Independent Auditor's Report

To the Plan Administrator of
Bear River Mutual Insurance Company Profit Sharing Plan 401(k)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bear River Mutual Insurance Company Profit Sharing Plan 401(k), a Utah employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and December 31, 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Bear River Mutual Insurance Company Profit Sharing Plan 401(k)'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of and for the years ended December 31, 2024 and December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bear River Mutual Insurance Company Profit Sharing Plan 401(k) and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bear River Mutual Insurance Company Profit Sharing Plan 401(k)'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bear River Mutual Insurance Company Profit Sharing Plan 401(k)'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bear River Mutual Insurance Company Profit Sharing Plan 401(k)'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule, as listed in the Table of Contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bear River Mutual Insurance Company Profit Sharing Plan 401(k)

Notes to Financial Statements

December 31, 2024 and December 31, 2023

Note 1: PLAN DESCRIPTION

The following description of Bear River Mutual Insurance Company Profit Sharing 401(k) (the Plan), is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Summary Plan Description.

General: The Plan is a defined contribution 401(k) and profit-sharing plan, established January 1, 1988. The Plan is sponsored by Bear River Mutual Insurance Company (the Employer) for the benefit of its employees, excluding those employees covered by a collective bargaining agreement, leased employees, and non-resident aliens. The Plan is subject to the provisions of ERISA.

Contributions: Participants may elect to contribute to the Plan the maximum amount of annual compensation prescribed under the Internal Revenue Code (IRC). The Plan allows for pre-tax, Roth 401(k), and after-tax contributions. The Plan has an automatic enrollment of 6% pre-tax deferral contribution thirty-days after the employee's date of hire. The Plan has an automatic increase of 1% at the end of each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions.

Contributions to the Plan by the Employer are provided by discretionary matching contributions. During 2024 and 2023, the Employer elected to make matching contributions to the Plan of up to 50% of each participant's deferral contribution up to 8%.

The Plan follows Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic 326, *Financial Instruments – Credit Losses*. The standard requires recognition of an allowance that reflects a current estimate of credit losses expected to be incurred over the life of the asset. As of December 31, 2024 and December 31, 2023, there were no allowances for uncollectible receivables for either year end.

Participant Accounts: Each participant's account is credited with the participant's contribution, an allocation of the Employer's contribution, if applicable, Plan earnings, an allocation of administrative expenses, and charged with withdrawals, if applicable. Allocations are based on participant earnings or contributions or account balances, as defined. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in all contributions. In addition, a participant becomes fully vested upon death, disability, or attainment of normal or early retirement age, currently defined as 65 and 59½ years of age, respectively.

Plan Benefits: The benefits to which a participant is entitled are the benefits that can be provided from the participant's individual accounts. Benefits are payable upon retirement or upon total and permanent disability, employment termination, hardships, in-service, or death. Hardship withdrawals are permitted by the Plan at a minimum of \$500 of a participant's deferral contributions only.

Notes to Financial Statements

December 31, 2024 and December 31, 2023

Note 1: PLAN DESCRIPTION (continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. However, the \$50,000 amount in the preceding sentence is reduced by the highest outstanding loan balance the participant had under the Plan during the previous one-year period. Interest income from participant loans was \$9,792 and \$10,390 for the years ended December 31, 2024 and December 31, 2023, respectively. Participant loans are valued at the amortized cost of the loans as the loans are secured by each respective participant's account balances.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies followed by the Plan are listed below:

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties: The Plan provides for certain investment options. Investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Administrative expenses may be paid by the Employer or the Plan, at the Employer's discretion.

Note 3: INVESTMENTS

Investments held by the Plan were as follows:

	December 31, 2024	December 31, 2023
Investments at fair value:		
Mutual funds/ETFs	\$ 17,085,635	\$ 14,908,449
Common stocks	1,331	15,463
Money market funds	1,083,722	252,653
	<u>\$ 18,170,688</u>	<u>\$ 15,176,565</u>

The Plan's investments, (including investments bought, sold, and held during the year) appreciated by \$2,207,332 and \$1,919,710 for the years ended December 31, 2024 and December 31, 2023, respectively.

Interest and dividends reported by the Trustee for the years ended December 31, 2024 and December 31, 2023 were \$549,030 and \$556,995, respectively.

Note 4: FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation of other means.

Notes to Financial Statements

December 31, 2024 and December 31, 2023

Note 4: FAIR VALUE MEASUREMENTS (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments, apply to investments held directly by the Plan. There have been no changes in the methodologies used at December 31, 2024 or December 31, **2023**.

Mutual funds/ETFs, common stocks, and money market funds: The fair values of mutual funds/ETFs, common stocks, and money market funds are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's assets in fair value as of December 31, 2024 and December 31, 2023:

Fair Value Measurements at December 31, 2024				
	Level 1	Level 2	Level 3	Total

December 31, 2024 and December 31, 2023

Note 5: TAX STATUS

In a letter dated March 31, 2014, the Internal Revenue Service (IRS) has determined and informed that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC, and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to examinations for a period of three years from the date the Form 5500 was filed.

Note 6: PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. All professional fees for the administration and audit of the Plan are paid by the Plan or the Employer. Fees paid by the Plan during the years ended December 31, 2024 and December 31, 2023, for services rendered by parties-in-interest, as defined by ERISA, were based on contractual and reasonable rates for their services.

The Plan invested in mutual funds, money market funds, and cash equivalents managed by Fidelity Investments as of December 31, 2024 and December 31, 2023, and as such, these investments qualify as party-in-interest investments.

Additionally, the Plan held notes receivable from participants totaling \$217,182 and \$222,845 at December 31, 2024 and December 31, 2023, respectively, which qualify as party-in-interest transactions. There were no loans deemed in default or uncollectible at December 31, 2024 and December 31, 2023, respectively.

Note 7: INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and December 31, 2023, Note 3, and the supplemental Schedule H, Line 4i - Schedule of Assets Held For Investment Purposes as of December 31, 2024; and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and December 31, 2023.

Note 8: RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	Year Ended	
	December 31, 2024	December 31, 2023
Net assets available for benefits per the financial statements	\$ 18,403,540	\$ 15,406,417
Employer contribution receivable	(15,670)	(7,007)
Net assets available for benefits per Form 5500	<u>\$ 18,387,870</u>	<u>\$ 15,399,410</u>
Change in net assets available for benefits per the financial statements	\$ 2,997,123	\$ 3,199,012
Contribution receivable - beginning of year	7,007	1,989
Contribution receivable - end of year	(15,670)	(7,007)
Change in net assets per Form 5500	<u>\$ 2,988,460</u>	<u>\$ 3,193,994</u>

Note 9: SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued, and has determined that no material events occurred that would require disclosure in the financial statements.
