## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees of  
Akerman LLP 401(k) Profit Sharing Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Akerman LLP 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included as supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included as supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information included in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **NOTE 1            DESCRIPTION OF PLAN**

The following description of the Akerman LLP 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### **General**

The Plan is a defined contribution plan covering eligible employees as defined in the Plan's Trust Agreement. Employees, twenty-one years of age or older, are eligible to participate in the Plan immediately upon employment with Akerman LLP (the "Firm"). Employees must have completed one year of service to be eligible for Firm contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### **Plan Administration**

The Firm is the plan sponsor and plan administrator of the Plan, and as such, controls and manages the operation and administration of the Plan. The Plan's assets are maintained by Fidelity Management Trust Company (the "Trustee"). Contributions are held by the Trustee, who invests cash received, interest and dividend income, and make distributions to participants (at the direction of the Firm and the participants).

### **Contributions**

Each year, participants in the Plan may voluntarily contribute up to 100% of their pre-tax annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for discretionary matching and nonelective contributions made by the Firm, both of which are determined annually by the Firm. For the year ended December 31, 2024, the Firm made approximately \$11,700,000 of profit sharing contributions of which approximately \$750,000 is due to the Plan at December 31, 2024. Participant and Firm contributions are subject to the limitations specified by the Plan and the Internal Revenue Service (the "IRS").

### **Participant Accounts**

Each participant's account is credited with the participant's contributions, Firm contributions, as well as allocations of earnings and losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **Vesting**

Participants are immediately vested in their contributions, as well as Firm contributions, plus actual earnings thereon.

### **Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. In accordance with the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), for loans taken by participants between March 27, 2020 and September 23, 2022, the participant could have borrowed up to the lesser of \$100,000 or total vested balance of the participant's account. The loans are secured by the balance in the participant's account. The loan interest rate, determined at the time of issuance, is set at the prime rate plus 1%, as defined. Principal and interest are paid ratably through payroll deductions. Loans are treated as an investment of the borrowing participant's account and only the borrowing participant's account received interest paid on the participant loans.

### **Payment of Benefits**

On termination of service with the Firm due to death, disability, retirement, or other reason, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment distributions. The period of installment distributions may not extend beyond the life expectancy of the participant. In addition, the Plan allows hardship withdrawals as allowed by the Internal Revenue Code.

Participants still employed who have reached the age of 59 ½ are eligible to withdraw all or a portion of their vested accounts.

**NOTE 1 DESCRIPTION OF PLAN (CONTINUED)**

**Forfeitures**

The non-vested portion of a participant's account balance upon termination of service with the Firm is forfeited. Forfeitures may be used by the Plan for administrative expenses of the Plan or by the Firm to make future contributions to the Plan. During the year ended December 31, 2024, forfeited amounts of approximately \$13,100 were used to reduce Firm contributions. At December 31, 2024 and 2023, forfeiture funds totaled approximately \$1,000.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures. Actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses when incurred. No allowance for credit losses is recorded as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' accounts.

Notes receivable from participants outstanding at December 31, 2024 had interest at rates ranging from 4.25% to 9.50% and maturities through December 2029.

**Deemed Loan Distributions**

Deemed loan distributions are recorded when the participant defaults on their loans. For the year ended December 31, 2024, deemed loan distributions of approximately \$16,000 are included with benefits paid to participants.

**Contributions**

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Firm.

**Corrective Distributions**

Contributions in excess of amounts allowed by the IRS or ERISA requirements are returned to the participant. Contributions are presented net of corrective distributions.

**NOTE 2            SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments.

**Revenue-Sharing Agreement**

Through a revenue-sharing agreement, the Plan shares in revenue, with the Trustee, for services the Trustee provides to certain funds of the Plan. The Plan's share of this revenue (the "rebate") is offset by fees earned by the Trustee. Under the revenue sharing agreement participant accounts are allocated on a pro rata basis the rebate net of the fees (see Note 5).

**New Accounting Pronouncements**

The Plan has considered new pronouncements that alter accounting principles generally accepted in the United States of America and does not believe that any new or modified principles will have a material impact on the Plan's reported financial position or operations in the near term.

**Subsequent Events**

Plan management has evaluated subsequent events through the date of the independent auditor's report, the date which the accompanying financial statements were available to be issued. Based on such evaluation, no events have occurred that in the opinion of management warrant adjustments to or disclosures in the financial statements.

**NOTE 3            FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy established by the Financial Accounting Standards Board (FASB) included in Accounting Standards Codification (ASC) 820: *Fair Value Measurements and Disclosures* (ASC 820) are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive market, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following are descriptions of valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

**Notes to Financial Statements**

December 31, 2024 and 2023

**NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)***Mutual and Money Market Funds*

The value is based on quoted market prices in the active market where the individual securities are traded, as of the last trading day of the Plan year.

*Common Collective Trusts*

The net asset value (NAV) of units of a common collective trust, which are not publicly quoted prices in an active market, is based on the fair value of the underlying investments, less any liabilities. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value based on Level 1 valuation methodology and NAV as a practical expedient were as follows as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Mutual and money market funds (Level 1)	\$ 255,675,483	\$ 224,241,233
<b>Total assets in the fair value hierarchy</b>	255,675,483	224,241,233
Common collective trusts (NAV)	193,145,803	169,057,461
<b>Total investments, at fair value</b>	<u>\$ 448,821,286</u>	<u>\$ 393,298,694</u>

The following table summarizes investments for which fair value is measured using the NAV practical expedient as of December 31, 2024 and 2023:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
<b><u>December 31, 2024:</u></b>				
Common collective trusts	\$ 193,145,803	N/A	Daily	None
<b><u>December 31, 2023:</u></b>				
Common collective trusts	\$ 169,057,461	N/A	Daily	None

**NOTE 4 SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation/(depreciation) in fair value of investments, interest, and dividends for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

**NOTE 5 PARTIES-IN-INTEREST TRANSACTIONS**

Parties-in-interest include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or a company whose employees are covered by the Plan.

Plan investments were held and managed by the Trustee. During the year ended December 31, 2024, the Trustee paid approximately \$177,000 to the Plan under a revenue sharing agreement which was allocated to participant accounts on a pro rata basis. Fees paid to the Trustee amounted to approximately \$122,000.

Certain administrative functions are performed by officers or employees of the Firm. No such officer or employee received compensation from the Plan. Additionally, certain administrative expenses such as audit and legal fees are paid by the Firm at its discretion.

**NOTE 6 PLAN TERMINATION AND AMENDMENTS**

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Firm also has the right to amend any or all provisions of the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

**NOTE 7 INCOME TAX STATUS**

The Plan has adopted a prototype defined contribution plan which the IRS has determined and affirmed, in a letter dated June 30, 2020, to be designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. Plan management have analyzed the tax positions taken by the Plan and concluded no uncertain positions have been taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 8 RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
