INDEPENDENT AUDITOR'S REPORT

To the Participants and Board of Trustees of
Combined Transport, Inc. 401(k) Profit Sharing Plan
Medford, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Combined Transport, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, is subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMBINED TRANSPORT, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Combined Transport, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General - The Plan is a voluntary defined contribution savings and profit sharing plan covering eligible U.S. employees of Combined Transport, Inc., Cardmoore Trucking Limited Partnership, and Blackwell Consolidation, LLC (collectively, “the Company”). Employees who are nonresident aliens with no U.S. source income are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions - Contributions consist of employee pretax elective deferrals, Roth elective deferrals, and discretionary profit sharing contributions provided by the Company. Employee elective deferrals are recorded in the year in which the employee contributions are withheld from compensation. Participants may voluntarily contribute up to 100% of their eligible compensation, limited to \$23,000 and \$22,500 for 2024 and 2023, respectively, as prescribed by the Internal Revenue Code (“IRC”). Participants aged 50 and older may elect to make additional catch-up contributions of \$7,500 annually. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Eligible participants may share in the allocation of the employer contributions regardless of service completed during the Plan year or employment status on the last day of the Plan year. There were no profit sharing contributions in 2024 or 2023. The Company does not make matching contributions.

Participant Accounts - A separate account is maintained for each participant, which records the participant’s contributions and earnings thereon. Allocation of investment earnings is based upon participant account balances. Allocation of Company profit sharing contributions is based on elective deferrals and eligible participant compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company’s profit sharing contribution is based on years of service. A participant is 100% vested after six years of credited service. Participants also become fully vested in the Company’s basic profit sharing contributions upon retirement after reaching age 55, or in the event of the participant’s death or permanent disability.

Payment of Benefits - Upon the earlier of a participant's termination of employment, death or retirement, the participant or beneficiary may elect to receive distributions of vested benefits in a lump-sum or in monthly installments over a period not to exceed the life expectancy of the participant. In the case of financial hardship, contributions may be withdrawn prior to normal retirement. Account balances that are under \$7,000 may be automatically paid out at the discretion of the Company.

Expenses - Administrative expenses may be paid by the Company. Expenses not paid by the Company are deducted from investment earnings before allocation to participants' accounts. Expenses of Plan administration, including computer services, professional fees, office supplies and payroll expenses of administrative and clerical personnel are provided by the Company without charge to the Plan. Fees related to distributions and the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses.

Forfeited Accounts - The forfeited accounts of nonvested terminated participants are used to pay administrative fees and then to reduce future company contributions. At December 31, 2024 and 2023, forfeited accounts totaled \$120,978 and \$81,283, respectively. Forfeited accounts of \$3,500 were used to reduce administrative fees in 2024 and 2023. Forfeited nonvested accounts totaling \$0 and \$103,112 were used to fund employer profit sharing contributions paid in 2024 and 2023, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition - Investments are stated at fair value except for the fully benefit-responsive investment contract, which is carried at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year and management and operating expenses associated with the Plan's investments in pooled separate accounts.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid. Accordingly, benefits payable to persons who have elected to withdraw from the Plan but are not yet paid at year-end have not been accrued. There were no amounts payable to participants at December 31, 2024 and 2023.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Subsequent Events - The Plan's management has performed an evaluation of subsequent events through September 25, 2025, which is the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled separate account ("PSA"): The Plan holds a group annuity contract issued by Standard Insurance Company. The contract allows the Plan to participate in a pooled separate account, which holds underlying investments. The PSA invests in a single mutual fund, or in a portfolio of securities. The PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities). While the majority of the PSAs' underlying asset values are based on quoted prices, the net asset value ("NAV") of the pooled separate account is not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices and is used as a practical expedient to estimate fair value. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV. The Plan is permitted to redeem investment units at NAV on the measurement date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Investment Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value (a)	-	-	-	10,450,991
Total investments at fair value	\$ -	\$ -	\$ -	\$ 10,450,991

Investment Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value (a)	-	-	-	9,415,754
Total investments at fair value	\$ -	\$ -	\$ -	\$ 9,415,754

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the Statements of Net Assets Available for Benefits.

Fair Value of Investment in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively:

	December 31, 2024 Fair Value	December 31, 2023 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Account	\$ 10,450,991	\$ 9,415,754	N/A	Daily	No significant restrictions

NOTE 4 – GROUP ANNUITY CONTRACT WITH STANDARD INSURANCE COMPANY

The Plan has entered into a traditional fully benefit-responsive, group annuity contract with Standard Insurance Company (“Issuer”). The Issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of a contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the Issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Contract value is the relevant measurement attributable for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by the Issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

The Plan’s ability to receive amounts due is dependent on the Issuer’s ability to meet its financial obligations. The Issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the Issuer. Such events include, but are not limited to layoffs, Plan termination, business closings, re-organizations, liquidations and the failure of the Plan to qualify under Section 401(a) or Section 401(k) of the IRC. The Plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the Issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an unsecured violations of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment of the agreement without the consent of the Issuer.

The group annuity contract does not permit the Issuer to terminate the agreement prior to the scheduled maturity date. The average yield earned based on the change in the net asset value between the beginning and the end of the year was 3.03% for each of the years ended December 31, 2024 and 2023. The average yield earned with an adjustment to reflect the actual interest rate credited to participants was 3.03% for each of the years ended December 31, 2024 and 2023.

NOTE 5 – NOTES RECEIVABLE FROM PARTICIPANTS

The Plan makes loans to participants up to the lesser of 50% of their vested account balance or \$50,000 subject to a \$500 minimum. Loans are payable within five years through semi-monthly payroll deductions unless the loan is used to acquire a primary residence. Interest is charged based on a reasonable rate of interest as determined by the plan administrator. As of December 31, 2024, and 2023, the rate of interest on outstanding loans ranged from 3.25% to 8.50%, maturing through October 2029. Loans are secured by the vested account balance of the participant.

NOTE 6 – INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, Schedule H, Line 4i – Schedule of Assets Held (At End of Year), that was certified by the custodian of the Plan, Standard Insurance Company, and furnished to the Plan administrator. The Plan administrator has obtained certification from the custodian that such information is complete and accurate.

NOTE 7 – TAX STATUS

The Plan document is a Non-standardized Pre-Approved Profit-Sharing Plan sponsored by Standard Retirement Plan Services Inc. and obtained an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the opinion letter was issued, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of a pooled separate account and group annuity contract that are managed by Standard Insurance Company. Standard Insurance Company is the custodian of the Plan; therefore, these transactions are party-in-interest transactions. Fees for investment management services for the pooled separate account and group annuity contract managed by an affiliate of Standard Insurance Company are charged by the custodian, or an affiliate of the custodian, at rates ranging from 0.59% to 0.74%, which totaled \$72,918 and \$62,361, for the years ended December 31, 2024 and 2023, respectively, and are netted against Plan earnings. Fees paid by the Plan for administrative services were \$20,698 and \$20,195 for the years ended December 31, 2024 and 2023, respectively.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants become 100% vested in their accounts.

NOTE 10 – CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. There were two investments that individually represented more than 10% of the investments held as of December 31, 2024 and 2023. See the Supplemental Schedule of Assets (Held at End of Year) for the complete listing of investments held as of that date.
