## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
The Bartley Corporation Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Bartley Corporation Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Bartley Corporation Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presently fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

## Opinion (continued)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Bartley Corporation Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bartley Corporation Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a

## Auditor's Responsibilities for the Audit of the Financial Statements (continued)

material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## Other Matters

### Supplemental Schedules Required by ERISA

The schedule of assets (held at end of year) and the schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets by and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## THE BARTLEY CORPORATION SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

#### NOTE 1. DESCRIPTION OF THE PLAN

**General** - The following description of the Bartley Corporation Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established on October 1, 1980 to provide benefits to substantially all employees of the Bartley Corporation, except union employees. Employees 18 years of age or older may participate in the Plan upon completing six months of service and may enter the Plan on the first day of a Plan year quarter coinciding with or next following the date the eligibility requirements are met. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Administration** - Fidelity has been engaged to serve as the trustee and recordkeeper of the Plan that processes and maintains the records of participant data and holds the Plan assets. Fund line-up and investment advice is provided by an outside certified financial professional. The Employer serves as the Plan administrator and is responsible for the day-to-day operations and oversight of the Plan.

**Investments** - Upon enrollment in the Plan, a participant may direct contributions in any or all of the investment options offered under the Plan.

**Vesting** - Participants are immediately vested in their elective deferral contributions, Employer matching contributions, discretionary employee profit sharing contributions, rollover contributions, and related earnings upon entering the Plan.

**Participant Contributions** - Participants may elect to contribute a percentage of their eligible pre-tax compensation up to the amount allowable under current income tax regulations. Participants who elect to contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's election into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Internal Revenue Code (IRC). Participants are permitted to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such rollover contributions are deposited in the appropriate investment funds in accordance with the participant's election and the Plan's provisions.

## NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

The Plan also includes an automatic enrollment provision where 5% of eligible compensation is automatically withheld from participant compensation and invested on behalf of the participant unless the participant elects a different deferral percentage, including 0%. For participants automatically enrolled on or after January 1, 2020, the automatic deferral amount will increase by 1% each year, up to a maximum of 10% of compensation.

**Employer Contributions** - The Employer will make a matching contribution for eligible employees equal to 25% of a participant's elected deferral. In determining Employer matching contributions, only elective deferrals up to 4% of a participant's compensation will be matched, with the maximum Employer matching contributions made on behalf of a participant not to exceed 1% of a participant's compensation. Employer matching contributions for the years ended December 31, 2024 and 2023 were \$95,021 and \$73,793, respectively. Additionally, the Employer may make discretionary profit sharing contributions to the Plan. For the years ended December 31, 2024 and 2023, the Employer did not make any discretionary profit sharing contributions to the Plan.

**Participant Accounts** - Each participant's account is credited with the participant's contributions, the Employer's matching contributions, allocations of the Employer's discretionary profit sharing contribution, if any, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

**Payment of Benefits** - Benefit payments are available to participants upon retirement (age 65), termination of employment, death, total and permanent disability, attainment of age 59½ or qualified financial hardship. Participants are entitled to a benefit equal to the vested portion of their account, which will be distributed in the form of a lump sum payment unless the participant elects another option provided by the Plan. In addition, upon termination, the Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed \$5,000. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59½.

**Notes Receivable from Participants** - The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. Such notes bear interest at 3% above the prime rate and must be repaid to the Plan within a five-year period unless the note is used to purchase a principal residence. As of December 31, 2024, the interest rates on these notes range from 4.25% to 10.75%. The specific terms and conditions of such notes are established by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**Use of Estimates** - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** - Investments are reported at fair value except for its benefit-responsive investment contract, which is valued at contract value (see Note 9). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The Plan's investment in the common collective trust is valued based on the net asset value (NAV) of the units held by the Plan at the end of the year. The NAV is determined by Voya and is not publicly quoted. The NAV is primarily based on the quoted market prices of the underlying mutual funds and is adjusted for certain contract charges and fees. The NAV per unit is used as the practical expedient to estimate fair value.

Purchases and sales of investments are reported on a trade date basis. Interest income is recognized on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gain and losses on investments bought and sold, as well as held, during the Plan year.

**Administrative Expenses** - Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the specific participant transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

**Payment of Benefits** - Benefits are recorded when paid.

## NOTE 3. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya and Fidelity, the trustees of the Plan.

### NOTE 3. CERTIFIED INVESTMENTS (CONTINUED)

	2024	2023
Investments at fair value	\$ 9,559,651	\$ 8,337,061
Investments at contract value	536,178	670,151
Net receivable for participants	272,139	227,544
Net appreciation in fair value	1,141,924	1,335,620
Interest and dividends	223,355	149,719

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and ERISA-required supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

### NOTE 4. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Interest-bearing cash:* Valued at amortized cost plus accrued interest, which approximates fair value.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Pooled separate accounts:* Valued at NAV per share which is based on the market of the underlying assets.

*Common collective trust:* Valued at the NAV of units of the trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The following tables set forth by level, within the fair valued hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

Description	Assets at Fair Value as of December 31, 2024			
	Total	Level 1	Level 2	Level 3
Interest bearing cash	\$ 2,613,855	\$ 2,613,855	\$ -	\$ -
Mutual funds	<u>6,945,796</u>	<u>6,945,796</u>	-	-
Total Investment at fair value	<u>\$ 9,559,651</u>	<u>\$ 9,559,651</u>	<u>\$ -</u>	<u>\$ -</u>

Description	Assets at Fair Value as of December 31, 2023			
	Total	Level 1	Level 2	Level 3
Interest bearing cash	\$ 36,789	\$ 36,789	\$ -	\$ -
Mutual funds	<u>8,300,272</u>	<u>8,300,272</u>	-	-
Total	<u>\$ 8,337,061</u>	<u>\$ 8,337,061</u>	<u>\$ -</u>	<u>\$ -</u>

\*In accordance with Financial Accounting Standards Board Accounting Standard Codification 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

## **NOTE 5. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participant accounts will become fully vested and non-forfeitable.

## **NOTE 6. TAX STATUS**

The Plan is using a prototype plan approved by the Internal Revenue Service (IRS) and, accordingly, has neither applied for nor received a determination letter from the IRS. The Company believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Management believes there are no uncertain tax positions requiring recognition in the financial statements.

## **NOTE 7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than direct payment. Notes receivable from participants also qualify as party-in-interest transactions. All of the party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

## **NOTE 8. RISKS AND UNCERTAINTIES**

The Plan's investment options provide participants with a variety of investment alternatives with differing levels of risk and income potential. Investments are exposed to various risks such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## **NOTE 9. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under each contract plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, as reported to the Plan.

## NOTE 9. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting and may not be less than 0%.

Certain events may limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan, (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The credited interest rates for the years ended December 31, 2024 and 2023 were 2.45% and 2.21%, respectively.

## NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 to Form 5500:

Net assets available for benefits per the financial statements	\$ 10,367,968
Participant loans reduced by deemed distributions	(159,400)
Net liability due to employer	<u>(9,757)</u>
Net assets available for benefits per the Form 5500	<u>\$ 10,198,811</u>

The following is a reconciliation of benefits paid to participants and deemed distributions of participant loans per the financial statements for the year ended December 31, 2024 to Form 5500:

Benefits paid to participants per the financial statements	\$ 791,946
2023 deemed distributions of participants terminated in 2024 and other	<u>2,734</u>
Benefits paid to participants per the Form 5500	<u>\$ 794,680</u>

## **NOTE 11. SUBSEQUENT EVENTS**

Management of the Plan has evaluated subsequent events through September 8, 2025, which is the date the financial statements were available to be issued. The review and evaluation revealed no material events which would require adjustment to or disclosure in the accompanying financial statements.
