To the Plan Administrator and Participants of the
Retirement Plan for Employees
of Northeast Counseling Services
Hazleton, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Retirement Plan for Employees of Northeast Counseling Services, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Retirement Plan for Employees of Northeast Counseling Services's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly in all material respects, in accordance with the modified cash basis of accounting

described in Note 2.

- The information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Retirement Plan for Employees of Northeast Counseling Services and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter- Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Retirement Plan for Employees of Northeast Counseling Services's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Retirement Plan for Employees of Northeast Counseling Services's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (held at end of year) (modified cash basis) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under

ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
(MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024
(WITH COMPARATIVE INFORMATION AT DECEMBER 31, 2023)

NOTE 1 General description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who are expected to work, or actually work, at least 1,000 hours during a twelve-month period. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All investments are participant directed. The Plan Administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants in the Plan may contribute an amount of pretax compensation up to the applicable Internal Revenue Code limits, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Plan also includes Roth provisions.

Matching contributions are made to the Plan at the discretion of the Company. For 2024, matching contributions were equal to 4% of the participant's current annual base salary (not including overtime, emergency, etc.). Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is maintained separately and is credited with the participant's contribution, including rollovers, and Company matching contributions, an allocation of Plan earnings and charged with an allocation of Plan losses and certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants self-direct the investments in their own accounts.

Notes receivable from participants

Participants may borrow from their accounts with the Plan administrator's approval. The amount of a participant's borrowing may be a minimum of \$1,000 or up to a maximum of 50% of the participant's vested account balance or \$50,000, whichever is less. The repayment of the borrowing shall generally not exceed five years, unless the borrowing is used to acquire a home.

Loans bear a rate of interest as determined by the Plan administrator, are secured by the participant's account and are measured at their unpaid balance. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are 100% vested in their salary reduction and rollover contributions and Plan earnings thereon. Vesting for Company contributions and earnings thereon is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 3	0%
3	100%

Payment of benefits

Participants are eligible to receive a distribution of their vested account balance upon termination of employment, retirement, disability or death. The normal form of payment of a participant's vested account balance is a lump sum distribution. In-service distributions due to hardships and early retirement, as defined, are also permitted. Benefits are recorded when paid.

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture. Any excess forfeitures related to employer matching contributions will be used to reduce employer matching contributions to the Plan. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$9,486 and \$3,298, respectively. In 2024, employer contributions were reduced by \$3,306 from forfeited nonvested accounts.

SECURE 2.0 Act

President Biden signed the Consolidated Appropriations Act (CAA), including the SECURE 2.0 Act, into law on December 29, 2022. SECURE 2.0 builds on changes made by the SECURE Act of 2019 and the Plan document has been amended for provisions required to be effective in 2024 and will be amended in accordance with the required timeline of the act to meet the applicable provisions effective after December 31, 2024.

NOTE 2 Summary of significant accounting policies

Basis of accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. However, certain investments are adjusted to fair value under the modified cash basis of accounting.

(WITH COMPARATIVE INFORMATION AT DECEMBER 31, 2023)

Use of estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

There have been no changes in the methodologies used at December 31, 2024 and 2023.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized when received. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

The following presents investments that represent 10% or more of the Plan's net assets at December 31:

	<u>2024</u>	<u>2023</u>
JHancock 2020 Lifetime Bld R6	\$ 1,863,189	\$ 2,546,047
JHancock 2035 Lifetime Bld R6	2,017,360	1,785,301
JHancock 2030 Lifetime Bld R6	1,510,622	1,601,083
JHancock 2025 Lifetime Bld R6	973,894	N/A

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which they are received.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recognized when received. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets • Inputs other than quoted prices that are observable for the asset or liability • Inputs that are derived principally from or corroborated by observable market data by correlation or other means <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment company (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: The stable value collective trust fund is composed primarily of fully-

benefit responsive investment contracts that is valued at net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer currently reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. As of December 31, 2024, the Plan did not have any unfunded commitments related to the collective trust fund.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value, as of December 31, 2024 and 2023.

	Investment Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no transfers into or out of Level 3. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of December 31, 2024 and 2023:

As of December 31, 2024:

NOTE 4 Termination of Plan

Although they have not expressed any intent to do so, the employer reserves the right under the plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan should terminate or partially terminate, the participants will automatically become 100% vested in their employer contributions and related earnings.

NOTE 5 Related-party transactions and party in interest transactions

All Plan investments are in accounts managed by John Hancock Trust Company, LCC ("John Hancock"). John Hancock is the Plan custodian as defined by the Plan and recordkeeper and, therefore, these transactions qualify as party-in-interest transactions.

John Hancock provides certain administrative services to the Plan pursuant to a Service agreement with the Company. John Hancock receives revenue from certain fund service providers for services they provided to the funds. This revenue was used to offset certain amounts that would be owed to John Hancock from the Plan for their administrative services to the Plan had the arrangements with the service providers not been in place. The Plan or Plan Sponsor may make a payment to John Hancock for administrative expenses not covered by revenue sharing.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE 6 Tax status

The Plan is a standardized prototype plan for which the prototype sponsor obtained a determination letter in which the Internal Revenue Service stated that the Plan and related trust was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving this letter, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 Certifications

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Trust Company, LLC (the custodian of the Plan).

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian of the plan.

NOTE 8 Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 Subsequent events

The Plan has evaluated subsequent events through July 8, 2025, which is the date these financial statements were available to be issued.
