Independent Auditors' Report

Plan Administrator
Handi-Foil Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Handi-Foil Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Handi-Foil Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Handi-Foil Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Handi-Foil Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Handi-Foil Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Handi-Foil Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Handi-Foil Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined-contribution plan sponsored by Handi-Foil Corporation (the Company) for its employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility:

Employees are eligible to participate upon the next entry date (first day of each month) subsequent to completing one month of service and reaching 18 years of age. Union and temporary workers are not eligible to participate. The Plan has an auto enrollment feature for eligible employees. The initial pre-tax deferral contribution starts at 4%. The pre-tax deferral automatically increases annually by 1%, not to exceed 10%.

Contributions:

Contributions to the Plan may include employer discretionary profit-sharing contributions, employer matching contributions, employee deferral contributions and rollover contributions.

The employer discretionary profit-sharing contributions are allocated to each participant's account based on the ratio of the participant's eligible compensation for the year to the total eligible compensation of all participants for the year.

An enhanced safe harbor match equal to 100% of the first 4% of the active participant's compensation is required to be contributed to the Plan.

Employee deferral contributions can be up to 60% of compensation as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Contributions are limited in accordance with Internal Revenue Service regulations.

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution(s) and (b) Plan earnings and charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant's earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants self-direct their contributions and their share of the Company's contribution among the investment options described below.

Investment options:

Participants direct the investment of their account balance into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and a common collective trust fund as investment options for participants.

Vesting:

Participants are always 100% vested in their employee 401(k) deferral contributions and earnings thereon. Participants are also fully vested if their employment with the Company terminates after attaining the age of 59 1/2 or for reasons due to death or disability.

Participants vest in their employer profit-sharing accounts (allocations of the employer discretionary contributions) and earnings thereon in accordance with the following table:

Years of service	Percentage vested
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more	100%

Any employer safe harbor contributions are 100% vested at the date of the contribution.

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Participant loans:

Participants may borrow up to the lesser of \$50,000 or 50% of their vested interest in the Plan and the loan shall not be less than \$1,000. The loan interest rate is determined by the Plan Administrator based on interest rates charged for similar types of loans by other lenders.

Payment of benefits:

A participant becomes entitled to benefits under the Plan upon retirement at age 65, permanent disability or resignation from the Company. Upon retirement or permanent disability, a participant is entitled to receive the full amount in his or her account, to be paid in a manner specified in the Plan. A participant's account balance becomes fully vested upon death or disability. Upon resignation, participants are entitled to receive the vested portion of their account balance.

Participants' benefits are charged to participants' equity during the period when participants are entitled to receive payment, which generally is the period during which the benefits are paid.

Forfeitures:

Forfeitures arising during the Plan year will be used to reduce the Company's future employer contribution deposits under the Plan.

2. Summary of significant accounting policies

Basis of accounting:

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Mutual funds are valued at the market value of shares held by the Plan at year-end.

Units of the common collective trust fund are valued based on the net asset value per share as a practical expedient. See Note 7 for discussion of fair value measurements.

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Investment valuation and income recognition: (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

As described in Note 1, the Plan allows for participants to borrow against their vested account balance and the loan is secured by the participant's account balance. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are repaid ratably through regular payroll deductions and loan defaults are treated as distributions.

Contributions:

Participants' contributions are recognized by the Plan when withheld from the participants' paychecks by the Company.

Administrative expenses:

Certain expenses of administering the Plan are paid by the participants. Other administrative expenses are paid by the Company.

Payment of benefits:

Benefits are recorded when paid.

Expense offset arrangements:

Fees incurred by the Plan for investment management services and recordkeeping are included in net appreciation (depreciation) in fair value investments, as they are paid through revenue sharing, rather than direct payment.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Accordingly, actual results could differ from those estimates.

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Subsequent events:

The Plan Administrator has reviewed and evaluated subsequent events through September 3, 2025, the date the financial statements were available to be issued.

3. Tax status

The Plan is exempt from federal income tax under Section 401 of the Internal Revenue Code (the Code). The Plan is a prototype plan. The Internal Revenue Service has determined and informed the prototype sponsor by a letter dated June 30, 2020 that the Plan and the related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

4. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

5. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Investments (information prepared and certified by Fidelity Management Trust Company (the Trustee))

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in these financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustee.

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

6. Investments (information prepared and certified by Fidelity Management Trust Company (the Trustee)) (continued)

The Trustee certified the fair value of investments of \$37,691,456 and \$33,232,310 as of December 31, 2024 and 2023, respectively. Notes receivable from participants of \$558,314 and \$524,129 were also certified by the Trustee at December 31, 2024 and 2023, respectively. The interest rates on these receivables were between 5.25% to 10.50% in 2024 and 2023.

For the year ended December 31, 2024, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value in the amount of \$3,886,366, as certified by the Trustee. Dividend and interest income was \$1,692,844 and interest on participant loans was \$47,317 for the year ended December 31, 2024, as certified by the Trustee.

7. Fair value measurements

There are three levels of inputs used to measure fair value. The definition of each input is described below:

Level 1	Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs that are unobservable inputs for the asset or liability.
---------	---

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. Fair value measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the market value of shares held by the Plan at year-end.

Common collective trust fund: Valued at the net asset value (NAV) of the units held by the Plan at year-end. NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemptions restrictions for these investments; the redemption notice period is applicable only to the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value as of December 31, 2024:

December 31, 2024	Level 1	Total
Mutual funds	\$ 37,150,675	\$ 37,150,675
Common collective trust fund measured at NAV*		540,781
Total investments	\$ 37,150,675	\$ 37,691,456

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. Fair value measurements (continued)

Investments at fair value as of December 31, 2023:

December 31, 2023	Level 1	Total
Mutual funds	\$ 32,748,060	\$ 32,748,060
Common collective trust fund measured at NAV*		484,250
Total investments	\$ 32,748,060	\$ 33,232,310

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023:

Investment	2024	2023	Unfunded commitment	Redemption frequency	Redemption notice period
Common collective trust fund	\$ 540,781	\$ 484,250	N/A	Daily	None

8. Party-in-interest transactions

Certain Plan investments include shares of mutual funds and a common collective trust fund managed by an affiliate of the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$6,088 for the year ended December 31, 2024. The Plan also contracts with an investment advisor. These transactions qualify as party-in-interest transactions. Fees paid by the plan for these investment services totaled \$13,151 for the year ended December 31, 2024.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

9. Reconciliation of financial statements to Form 5500

The Form 5500 has been prepared using the fair value of the underlying investments held by the common collective trust fund, instead of using the NAV as the practical expedient to estimate fair value (see Note 7). The following is a reconciliation of the net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2024 and 2023:

December 31,	2024	2023
Net assets available for benefits per the financial statements	\$ 38,249,770	\$ 33,756,439
Adjustment to common collective trust fund investment	(32,525)	(27,567)
Net assets available for benefits per Form 5500	\$ 38,217,245	\$ 33,728,872

The following is a reconciliation of the net appreciation in fair value of investments per the financial statements to the net appreciation in fair value of investments per Form 5500:

Year ended December 31, 2024	
Net appreciation in fair value of investments per the financial statements	\$ 3,886,366
Net change in adjustment to common collective trust fund investment	(4,958)
Net appreciation in fair value of investments per Form 5500	\$ 3,881,408

The following is a reconciliation of the net increase per the financial statements to the net increase per Form 5500:

Year ended December 31, 2024	
Net increase per the financial statements	\$ 4,493,331
Net change in adjustment to common collective trust fund investment	(4,958)
Net increase per Form 5500	\$ 4,488,373

Independent Auditors' Report

Plan Administrator
Handi-Foil Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Handi-Foil Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Handi-Foil Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Handi-Foil Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Handi-Foil Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Handi-Foil Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Handi-Foil Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Handi-Foil Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined-contribution plan sponsored by Handi-Foil Corporation (the Company) for its employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility:

Employees are eligible to participate upon the next entry date (first day of each month) subsequent to completing one month of service and reaching 18 years of age. Union and temporary workers are not eligible to participate. The Plan has an auto enrollment feature for eligible employees. The initial pre-tax deferral contribution starts at 4%. The pre-tax deferral automatically increases annually by 1%, not to exceed 10%.

Contributions:

Contributions to the Plan may include employer discretionary profit-sharing contributions, employer matching contributions, employee deferral contributions and rollover contributions.

The employer discretionary profit-sharing contributions are allocated to each participant's account based on the ratio of the participant's eligible compensation for the year to the total eligible compensation of all participants for the year.

An enhanced safe harbor match equal to 100% of the first 4% of the active participant's compensation is required to be contributed to the Plan.

Employee deferral contributions can be up to 60% of compensation as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Contributions are limited in accordance with Internal Revenue Service regulations.

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution(s) and (b) Plan earnings and charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant's earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants self-direct their contributions and their share of the Company's contribution among the investment options described below.

Investment options:

Participants direct the investment of their account balance into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and a common collective trust fund as investment options for participants.

Vesting:

Participants are always 100% vested in their employee 401(k) deferral contributions and earnings thereon. Participants are also fully vested if their employment with the Company terminates after attaining the age of 59 1/2 or for reasons due to death or disability.

Participants vest in their employer profit-sharing accounts (allocations of the employer discretionary contributions) and earnings thereon in accordance with the following table:

Years of service	Percentage vested
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more	100%

Any employer safe harbor contributions are 100% vested at the date of the contribution.

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Participant loans:

Participants may borrow up to the lesser of \$50,000 or 50% of their vested interest in the Plan and the loan shall not be less than \$1,000. The loan interest rate is determined by the Plan Administrator based on interest rates charged for similar types of loans by other lenders.

Payment of benefits:

A participant becomes entitled to benefits under the Plan upon retirement at age 65, permanent disability or resignation from the Company. Upon retirement or permanent disability, a participant is entitled to receive the full amount in his or her account, to be paid in a manner specified in the Plan. A participant's account balance becomes fully vested upon death or disability. Upon resignation, participants are entitled to receive the vested portion of their account balance.

Participants' benefits are charged to participants' equity during the period when participants are entitled to receive payment, which generally is the period during which the benefits are paid.

Forfeitures:

Forfeitures arising during the Plan year will be used to reduce the Company's future employer contribution deposits under the Plan.

2. Summary of significant accounting policies

Basis of accounting:

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Mutual funds are valued at the market value of shares held by the Plan at year-end.

Units of the common collective trust fund are valued based on the net asset value per share as a practical expedient. See Note 7 for discussion of fair value measurements.

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Investment valuation and income recognition: (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

As described in Note 1, the Plan allows for participants to borrow against their vested account balance and the loan is secured by the participant's account balance. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are repaid ratably through regular payroll deductions and loan defaults are treated as distributions.

Contributions:

Participants' contributions are recognized by the Plan when withheld from the participants' paychecks by the Company.

Administrative expenses:

Certain expenses of administering the Plan are paid by the participants. Other administrative expenses are paid by the Company.

Payment of benefits:

Benefits are recorded when paid.

Expense offset arrangements:

Fees incurred by the Plan for investment management services and recordkeeping are included in net appreciation (depreciation) in fair value investments, as they are paid through revenue sharing, rather than direct payment.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Subsequent events:

The Plan Administrator has reviewed and evaluated subsequent events through September 3, 2025, the date the financial statements were available to be issued.

3. Tax status

The Plan is exempt from federal income tax under Section 401 of the Internal Revenue Code (the Code). The Plan is a prototype plan. The Internal Revenue Service has determined and informed the prototype sponsor by a letter dated June 30, 2020 that the Plan and the related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

4. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

5. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Investments (information prepared and certified by Fidelity Management Trust Company (the Trustee))

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in these financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustee.

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

6. Investments (information prepared and certified by Fidelity Management Trust Company (the Trustee)) (continued)

The Trustee certified the fair value of investments of \$37,691,456 and \$33,232,310 as of December 31, 2024 and 2023, respectively. Notes receivable from participants of \$558,314 and \$524,129 were also certified by the Trustee at December 31, 2024 and 2023, respectively. The interest rates on these receivables were between 5.25% to 10.50% in 2024 and 2023.

For the year ended December 31, 2024, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value in the amount of \$3,886,366, as certified by the Trustee. Dividend and interest income was \$1,692,844 and interest on participant loans was \$47,317 for the year ended December 31, 2024, as certified by the Trustee.

7. Fair value measurements

There are three levels of inputs used to measure fair value. The definition of each input is described below:

Level 1	Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs that are unobservable inputs for the asset or liability.
---------	---

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. Fair value measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the market value of shares held by the Plan at year-end.

Common collective trust fund: Valued at the net asset value (NAV) of the units held by the Plan at year-end. NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemptions restrictions for these investments; the redemption notice period is applicable only to the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value as of December 31, 2024:

December 31, 2024	Level 1	Total
Mutual funds	\$ 37,150,675	\$ 37,150,675
Common collective trust fund measured at NAV*		540,781
Total investments	\$ 37,150,675	\$ 37,691,456

HANDI-FOIL CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. Fair value measurements (continued)

Investments at fair value as of December 31, 2023:

December 31, 2023	Level 1	Total
Mutual funds	\$ 32,748,060	\$ 32,748,060
Common collective trust fund measured at NAV*		484,250
Total investments	\$ 32,748,060	\$ 33,232,310

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023:

Investment	2024	2023	Unfunded commitment	Redemption frequency	Redemption notice period
Common collective trust fund	\$ 540,781	\$ 484,250	N/A	Daily	None

8. Party-in-interest transactions

Certain Plan investments include shares of mutual funds and a common collective trust fund managed by an affiliate of the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$6,088 for the year ended December 31, 2024. The Plan also contracts with an investment advisor. These transactions qualify as party-in-interest transactions. Fees paid by the plan for these investment services totaled \$13,151 for the year ended December 31, 2024.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

9. Reconciliation of financial statements to Form 5500

The Form 5500 has been prepared using the fair value of the underlying investments held by the common collective trust fund, instead of using the NAV as the practical expedient to estimate fair value (see Note 7). The following is a reconciliation of the net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2024 and 2023:

December 31,	2024	2023
Net assets available for benefits per the financial statements	\$ 38,249,770	\$ 33,756,439
Adjustment to common collective trust fund investment	(32,525)	(27,567)
Net assets available for benefits per Form 5500	\$ 38,217,245	\$ 33,728,872

The following is a reconciliation of the net appreciation in fair value of investments per the financial statements to the net appreciation in fair value of investments per Form 5500:

Year ended December 31, 2024	
Net appreciation in fair value of investments per the financial statements	\$ 3,886,366
Net change in adjustment to common collective trust fund investment	(4,958)
Net appreciation in fair value of investments per Form 5500	\$ 3,881,408

The following is a reconciliation of the net increase per the financial statements to the net increase per Form 5500:

Year ended December 31, 2024	
Net increase per the financial statements	\$ 4,493,331
Net change in adjustment to common collective trust fund investment	(4,958)
Net increase per Form 5500	\$ 4,488,373
