REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees and Plan Participants and their Beneficiaries

M. A. Mortenson Company Profit Sharing and Retirement Savings Plan and Trust

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of M. A. Mortenson Company Profit Sharing and Retirement Savings Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental schedule of Schedule H, line 4(i) - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

M. A. MORTENSON COMPANY PROFIT SHARING AND RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A - PLAN DESCRIPTION

The following description of the M. A. Mortenson Company Profit Sharing and Retirement Savings Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution profit sharing plan with elective deferral and employer-matching contribution features. Fidelity Management Trust Company serves as the trustee and Fidelity Workplaces Services, LLC serves as the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

A full-time, nonunion salaried, clerical, or administrative employee at M. A. Mortenson Company ("Mortenson") is eligible to participate in the Plan beginning from his or her date of hire after the employee has reached age 18. For part-time or temporary employees or interns, and for purposes of receiving employer-discretionary contributions, the employee becomes eligible upon completing 1,000 hours of service during a period of 12 consecutive months. The Plan utilizes the safe harbor provisions of the Internal Revenue Code ("IRC") section 401(k)(12) and section 401(m)(11) and permits officers of Mortenson to make elective contributions to the Plan.

Contributions

Participants may elect to defer up to 75% of base compensation up to the IRC section 402(g)(3) limitation of \$23,000 and \$22,500 in 2024 and 2023, respectively. Participants who are eligible to make elective contributions under the Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, section 414(v) of the IRC. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan also has an automatic contribution increase feature whereby participant deferral contribution rates are increased by 1% each year on the first payroll in April until the participant reaches a 9% contribution deferral rate. However, the participant can elect to opt out of this feature. The Plan also accepts rollover contributions from other qualified plans, as well as trustee-to-trustee transfers. Mortenson may make an employer-matching contribution in an amount determined by Mortenson's Board of Directors. For Plan years 2024 and 2023, Mortenson elected to make a safe harbor employer-matching contribution equal to 100% of the first 4% of base compensation contributed to the Plan up to a maximum of \$13,800 and \$13,200, respectively, per employee. Mortenson may also make a discretionary nonelective contribution in a dollar amount or percentage determined each year by Mortenson's Board of Directors. For the Plan years 2024 and 2023, Mortenson made discretionary nonelective contributions (profit sharing contributions) of approximately \$21,296,000 and \$14,697,000, respectively. In order to receive the discretionary profit-sharing contribution, the participant must be employed on the last day of the Plan year. Mortenson may also make additional special contributions to satisfy certain nondiscrimination requirements. There were no additional special contributions during 2024 and 2023.

Participant Accounts

Each participant's account is credited with the participant's contribution, Mortenson's matching contribution, if any, an allocation of Mortenson's profit-sharing contribution, if any, and earnings associated with his or her investment elections. Participant accounts are charged with an allocation of administrative expenses

that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is immediately vested in their pretax elective deferrals, rollover contributions, trustee-to-trustee transfers, safe harbor matching contributions, and any additional special contributions made to satisfy nondiscrimination requirements, plus actual earnings thereon. A participant becomes vested in employer-discretionary contributions according to a six-year graduated vesting schedule as outlined in the table below. Otherwise, a participant becomes fully vested immediately in employer-discretionary contributions upon reaching normal retirement age, death or becoming permanently disabled while employed, as well as upon termination of the Plan or the complete discontinuance of employer contributions to the Plan.

Less than 2	0%
2	20%
3	40%
4	60%

6	100%

Notes Receivable From Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less, with a minimum loan amount of \$1,000. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate on the date the loan is made. Interest rates on outstanding note balances range from 3.25% to 8.50% at December 31, 2024 and 3.25% to 8.50% at December 31, 2023. These notes are due at various dates through December 2028. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years.

Payment of Benefits

On termination of service due to death, permanent disability, hardship, retirement or for other reasons, a participant or beneficiary may elect to receive the value of the vested interest in his or her account as a lump-sum distribution, in annual installments over a period of time determined by the event, or to roll the balance directly over to an eligible retirement plan or individual retirement account. However, if the value of a separated participant's vested balance is between \$1,000 and \$5,000, the Plan can cause the vested balance to be transferred to an individual qualified retirement account. If the value of a separated participant's vested balance does not exceed \$1,000, the Plan can cause the vested balance to be either transferred to an individual qualified retirement account or distributed to the separated participant directly.

Forfeited Accounts

At December 31, 2024 and 2023, the accumulated forfeited nonvested account balances totaled \$433,012 and \$1,494,698, respectively, and are included in investments in the Statements of Net Assets Available for Benefits. Under the terms of the Plan, the Plan can use forfeitures to pay expenses in connection with the management and operation of the Plan or to reduce future Mortenson contributions. Mortenson elected to use \$1,933,972 and \$23,436 of forfeitures during the years ended December 31, 2024 and 2023, respectively, to reduce Mortenson contributions. Employer contributions are shown net of forfeiture funding. The Plan also used \$88,116 and \$112,130 of forfeitures to pay Plan expenses for the years ended December 31, 2024 and 2023, respectively.

Investment Options

Under the Plan, participants are allowed to make their own investment decisions, selecting from options authorized by the Plan administrator. Participants may elect at any time to have all or part of their account balances and future contributions transferred from one fund to another or in any combination. All options vary in types of investments, rates of return, and investment risk.

Other Income

Other income consists of revenue credits issued by the Plan's trustee. In situations where record-keeping revenue received in connection with plan services exceeds agreed-upon compensation, the Plan's trustee can credit amounts equal to such excess revenue back to the Plan.

CARES Act

The Plan adopted the temporary loan repayment deferral provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The deferral provision adopted by the Plan allowed qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. In addition, Plan participants were eligible to take a COVID-19 related loan up to \$100,000 before September 23, 2020. The Consolidated Appropriations Act ("CAA"), signed into law December 27, 2020, effectively extended these provisions through June 25, 2021. Although the Plan has not yet been formally amended to adopt the CAA provisions, the Plan has until December 31, 2025 to do so.

Plan Termination

Although it has not expressed any intention to do so, Mortenson has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the accounts of all participants become fully vested, and all assets of the Plan are to be distributed.

Reclassification

Certain amounts reported in 2023 within administrative expenses have been reclassified to other income on the Statement of Changes in Net Assets Available for Benefits to conform to the current financial statement presentation. This reclassification had no impact on net increase prior to transfers as reported in the Statement of Changes in Net Assets Available for Benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

M. A. MORTENSON COMPANY PROFIT SHARING AND RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation in Fair Value of Investments

Net appreciation in the fair value of investments represents the net realized gains (losses) and the net unrealized appreciation (depreciation) of investments. Realized gains (losses) are the difference between the proceeds and either the cost of investments sold, determined on an average cost basis, or fair value at the end of the previous year, whichever is applicable. Net unrealized appreciation (depreciation) is the change in the difference between fair market value and the cost of investments or the fair value at the end of the previous year, whichever is applicable.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The employer pays certain administrative expenses on behalf of the Plan.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and change therein, and disclosure of contingent assets and liabilities. Estimates also reflect the reported amounts of revenue and expense during the reporting period. Actual results may differ from those estimates.

Transfers

Along with the Plan, Mortenson also sponsors a 401(k) plan for trade employees. If employees change their benefit class status during the year, their account balances can be transferred into the corresponding plan.

Subsequent Events

The Plan evaluated its December 31, 2024 financial statements for subsequent events through October 1, 2025, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

NOTE C - CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023.
- Net investment income and interest income on notes receivable from participants, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2024.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

M. A. MORTENSON COMPANY PROFIT SHARING AND RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish daily net asset values (“NAVs”) and to transact at that price. The mutual funds held by the Plan are considered actively traded. (Level 1)

Collective trust funds: Valued using the NAV as a practical expedient to fair value of the units held by the Plan at year end.

Money market fund: Valued at cost, which approximates fair value. (Level 1)

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the hierarchy level of inputs used to estimate the fair value of the Plan’s assets:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 317,152	\$ -	\$ -	\$ 317,152

^(a) Redemption of the collective trust funds are generally permitted daily and there are no unfunded commitments. Were the Plan to initiate a full redemption of the collective trust funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE E - INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed Mortenson by a letter dated February 7, 2017, that the Plan was designed in accordance with the applicable IRC requirements. Mortenson believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Certain investments offered by the Plan are managed by Fidelity Management Trust Company, the trustee, during the years ended December 31, 2024 and 2023; therefore, all transactions in these investments qualify as party-in-interest. Notes receivable from participants are also party-in-interest transactions.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees and Plan Participants and their Beneficiaries

M. A. Mortenson Company Profit Sharing and Retirement Savings Plan and Trust

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of M. A. Mortenson Company Profit Sharing and Retirement Savings Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental schedule of Schedule H, line 4(i) - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

M. A. MORTENSON COMPANY PROFIT SHARING AND RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A - PLAN DESCRIPTION

The following description of the M. A. Mortenson Company Profit Sharing and Retirement Savings Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution profit sharing plan with elective deferral and employer-matching contribution features. Fidelity Management Trust Company serves as the trustee and Fidelity Workplaces Services, LLC serves as the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

A full-time, nonunion salaried, clerical, or administrative employee at M. A. Mortenson Company ("Mortenson") is eligible to participate in the Plan beginning from his or her date of hire after the employee has reached age 18. For part-time or temporary employees or interns, and for purposes of receiving employer-discretionary contributions, the employee becomes eligible upon completing 1,000 hours of service during a period of 12 consecutive months. The Plan utilizes the safe harbor provisions of the Internal Revenue Code ("IRC") section 401(k)(12) and section 401(m)(11) and permits officers of Mortenson to make elective contributions to the Plan.

Contributions

Participants may elect to defer up to 75% of base compensation up to the IRC section 402(g)(3) limitation of \$23,000 and \$22,500 in 2024 and 2023, respectively. Participants who are eligible to make elective contributions under the Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, section 414(v) of the IRC. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan also has an automatic contribution increase feature whereby participant deferral contribution rates are increased by 1% each year on the first payroll in April until the participant reaches a 9% contribution deferral rate. However, the participant can elect to opt out of this feature. The Plan also accepts rollover contributions from other qualified plans, as well as trustee-to-trustee transfers. Mortenson may make an employer-matching contribution in an amount determined by Mortenson's Board of Directors. For Plan years 2024 and 2023, Mortenson elected to make a safe harbor employer-matching contribution equal to 100% of the first 4% of base compensation contributed to the Plan up to a maximum of \$13,800 and \$13,200, respectively, per employee. Mortenson may also make a discretionary nonelective contribution in a dollar amount or percentage determined each year by Mortenson's Board of Directors. For the Plan years 2024 and 2023, Mortenson made discretionary nonelective contributions (profit sharing contributions) of approximately \$21,296,000 and \$14,697,000, respectively. In order to receive the discretionary profit-sharing contribution, the participant must be employed on the last day of the Plan year. Mortenson may also make additional special contributions to satisfy certain nondiscrimination requirements. There were no additional special contributions during 2024 and 2023.

Participant Accounts

Each participant's account is credited with the participant's contribution, Mortenson's matching contribution, if any, an allocation of Mortenson's profit-sharing contribution, if any, and earnings associated with his or her investment elections. Participant accounts are charged with an allocation of administrative expenses

December 31, 2024 and 2023

that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is immediately vested in their pretax elective deferrals, rollover contributions, trustee-to-trustee transfers, safe harbor matching contributions, and any additional special contributions made to satisfy nondiscrimination requirements, plus actual earnings thereon. A participant becomes vested in employer-discretionary contributions according to a six-year graduated vesting schedule as outlined in the table below. Otherwise, a participant becomes fully vested immediately in employer-discretionary contributions upon reaching normal retirement age, death or becoming permanently disabled while employed, as well as upon termination of the Plan or the complete discontinuance of employer contributions to the Plan.

Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable From Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less, with a minimum loan amount of \$1,000. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate on the date the loan is made. Interest rates on outstanding note balances range from 3.25% to 8.50% at December 31, 2024 and 3.25% to 8.50% at December 31, 2023. These notes are due at various dates through December 2028. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years.

Payment of Benefits

On termination of service due to death, permanent disability, hardship, retirement or for other reasons, a participant or beneficiary may elect to receive the value of the vested interest in his or her account as a lump-sum distribution, in annual installments over a period of time determined by the event, or to roll the balance directly over to an eligible retirement plan or individual retirement account. However, if the value of a separated participant's vested balance is between \$1,000 and \$5,000, the Plan can cause the vested balance to be transferred to an individual qualified retirement account. If the value of a separated participant's vested balance does not exceed \$1,000, the Plan can cause the vested balance to be either transferred to an individual qualified retirement account or distributed to the separated participant directly.

Forfeited Accounts

At December 31, 2024 and 2023, the accumulated forfeited nonvested account balances totaled \$433,012 and \$1,494,698, respectively, and are included in investments in the Statements of Net Assets Available for Benefits. Under the terms of the Plan, the Plan can use forfeitures to pay expenses in connection with the management and operation of the Plan or to reduce future Mortenson contributions. Mortenson elected to use \$1,933,972 and \$23,436 of forfeitures during the years ended December 31, 2024 and 2023, respectively, to reduce Mortenson contributions. Employer contributions are shown net of forfeiture funding. The Plan also used \$88,116 and \$112,130 of forfeitures to pay Plan expenses for the years ended December 31, 2024 and 2023, respectively.

Investment Options

Under the Plan, participants are allowed to make their own investment decisions, selecting from options authorized by the Plan administrator. Participants may elect at any time to have all or part of their account balances and future contributions transferred from one fund to another or in any combination. All options vary in types of investments, rates of return, and investment risk.

Other Income

Other income consists of revenue credits issued by the Plan's trustee. In situations where record-keeping revenue received in connection with plan services exceeds agreed-upon compensation, the Plan's trustee can credit amounts equal to such excess revenue back to the Plan.

CARES Act

The Plan adopted the temporary loan repayment deferral provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The deferral provision adopted by the Plan allowed qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. In addition, Plan participants were eligible to take a COVID-19 related loan up to \$100,000 before September 23, 2020. The Consolidated Appropriations Act ("CAA"), signed into law December 27, 2020, effectively extended these provisions through June 25, 2021. Although the Plan has not yet been formally amended to adopt the CAA provisions, the Plan has until December 31, 2025 to do so.

Plan Termination

Although it has not expressed any intention to do so, Mortenson has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the accounts of all participants become fully vested, and all assets of the Plan are to be distributed.

Reclassification

Certain amounts reported in 2023 within administrative expenses have been reclassified to other income on the Statement of Changes in Net Assets Available for Benefits to conform to the current financial statement presentation. This reclassification had no impact on net increase prior to transfers as reported in the Statement of Changes in Net Assets Available for Benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

M. A. MORTENSON COMPANY PROFIT SHARING AND RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation in Fair Value of Investments

Net appreciation in the fair value of investments represents the net realized gains (losses) and the net unrealized appreciation (depreciation) of investments. Realized gains (losses) are the difference between the proceeds and either the cost of investments sold, determined on an average cost basis, or fair value at the end of the previous year, whichever is applicable. Net unrealized appreciation (depreciation) is the change in the difference between fair market value and the cost of investments or the fair value at the end of the previous year, whichever is applicable.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The employer pays certain administrative expenses on behalf of the Plan.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and change therein, and disclosure of contingent assets and liabilities. Estimates also reflect the reported amounts of revenue and expense during the reporting period. Actual results may differ from those estimates.

Transfers

Along with the Plan, Mortenson also sponsors a 401(k) plan for trade employees. If employees change their benefit class status during the year, their account balances can be transferred into the corresponding plan.

Subsequent Events

The Plan evaluated its December 31, 2024 financial statements for subsequent events through October 1, 2025, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

M. A. MORTENSON COMPANY PROFIT SHARING AND RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

NOTE C - CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023.
- Net investment income and interest income on notes receivable from participants, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2024.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

M. A. MORTENSON COMPANY PROFIT SHARING AND RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish daily net asset values (“NAVs”) and to transact at that price. The mutual funds held by the Plan are considered actively traded. (Level 1)

Collective trust funds: Valued using the NAV as a practical expedient to fair value of the units held by the Plan at year end.

Money market fund: Valued at cost, which approximates fair value. (Level 1)

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the hierarchy level of inputs used to estimate the fair value of the Plan’s assets:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 317,152	\$ -	\$ -	\$ 317,152

Total assets in the fair value hierarchy	<u>\$ 130,070,468</u>	<u>\$ -</u>	<u>\$ -</u>	130,070,468
Collective trust funds measured at NAV as a practical expedient ^(a)				669,284,837

Collective trust funds measured at NAV as a practical expedient ^(a)				508,252,511

^(a) Redemption of the collective trust funds are generally permitted daily and there are no unfunded commitments. Were the Plan to initiate a full redemption of the collective trust funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

NOTE E - INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed Mortenson by a letter dated February 7, 2017, that the Plan was designed in accordance with the applicable IRC requirements. Mortenson believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Certain investments offered by the Plan are managed by Fidelity Management Trust Company, the trustee, during the years ended December 31, 2024 and 2023; therefore, all transactions in these investments qualify as party-in-interest. Notes receivable from participants are also party-in-interest transactions.
