Independent Auditor's Report

To the Administrative Committee of the
Hobas Pipe USA, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Hobas Pipe USA, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statement are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are other conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Hobas Pipe USA, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Hobas Pipe USA, Inc. (the Employer) who have completed three months of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Empower Trust Company, LLC is the Plan's Trustee.

Contributions

Each year, participants may contribute up to 100 percent of annual compensation as pretax or Roth deferrals, as defined in the Plan and subject to certain Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation, with an annual increase of 1 percent, up to 6 percent, and their contributions invested in a designated fund until changed by the participant.

The Employer may make additional discretionary matching or nonelective contributions. The Employer made discretionary matching contributions of 25 percent of the first 6 percent of eligible compensation that a participant contributed to the Plan. The Employer did not make any discretionary nonelective contributions during the current year. During the year ended December 31, 2024, the Employer made total contributions of \$173,529, net of forfeitures.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Employer's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contribution plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. A participant vests 20 percent after two years of service, and an additional 20 percent each year thereafter until they become 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate on all outstanding loans ranged from 4.25 to 9.50 percent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death, disability, attainment of age 59 ½ or termination of employment, a participant may elect to receive the vested balance in the participant's account in a lump sum, cash installments, a partial distribution, or it may be rolled into a different individual retirement account. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. The Employer is permitted to involuntarily cash-out and rollover terminated participant account balances from the Plan and into an individual retirement account if they are \$5,000 or less.

Forfeited and Unallocated Accounts

At December 31, 2024 and 2023, forfeited nonvested and unallocated accounts totaled \$14,230 and \$2,488, respectively. These accounts will be used to reduce future employer contributions or pay for plan expenses. For the 2024 year ended, forfeited nonvested accounts were used to reduce employer contributions by \$259.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded for the plan year ended.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowable by the IRS were recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions in the subsequent plan year.

Subsequent Events

The Plan has evaluated subsequent events through September 17, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

| | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at NAV as a practical expedient and reported by the issuer. The NAV practical expedient is based on the fair value of a variety of underlying assets owned by the common/collective trust, minus its liabilities, and then divided by the number of units outstanding. The investment objectives and underlying investments of the common/collective trusts can vary with some geared towards capital preservation, target retirement dates, bond indices, international equity, and domestic equity. Common/collective trusts held by the Plan may be redeemed at NAV daily without restriction.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

| | Assets at Fair Value as of December 31, 2024 | | | |
|---|---|----------------|----------------|----------------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | \$ 14,850,190 | \$ - | \$ - | \$ 14,850,190 |
| Common/collective trusts ^(a) | | | | \$ 2,263,182 |
| Total assets at fair value | | | | \$ 17,113,372 |

Assets at Fair Value as of December 31, 2023

| | Level 1 | Level 2 | Level 3 | Total |
|---|----------------|----------------|----------------|---------------|
| Mutual funds | \$ 12,715,990 | \$ - | \$ - | \$ 12,715,990 |
| Common/collective trusts ^(a) | | | | \$ 2,047,391 |
| Total assets at fair value | | | | \$ 14,763,381 |

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. Certified Information

Certain information related to investments and notes receivable from participants presented in the financial statements, accompanying notes to the financial statements, and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) was certified as complete and accurate by Empower Trust Company, LLC, the Trustee of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has instructed the Plan's independent auditors not to perform auditing procedures with respect to the certified information, except for comparing such information included in the financial statements and supplemental schedule.

The information certified by the Trustee includes the balances of investments held and notes receivable from participants as of December 31, 2024 and 2023, and related investment earnings and interest income on notes receivable from participants for the year ended December 31, 2024.

6. Tax Status

The IRS has determined and informed the Employer by a letter dated November 14, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100 percent vested in their accounts.

8. Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2024 and 2023:

| | 2024 | 2023 |
|--|---------------|---------------|
| Net assets available for benefits per the financial statements | \$ 17,667,051 | \$ 15,337,217 |
| Employer contributions receivable | (164,597) | (161,050) |
| Participant loans deemed distributed | - | (12,356) |
| Excess contributions payable | - | 6,772 |
| Net assets available for benefits per the Form 5500 | \$ 17,502,454 | \$ 15,170,583 |

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the plan year ended December 31, 2024:

| | |
|---|--------------|
| Net change in assets per the financial statements | \$ 2,329,834 |
| Current year accrued employer contributions | (164,597) |
| Prior year accrued employer contributions | 161,050 |
| Prior year loans deemed distributed | 12,356 |
| Prior year accrued excess contributions | (6,772) |
| Net change in assets per the Form 5500 | \$ 2,331,871 |

10. Delinquent Employee Deferral Transmittals

During 2024, 2023, 2022, and 2021, the Employer erroneously failed to remit certain employee deferrals and loan repayments to the Plan aggregating \$421,996 within the timeframe permitted by the Department of Labor's Rules and Regulations. Employee deferrals and loan repayments are included in plan assets as reported in the financial statements. The Employer computed the lost earnings on certain of these deferrals and loan repayments relating to the 2024, 2023, 2022, and 2021 plan years and remitted a corrective contribution to affected participants of the Plan during 2024. The Employer is in the process of computing the lost earnings on the remainder of remaining late deferrals from the 2024 plan year and intends to remit a corrective contribution to affected participants of the Plan. Additionally, the Employer has filed a corresponding Form 5330, *Return of Excise Taxes Related to Employee Benefit Plans*, relating to corrections of the prohibited transactions during 2024.

11. Subsequent Event – Plan Restatement

Effective January 1, 2025, the Plan was amended. The restatement added a Qualified Automatic Contribution Arrangement (QACA) safe harbor matching provision. The Employer provides QACA safe harbor matching contributions of 100 percent, up to 1 percent, and an additional 50 percent, up to 6 percent, of eligible compensation that a participant contributes to the Plan. Additionally, participants become 100 percent vested in the QACA safe harbor matching contribution portion of their accounts upon completion of two years of service.
