INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Central Management Company, LLC 401 (k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of the Central Management Company, LLC 401 (k) , an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Central Management Company, LLC 401 (k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Central Management Company, LLC 401 (k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Central Management Company, LLC 401 (k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Central Management Company, LLC 401 (k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Central Management Company, LLC 401 (k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

We were engaged to audit the 2023 financial statements of the Central Management Company, LLC 401 (k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 2, 2024, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2023 financial statements, and (b) the form and content of the information included in the 2023 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CENTRAL MANAGEMENT COMPANY, L.L.C. 401 (K) PLAN
Notes to Financial Statements
December 31, 2024

Note 1 - Description of Plan

The following brief description of the Central Management Company, LLC 401 (k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Effective January 1, 2001, Central Management Company, LLC (the Company) established a 401 (k) Profit Sharing Plan. The Plan covers substantially all non-highly compensated full-time employees of the Company who have one year of service and are age twenty-one or older. Effective January 1, 2007, the Plan covers substantially all non-highly compensated employees of the Company on the first day of service. Effective July 1, 2015, the Plan covers substantially all employees of the Company who have one year of service and are aged twenty-one or older. Participant entry dates are January 1st and July 1st. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The plan allows participants to defer up to 100% of eligible compensation as defined in the Plan on a pre-tax basis. The Internal Revenue Code limits the amount participants are permitted to contribute to the plan to the lesser of 100% of eligible compensation or \$23,000 for 2024.

Participants who will be at least age 50 by the end of the Plan year may elect to make "catch-up" contributions, not to exceed an additional deferral of \$7,500 in 2024 (subject to adjustment in future years).

The Company may make a discretionary matching contribution to the Plan. The Company's discretionary matching contribution is allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. The Company may make a Profit Sharing contribution to the Plan. At this time, there are no plans for the Company to contribute to the Plan. Additionally, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of Company's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan's provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants can select from twenty-two various mutual and money market funds for their investments within the Plan.

CENTRAL MANAGEMENT COMPANY, L.L.C. 401 (K) PLAN
Notes to Financial Statements (Continued)
December 31, 2024

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Prior to the November 4, 2015 Plan Amendment, employer contributions were 100% vested when deposited to participant accounts.

Effective November 4, 2015, the vested portion of the participant's account attributable to employer contributions shall be based on the number of years of service as of the date of termination of employment as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

If a participant's vested account balance exceeds \$5,000, on termination of service, a participant must consent to their benefit distribution and will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a participant's vested account balance does not exceed \$5,000, no benefit distribution consent is required upon termination.

Forfeited Accounts

Forfeited non-vested amounts that occur during the normal operation of the Plan reduce employer obligations for current or future obligations. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$-0-.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments

Investments are recorded at fair value based on quoted market prices in an active market that have been provided by the trustee.

Net Appreciation (Depreciation) in Fair Value of Investments

The statement of changes in net assets available for benefits presents the net appreciation (depreciation) in the fair value of investments which consists of realized gains or losses and the unrealized appreciation (depreciation) on those investments.

CENTRAL MANAGEMENT COMPANY, L.L.C. 401 (K) PLAN
Notes to Financial Statements (Continued)
December 31, 2024

Note 2 - Summary of Significant Accounting Policies (Continued)

Concentration of Credit Risk

Financial instruments, which potentially subject the Plan to concentration of credit risk, consisted principally of mutual funds.

Contributions

Contributions from employees are recorded in the period the employer withholds 401(k) plan contributions from Plan participants.

Limited Scope – Certified Information

Capital Bank and Trust holds all of the Plan's investment assets and executes investment transactions therein. Financial information relating to the assets is included in the accompanying financial statements and schedule and is based on information provided by Capital Bank and Trust. The Plan administrator has instructed the independent public accountants not to examine the information certified as complete and accurate by the custodian. The custodian's certification applies to substantially all Plan assets and transactions for the dates presented.

The Capital Bank and Trust certification applies to all investments and the Statement of Assets Held for Investment Purposes.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Expenses Paid by Employer Sponsor

The employer sponsor paid for administrative fees and audit fees on behalf of the Plan during the year.

Note 3 - Tax Status of Plan

The Internal Revenue Service has determined and informed the plan sponsor by a letter dated March 31, 2014, that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan's Form 5500 returns are subject to examination by the IRS, generally for three years after they are filed.

Note 4 - Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the trustee.

	December 31,	
	2024	2023
Investments, at fair value:		
Money market mutual funds	\$ 204,701	\$ 193,262
Fixed income mutual funds	547,573	486,807
Equity mutual funds	9,567,209	7,974,202
	\$ 10,319,483	\$ 8,654,271
	December 31,	
	2024	2023
Interest and dividend income	\$ 498,475	\$ 284,639

During 2024, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$644,733.

Note 5 - Fair Value Measurements

The Plan applies GAAP for fair value measurements of financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

CENTRAL MANAGEMENT COMPANY, L.L.C. 401 (K) PLAN
Notes to Financial Statements (Continued)
December 31, 2024

Note 5 - Fair Value Measurements (Continued)

Level 2

Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The assets of the plan are invested in mutual funds. The Plan's mutual funds (Level 1 measurements) are valued at quoted market prices at plan at year end. There have been no changes in the valuation methodologies used for assets as of December 31, 2024 and 2023.

	December 31, 2024	December 31, 2023
Mutual Funds	\$ 10,319,486	\$ 8,654,271
(Level 1 In Active Markets)		

Note 6 - Related Party Transactions

Certain Plan investments are shares of mutual funds managed by American Funds Distributors, Inc. American Funds Service Company provides mutual fund transaction processing services to the Plan. Both companies are subsidiaries of the same holding company.

CENTRAL MANAGEMENT COMPANY, L.L.C. 401 (K) PLAN
Notes to Financial Statements (Continued)
December 31, 2024

Note 7 - Plan Termination

While the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it has the right under the Plan document to discontinue contributions and to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of termination of the Plan, participants will be 100% vested in their account balances, the net assets of the Plan would be allocated to the Plan participants as prescribed by the Plan document, ERISA, and the Internal Revenue Code.

Note 8 - Excess Contributions Refundable

The Plan is subject to certain non-discrimination rules under ERISA and the Internal Revenue Code. For the Plan year ended December 31, 2024 and 2023, the Plan failed non-discrimination tests under the Code due to lower contribution percentages by non-highly compensated eligible employees relative to the contribution percentages of highly compensated participants, in accordance with applicable provisions of the Code. The refund for 2023, paid in 2024, totaled \$101,486. The refund for 2022, paid in 2023, totaled \$67,658. The refund is recorded as “Excess contributions payable” in the December 31, 2024 and 2023 Statement of Net Assets Available for Benefits and as a reduction in “Participant contributions” on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

Note 9 - Plan Amendment

Effective October 22, 2020, the Plan was amended to increase the distribution threshold amount that upon participant termination will not require participant consent from \$1,000 to \$5,000.

Note 10 - Subsequent Events

The Plan evaluated its December 31, 2024 financial statements for subsequent events through the date of the audit report, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
