INDEPENDENT AUDITORS' REPORT

To the Participants and Benefits Plan Administration Committee
Billerud Americas Corporation Retirement Savings Plan for Bargained Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Billerud Americas Corporation Retirement Savings Plan for Bargained Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Billerud Americas Corporation Retirement Savings Plan for Bargained Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Billerud Americas Corporation Retirement Savings Plan for Bargained Employees' ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Billerud Americas Corporation Retirement Savings Plan for Bargained Employees' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Billerud Americas Corporation Retirement Savings Plan for Bargained Employees' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN:

The following description of the Billerud Americas Corporation Retirement Savings Plan for Bargained Employees (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan covers full-time employees of Billerud Americas Corporation (the "Sponsor") that are covered by a collective bargaining agreement that provides for participation in the Plan. Eligible participants may begin participating in the Plan immediately. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA"). The Benefits Plan Administration Committee is responsible for oversight of the Plan. The Investment Policy Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Participants are permitted to defer up to 85% of their eligible compensation subject to the maximum amount permitted by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations established by the Internal Revenue Code ("IRC").

Participants may also be eligible for Sponsor matching contributions and fixed contributions. The formula for determining the matching and fixed contributions depends on the participant's respective collective bargaining agreement and their status as either grandfathered or non-grandfathered in the Billerud Americas Corporation Employee Pension Plan. Participants represented by a participating union group are eligible for matching contributions ranging from 3% to 4%. Grandfathered employees are eligible for non-elective contributions equal to 3% of eligible compensation, and non-Grandfathered employees are eligible for a non-elective contribution ranging from 2.5% to 6.5% of eligible compensation depending on their age and vesting service.

Participant accounts

Each participant's account is credited with the participant's contributions, as well as allocations of the Sponsor's matching and fixed contributions and Plan earnings. Participant accounts were charged \$12.25 per quarter for administrative expenses through May 31, 2024. Effective June 1, 2024, participant accounts are charged \$11.50 per quarter for administrative expenses. The Plan generates revenue sharing in excess of the provider's service fees that is used to pay other fees or is allocated back to participants. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all employee contributions and Sponsor matching contributions plus earnings thereon. Sponsor fixed contributions plus earnings thereon will be vested after the completion of three years of vesting service.

Notes receivable from participants

Participants may borrow from their accounts up to a maximum of 50% of their vested account balance, but not to exceed \$50,000. Participants are permitted to have no more than two loans outstanding at a time. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at prime plus 1%, which is commensurate with local prevailing rates and is determined by the plan administrator at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of employment due to death, disability, or retirement, participants have the option to leave their balance in their account (if the balance is greater than \$1,000) or receive lump-sum or installment distributions. For termination of employment for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants may also make certain in-service withdrawals from the Plan such as hardship and post age 59 ½ withdrawals.

Forfeitures

Forfeitures of non-vested sponsor contributions may be used to restore the amount of previous forfeitures for rehired participants with separations of service of less than five years, to reduce the amount of Plan Sponsor contributions, or to pay the cost of administering the Plan. For the year ended December 31, 2024, forfeited non-vested accounts in the amount of \$37,312 were used for the purposes described above. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$18,163 and \$12,718 respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments, as described in Note 4, are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses and other plan administration expenses are included in investment income and are charged to participant accounts based on their account balances.

Subsequent events

The Plan has evaluated subsequent events through September 24, 2025, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company ("State Street") has certified the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, and the supplemental schedule of assets (held at end of year) as of December 31, 2024; the related investment activity and interest on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Interest-bearing cash: Valued at cost which approximates fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. The funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (“NAV”) per share and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Pooled separate account: Pooled separate accounts are held in investment contracts with the custodian and are invested according to the stated objectives of the various accounts. The principal is not guaranteed. The pooled separate accounts are valued at the net asset value, which is based on the market value of its underlying investments. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

Common/collective trusts: These investments do not have a readily determinable fair value. As permitted by accounting principles generally accepted in the United States of America, the Plan has valued such investments at NAV as a practical expedient to estimate fair value. The NAV per share, as provided by the investment manager, is based on the underlying net assets owned by the fund, divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan’s assets that were measured at fair value on a recurring basis as of December 31, 2024 and 2023:

Assets at Fair Value at December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Assets at NAV</u>	<u>Total</u>

Pooled separate account:				
Transamerica Guaranteed Investment Option	\$ 16,955,801	n/a	Daily	1 day

The table below sets forth the fair value and redemption frequency for those assets whose fair value is estimated using the net asset value per share as of December 31, 2023:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common/Collective trust:				
State Street S&P 500 Index Fund NL Class N	\$ 29,972,265	-	Daily	1 day

The common/collective trust and pooled separate account held by the Plan are direct filing entities (“DFE”). The Plan is not required to disclose the investment strategies of DFEs that file a Form 5500 annual report directly with the U.S. Department of Labor.

5. GUARANTEED INVESTMENT CONTRACTS:

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Transamerica Life Insurance Company (“Transamerica”), which totaled \$17,029,455 at December 31, 2024. The Plan held a traditional fully benefit-responsive guaranteed investment contract with New York Life Insurance Company (“New York Life”), which totaled \$20,064,365 at December 31, 2023. Transamerica and New York Life maintain the contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts

because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the insurance company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without consent of the user.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are managed by State Street Bank and Trust Company, the trustee; therefore, these transactions qualify as party-in-interest transactions.

7. TRANSFERS:

Certain transfers of assets between the Plan and the Billerud Americas Corporation Retirement Savings Plan for Non Union Employees occurred due to eligible employees changing to positions covered under a collective bargaining agreement. Transfers into the Plan from Billerud Americas Corporation Retirement Savings Plan for Non Union Employees totaled \$20,282 for the year ended December 31, 2024. Transfers out of the Plan to Billerud Americas Corporation Retirement Savings Plan for Non Union Employees totaled \$(1,004,949) for the year ended December 31, 2024.

8. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all benefits will be distributed to participants and beneficiaries in proportion to their respective account balances.

9. TAX STATUS:

The Sponsor has adopted a non-standardized pre-approved profit sharing Plan document which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020. The IRS stated in the letter that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended. While the Sponsor has not obtained its own determination letter on the Plan, management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

10. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

11. PLAN AMENDMENT CARES ACT:

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans during 2020. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the plan document.

The Plan Administrator has adopted the distribution relief provisions included in the CARES Act which permitted qualified individuals to request a pre-approved distribution, through participant self-certification of eligibility. The maximum dollar amount that could be requested per participant was \$100,000 through December 30, 2020. The Organization intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.
