Independent Auditor's Report

Plan Administrator of Gold Medal Bakery, Inc. Employees Supplemental Income Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gold Medal Bakery, Inc. Employees Supplemental Income Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employees Supplemental Income Plan

Notes to Financial Statements

As of December 31, 2024 and 2023
and for the Year Ended December 31, 2024

1. DESCRIPTION OF PLAN

The following description of the Gold Medal Bakery, Inc. Employees Supplemental Income Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established for the benefit of the employees of Gold Medal Bakery, Inc. and Bakery Products Corp. (collectively, the “Company” or the “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

All employees who have reached the age of 21 or older and have completed at least three months of service are eligible to participate in the Plan. Participants may enter the plan on the first day of each calendar quarter following the date on which the participant meets the eligibility requirements.

Contributions

Each active participant may elect to contribute to the Plan a percentage of their compensation, as defined, on a pre-tax basis or after-tax basis up to the applicable amount allowable under federal regulations. Unless an employee opts not to participate, 6% of compensation will be deferred on each employee’s behalf. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan Sponsor may elect to match a portion of the participant’s contribution (the “employer discretionary match”). During 2024 and 2023, the Plan Sponsor elected to match 100% of the participant’s elective deferrals up to a maximum of 3.5% of compensation. This employer discretionary match is remitted annually subsequent to each year-end and only those participants that completed 1,000 hours of service and are employed on the last day of the Plan year are eligible.

The Plan Sponsor may also elect to make a discretionary nonelective contribution (the “employer discretionary contribution”) to participants that have completed 1,000 hours of service and are employed on the last day of the Plan year. No non-discretionary employer contributions were made for the year ended December 31, 2024.

See independent auditor’s report.

Gold Medal Bakery, Inc.

Employees Supplemental Income Plan

An employee, whether or not an active participant may, with permission of the Plan Administrator, contribute to the Plan distributions from other qualified plans or individual retirement accounts if such contributions satisfy the tax law requirements for a qualified rollover. Any rollover contributions are fully vested and nonforfeitable.

Participant Accounts

Each participant's account is credited with the participant's contribution and the employer's contributions, as well as allocations of Plan earnings. Allocations are based on participant earnings, account balances or specific participant directed transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant investment elections may be changed at any time during the plan year.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant's vested interest in the portion of the participant's account attributable to employer contributions vest according to the following schedule with service being credited from the date of employment:

<u>Completed Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Accounts

Upon a participant's termination, any non-vested portion of the employer's contributions are forfeited. Forfeited accounts may be used to pay administrative expenses, with any remaining amounts used to reduce future employer contributions. During 2024 and 2023, forfeitures of \$45,000 and \$57,500, respectively, were used to reduce the employer's contribution receivable. There were no forfeitures used to pay administrative expenses in 2024. The balance in the forfeiture account totaled \$46,214 and \$55,411 at December 31, 2024 and 2023, respectively.

See independent auditor's report.

Employees Supplemental Income Plan

Distributions

Retirement, Disability or Death

Participants who retire or become disabled will be entitled to 100% of their account balance. The Plan provides for normal retirement at age 59½ and also provides an election for a pre-retirement distribution upon reaching age 59½. Upon death, a participant's beneficiary will be entitled to 100% of the vested account balance, payable in accordance with the Plan document.

In-Service Distributions

Participants may withdraw their vested balance of contributions only after termination of service, reaching the required in-service distribution age, or, subject to the consent of the Plan Administrator, in the case of financial hardship. A participant may withdraw their vested account resulting from a rollover contribution at any time.

Other Termination of Employment

Upon termination of employment for any reason other than retirement, disability, or death, participants shall be entitled to receive the vested amount of their account balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

See independent auditor's report.

Gold Medal Bakery, Inc.

Employees Supplemental Income Plan

Investment Valuation and Income Recognition

The Plan's investments are reported at the value reported to the Plan by Fidelity Management Trust Company, which represents fair value. See Note 4 for a discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. Excess contributions payable was timely remitted to participants during the subsequent year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Distributions

Distributions are recorded when paid.

Administrative Expenses

Except for investment fees directly withheld by the Trustee, all administrative expenses of maintaining the Plan are paid by the Company.

3. CERTIFIED INVESTMENT INFORMATION

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held as of December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the "Trustee"), a qualified institution.

The Trustee also certified the information included in the Schedule of Assets (Held at End of Year).

See independent auditor's report.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Valuation is based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Valuation is based on observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuation is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using unobservable inputs to pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

In certain cases, inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (“NAV”) and to transact business at that price. The mutual funds held by the Plan are deemed to be actively traded.

See independent auditor's report.

Gold Medal Bakery, Inc.

Employees Supplemental Income Plan

Common Collective Trust: Valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. The NAV is based on a compilation of primarily readily observable market information. If current market prices are not readily available, the underlying securities are valued in good faith by the Trustee.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at Fair Value on a Recurring Basis

The following table presents by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2024 and 2023.

<u>December 31, 2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	\$ 65,707,997	\$ -	\$ -	\$ 65,707,997
Money market funds	36,658	-	-	36,658
Total assets in the fair value hierarchy	<u>\$ 65,744,655</u>	<u>\$ -</u>	<u>\$ -</u>	<u>65,744,655</u>
Investments measured at net asset value (a)				<u>4,161,216</u>

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
<u>December 31, 2023</u>				
Mutual funds	\$ 55,490,516	\$ -	\$ -	\$ 55,490,516

Total assets in the fair value hierarchy	<u>\$ 55,532,013</u>	<u>\$ -</u>	<u>\$ -</u>	<u>55,532,013</u>
Investments measured at net asset value (a)				<u>4,822,222</u>
Investments at fair value				<u>\$ 60,354,235</u>

- (a) In accordance with Financial Accounting Standards Board Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) under the practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits and notes to the financial statements.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
<u>December 31, 2024</u>				
Fidelity Managed Income Portfolio Class 1 Fund	\$ 4,161,216	N/A	Daily	12 months
<u>December 31, 2023</u>

5. TAX STATUS OF THE PLAN

The IRS has determined and informed the Company by letter dated June 30, 2020, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS or the Department of Labor (“DOL”). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to December 31, 2021.

6. RISK AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

See independent auditor’s report.

Gold Medal Bakery, Inc.

Employees Supplemental Income Plan

7. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Plan investments consist of mutual funds managed by Fidelity Investments which is a related party to Fidelity Management Trust Company and, therefore, these transactions qualify as party-in-interest transactions. Fees paid for investment management, custody and recordkeeping services are included as a reduction of the investment return earned by each investment.

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 11, 2025, which is the date the financial statements were available to be issued. There were no subsequent events that require adjustment to or disclosure in the financial statements.
