## INDEPENDENT AUDITOR'S REPORT

October 1, 2025

To the Board of Trustees of the  
Excelsior University Supplemental 403(b) Plan:

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Excelsior University Supplemental 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Excelsior University Supplemental 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

## **INDEPENDENT AUDITOR'S REPORT**

(Continued)

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Excelsior University Supplemental 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Excelsior University Supplemental 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

## **INDEPENDENT AUDITOR'S REPORT**

(Continued)

### **Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Excelsior University Supplemental 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Excelsior University Supplemental 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(Continued)

## **INDEPENDENT AUDITOR'S REPORT**

(Continued)

### **Other Matter - Supplemental Schedule Required by ERISA (Continued)**

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

# EXCELSIOR UNIVERSITY SUPPLEMENTAL 403(b) PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### 1. THE PLAN

The following description of the Excelsior University Supplemental 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a contributory defined contribution 403(b) plan established for employees of Excelsior University (the University). The Plan is administered by management of the University and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan assets are held by Teachers Insurance and Annuity Association (TIAA), College Retirement Equities Fund (CREF), TIAA Trust, N.A. (For the year ended December 31, 2024 and from July 2023 through December 31, 2023) and TIAA, FSB (From January 1, 2023 through July 2023).

#### **Eligibility**

All employees of the University are eligible to begin salary deferrals upon their date of employment.

#### **Contributions**

Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan on a pre-tax basis. Effective September 21, 2018, the Plan automatically enrolls eligible participants for salary deferral under its Automatic Enrollment feature. Under Automatic Enrollment, 1% of the participant's compensation will be contributed to the Plan as pre-tax contributions unless the participant elected to either not make elective deferral contributions or contribute a different percentage. Participants may roll over into the Plan the distributions participants have received from other plans and Individual Retirement Accounts, provided such distributions are legally qualified to be rolled over into this plan.

#### **Vesting**

Participants are immediately fully vested in their voluntary contributions and actual investment earnings and losses thereon.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions along with an allocation of Plan earnings and losses and certain administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document.

#### **Investment Options**

The Plan currently offers several registered investment company accounts, variable annuity contracts, fixed annuity contracts, and a pooled separate account. Participants may change their investment options daily.

#### **Payment of Benefits**

Upon termination, retirement, death or permanent disability, a participant is entitled to receive an amount equal to the value of the participant's vested interest in their account. Distributions of a participant's account are made in the form of installments or lump-sum payments. Benefit payments to participants are recorded when paid.

## 1. THE PLAN (Continued)

### Hardship Withdrawals

Prior to age 59  $\frac{1}{2}$ , a participant may withdraw only his or her participant contributions for reasons of hardship. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

### Administrative Expenses

The Plan permits the payment of plan expenses to be made from plan assets. Substantially all administrative expenses associated with the Plan are paid by plan's participants as a reduction of investment income.

### Notes Receivable From Participants

Participants may borrow from their account up to a maximum amount that is equal to the lesser of \$50,000, or 50 percent of their account balance. No loans less than \$1,000 will be made. Generally, loan terms may range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at varying rates based upon how the participant's retirement balance is invested. Principal and interest is paid ratably through payroll deductions.

### Plan Loans

Plan loans made through TIAA and CREF are issued directly from funds owned by TIAA and CREF and collateralized by Plan investments. Therefore, the Plan does not report these loans as assets in the accompanying statements of assets available for benefits. Outstanding Plan loans were \$3,329 and \$4,512 at December 31, 2024 and 2023, respectively, with interest rates ranging from 4.60% to 4.88%. There were \$3,329 and \$3,150 outstanding Plan loans in default status as of December 31, 2024 and 2023, respectively.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of additions and deductions during the reporting period. Accordingly, actual results could differ from those estimates.

### Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, currency and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the financial statements.

### Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. During 2024 and 2023, \$14,913 and \$9,776 of delinquent loans were reclassified as distributions, respectively.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Investment Valuation and Income Recognition**

The Plan invests in registered investment company accounts, pooled separate accounts, variable annuity contracts, and fixed annuity contracts. Registered investment companies, pooled separate accounts, and variable annuity accounts are reported at fair value. Fully benefit responsive fixed annuity contracts are stated at contract value, as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. All investments are participant-directed.

### **Fair Value Measurement**

Accounting Standards Codification (ASC) Section 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Section 820 are described below:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

*Registered investment companies and variable annuity contracts:* Valued at the net asset value of shares held at year end based on quoted prices in active markets.

*Pooled separate accounts:* The fair values of interests in pooled separate accounts are measured based upon Net Asset Value ("NAV") published on a daily basis using the fair value of the fund's underlying assets.

There have been no changes in valuation methodology in 2024 or 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### 3. CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Investments	<u>\$ 40,356,620</u>	<u>\$ 34,892,384</u>
Notes receivable from participants	<u>\$ 201,016</u>	<u>\$ 182,276</u>
Total investment income	<u>\$ 4,260,534</u>	<u>\$ 4,465,056</u>
Interest on notes receivable from participants	<u>\$ 16,616</u>	<u>\$ 8,598</u>

Schedule of Assets (Held at End of Year) - Schedule I

### 4. FAIR VALUE MEASUREMENTS

At December 31, 2024, the Plan's investments measured at fair value on a recurring basis are as follows:

	Level 1 <u>Inputs</u>	Level 2 <u>Inputs</u>	Level 3 <u>Inputs</u>	<u>Total</u>
Registered investment company accounts	27,021,799	\$ -	\$ -	\$ 27,021,799

### 5. FIXED ANNUITY CONTRACTS

The Plan's investment in fixed annuity contracts is comprised of guaranteed insurance contracts established between the Plan's participants and TIAA and CREF. These contracts guarantee the participants' principal and a minimum interest rate. In addition, participants have the opportunity to earn amounts in excess of the guaranteed rate.

The Plan has fully benefit-responsive fixed annuity contracts with TIAA and CREF totaling \$5,028,189 and \$4,541,515 at December 31, 2024 and 2023, respectively. TIAA and CREF maintain plan contributions in separate accounts. The accounts are credited with contributions and earnings on the underlying investments and are charged for plan withdrawals.

## **5. FIXED ANNUITY CONTRACTS (Continued)**

For fixed annuity contracts, TIAA and CREF determine contract value, which approximates fair value, using two different methods, a discounted cash flow model and a theoretical transfer value. The discounted cash flow method is calculated using a risk-adjusted market discount rate, which correlates closely with the Plan's fixed annuity interest rate. The interest rate associated with the Plan's Fixed Annuity Contract can range from 4% to 7% based on the current market environment. The theoretical transfer value method presumes that contributions into the annuity represent transactions between a willing buyer and seller, and therefore, establish a market.

The fixed annuity contracts guaranteed minimum returns are supported by the TIAA and CREF General Account portfolio, which invests primarily in U.S. debt instruments and investment grade corporate bonds; however, is also permitted to invest in higher risk securities, including but not limited to, sub-investment grade corporate bonds, common stock, and real estate. The assets and earnings from this portfolio are used to pay the guaranteed interest rate associated with the annuity contracts, as well as future annuity payments.

## **6. PLAN TERMINATION**

Although it has not expressed any intent to do so, the University has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their account.

## **7. INCOME TAX STATUS**

The Plan is exempt from federal income tax under Section 403(b) of the Code. The Plan is required to operate in conformity with the Internal Revenue Code to maintain its tax-exempt status for Plan participants. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

## **8. PARTY-IN-INTEREST TRANSACTIONS**

The Plan allows participants of the Plan to invest in certain funds that are managed by TIAA and CREF. As such, transactions between the participants investing in these funds and the Plan qualify as party-in-interest transactions.

The Plan also allows participants of the Plan to receive participant and plan loans under specific circumstances. As such, transactions between the participants that have notes receivables with the Plan qualify as party-in-interest transactions.

## **9. RECONCILIATION TO FORM 5500**

The classification of changes in net assets available for benefits for the periods ended December 31, 2024 and 2023 differs between these financial statements and Form 5500. However, the total change in net assets available for benefits for the periods then ended agrees between these financial statements and Form 5500.

## **10. SUBSEQUENT EVENTS**

Subsequent events have been evaluated through October 1, 2025, which is the date the financial statements were available to be issued.
