INDEPENDENT AUDITOR'S REPORT

Plan Participants and Board of Trustees
Oklahoma Iron Workers Direct Contribution Plan and Trust
Oklahoma City, OK

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Oklahoma Iron Workers Direct Contribution Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Oklahoma Iron Workers Direct Contribution Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Matrix Trust Company, LLC. as of December 31, 2024 and 2023, stating that the certified investment information, as described in Note A to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Oklahoma Iron Workers Direct Contribution Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter- Basis of Accounting

We draw attention to Note B to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Oklahoma Iron Workers Direct Contribution Plan and Trust 's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Oklahoma Iron Workers Direct Contribution Plan and Trust 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Oklahoma Iron Workers Direct Contribution Plan and Trust 's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year), is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OKLAHOMA IRON WORKERS DIRECT CONTRIBUTION PLAN AND TRUST

Notes to Financial Statements December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN

The following description of Oklahoma Iron Workers Direct Contribution Plan and Trust (Plan) provides only general information. Participants should refer to the Trust Documents and Plan Documents for a complete description of the Plan's provisions.

- **General**

The Oklahoma Ironworkers Direct Contribution Plan and Trust is a defined contribution multiemployer pension plan for persons performing iron work covered by the collective bargaining agreement between the International Association of Bridge, Structural and Ornamental Iron Workers Local Union No. 48 and Local Union No. 584 and the Oklahoma Commercial and Industrial Builders and Steel Erectors Association. The Oklahoma Ironworkers Direct Contribution Plan and Trust was unanimously adopted by the Board of Trustees on June 1, 1994. The Board has adopted the modified cash basis of accounting for reporting purposes; see Note B. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 and as amended (ERISA).

Effective November 2023, the Board of Trustees hired Milliman Inc., to maintain all record keeping functions including participant accounts and operating payables. Zenith-American Solutions Inc. receives and transmits the pension contributions to the record keeper.

- **Certified Investment**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplement schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, stable value earnings and dividends for the years ended December 31, 2024 and 2023, was obtained by the Board of Trustees and agreed to or derived from information certified as complete and accurate by Matrix Trust Company (the trustee of the Plan).

- **Tax status**

The Plan obtained its latest determination letter on December 31, 2015, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not been amended since receiving the determination letter. As a result, the Plan's administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE A - DESCRIPTION OF PLAN (Continued)

• **Funding**

The Plan is funded by employers' contributions in accordance with formulas set forth in the applicable collective bargaining agreement(s). Additionally, the Plan has entered into reciprocal agreements with other plans, whereby, participants working out of jurisdiction can have pension contributions remitted to the Plan at the rate effective in the jurisdiction in which the hours are worked.

• **Participant accounts**

The participant's pension benefit account is represented by and attributable to contributions made on his or her behalf by any employer, including the income and earnings thereon, and shall have a non-forfeitable interest and be 100% vested at all times. Effective December 2000, the Plan changed to participant direction for the allocation of assets to the individual accounts.

The Plan accepts rollover contributions if the participant establishes to the satisfaction of the Trustees that the rollover contribution represents a qualified distribution from a qualified plan maintained by the former employer(s) of the participant.

Fees that are allocated to participants' accounts and are pulled out of their accounts are held as cash in custody of Matrix Trust. As a result, the Plan's net assets available for benefits is greater than amounts in participants accounts by the unallocated cash.

<u>Reconciliation of participant accounts.</u>	
Total Net Assets available for benefits	\$ 44,293,016
Fees Held in cash	<u>(414)</u>
Total Participants' accounts December 31, 2024	<u>\$ 44,292,602</u>

• **Pension benefits**

On termination of service due to death, disability or retirement, a participant may receive an amount equal to the value in his or her account, contributions and interest credited, in a 50% Joint and Survivor Annuity unless the participant, and spouse if applicable, selects another form of payment. Other options include a lump-sum payment or annuity providing income payable for a period of years certain not to exceed ten years. For termination of service due to other reasons, a participant may receive the value of the account in accordance with the rules and regulations of the Plan. Effective in 2010, the Plan included hardship distributions as a form of distribution for a limited time. This provision was extended from September 1, 2022 through current.

***Notes to Financial Statements

NOTE A - DESCRIPTION OF PLAN (Continued)

• **Priorities upon termination**

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of Plan assets to be used for or diverted to purposes other than the exclusive benefit of the participants. In the event the Plan terminates, participants are 100% vested in their accounts.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

• **Basis of accounting**

The financial statements, statements of net assets available for benefits and the changes in those assets are prepared on the modified cash basis of accounting. The Plan has made provisions to comply with ERISA reporting requirements to show investments at their fair value, and in addition, escrowed contributions have been recorded. The provision for escrowed contributions is for cash received from signatory employers for contributions that were not attributable to any individual until subsequent to the valuation dates of December 31, 2024.

• **Use of estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates.

• **Investment valuation and income recognition**

All of the Plan's investments are held in mutual funds and are stated at fair value as determined by quoted market prices and in a stable value fund that is reported at contract value. Milliman Inc. is the record keeper and RBC Wealth Management is the Investment Advisor. The Fund receives mutual fund rebates based on the number of participants per month or quarter.

For participants who have not made any investment election and for whom the Fund does not have a date of birth, the investments and contributions received on their behalf on and after June 1, 2009, will be deposited into an American Funds Target 2010 Fund.

During 2024, the Plan's investments as determined by quoted market prices appreciated, excluding distributions reinvested, appreciated in value by \$3,974,022, as follows:

	<u>2024</u>
Mutual fund earnings	\$ 3,974,022
Total Net appreciation(depreciation)	<u>\$ 3,974,022</u>

NOTE B - SUMMARY OF ACCOUNTING POLICIES (Continued)

- **Recognition of income**
Contributions are recognized in the month the cash is received. Under the Plan documents, signatory employers have agreed to contribute such amounts as are required by the current collective bargaining agreement for all hours of covered employment worked.
- **Participant Fees**
Participants are assessed a flat fee per quarter for the Plan Year. This rate is adjusted from time to time to ensure that there is available cash for operating.
- **Payment of benefits**
Benefit payments to participants are recorded upon distribution.
- **Distributions of income and expense**
Effective December 2000, each participant is credited with the earnings of the individual funds held in their portfolio and expense distributions are made quarterly to pay monthly expenses. All amounts held in mutual funds are allocated to individual participants.
- **Subsequent events**
Management has evaluated subsequent events through September 17, 2025, the date the financial statements were available to be issued. No subsequent events have occurred requiring accrual or disclosure.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

OKLAHOMA IRON WORKERS DIRECT CONTRIBUTION PLAN AND TRUST

**Notes to Financial Statements
December 31, 2024 and 2023**

NOTE C - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's investments have no unfunded commitment and can be redeemed at will by the Plan.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at fair value as of December 31, 2024

Description	Level 1	Level 2	Level 3	Total

NOTE D – STABLE VALUE FUND

The Board of Trustees has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the US Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Board of Trustees instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Matrix Trust Company, LLC., except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. The fund transferred its assets into the Stable Value Account Fund- John Hancock Stable Value Fund (Class I6). This investment provides for the collective investment of assets of participating tax qualified plans and related trusts, in guaranteed investment contracts and in cash or other readily marketable assets seeking to preserve capital and provide stability if principal while earning current income that exceeds money market rates over the long term. This investment is comprised of a group annuity contract (GAC), guaranteed investment contracts (GICs), and separate account contracts. GACs, synthetic and traditional GICs and separate account contracts receive a guaranteed interest rate from the issuer for a specified time. It records the amounts deposited to and withdrawn from Separate Investment Account No. 131 (which is the underlying investment account in which all contributions are invested and are primarily fixed income securities issued by John Hancock Life & Health Insurance Company). The issuer for each contract guarantees that all qualified participant withdrawals will occur at contract value (principal plus accrued interest). As of August 12, 2024, this investment option was replaced by the Vanguard Cash Reserve Federal Money Market Fund-Admiral shares.

NOTE E - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Payments for professional services such as administration, consulting, investment management, legal, and auditing are considered reasonable and customary for such services.

Audit fees	40,099	26,775
Insurance - bonding premiums	<u>19,536</u>	<u>308</u>
Total operating expenses	<u>\$ 273,440</u>	<u>\$ 422,598</u>

NOTE H - AMENDMENTS

The Board of Trustees approves amendments to the Restated and Amended Plan Document but there were none in the current year.

NOTE I - CHANGES IN CLASSIFICATION AND RECLASSIFICATION

The presentation of certain financial statement amounts of the previous year has been changed to reflect the presentation adopted for the current year.

NOTE J - CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Plan to concentration of credit risk consist principally of cash deposits. Accounts at each institution are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. At December 31, 2024 and 2023, the Plan did not have amounts in excess of the FDIC insured limit, respectively.
