INDEPENDENT AUDITORS' REPORT

TIAA-CREF Retirement Plan for all Employees of Berkshire School
Sheffield, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the TIAA-CREF Retirement Plan for all Employees of Berkshire School, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the TIAA-CREF Retirement Plan for all Employees of Berkshire School's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the TIAA-CREF Retirement Plan for all Employees of Berkshire School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the TIAA-CREF Retirement Plan for all Employees of Berkshire School's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in

the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the TIAA-CREF Retirement Plan for all Employees of Berkshire School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TIAA-CREF Retirement Plan for all Employees of Berkshire School's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2024 and 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TIAA-CREF RETIREMENT PLAN FOR ALL
EMPLOYEES OF BERKSHIRE SCHOOL
NOTES to FINANCIAL STATEMENTS
December 31, 2024

1 - Plan Description

The following description of the TIAA-CREF Retirement Plan for all Employees of Berkshire School (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 1952, and was most recently restated effective January 1, 2019 and amended effective January 1, 2023. The Plan is a salary deferral plan, which allows immediate participation to eligible employees who are employed by Berkshire School, Inc. (the Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

In February of 2012, the plan's fund structure changed from institutionally owned to legacy or individually owned. As an institutionally owned plan, in order to change any type of investment offering, there had to be approval from the participant that had funds in that particular investment. This new structure allows the plan sponsor and their co-fiduciary, Fiducient Advisors (FA) to add or withdraw certain investment options. However, original types of investments, such as fixed annuity contracts, pooled separate account, variable annuities and registered investment companies, are still available.

Contributions

Effective January 1, 2010, current and new participants are automatically enrolled in the plan upon meeting eligibility requirements, deferring 5% of their base pay, unless they elect to opt out of the plan. Subject to certain limitations imposed by the Internal Revenue Code, plan participants with a salary deferral agreement may contribute to the Plan up to 100% of their compensation, on a pre or post tax basis. Participants who are age 50 or older at any time during the calendar year may make additional contributions, known as catch-up contributions, in accordance with Plan provisions. Participants with 15 years of service may also make additional catch up contributions in accordance with Plan provisions. The Plan Sponsor makes matching contributions after participants have completed one year of service at the Plan Sponsor or at another nonproprietary independent school. The Plan Sponsor's matching contribution is equal to 5% of a participant's base earnings during the first three years of participation in the plan or 10% of a participant's base earnings after three years of participation in the plan. The Plan Sponsor's matching contributions are discretionary and approved on an annual basis by the Board of Trustees. All contributions are subject to overall dollar limits permitted by law.

Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a pooled separate account (a real estate investment fund), registered investment companies, variable annuities and fixed annuity contracts as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions and the Plan's earnings (losses) allocated based on account balances, as defined by the Plan.

Vesting

Participants are immediately and fully (100%) vested in the value of their accounts derived from their own contributions, employer contributions and earnings thereon.

Participants' Notes Receivable

Starting September 25, 2020, participants may borrow from their accounts, in accordance with Plan provisions, a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their account balance. These loans are secured by the balance in the participant's account and bear interest at a fixed rate of 1 percent over the highest prime rate reported in the Wall Street Journal on the first day of business in which the loan is requested. The interest rates on new loans were between 8.75% to 9.50% for the year ended December 31, 2024 and between 9.00% to 9.50% for the year ended December 31, 2023. The loan amount is deducted from the participant's plan accumulations, and subsequent loan payments, including interest, is paid on a monthly basis.

Payment of Benefits

Benefits are payable upon separation of service, retirement, disability, death or attainment of age 59½. Participants may elect to receive benefits in a lump sum, partial payments, installment payments or annuity contracts. Benefit payments shall be distributed or must begin to be distributed no later than April 1st of the calendar year following the later of: (1) calendar year in which the participant reaches age 73 and (2) the calendar year in which the participant retires. Participants working beyond the age of 73 may elect to defer their required distribution until retirement.

Withdrawals

The Plan allows for hardship withdrawals in accordance with the Internal Revenue Service regulations as specified within the Plan.

2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus guaranteed and additional interest, less funds used to pay benefits and administrative expenses. The Plan invests in fixed annuity contracts that contain certain individual participant contracts that are considered to be fully benefit-responsive and others that are not considered to be fully benefit-responsive. However, contract value approximates fair value for not fully benefit-responsive fixed annuity contracts. Therefore, the investment in the not fully benefit-responsive fixed annuity contracts is reported at contract value, which approximates fair value.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Audit, Risk and Compliance Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and TIAA and CREF. Registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Variable annuities are reported at unit value as reported by independent pricing sources based on the fair value of the underlying assets and liabilities at the measurement date; unit value is used as a practical expedient to estimate fair value. Pooled separate accounts are reported at unit value based on values obtained from independent pricing sources and appraisals on the underlying real estate holdings and securities at the measurement date; unit value is used as a practical expedient to estimate fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participants' Notes Receivable

Participants' notes receivable, secured by each respective participant's account are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Participant notes receivable in default are reclassified as deemed distributions based upon the terms of the plan document for 5500 reporting purposes.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through September 2, 2025, the date on which the financial statements were available to be issued.

3 - Plan Administration

As of July 1, 2011 management entered into an agreement with FA to act as a co-fiduciary of the Plan. The services provided by FA are primarily consulting and advisement of the Plan including, but not limited to, investment analysis and reporting, quarterly review of investment performance, and meetings with the Plan sponsor to discuss deficiencies or areas for improvement.

Administrative expenses represent fees for plan administrative services, distribution fees, participant loan fees and investment redemption fees when applicable. Distribution, participant loan and investment redemption fees are incurred and paid by each participant that has a distribution, loan or an investment that charges redemption fees. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for administration services are charged directly to the participant's account. Certain expenses of maintaining the plan are paid directly by the Plan Sponsor. Fees related to certain professional services and other administrative expenses are paid directly from the Plan's revenue sharing agreement as described in Note 6.

4 - Certification by the Custodians

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF (the custodians of the Plan).

5 - Fixed Annuity Contracts with Insurance Company

The Plan invests in the TIAA Traditional Account, fixed annuity contracts issued by TIAA, an insurance company. The TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest, generally 3%, but in some recent contracts between 1% and 3%, and the potential for additional interest if declared by TIAA.

Participants who elect to direct their contributions to this account enter into individual contracts with TIAA that provide various options. As a result, the fixed annuity contracts consist of certain individual participant contracts that are considered to be fully benefit-responsive and others that are not considered to be fully benefit-responsive because provisions in the contract contain liquidity restrictions that can limit the participant's ability to make withdrawals from the contract.

At December 31, 2024 and 2023, portions of the fixed annuity contracts that were fully benefit-responsive and not fully benefit-responsive were as follows:

	<u>2024</u>	<u>2023</u>
Fully benefit-responsive	\$ 2,040,911	\$ 2,226,322
Not fully benefit-responsive	<u>10,682,949</u>	<u>11,800,756</u>
	<u>\$ 12,723,860</u>	<u>\$ 14,027,078</u>

The investment contracts were credited with interest rates ranging from 4.50% to 5.75% and 5.25% to 6.75% for the years ended December 31, 2024 and 2023, respectively.

Although Plan management have no intentions of terminating the fixed annuity contracts, certain contract types contain liquidity restrictions on the redemption of TIAA Traditional Annuity accumulations, which could impact the value realized upon exiting the contract.

6 - Related Party Transactions

The Plan invests in registered investment companies and variable annuities that are managed by an affiliate of TIAA and CREF. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

The Plan has a revenue sharing agreement with TIAA and CREF. The Plan's revenue sharing account totaled \$65,352 as of December 31, 2024. The Plan received revenue sharing credits from TIAA and CREF in the amount of \$22,396 for the year ended December 31, 2024, which is included in other income in the accompanying financial statements. These amounts will be used to pay Plan administrative expenses. For the year ended December 31, 2024, the Plan made direct payments that were covered by the revenue sharing credits of \$34,102 for professional fees and third-party administrator fees.

7 - Plan Loans

Through September 25, 2020 TIAA and CREF allowed participants to take out loans paid from the general assets of TIAA and CREF and secured by the participant's account balance in the Plan. These loans, known as Plan loans, are not assets of the Plan. Should a participant default on a loan agreement with TIAA and CREF, the balance of the Plan loan is deemed distributed from the participant's account. Interest rates on Plan loans ranged from 5.10% to 5.56% for 2024 and from 5.02% to 5.72% for 2023.

Activity on the Plan loans was as follows:

Balance as of January 1, 2023	\$ 15,671
Loan principal repaid	<u>(6,351)</u>
Balance as of December 31, 2023	9,320
Loan principal repaid	<u>(4,773)</u>
Balance as of December 31, 2024	<u><u>\$ 4,547</u></u>

Starting on September 25, 2020, participants who borrow against their retirement plan account will no longer be issued a Plan loan.

8 - Tax Status

The Plan has obtained a determination letter dated August 7, 2017 from the Internal Revenue Service stating that the volume submitter plan adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. As of December 31, 2024 and 2023, the plan administrator believes there are no uncertain tax positions taken by the Plan and therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

9 - Plan Termination

Although the Plan Sponsor expects to continue the Plan indefinitely, it retains the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, all amounts credited to the accounts of affected participants would be fully vested and nonforfeitable.

10 - Risks and Uncertainties

Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

11 - Fair Value Measurements

The Plan utilizes the market approach as the valuation technique used to measure the fair value of its financial instruments. U.S. generally accepted accounting principles establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value of financial instruments into three levels:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities where the organization has the ability to access at the measurement date;

Level 2 - Significant other observable inputs other than quoted prices included in Level 1, which are observable for the asset or liability, either directly or indirectly (i.e. quoted prices in inactive markets, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency). If the asset or liability has a specified (contractual) term; the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs are used to the extent that observable inputs are unavailable due to little, if any, market activity for the asset or liability. Unobservable inputs are developed based on the best information available, which might include the organization's own data that reflects assumptions that market participants would use in pricing the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Investments that are measured at fair value that utilize a net asset value per share (or its equivalent) practical expedient are not categorized within the fair value hierarchy. Investments measured at net asset value per share (or its equivalent) are presented in the following fair value hierarchy table to permit a reconciliation of the fair value hierarchy to the amount presented in the Statement of Net Assets Available for Benefits.

Assets measured at fair value on a recurring basis at December 31, 2024 are as follows:

Description	Total Fair Market Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Investments Measured at Net Asset Value
Fixed annuity contracts (not fully benefit-responsive)	\$ 10,682,949	\$ -	\$ -	\$ 10,682,949	\$ -
Variable annuities	23,522,646	-	-	-	23,522,646
Registered investment companies	28,109,066	28,109,066	-	-	-

Total	\$ 63,750,778	\$ 28,109,066	\$ -	\$ 10,682,949	\$ 24,958,763

Assets measured at fair value on a recurring basis at December 31, 2023 are as follows:

Description	Total Fair Market Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Investments Measured at Net Asset Value
Fixed annuity contracts (not fully benefit-responsive)	\$ 11,800,756	\$ -	\$ -	\$ 11,800,756	\$ -
Variable annuities	21,620,191	-	-	-	21,620,191

Total	\$ 58,867,119	\$ 23,943,313	\$ -	\$ 11,800,756	\$ 23,123,050

Investments in variable annuities and the pooled separate account - real estate provide for daily liquidity and have no participant redemption features or other restrictions; the redemption notice period is applicable only to the Plan. There were no unfunded investment commitments at December 31, 2024 and 2023.

There were \$657,366 and \$491,441 of purchases of Level 3 assets for years ended December 31, 2024 and 2023, respectively. There were no transfers into or out of Level 3 during 2024 or 2023.

The Plan's policy is to recognize transfers in and transfers out of each level as of the actual date of the event or change in circumstances that caused the transfer.

The following table presents information about significant unobservable inputs related to the Plan's investment in Level 3 assets at December 31, 2024:
