INDEPENDENT AUDITOR'S REPORT

To the Plan Committee of the Bolthouse Farms, Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bolthouse Farms, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of the Form 5500 – schedule H, line 4i – schedule of assets (held at end of year) and Schedule H, line 4a – schedule of delinquent participant contributions as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan

The following description of the Bolthouse Farms, Inc. 401(K) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established July 8, 2019 to provide benefits to eligible employees of Wm. Bolthouse Farms, Inc. (the Company). Employees whose regularly scheduled service is more than 1,000 hours per year are eligible to participate if they are not otherwise excluded based on Plan provisions. Effective January 1, 2023, employees must also satisfy a 90 day service requirement. Plan participants will enter the Plan on the first day of each month following the date that eligibility is satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 29, 2024, the Plan was amended to become a Multiple Employer Plan and include New Carrot Farms, LLC and Evolution Fresh as participating employers. Additionally, the Plan was amended to change the name of the employer associated with the Plan to Wm. Bolthouse Farms, Inc. dba Generous Brands.

Effective July 16, 2024, the Plan was amended to remove Evolution Fresh as a participating employer. Employees of Evolution Fresh transferred to Wm. Bolthouse Farms, Inc. dba Generous Brands and continued to be eligible to participate in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested at all times in all accounts.

Contributions

Each year participants may contribute up to 90% of annual compensation, as defined in the Plan. For the calendar year 2024, annual deferrals are not to exceed \$23,000. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions of up to \$7,500 for calendar year 2024. At the participant's election, these contributions may be on a before or after tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may direct the investment of their contributions into various investment options offered by the Plan.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan (Continued)

Contributions (Continued)

The Plan is a safe harbor 401(k) plan, and as such, offers a safe harbor matching contribution equal to 100% of an employee's elective deferrals, not to exceed 4% of Plan compensation. Additionally, each year, the Plan Sponsor may make a discretionary nonelective contribution, credited to participant accounts in the same ratio that the individual salary bears to the total salary of all participants in the Plan. Plan contributions are subject to certain IRS limitations.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to the maximum equal to the lesser of (a) 50% of their vested account balance in the Plan, or (b) \$50,000, reduced by the highest loan balance during the prior twelve months minus the loan balance on the date of the new loan. Loan terms shall not exceed 5 years, except in the case of a loan for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loan interest rate is currently set at 1% over the prime rate published in the Wall Street Journal on the first business day of the month the loan is originated. Loans issued prior to October 2020 were set at 2% over the prime rate, as defined by the previous loan policy. At December 31, 2024, interest rates ranged from 4.25% to 9.50%. Principal and interest is paid ratably through weekly payroll deductions. No more than one loan outstanding per participant is allowed at any time. Any loans that were issued on or before August 31, 2019 will not count towards the total number of loans allowed.

Payment of Benefits

The Plan includes several sets of provisions for withdrawal or payment of benefits relative to a participant's age and circumstances, in compliance with provisions of the Internal Revenue Code. There are provisions for disability, death, hardship (safe harbor) withdrawals, in-service distributions at age 59 ½, including Roth rollovers, qualified reservist distributions, and deemed severance distributions, and benefit payments made in either lump sum payments or annual installments. Participants with vested account balances less than \$5,000 will be automatically distributed as soon as administratively feasible following termination of employment whether or not the participant has not reached normal retirement age, as defined by the Plan provisions.

Note 2 – Summary of Significant Accounting Policies

Forfeited Accounts

Forfeited excess employer contributions are used to pay plan expenses or used to offset employer contributions. As of December 31, 2024 and 2023, forfeited accounts totaled \$238,579 and \$125,657, respectively. For the year ended December 31, 2024, \$23 was used to reduce the employer matching contributions.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (Continued)

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting and in accordance with ERISA.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amount payable for participant and employer contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. During the year ended December 31, 2024, the Plan finalized corrections totaling \$102,465 related to employer excess contributions that occurred during the 2021 Plan year.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in administrative expenses. The Plan has an expense account arrangement that allows credits to be applied to pay Plan expenses. See Note 5 for additional details.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 – Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued using the NAV which is based on the fair value of the collective trust's underlying investments as reported by the audited financial statements of the trust at year end. The NAV is used as a practical expedient to estimate fair value. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no unfunded commitments related to its investments, or significant restrictions on redemptions. The Plan may redeem its investment on a daily and immediate basis.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Total Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 75,749,632	\$ 75,749,632	\$ -	\$ -
Total assets in the fair value hierarchy	75,749,632	75,749,632	-	-
Investments measured at net asset value (a)	9,547,260	-	-	-
Total investments at fair value	\$ 85,296,892	\$ 75,749,632	\$ -	\$ -

Total investments at fair value	<u>\$ 74,294,889</u>	<u>\$ 64,512,731</u>	<u>\$ -</u>	<u>\$ -</u>

(a) In accordance with Subtopic 820-10, investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4 – Assets Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act (ERISA). Accordingly, Empower Trust Company, LLC, as trustee of the Plan, has certified the below investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate. At the request of the Plan Administrator, the Plan’s independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

	2024	2023
Investments:		
Mutual funds	\$ 75,749,632	\$ 64,512,731
Common/collective trusts	<u>9,547,260</u>	<u>9,782,158</u>
Total investments	<u>85,296,892</u>	<u>74,294,889</u>
Notes receivable from participants	<u>3,665,253</u>	<u>3,187,717</u>
Total assets certified	<u>\$ 88,962,145</u>	<u>\$ 77,482,606</u>

Empower Trust Company, LLC, also certified to the completeness and accuracy of \$6,712,482 of appreciation in fair value of investments, \$2,609,371 of dividend income related to the aforementioned investments, and \$273,825 of interest income on notes receivable from participants for the year ended December 31, 2024.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5 – Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of funds managed by Empower Trust Company, LLC. Empower Trust Company, LLC is the trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Empower Annuity Insurance Company of America provides certain administrative services to the Plan pursuant to an Administrative Services Agreement and Plan Expense Account Arrangement between the Company and Empower. In accordance with the Plan Expense Account Arrangement, Empower pays the Plan a revenue sharing credit which is made available by a reduction in the compensation that Empower would otherwise earn in connection with the services it provides to the Plan. During the year ended December 31, 2024, \$46,080 was credited to the plan expense account and is included as a reduction to administrative expenses in the statement of changes in net assets available for benefits.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will continue to be 100 percent vested in their accounts.

Note 7 – Tax Status

The Plan has adopted a non-standardized form of a pre-approved plan. The pre-approved plan has received an opinion letter dated November 14, 2022, from the Internal Revenue Service as to the Plan's qualified status. The pre-approved plan's opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and therefore, believes that the Plan is qualified and the related trust is tax- exempt

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2021.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Reconciliation to 5500

The Plan files a Form 5500 annually with the IRS. Differences can exist between financial statements prepared in accordance with accounting principles generally accepted in the United States of America and IRS regulations governing the preparation of Form 5500.

The following is a reconciliation of individual line items of the Form 5500 to the statement of changes in net assets available for benefits per the financial statements as of December 31, 2024:

Net investment gain from common/collective trusts per 5500	\$ 1,401,782
Net investment gain from registered investment companies per 5500	<u>5,310,700</u>
Net appreciation in fair value of investments per financial statements	<u><u>\$ 6,712,482</u></u>
Benefits paid to participants per 5500	\$ 9,678,915
Corrective distributions per 5500	<u>1,541</u>
Benefits paid to participants per financial statements	<u><u>\$ 9,680,456</u></u>

Note 10 – Operational Defects

During the year ended December 31, 2024 the Plan sponsor discovered that a portion of employees from Bolthouse Fresh Foods and Generous Brands did not receive all, or portions of, their employer match contributions. The Plan sponsor engaged an ERISA attorney to assist with the evaluation and correction of the identified errors. The total corrective contribution of approximately \$45,000 was processed during the year.

Note 11 – Subsequent Events

Subsequent events have been evaluated through September 30, 2025, the date that the financial statements were available to be issued.

BOLTHOUSE FARMS, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 11 – Subsequent Events (Continued)

Effective January 1, 2025 the Plan was amended to no longer be structured as a Multiple Employer Plan. In conjunction with the amendment, the Plan underwent a spin-off in which approximately \$46,126,000 in Plan assets associated with New Carrot Farms, LLC employees were transferred out of the Bolthouse Farms, Inc. 401(k) Retirement Plan and into a newly established plan, the Bolthouse Fresh Foods 401(k) Plan.

Effective August 1, 2025 the Plan was amended to change the plan name from Bolthouse Farms, Inc. 401(k) Retirement Plan to Generous Brands 401(k) Plan. In addition, the named trust was changed from the Bolthouse Farms, Inc. 401(k) Retirement Trust to the Generous Brands 401(k) Trust.

The Securing a Strong Retirement Act of 2022 (SECURE 2.0) was signed into law on December 29, 2022, and includes mandatory and optional provisions with effective dates in 2025 and later. The Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly.
