INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Beechwood Tax Sheltered Annuity Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Beechwood Tax Sheltered Annuity Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2024 and schedule h, line 4a - schedule of delinquent participant contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BEECHWOOD TAX SHELTERED ANNUITY RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the Beechwood Tax Sheltered Annuity Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan with salary reduction features as permitted under Section 403(b) of the Internal Revenue Code. The Plan was established January 1, 2008 by Beechwood Health Care Center, Inc. d/b/a Beechwood Homes (Beechwood). The Blocher Homes, Inc. (Blocher) and Asbury Pointe, Inc. (Asbury) adopted the Plan effective January 1, 2008. Beechwood Continuing Care, Inc., KenTon Enriched Housing LLC, Beechwood, Blocher, Asbury, are collectively referred to in the financial statements as the Company. Benefits are provided through the Variable Annuity Life Insurance Company (VALIC), an indirect wholly owned subsidiary of Corebridge Financial, Inc. The Plan covers all eligible employees, as defined by the Plan. Participation in the Plan begins immediately upon hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Fiscal Management Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors. The Plan was restated effective January 1, 2019.

Contributions: Participants may contribute up to 100% of their pre-tax annual compensation, subject to certain limitations as defined by the Plan. The Plan allows participants to make pre-tax and Roth (after-tax) contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make age based catch-up contributions. Participants may also contribute amounts representing distributions from other 403(b) plans. Participants direct the investment of their contributions into various funding vehicles offered by the Plan.

All employees who have completed one year of service, as defined by the Plan, are eligible to receive match and discretionary employer contributions. The Company will make a fixed, matching contribution to eligible employees at an amount equal to 50% of contributions made each pay period, not to exceed 8% of the participant's eligible compensation. Employer matching contributions for the plan year ended December 31, 2024 amounted to \$420,527 (\$411,651 - 2023). There were no employer discretionary contributions for the years ended December 31, 2024 and 2023.

Lastly, the Company will make a grandfather contribution for all eligible, non-highly compensated employees, as defined by the Plan, who have attained the age of 40 and completed 14 years of service by December 31, 2007. The grandfather contribution is based on the following schedule:

<u>Age as of December 31, 2007</u>	<u>Compensation Percentage</u>
Age 40 – 44	4%
Age 45 – 49	5%
Age 50 – 54	6%
Age 55 – 59	8%
Age 60 or more	10%

The grandfather contributions amounted to \$24,173 for the year ended December 31, 2024 (\$31,298 - 2023).

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Any participants hired prior to January 1, 2017 shall also be immediately vested in their employer match contributions. Except for those participants that meet the aforementioned criteria, participants become 100% vested in their employer contributions upon completion of three years of service.

BEECHWOOD TAX SHELTERED ANNUITY RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the employee contribution portion of their account balance. Loans are not available from accounts attributable to employer or matching contributions. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the current prime rate. Principal and interest are paid ratably through payroll deductions.

Participants may only borrow money from their fund accounts for the following purposes:

- Medical expenses
- Purchase of principal residence
- Eviction prevention
- Funeral expenses for an immediate family member
- Repair of damage to a principal residence
- Repair or purchase of transportation necessary to travel to and from work.

Participant Accounts: Each participant's account is credited with both the participant's contribution and Company's contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of plan expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits: Upon termination of service due to death, disability or retirement, participants are eligible to receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows in-service distributions for those participants who have attained the age of 59 1/2. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures: Forfeitures of employer contributions not vested in participant accounts because of terminations will be applied to reduce future Company contributions. Forfeitures used to reduce employer contributions during the year ended December 31, 2024 amounted to \$18,949. There were no forfeitures used to reduce employer contributions during the year ended December 31, 2023. At December 31, 2024, forfeited non-vested accounts totaled \$261 (\$4,026 - 2023).

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Fiscal Management Committee determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

BEECHWOOD TAX SHELTERED ANNUITY RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Administrative Expenses: Certain administrative expenses of maintaining the Plan are paid by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Separate accounts: Separate accounts are stated at fair value based on the quoted market prices of the underlying mutual funds. The net asset value is used as a practical expedient to determine fair value for these accounts. Each separate account provides for redemptions by the Plan at reported net asset values per share, with no advance notice requirement. Investments in this category can be transferred once every 30 days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into this category until the 30-day period has expired. New contributions are allowed during this time period.

BEECHWOOD TAX SHELTERED ANNUITY RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

Shares of registered investment companies: Valued at the net asset value (NAV) of shares held by the plan at year end. The NAV is the closing price reported on the active market on which the securities are traded.

Fixed accounts: Valued at fair value which represents the amount the Plan would receive if they terminated the contract at the reporting date, which is the contract value less an early withdrawal charge and a market value adjustment. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value. Certain events, such as a change in law, regulation, administrative ruling or employer-initiated termination of the Plan, may limit the ability of the Plan to transact the fixed accounts at contract value with the issuer. The Plan's management does not believe that the occurrence of any such events are probable. The fixed accounts are backed by the general assets of VALIC. The fair market value is calculated using observable inputs such as average yields and crediting rate inputs and is classified as Level 2 in the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	Assets at Fair Value as of December 31, 2024			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively.

NOTE 4. FIXED ACCOUNTS

The Plan invests in several fixed accounts through a group fixed variable deferred annuity contract (the Contract) with VALIC. The terms of the separate fixed accounts under the contract are as follows:

VALIC Fixed Account Plus: The investment is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VALIC provides a guarantee of principal. A guaranteed minimum rate of interest varies by participant and depends on the date the participant establishes their account. Contract value represents contributions made under the account, plus earnings, less participant withdrawals and administrative expenses which approximates the fair value at December 31, 2024 of \$324,897 (\$515,080 - 2023). The fair value of the Contract is not materially different from its contract value. Due to the liquidity restrictions on the redemption of this annuity contract, the investment contract is not considered benefit responsive. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.85%. Such interest rates are reviewed on a monthly basis for resetting. The Contract does not permit VALIC to terminate the agreement prior to the scheduled maturity date. The average yield based on actual earnings for the years ended December 31, 2024 and 2023 is 1.85%. The average yield based on interest rate credited to the participants for the years ended December 31, 2024 and 2023 is 1.85%.

VALIC Short Term Fixed Account: The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VALIC provides a guarantee of principal, a guaranteed minimum rate of interest rate varies by participant and depends on the date the participant establishes their account. Contract value represents contributions made under the account, plus earnings, less participant withdrawals and administrative expenses which approximates the fair value at December 31, 2024 of \$12,869 (\$12,908 - 2023). The fair value of the Contract is not materially different from its contract value. Due to the liquidity restrictions on the redemption of this annuity contract, the investment contract is not considered benefit responsive. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a monthly basis for resetting. The Contract does not permit VALIC to terminate the agreement prior to the scheduled maturity date. The average yield based on actual earnings for the years ended December 31, 2024 and 2023 is 1.85%. The average yield based on interest rate credited to the participants for the years ended December 31, 2024 and 2023 is 1.85%.

NOTE 5. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS

The Plan invests in a fixed account through a group fixed variable deferred annuity contract (the Contract) with VALIC which holds fully benefit responsive investment contracts as assets and therefore are reported at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VALIC provides a guarantee of principal, a guaranteed minimum rate of interest of 1.50%, and the potential for additional interest declared by VALIC. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the account, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value. The contract value at December 31, 2024 amounted to \$957,883 (\$884,187 - 2023). Certain events, such as a change in law, regulation, administrative ruling or employer-initiated termination of the Plan, may limit the ability of the Plan to transact the guaranteed interest account at contract value with the issuer. The Plan's management does not believe that the occurrence of any such events are probable. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.50%. Such interest rates are reviewed on a monthly basis for resetting. The Contract does not permit VALIC to terminate the agreement prior to the scheduled maturity date.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by VALIC, the custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8. TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9. FINANCIAL CERTIFICATION

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, as well as earnings and transactions for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by VALIC Trust Company Inc. and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from VALIC that information provided to the Plan Administrator by VALIC related to the following assets as well as earnings and transactions is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information:

	<u>2024</u>	<u>2023</u>

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for plan benefits per the financial statements	\$ 17,486,421	\$ 16,640,654
Differences in:		
Investments	97,939	88,915
Notes receivable from participants	<u>(97,939)</u>	<u>(88,915)</u>
Net assets available for plan benefits per the Form 5500	<u>\$ 17,486,421</u>	<u>\$ 16,640,654</u>

NOTE 12. PROHIBITED TRANSACTIONS

The Company inadvertently failed to deposit \$88 and \$2,876 of participant elective deferral contributions for the years ending December 31, 2024 and 2023, respectively, within the required time frame as stated by United States Department of Labor (DOL) regulations. The Company will correct the 2024 and 2023 errors by contributing the amounts to the Plan (with additional earnings), filing a Form 5330, and pay the applicable excise tax to the Internal Revenue Service during 2025. The excise tax payments are made from the Company's assets and not the assets of the Plan.

NOTE 13. SUBSEQUENT EVENTS

Effective July 11, 2025, the Plan was amended to permit hardship distributions, and to not permit participant loans.

The Plan has evaluated subsequent events through October 1, 2025, the date the financial statements were available to be issued.
