INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Integration Innovation, Inc. Employee Stock Ownership Plan
Huntsville, Alabama

Opinion

We have audited the accompanying financial statements of Integration Innovation, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Integration Innovation, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Integration Innovation, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Integration Innovation, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Integration Innovation, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Integration Innovation, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements

or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**INTEGRATION INNOVATION, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Integration Innovation, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions. The Plan Sponsor is Integration Innovation, Inc. (the Company) as defined by the Employee Retirement Income Security Act of 1974 (ERISA).

Date of Management’s Review

Management has evaluated subsequent events through September 30, 2025, the date on which the financial statements were available to be issued.

General

The Company established the Plan effective as of January 1, 2021. As of the effective date, the Plan operates as a leveraged Employee Stock Ownership Plan (ESOP) and is designed to comply with Section 4975(e)(7) of the Internal Revenue Code (hereinafter referred to as the “Code”). In addition, in accordance with Section 54.4975-1 l(a)(5) of the Treasury Regulations, this Plan also forms a portion of a Stock Bonus Plan, which is intended to qualify under Section 401(a) of the Code. This Plan reflects the applicable provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) and the guidance issued thereunder.

The Plan purchased Company common stock using the proceeds of a loan payable to the Company (see Note 8) and holds the common stock in a trust established under the Plan (the Trust). As the Plan makes debt payments, an appropriate percentage of stock will be allocated to eligible employees’ accounts in accordance with applicable regulations under the Code.

The borrowing is collateralized by the unallocated shares of common stock, and the Company has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan, as of and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of employees with vested rights in allocated common stock (allocated), and
- b. common stock not yet allocated to employees (unallocated).

Eligibility

All employees of the Company are eligible to participate in the Plan following the completion of two months of service and the attainment of age twenty-one. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of the Plan year are generally not eligible for an allocation of Company contributions for such year.

Participant Accounts

Each participant’s account is credited with an allocation of the Plan Sponsor’s contribution, Plan earnings, and forfeitures of terminated participants’ nonvested accounts. Allocations are based on the proportion that each participant’s compensation, as defined in the Plan Document, for that year bears to the total compensation of all participants. The benefit to which a participant is entitled is the benefit that can be provided from that participant’s account.

See accompanying independent auditors’ report

NOTES TO FINANCIAL STATEMENTS – CONTINUED
DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Employer Contributions

Employer contributions to the Plan, as determined by the Plan Sponsor, are discretionary and based on the Plan Sponsor's financial performance and condition. Contributions may be made in cash, stock of the Plan Sponsor, or a combination of both.

Vesting

A participant becomes fully vested with respect to Plan Sponsor contributions to the Plan after three years of credited service (as defined in the Plan Document). Participants are automatically vested 100 percent if still employed by the Plan Sponsor upon reaching age 65.

Payment of Benefits

Distributions on account of death, disability, or retirement are made as soon as administratively feasible following the participant's separation from service beginning no later than one year after the close of the Plan year in which such event occurs. Distributions to be paid due to termination for reasons other than death, disability or retirement shall be paid beginning sixty days after the close of the Plan year that is the fifth Plan year following the Plan year in which the participant terminates employment, except if the participant is reemployed by the Plan Sponsor before the distribution is required to begin. Additionally, distributions to be paid due to termination for reasons other than death, disability or retirement shall not include any Company stock acquired with the proceeds of an exempt loan until the close of the Plan year in which such loan is repaid in full, unless the value of the terminated participant's vested benefit does not exceed \$5,000, in which case distributions are to be paid as soon as administratively feasible.

Distributions are made in cash or, if a participant elects, in the form of Company common shares. Distributions are based on the value of the Company's stock as of December 31 of the Plan year coinciding with or immediately preceding the date of actual distribution of Plan benefits. Distributions greater than \$5,000 are to be paid in equal, monthly, quarterly, semiannual or annual installments over a period not longer than five years. Distributions in excess of \$800,000 shall be extended one additional year, but not more than five additional years, for each \$160,000 by which such balance exceeds \$800,000. Distributions less than \$5,000 are to be paid in a lump-sum amount.

Under the provisions of the Plan, the Company or the Trust are obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

See accompanying independent auditors' report

NOTES TO FINANCIAL STATEMENTS – CONTINUED
DECEMBER 31, 2024 AND 2023**

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Put Option

Under federal income tax regulations, the Company's stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash in exchange for his/her stock.

Diversification

Diversification is offered to participants who have attained the age of fifty-five (55) and completed ten (10) years of participation under the Plan. Within 90 days after the close of each Plan year, these qualified participants can move no more than 25 percent (50 percent for the six-year qualified election period) of the value of their investment (as limited by the provisions specified in the Plan document) in Plan Sponsor common stock into other investments.

S Corporation Dividends

S Corporation dividends paid on allocated shares shall be allocated in the proportion that the cumulative number of shares in a participant's account as of the preceding anniversary date bears to the total cumulative shares of Company stock allocated to all participants as of that date. S Corporation dividends paid on unallocated shares will be divided among eligible participant accounts in the proportion each participant's compensation bears to the total compensation of all such participants.

Forfeited Amounts

Forfeited amounts are reallocated to the other participants' accounts according to the proportion that each participant's compensation for that year bears to the total compensation of all participants. For the year ended December 31, 2024, 4,829 shares of the Company's stock were reallocated to eligible participants.

Administrative Expenses

All expenses of maintaining the Plan are paid by the Plan unless paid by the Plan Sponsor.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

See accompanying independent auditors' report

**INTEGRATION INNOVATION, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
DECEMBER 31, 2024 AND 2023**

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Income Recognition

The common shares of the Company are valued at fair value. Dividend income is accrued on the ex-dividend date. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value

Financial Accounting Standards Board (FASB) ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Concentration of Market Risk

The Plan's investment consists of the Plan Sponsor's common stock. The investment is exposed to various risks such as interest rate and market risks, as well as valuation assumptions based on earnings, cash flows, or other such techniques. Due to the level of risk associated with the investment securities and uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the fair value of the investment securities in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

See accompanying independent auditors' report

**INTEGRATION INNOVATION, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
DECEMBER 31, 2024 AND 2023**

NOTE 3 – ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Integration Innovation, Inc. common shares, are held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees, audit fees, and for annual valuation of the Company's common shares are paid by the Plan, unless such expenses are paid by the Company.

NOTE 4 – INVESTMENTS

The Plan's investments are held by the Trustee of the Plan. All investments are directed by the Plan Administrator. The estimated fair value of the Plan's investments in Integration Innovation, Inc. common shares at December 31, 2024 and 2023 consisted of the following:

	<u>2024</u>		<u>2023</u>	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>
Number of shares	133,333	866,667	100,000	900,000
Cost	\$ 66,667	\$ 433,333	\$ 50,000	\$ 450,000
Estimated fair value	\$ 6,789,333	\$ 44,130,667	\$ 4,708,000	\$ 42,372,000

NOTE 5 – PLAN TERMINATION

The Plan Sponsor reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, all amounts credited to participant accounts will become 100 percent vested and all unallocated amounts shall be allocated to the accounts of participants. The interest of each participant in the Trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the regulations of the Code.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan's investments consist of the Sponsor's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Market risks include global events which could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

See accompanying independent auditors' report

**INTEGRATION INNOVATION, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
DECEMBER 31, 2024 AND 2023**

NOTE 7 – FAIR VALUE MEASUREMENTS

The fair value of the Company’s common stock is based on an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches. The appraiser took into account historical and projected cash flows and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums.

The valuation process involves the Trustee’s selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a report which Plan management and the Trustee reviews in detail, discusses, and approves.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

Investment Level	2024	2023
Level 1 Investments		
Cash and cash equivalents	\$ 155	\$ -
Total Level 1 Investments	155	-
Level 2 Investments	-	-
Level 3 Investments		
Investment in Integration Innovation, Inc. common stock	50,920,000	47,080,000
Total Level 3 Investments	50,920,000	47,080,000
Total investment assets, at fair value	<u>\$ 50,920,155</u>	<u>\$ 47,080,000</u>

The following table sets forth a summary of changes in the fair value of the Plan’s Level 3 assets for the year ended December 31, 2024:

Investment in Integration Innovation, Inc. common stock:	
Balance, beginning of year	\$ 47,080,000
Unrealized appreciation in estimated fair value	3,840,000
Balance, end of year	<u>\$ 50,920,000</u>

NOTE 8 – LOAN PAYABLE

In September 2021, the Plan purchased 1,000,000 shares of common stock of the Company with the proceeds of a \$500,000 loan from the Company. These shares were recorded by the Trustee in the suspense account. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year principal and interest payments divided by the total of this year’s payments, plus all future years’ principal and interest payments. This resulted in 33,333 shares being released and allocated for the Plan year ended December 31, 2024.

See accompanying independent auditors’ report

**INTEGRATION INNOVATION, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
DECEMBER 31, 2024 AND 2023**

NOTE 8 – LOAN PAYABLE (CONTINUED)

The agreement provides for the loan to be repaid over 30 years, with a maturity date of December 15, 2050. The loan bears interest at a rate of 1.73% per year. The carrying value of the note payable as of December 31, 2024 and 2023 of \$441,586 and \$454,884, respectively, approximates its fair value determined by using interest rates currently available for issuance of debt with similar terms, maturity dates and nonperformance risk. As of December 31, 2024, scheduled maturities of the loan for the next five years and thereafter consist of the following:

2025	\$	13,553
2026		13,791

NOTE 9 – RELATED PARTY-IN INTEREST TRANSACTIONS

Plan investments and acquisition indebtedness at December 31, 2024 are related to the Plan Sponsor; therefore, these transactions qualify as party-in-interest transactions.

NOTE 10 – TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsor, by a letter dated March 25, 2024, that the Plan is qualified and the Trust established under the Plan is tax-exempt under the appropriate sections of the Code. The Plan Sponsor believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code.

Tax positions are recognized in the financial statements when it is more likely than not that the position will be sustained upon examination by the tax authorities. The Sponsor has concluded that as of December 31, 2024, the Plan had no significant uncertain tax positions or material amounts of unrecognized tax benefits that qualify for either recognition or disclosure in the financial statements for open tax years based on an assessment of many factors including experience and interpretations of tax laws.

NOTE 11 – SUBSEQUENT EVENTS

On September 26, 2025, as a result of the ESOP Investment Election, \$15,197,563 of the Integration Innovation, Inc. 401(k) and Profit Sharing Plan’s eligible account balances were transferred by participants to the Integration Innovation, Inc. Employee Stock Ownership Plan. The ESOP Trustee used the proceeds from the ESOP Investment Election to purchase newly issued shares of Company stock on behalf of the eligible employees who made an ESOP Investment Election.
