We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Quigley-Simpson & Heppelwhite, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Quigley-Simpson & Heppelwhite, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Quigley-Simpson & Heppelwhite, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental schedule of Form 5500, Schedule H, line 4i - Schedule of Assets Held at End of Year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**1. DESCRIPTION OF PLAN**

Quigley-Simpson & Heppelwhite, Inc. 401(k) Profit Sharing Plan (the Plan) was formed on March 1, 2004. The following description of the Plan is for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering all full-time employees of Quigley-Simpson & Heppelwhite, Inc. (the Sponsor) who have completed 60 days of service and attained age 21 or older and all part-time employees who have completed one year of service and attained age 21 or older. The Plan administrator controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Employee and Employer Contributions**

Each year, participants may contribute from 1% to 90% of their pre-tax annual compensation in 1% increments. The maximum dollar amount allowed for 2024 was \$23,000 and the catch-up contribution limit for age 50 or older was \$7,500. The Sponsor may make discretionary matching and profit-sharing contributions on behalf of each eligible participant. The Sponsor did not make any matching or profit-sharing contributions during the year ended December 31, 2024.

**Participant Accounts**

Each participant account is credited with the participant's contributions and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

**Vesting**

All participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of the participants' accounts and actual earnings in the Plan is based on the following schedule:

Years of Service Completed	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Qualified participants become fully vested in the employer contributions, including investment income after 6 years of service.

**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**1. DESCRIPTION OF PLAN (continued)**

**Withdrawals and Distributions**

Participants may receive a distribution from the Plan prior to their termination of employment and they can withdraw from the Plan in the event of financial hardship if they satisfy certain conditions. Generally, participants may request a pre-retirement withdrawal or a hardship distribution from their fully vested accounts in the Plan. Participants may be entitled to receive a pre-retirement distribution if he or she has reached age 59 1/2. There were no hardship distributions during the year.

**Loan to Participants**

The Plan has adopted a loan program to provide loans to plan participants. Participants are permitted to have two loans outstanding at any time. Loans bear reasonable rates of interest (the prime rates) and are adequately secured. The maximum amount of which a loan may be made is the lesser of \$50,000 or one-half of participants' vested account balances in the plan, whichever is less. The maximum amount of \$50,000 will be reduced by a participant's highest outstanding loan balance in the previous twelve months or one-half of participants' vested account balance in the plan reduced by the current outstanding loan balance. The minimum amount of any loan is \$1,000. All loans are required to be repaid according to the loan agreement or upon terminating employment.

**Payment of Benefits**

Benefit payments for vested amounts are paid to participants or their beneficiaries in a manner requested by the participant or beneficiary as soon as practicable after the participant's termination of employment, disability, retirement or death, as governed by the Plan agreement. During the year ended December 31, 2024 benefits paid to participants were \$565,898

**Mandatory Cash-Out**

If the value of a participant's vested account balance, determined as of a date following the participant's date of termination of employment, is \$5,000 or less, the participant will receive an immediate cash-out of the vested account balance as soon as administratively feasible and no further benefits will be payable from the Plan or the plan administrator will roll it over to an IRA that is established for participants.

**Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America (GAAP) require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; Tax years 2021, 2022 and 2023 are open to examination, however, there are no audits in progress for any tax periods.

**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**1. DESCRIPTION OF PLAN (continued)**

**Plan Termination**

Although the Company has not expressed any intention to do so, the employer has the right to discontinue its contributions at any time and to amend the plan, to change or eliminate various provisions, or to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each participant shall become fully vested and non-forfeitable.

**Forfeited Accounts**

Forfeited non-vested amounts may be used to reduce administrative expenses of the Plan, then any remaining forfeitures shall be applied to reduce employer contributions. As of December 31, 2024 and 2023 the ending balance of the forfeiture account was \$9,942 and \$2,314, respectively.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for uncollectible notes receivable from participants was recorded as of December 31, 2024 and 2023.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Excess Contributions Payable**

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability at the end of the plan year with a corresponding corrective distribution for the plan year then ended. The amounts payable to participants for excess contributions were none and 27,040 for the years ended December 31, 2024 and 2023, respectively.

**Payment of Benefits**

Benefits are recorded when paid.

**Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. During the year ended December 31, 2024 and 2023, total annual fees paid by the Plan were \$34,126 and \$35,311, respectively.

**3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (unaudited)**

At December 31, 2024 and 2023, the Plan's investments were held by the Custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2024 and 2023, as reported by the Custodian is summarized as follows:

	<b>December 31,</b>	
	<b>2024</b>	<b>2023</b>
Mutual funds	\$ 7,761,854	\$ 6,443,059
Common collective trust funds	108,660	74,755
	\$ 7,870,514	\$ 6,517,814

**3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (unaudited) (continued)**

During the year ended December 31, 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by \$662,764

For the year ended December 31, 2024, the plan earned interest and dividends in the amount of \$269,208

**4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of registered investment companies managed by Capital Bank & Trust Company, the Trustee and a party-in-interest to the Plan.

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

The Plan paid administrative expenses to its third-party administrator and audit fees to the Plan's independent auditors totaling \$34,126 during the year ended December 31, 2024.

**5. FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

---

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

---

Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none"><li>• quoted prices for similar assets or liabilities in active markets;</li><li>• quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• inputs other than quoted prices that are observable for the asset or liability;</li><li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
---------	--

---

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

---

**5. FAIR VALUE MEASUREMENTS (continued)**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective Funds: Fair value of this investment contract, prior to contract termination, equals the contract value. Contract value is determined using a discounted cash flow valuation methodology where the interest rate for this portfolio investment contract is reset at least as frequently as annually. This contract is not fully benefit responsive and therefore is reported at fair value on the financial statements.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

<b>Assets at Fair Value as of December 31, 2024</b>				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,761,854			\$ 7,761,854
Common collective trust trust funds		108,660		108,660
	\$ 7,761,854	\$ 108,660	\$ -	\$ 7,870,514
<b>Assets at Fair Value as of December 31, 2023</b>				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,443,059			\$ 6,443,059
Common collective trust trust funds		74,755		74,755
	\$ 6,443,059	\$ 74,755	\$ -	\$ 6,517,814

**6. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
