INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Plan Administrator of
North Country Business Products, Inc. Associate Stock Ownership Plan
Bemidji, Minnesota

Opinion

We have audited the accompanying financial statements of North Country Business Products, Inc. Associate Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of North Country Business Products, Inc. Associate Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of North Country Business Products, Inc. Associate Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about North Country Business Products, Inc. Associate Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of North Country Business Products, Inc. Associate Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about North Country Business Products, Inc. Associate Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ASSOCIATE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

A. Description of Plan

The following description of the North Country Business Products, Inc. Associate Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - North Country Business Products, Inc. (Company) established the Plan effective as of July 1, 1995. The Plan operates, in relevant part, as a non-leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an Employee Benefits Administrative Committee comprising up to 3 persons appointed by the Company's Board of Directors.

Plan Entry Date - Employees may enter the Plan on the first day of January or retrospectively to their hire date after their 1st consecutive 6 months of employment as long as they have 500 hours of service and are at least 21 years old.

Concentrations of Credit Risk - The Plan maintains its cash in a deposit account, the balance of which is periodically in excess of federally insured limits. However, no losses have been experienced in such accounts.

Eligibility - Employees of the Company age 21 and older are generally eligible to participate in the Plan after 6 months of service providing they worked at least 500 hours during such Plan year. Participants who do not have at least 500 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions - The Company makes voluntary contributions as determined by the Company's Board of Directors. These employer contributions may be paid in cash or shares of stock. The maximum contribution shall not exceed the maximum amount deductible by the Company for income tax purposes. Participants are not permitted to make contributions to the Plan.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Payment of Benefits - Distributions of vested balances on account of death, disability, or retirement are made in a lump sum as soon as administratively feasible. Distributions for other separations from service are paid in a series of substantially equal annual installments over a fixed period of not less than five years not to exceed the participant's life expectancy. The terminated participant may elect an immediate lump-sum distribution of his or her vested portion of the account provided that amount does not exceed \$15,000. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share of common stock. Generally, certain minimum distributions are required for participants who have separated from service and have reached the required age.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. The Company repurchases shares from participants at prices determined by an independent appraisal. For the years ended December 2024 and 2023, the Company repurchased 466.7808 and 602.8165 shares, respectively.

Administrative Expenses - As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan. See Note E for details pertaining to Plan expenses.

Voting Rights - Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balance.

Vesting - If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balance in his or her account based on total years of service with the Company. Participants vest 20% per year of service from year two and are 100% vested after six years of service.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Put Option - Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification - Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution. Participants eligible to diversify make their election after year-end based on the number of shares of the employer's stock held in their account at year-end.

Forfeitures - Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2024 and 2023 totaled \$18,757 and \$12,969, respectively. All remaining forfeited shares are allocated to remaining eligible participants at the end of each Plan year.

B. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The shares of the Company common stock are reported at fair value. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividend income, if any, is accrued on the ex-dividend date. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Payment of Benefits – Benefit payments to participants are recorded when paid. At December 31, 2024 and 2023, there were no benefit claims payable for distributions to participants from the Plan prior to the end of the Plan year.

Date of Management’s Review – Subsequent events were evaluated through August 25, 2025, which is the date the financial statements were available to be issued.

C. Investments in Company Common Stock

The Plan’s investment in Company common stock consists of 8,861 shares of North Country Business Products, Inc. The shares were acquired on various dates for an average of about \$232.63 per share, which was the estimated fair market value, as determined by independent appraisals, as of the periods purchased. The estimated fair market value, as determined by the independent appraisal as of December 31, 2024 and 2023, was \$1,578.25 and \$1,453.43 per share, respectively.

The Plan’s investments in North Country Business Products, Inc. common shares at December 31, 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>
Number of Shares	8,861	8,861
Cost	\$ 2,061,311	\$ 2,061,311
Fair Value	\$13,984,873	\$ 12,878,843

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy are defined under the FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NORTH COUNTRY BUSINESS PRODUCTS, INC.
ASSOCIATE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023. The carrying values of cash included in the accompanying statement of net assets available for benefits approximated fair value at December 31, 2024 and 2023, and are thus not included in the following table:

<i>Assets at Fair Value as of December 31, 2024</i>

Total gains or losses for the year included in changes in net assets available for benefits attributable to the change in unrealized gains or losses relating to investments held at the end of the reporting period.	<u>\$ (317,844)</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2024 and 2023, there were no significant transfers into or out of Level 3.

NORTH COUNTRY BUSINESS PRODUCTS, INC.
ASSOCIATE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

The following table presents the Plan's Level 3 investments, the valuation techniques used to measure the fair market value of those instruments as of December 31, 2024 and 2023, and the significant unobservable inputs:

<u>Description</u>	<u>Valuation Techniques</u>	<u>Unobservable Inputs</u>
Employer Common Stock	Income	EBITDA Net Income Weighted-Average Cost of Capital Long-term Revenue Growth Rate Long-term Pretax Operating Margin Discount Rate Discount for Lack of Marketability
	Market	Public Comparables Revenue Multiple EBITDA Multiple Discount for Lack of Marketability

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

E. Administration of Plan Assets

The Plan's assets, which consist principally of Company common stock, are held by the Trustees of the Plan. Company contributions are held and managed by the Trustees, who invest cash received, interest, and dividend income, and make distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Plan are paid directly by the Company and amounted to \$49,474 and \$42,743 for the years ended December 31, 2024 and 2023, respectively. A \$50 administrative fee is charged to participants per distribution payment. Administrative expenses charged to participants amounted to \$2,150 and \$2,200 for the years ended December 31, 2024 and 2023, respectively.

NORTH COUNTRY BUSINESS PRODUCTS, INC.
ASSOCIATE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

F. Related Party and Parties-In-Interest Transactions

The Plan invests in Company common stock. These are related party and parties-in-interest transactions. As described in Notes A and E, the Company pays most of the expenses of the Plan. There were no cash dividends paid to the Plan by the Company during the years ended December 31, 2024 and 2023. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

G. Tax Status

The Plan is a Prototype Non-standardized Profit Sharing Plan sponsored by the Third-Party Record-Keeper and adopted by the Company. The Internal Revenue Service (IRS) has determined and informed the Company that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter from the IRS. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

H. Risks and Uncertainties

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

I. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participants or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Employee Benefits Administration Committee shall direct the Trustee to pay all liabilities and expenses of the trust fund.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Plan Administrator of
North Country Business Products, Inc. Associate Stock Ownership Plan
Bemidji, Minnesota

Opinion

We have audited the accompanying financial statements of North Country Business Products, Inc. Associate Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of North Country Business Products, Inc. Associate Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of North Country Business Products, Inc. Associate Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about North Country Business Products, Inc. Associate Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of North Country Business Products, Inc. Associate Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about North Country Business Products, Inc. Associate Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

A. Description of Plan

The following description of the North Country Business Products, Inc. Associate Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - North Country Business Products, Inc. (Company) established the Plan effective as of July 1, 1995. The Plan operates, in relevant part, as a non-leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an Employee Benefits Administrative Committee comprising up to 3 persons appointed by the Company's Board of Directors.

Plan Entry Date - Employees may enter the Plan on the first day of January or retrospectively to their hire date after their 1st consecutive 6 months of employment as long as they have 500 hours of service and are at least 21 years old.

Concentrations of Credit Risk - The Plan maintains its cash in a deposit account, the balance of which is periodically in excess of federally insured limits. However, no losses have been experienced in such accounts.

Eligibility - Employees of the Company age 21 and older are generally eligible to participate in the Plan after 6 months of service providing they worked at least 500 hours during such Plan year. Participants who do not have at least 500 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions - The Company makes voluntary contributions as determined by the Company's Board of Directors. These employer contributions may be paid in cash or shares of stock. The maximum contribution shall not exceed the maximum amount deductible by the Company for income tax purposes. Participants are not permitted to make contributions to the Plan.

NORTH COUNTRY BUSINESS PRODUCTS, INC.
ASSOCIATE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Payment of Benefits - Distributions of vested balances on account of death, disability, or retirement are made in a lump sum as soon as administratively feasible. Distributions for other separations from service are paid in a series of substantially equal annual installments over a fixed period of not less than five years not to exceed the participant's life expectancy. The terminated participant may elect an immediate lump-sum distribution of his or her vested portion of the account provided that amount does not exceed \$15,000. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share of common stock. Generally, certain minimum distributions are required for participants who have separated from service and have reached the required age.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. The Company repurchases shares from participants at prices determined by an independent appraisal. For the years ended December 2024 and 2023, the Company repurchased 466.7808 and 602.8165 shares, respectively.

Administrative Expenses - As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan. See Note E for details pertaining to Plan expenses.

Voting Rights - Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balance.

Vesting - If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balance in his or her account based on total years of service with the Company. Participants vest 20% per year of service from year two and are 100% vested after six years of service.

NORTH COUNTRY BUSINESS PRODUCTS, INC.
ASSOCIATE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Put Option - Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification - Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution. Participants eligible to diversify make their election after year-end based on the number of shares of the employer's stock held in their account at year-end.

Forfeitures - Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2024 and 2023 totaled \$18,757 and \$12,969, respectively. All remaining forfeited shares are allocated to remaining eligible participants at the end of each Plan year.

B. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The shares of the Company common stock are reported at fair value. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividend income, if any, is accrued on the ex-dividend date. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Payment of Benefits – Benefit payments to participants are recorded when paid. At December 31, 2024 and 2023, there were no benefit claims payable for distributions to participants from the Plan prior to the end of the Plan year.

Date of Management’s Review – Subsequent events were evaluated through August 25, 2025, which is the date the financial statements were available to be issued.

C. Investments in Company Common Stock

The Plan’s investment in Company common stock consists of 8,861 shares of North Country Business Products, Inc. The shares were acquired on various dates for an average of about \$232.63 per share, which was the estimated fair market value, as determined by independent appraisals, as of the periods purchased. The estimated fair market value, as determined by the independent appraisal as of December 31, 2024 and 2023, was \$1,578.25 and \$1,453.43 per share, respectively.

The Plan’s investments in North Country Business Products, Inc. common shares at December 31, 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>
Number of Shares	8,861	8,861
Cost	\$ 2,061,311	\$ 2,061,311
Fair Value	\$13,984,873	\$ 12,878,843

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy are defined under the FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NORTH COUNTRY BUSINESS PRODUCTS, INC.
ASSOCIATE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023. The carrying values of cash included in the accompanying statement of net assets available for benefits approximated fair value at December 31, 2024 and 2023, and are thus not included in the following table:

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2024 and 2023, there were no significant transfers into or out of Level 3.

NORTH COUNTRY BUSINESS PRODUCTS, INC.
ASSOCIATE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

The following table presents the Plan's Level 3 investments, the valuation techniques used to measure the fair market value of those instruments as of December 31, 2024 and 2023, and the significant unobservable inputs:

<u>Description</u>	<u>Valuation Techniques</u>	<u>Unobservable Inputs</u>
Employer Common Stock	Income	EBITDA Net Income Weighted-Average Cost of Capital Long-term Revenue Growth Rate Long-term Pretax Operating Margin Discount Rate Discount for Lack of Marketability
	Market	Public Comparables Revenue Multiple EBITDA Multiple Discount for Lack of Marketability

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

E. Administration of Plan Assets

The Plan's assets, which consist principally of Company common stock, are held by the Trustees of the Plan. Company contributions are held and managed by the Trustees, who invest cash received, interest, and dividend income, and make distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Plan are paid directly by the Company and amounted to \$49,474 and \$42,743 for the years ended December 31, 2024 and 2023, respectively. A \$50 administrative fee is charged to participants per distribution payment. Administrative expenses charged to participants amounted to \$2,150 and \$2,200 for the years ended December 31, 2024 and 2023, respectively.

F. Related Party and Parties-In-Interest Transactions

The Plan invests in Company common stock. These are related party and parties-in-interest transactions. As described in Notes A and E, the Company pays most of the expenses of the Plan. There were no cash dividends paid to the Plan by the Company during the years ended December 31, 2024 and 2023. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

G. Tax Status

The Plan is a Prototype Non-standardized Profit Sharing Plan sponsored by the Third-Party Record-Keeper and adopted by the Company. The Internal Revenue Service (IRS) has determined and informed the Company that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter from the IRS. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

H. Risks and Uncertainties

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

I. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participants or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Employee Benefits Administration Committee shall direct the Trustee to pay all liabilities and expenses of the trust fund.
