,188</u>	<u>\$ 589,099</u>	<u>\$ -</u>	<u>\$ 25,539,287</u>
Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 18,338,015	\$ -	\$ -	\$ 18,338,015
Self-directed brokerage accounts	4,089,250	-	-	4,089,250
Common collective trusts (a)	-	679,876	-	679,876
	<u>\$ 22,427,265</u>	<u>\$ 679,876</u>	<u>\$ -</u>	<u>\$ 23,107,141</u>

a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

**For the Years Ended December 31, 2024 and 2023**

---

**Note 5. Plan Termination**

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested and the funds of the Plan will be distributed based on individual participant balances.

**Note 6. Related Party and Parties-in-Interest Transactions**

Ascensus is the current trustee of the Plan; therefore, transactions, with the current trustee qualify as party-in-interest transactions under ERISA regulations. The notes receivable from participants are also considered to be party-in-interest transactions. Fees paid to the current trustee by the Plan totaled \$27,701 and \$26,744 for the years ended December 31, 2024 and 2023, respectively. These transactions are specifically exempt from the prohibitions of party-in-interest transactions under ERISA.

**Note 7. Tax Status**

Effective January 1, 2022, the Plan adopted a prototype non-standardized profit-sharing plan sponsored by The Vanguard Group, Inc. The prototype non-standardized profit-sharing plan has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, that the prototype non-standardized profit-sharing plan is acceptable with the applicable section of the IRC. The plan administrator believes the Plan is currently designed and operated in compliance with the applicable provisions of the IRC and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**SECURE ACT 2.0**

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included the SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2024 financial statements related to SECURE Act 2.0.

**Note 8. Risks and Uncertainties**

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in equity markets, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

**Note 9. Subsequent Events**

Management has evaluated subsequent events through September 25, 2025, the date on which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.
