South Central Mental Health Counseling Center, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of South Central Mental Health Counseling Center, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the accompanying contents page, as of and for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note A - Description of Plan

The following description of South Central Mental Health Counseling Center, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution retirement plan covering employees of South Central Mental Health Counseling Center, Inc. (the Company), who have attained 18 years of age. The Plan allows employee deferral contributions for eligible employees on the first day of the month after their hire date or the date they reach age 18. The Plan also allows employer matching contributions and employer nonelective profit sharing contributions for eligible employees who have completed one year of service. A year of service is defined by the Plan as a twelve-month period during which the employee completes not less than 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Through December 31, 2022, the Plan's assets were held by Reliance Trust Company, the Plan's trustee, and the Plan's recordkeeping and administrative services were provided by ADP Retirement Services. Effective January 1, 2023, the Plan's assets were transferred to American United Life Insurance Company, the Plan's new custodian.

The Plan was established with an effective date of January 1, 2016, with the most recent plan restatement effective December 1, 2022. The Plan restatement was drafted using a non-standardized pre-approved agreement that, if adhered to, is deemed tax exempt by the Internal Revenue Service (IRS) in accordance with applicable sections of the Internal Revenue Code (IRC).

2. Contributions

Participants may enter into an elective deferral agreement authorizing the employer to withhold a portion of such participant's compensation to deposit to the Plan, subject to the Internal Revenue Code Section 402(g) limits (\$23,000 for 2024). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the Plan (\$7,500 for 2024). Participants may also make rollover contributions of amounts received from other tax-qualified retirement plans.

Through December 31, 2023, the Company's profit sharing contribution was 5 percent of the participant's eligible wages. Effective January 1, 2024, the Company's profit sharing contribution is dollar for dollar matching up to 5 percent of the participant's eligible wages. The Company may contribute additional amounts at its discretion.

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic contribution deferral arrangement, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pre-tax deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Effective January 1, 2023, the Plan changed the automatic deferral election from a 3 percent pre-tax deferral rate to a 3 percent Roth deferral rate. Effective January 1, 2024, employees hired on or after January 1, 2024, are excluded from the automatic contribution deferral arrangement.

3. Participant accounts

Each participant's account is credited with the participant's contributions, the designated portion of the Company's contribution, and allocations of plan earnings. Allocations are based on participant earnings or account balances, as defined, and are credited as of the last day of the plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their salary deferral contributions, Roth deferral contributions, rollover contributions, and related earnings. Vesting on the portion of a participant's account balance attributable to the Company's profit sharing contributions is based on years of credited service with the employer. The Plan provides for vesting of 20 percent after 1 year of service with annual vesting increases to 100 percent after 5 years of service. All contributions become fully vested if the participant attains early retirement age, enters normal retirement, becomes disabled, or dies. Nonvested benefits (forfeitures) are used to reduce future Company contributions.

5. Participant loans

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms may not exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to 1 percent above the prime rate as published in the *Wall Street Journal* on the day the loan is initiated. The interest rate is fixed for the duration of the loan. Principal and interest is paid ratably through payroll deductions.

6. Investment options

Upon enrollment in the Plan, participants may direct contributions in one or any combination of investment options offered by the Plan and may change the allocation at any time. The Plan does not have any nonparticipant-directed investments.

7. Payment of benefits

The Plan provides for payment of benefits upon death, disability, retirement, or termination of employment. If the separated participant has a vested account balance of less than or equal to \$5,000 and does not elect to receive the vested benefit, a mandatory lump sum payment will be made as soon as administratively feasible without the participant's election. A participant with a vested account balance in excess of \$5,000 may elect to receive the benefit in a single lump sum payment or installments over a period not to exceed the participant's life expectancy, or the participant may keep the balance in the Plan.

In addition, participants may elect in-service withdrawals, including financial hardship distributions, as defined by the Plan.

8. Forfeited accounts

Nonvested account balances are forfeited upon a participant's withdrawal from the Plan. Participant forfeitures are applied to reduce future Company contributions. For the years ended December 31, 2024 and 2023, forfeitures of \$15,288 and \$12,937 were used to reduce the Company's contributions, respectively.

Note B - Summary of Accounting Policies

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

3. Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and, therefore, are excluded from these financial statements. Certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for the administration of participant loans are included in administrative expenses and charged directly to the participant's account.

4. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent loans are treated as distributions based upon the terms of the Plan document.

5. Investment valuation and income recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note E for discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

6. Net appreciation (depreciation) in fair value of investments

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Note B - Summary of Accounting Policies - Continued

7. Payment of benefits

Benefits are recorded when paid.

8. Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions. The Plan had no excess contributions during 2024.

9. Contributions

Contributions from employees are recorded in the period in which the Company makes the payroll deductions from participant earnings.

10. Date of management's review and subsequent events

Subsequent events were evaluated through the date of the independent auditor's report, which is the date the financial statements were available to be issued. See Note L for subsequent events that are reported.

Note C - Party-In-Interest Transactions

The Plan's investments are held and managed by American United Life Insurance Company. Keating Financial Advisory Services provides plan design and investment advice. The Plan paid a total of \$49,297 and \$38,598 for administrative expenses to American United Life Insurance Company and Keating Financial Advisory Services during 2024 and 2023, respectively. These transactions qualify as party-in-interest transactions.

Note D - Information Certified by Custodian

Certain information related to investments and receivables from participant loans disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and receivables from participant loans held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments and interest for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by American United Life Insurance Company (the custodian of the Plan).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note E - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair market measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled separate accounts

Valued at the NAV of units of the separate account. The NAV, as provided by American United Life Insurance Company, the custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note E - Fair Value Measurements - Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value*				
Pooled separate accounts				5,409,703
Deposit with insurance company				15,879
Total investments				\$5,425,582

	December 31, 2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value*				
Pooled separate accounts				4,418,152
Deposit with insurance company				15,362
Total investments				\$4,433,514

* Certain investments that are measured at NAV (or its equivalent) have not been classified in the fair value hierarchy, as allowed by U.S. accounting principles. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note F - Investment Contract with Insurance Company

The Plan's investments include a group annuity contract with American United Life Insurance Company, which maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by American United Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed by the Plan.

As described in Note B, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by American United Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

South Central Mental Health Counseling Center, Inc. 401(k) Plan
Notes to Financial Statements - Continued
December 31, 2024 and 2023

Note F - Investment Contract with Insurance Company - Continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero. Such rates are reviewed periodically for resetting.

Note G - Income Tax Status

On October 6, 2020, the Internal Revenue Service stated that the non-standardized pre-approved agreement adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan was most recently restated with an effective date of December 1, 2022, using an IRS pre-approved plan document. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. Management is not aware of any uncertain tax positions taken by the Plan. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts, and American United Life Insurance Company shall liquidate all assets of the Plan and continue to administer the Plan in accordance with its provisions until all obligations have been satisfied.

Note J - Reportable Transactions Under ERISA

All plan assets are held by American United Life Insurance Company as of December 31, 2024. The Plan had no loans, fixed income obligations, or leases in default at December 31, 2024. The Plan had no assets in a common or collective trust fund at December 31, 2024.
