Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **KPMG LLP**

(2) EIN: **13-5565207**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X

Independent Auditors' Report

To the Plan Participants and Plan Administrator
Hoag Clinic Medical Groups 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hoag Clinic Medical Groups 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information

to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HOAG CLINIC MEDICAL GROUPS 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of Plan

The following description of the Hoag Clinic Medical Groups 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering employees of Hoag Medical Group, Inc., Hoag Specialty Clinic and Hoag Concierge Medicine (the Medical Groups) subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Hoag Medical Group, Inc. is the Plan Sponsor of the Plan.

An employee of the Medical Groups is eligible to participate on the first day of the month following employment with no age requirement.

The Plan includes an automatic enrollment provision, whereby new participants are assigned a 3% initial deferral rate, increasing at 1% per year up to a maximum of 15%. Participants may manually change or cancel the automatic enrollment percentage.

(b) Contributions and Forfeited Amounts

A participant is permitted to make employee contributions to the Plan in an amount up to 75% of his or her compensation subject to Internal Revenue Service (IRS) limitations. The Medical Groups may match contributions at their own discretion.

The employers may make discretionary contributions to participant accounts. The discretionary formulas applicable during the years ended December 31, 2024 and 2023 included a matching contribution of 50% of the participant's contribution up to 6% of the participant's compensation (i.e., 3% maximum matching contribution).

All employee contributions are 100% vested. All employer contributions, to include any employer matching contributions, are 100% vested after two years.

Employee contributions may be pre-tax or Roth and may include catch-up contributions if age requirements are met. Effective October 1, 2024, employees may also make non-Roth after-tax contributions.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures of terminated participants' nonvested accounts are allocated to reduce future contributions by the employers. During the years ended December 31, 2024 and 2023, \$191,736 and \$16,332, respectively, of forfeitures were used to reduce employer contributions. \$159,670 and \$257,191 of forfeitures remain unallocated as of December 31, 2024 and 2023, respectively.

(c) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance less their highest outstanding loan balance

HOAG CLINIC MEDICAL GROUPS 401(K) PLAN

Notes to Financial Statements

within the past 12 months. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are at a fixed rate commensurate with 1% over prime rates as determined by the plan administrator at the time of borrowing, and the rates of outstanding loans as of December 31, 2024 were 4.25% to 9.5%.

(d) Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any increments of the investment options available. In addition, participants may change their investment options daily.

(e) Withdrawals

Certain participant in-service withdrawals, including the case of financial hardship, are permitted. The contributions to a participant's account may only be withdrawn to the extent that such contributions are vested. On termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account, or upon death, disability, or retirement, elect to receive annual installments over a period not to exceed the life expectancy of the participant or designated beneficiary.

Participants may withdraw funds on account of financial hardship if the participant satisfies certain conditions. This hardship distribution is not in addition to other participant benefits and will therefore reduce the value of the benefits participants will receive upon termination of employment or other event entitling the participant to distribution of their account balance. Participants may request a hardship distribution only from the vested portion of their elective deferral contributions.

(f) Plan Termination

The Plan is expected to continue indefinitely subject to the provisions of ERISA to terminate. Upon termination, all Plan participant interests shall become fully vested.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

(b) Investment Valuation, Income Recognition, and Credit Risk

The Plan's investments are stated at fair value, except for the Group Annuity Contract, which is valued at contract value, which approximates fair value. Shares of registered investment companies are valued at quoted market prices. Collective trust funds are valued at a daily calculated unit value, which is considered by Plan management as readily determinable fair value measurement as the collective trust fund trades daily and has a published price that investors can obtain at any time.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's net gains and losses on investments bought and sold, as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain

HOAG CLINIC MEDICAL GROUPS 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments.

(c) Administrative Expenses

All administrative expenses may be paid in whole or in part by the Medical Groups. Any expenses not paid by the Medical Groups shall be paid for by the Plan. Administrative expenses paid by the Plan were \$119,380 for the year ended December 31, 2024.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(e) Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued, but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

(f) Payments of Benefits

Benefits are recorded when paid.

(3) Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, defines fair value, establishes a framework for measuring fair value, and establishes disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price).

ASC Topic 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1. Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2. Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

HOAG CLINIC MEDICAL GROUPS 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3. Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest-level input that is significant to the fair value measurement in its entirety.

Assets and liabilities measured at fair value are based on one or more of three valuation techniques noted in the tables below.

- a. Market approach: Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities
- b. Cost approach: Amount that would be required to replace the service capacity of an asset (replacement cost)
- c. Income approach: Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing, and excess earnings models)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value.

Assets at fair value as of December 31, 2024					
	Level 1	Level 2	Level 3	Total	Valuation technique (a, b, c)

Mutual funds	15,461,833	—	—	15,461,833	a
Total investments				\$ 31,043,008	

(4) Tax Status of the Plan

The Plan sponsor adopted a pre-approved plan effective January 1, 2023. The Internal Revenue Services (“IRS”) informed the pre-approved plan provider, in an opinion letter dated June 30, 2020, that the form of the plan is acceptable under the requirements of the IRC. An employer may rely on a favorable opinion letter issued to a pre-approved plan provider as evidence that the plan is qualified under Code Section 401(a) as provided in Revenue Procedure 2017-41. Although the pre-approved plan has been amended since receiving their opinion letters, the Plan administrator believes the Plan is designed and being operated in compliance with applicable requirements of the IRC so that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Investment Contract with Insurance Company

The Plan participates in a fully benefit-responsive guaranteed investment contract with Great-West, which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract meets the Fully Benefit-Responsive Investments Contract (FBRIC) criteria and, therefore, is required to be reported at contract value. Contract value is the relevant measure for FBRIC because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The contract is subject to certain restrictions on liquidation, including a 36-month holding period upon contract termination, which was triggered by the transfer of assets in the Plan merger that occurred on January 1, 2023. These restrictions do not impact participant withdrawals as described in note 1(e) from accounts that may hold this investment.

HOAG CLINIC MEDICAL GROUPS 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

(6) Related Party and Parties-In-Interest Transactions

The Plan also holds shares of certain mutual funds that are managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party in interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

(7) Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the 2023 and 2024 plan years. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments, at fair value
- Investments, at contract value
- Notes receivable from participants
- Net appreciation in the fair value of investments
- Dividend and interest income
- Interest income from notes receivable from participants
- Investment balances included in note 3 (excluding level designations)
- Investments reflected on the supplemental schedule H line 4i – schedule of assets (held at end of year).

(8) Subsequent Events

Management has evaluated subsequent events for the Plan through September 26, 2025, the date on which the financial statements were available to be issued.

Independent Auditors' Report

To the Plan Participants and Plan Administrator
Hoag Clinic Medical Groups 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hoag Clinic Medical Groups 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information

to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HOAG CLINIC MEDICAL GROUPS 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of Plan

The following description of the Hoag Clinic Medical Groups 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering employees of Hoag Medical Group, Inc., Hoag Specialty Clinic and Hoag Concierge Medicine (the Medical Groups) subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Hoag Medical Group, Inc. is the Plan Sponsor of the Plan.

An employee of the Medical Groups is eligible to participate on the first day of the month following employment with no age requirement.

The Plan includes an automatic enrollment provision, whereby new participants are assigned a 3% initial deferral rate, increasing at 1% per year up to a maximum of 15%. Participants may manually change or cancel the automatic enrollment percentage.

(b) Contributions and Forfeited Amounts

A participant is permitted to make employee contributions to the Plan in an amount up to 75% of his or her compensation subject to Internal Revenue Service (IRS) limitations. The Medical Groups may match contributions at their own discretion.

The employers may make discretionary contributions to participant accounts. The discretionary formulas applicable during the years ended December 31, 2024 and 2023 included a matching contribution of 50% of the participant's contribution up to 6% of the participant's compensation (i.e., 3% maximum matching contribution).

All employee contributions are 100% vested. All employer contributions, to include any employer matching contributions, are 100% vested after two years.

Employee contributions may be pre-tax or Roth and may include catch-up contributions if age requirements are met. Effective October 1, 2024, employees may also make non-Roth after-tax contributions.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures of terminated participants' nonvested accounts are allocated to reduce future contributions by the employers. During the years ended December 31, 2024 and 2023, \$191,736 and \$16,332, respectively, of forfeitures were used to reduce employer contributions. \$159,670 and \$257,191 of forfeitures remain unallocated as of December 31, 2024 and 2023, respectively.

(c) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance less their highest outstanding loan balance

within the past 12 months. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are at a fixed rate commensurate with 1% over prime rates as determined by the plan administrator at the time of borrowing, and the rates of outstanding loans as of December 31, 2024 were 4.25% to 9.5%.

(d) Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any increments of the investment options available. In addition, participants may change their investment options daily.

(e) Withdrawals

Certain participant in-service withdrawals, including the case of financial hardship, are permitted. The contributions to a participant's account may only be withdrawn to the extent that such contributions are vested. On termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account, or upon death, disability, or retirement, elect to receive annual installments over a period not to exceed the life expectancy of the participant or designated beneficiary.

Participants may withdraw funds on account of financial hardship if the participant satisfies certain conditions. This hardship distribution is not in addition to other participant benefits and will therefore reduce the value of the benefits participants will receive upon termination of employment or other event entitling the participant to distribution of their account balance. Participants may request a hardship distribution only from the vested portion of their elective deferral contributions.

(f) Plan Termination

The Plan is expected to continue indefinitely subject to the provisions of ERISA to terminate. Upon termination, all Plan participant interests shall become fully vested.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

(b) Investment Valuation, Income Recognition, and Credit Risk

The Plan's investments are stated at fair value, except for the Group Annuity Contract, which is valued at contract value, which approximates fair value. Shares of registered investment companies are valued at quoted market prices. Collective trust funds are valued at a daily calculated unit value, which is considered by Plan management as readily determinable fair value measurement as the collective trust fund trades daily and has a published price that investors can obtain at any time.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's net gains and losses on investments bought and sold, as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain

HOAG CLINIC MEDICAL GROUPS 401(K) PLAN

Notes to Financial Statements

investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments.

(c) Administrative Expenses

All administrative expenses may be paid in whole or in part by the Medical Groups. Any expenses not paid by the Medical Groups shall be paid for by the Plan. Administrative expenses paid by the Plan were \$119,380 for the year ended December 31, 2024.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(e) Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued, but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

(f) Payments of Benefits

Benefits are recorded when paid.

(3) Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, defines fair value, establishes a framework for measuring fair value, and establishes disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price).

ASC Topic 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1. Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2. Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

HOAG CLINIC MEDICAL GROUPS 401(K) PLAN

Notes to Financial Statements

Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3. Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest-level input that is significant to the fair value measurement in its entirety.

Assets and liabilities measured at fair value are based on one or more of three valuation techniques noted in the tables below.

- a. Market approach: Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities
- b. Cost approach: Amount that would be required to replace the service capacity of an asset (replacement cost)
- c. Income approach: Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing, and excess earnings models)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value.

Assets at fair value as of December 31, 2024					
	Level 1	Level 2	Level 3	Total	Valuation technique (a, b, c)

(4) Tax Status of the Plan

The Plan sponsor adopted a pre-approved plan effective January 1, 2023. The Internal Revenue Services (“IRS”) informed the pre-approved plan provider, in an opinion letter dated June 30, 2020, that the form of the plan is acceptable under the requirements of the IRC. An employer may rely on a favorable opinion letter issued to a pre-approved plan provider as evidence that the plan is qualified under Code Section 401(a) as provided in Revenue Procedure 2017-41. Although the pre-approved plan has been amended since receiving their opinion letters, the Plan administrator believes the Plan is designed and being operated in compliance with applicable requirements of the IRC so that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Investment Contract with Insurance Company

The Plan participates in a fully benefit-responsive guaranteed investment contract with Great-West, which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract meets the Fully Benefit-Responsive Investments Contract (FBRIC) criteria and, therefore, is required to be reported at contract value. Contract value is the relevant measure for FBRIC because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The contract is subject to certain restrictions on liquidation, including a 36-month holding period upon contract termination, which was triggered by the transfer of assets in the Plan merger that occurred on January 1, 2023. These restrictions do not impact participant withdrawals as described in note 1(e) from accounts that may hold this investment.

December 31, 2024 and 2023

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

(6) Related Party and Parties-In-Interest Transactions

The Plan also holds shares of certain mutual funds that are managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party in interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

(7) Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the 2023 and 2024 plan years. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments, at fair value
- Investments, at contract value
- Notes receivable from participants
- Net appreciation in the fair value of investments
- Dividend and interest income
- Interest income from notes receivable from participants
- Investment balances included in note 3 (excluding level designations)
- Investments reflected on the supplemental schedule H line 4i – schedule of assets (held at end of year).

(8) Subsequent Events

Management has evaluated subsequent events for the Plan through September 26, 2025, the date on which the financial statements were available to be issued.
