## Independent Auditor's Report

To the Administrative Committee of the  
Aerovías de México, S.A. de C.V. 401(k) Retirement Plan

### Opinion

We have audited the accompanying financial statements of Aerovías de México, S.A. de C.V. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Aerovías de México, S.A. de C.V. 401(k) Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aerovías de México, S.A. de C.V. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aerovías de México, S.A. de C.V. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Independent Auditor's Report- Continued**

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aerovías de México, S.A. de C.V. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aerovías de México, S.A. de C.V. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

## Independent Auditor's Report- Continued

### Supplemental Schedule Required by ERISA - Continued

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## **Notes to the Financial Statements**

---

### **A. Description of the Plan**

The following brief description of the Aerovías de México, S.A. de C.V. 401(k) Retirement Plan (plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

#### **General**

The Plan is a defined contribution plan covering all employees of Aerovías de México, S.A. de C.V. (the “company”) except residents of Puerto Rico, leased employees, are covered by a collective bargaining agreement unless the agreement requires the employees to be included under the plan, or a nonresident alien with no income from a U.S. source. Eligible participants will have completed one month of service. Additional related employers participating in the plan are : Aerolitoral, S.A. de C.V. and Aerovías Empresa de Cargo, S.A. de C.V. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

#### **Contributions**

Each year, participants may elect to contribute a percentage of eligible compensation into the plan after satisfying the plan’s eligibility requirements. For pre-tax contributions being withheld from compensation, the percentage deferred is subject to an annual limit of the lesser of 60% of eligible compensation or the highest amount allowed by law. This plan also contains an automatic enrollment feature. Participants subject to automatic enrollment will be notified approximately 30 days prior to when the company will begin to automatically deduct 5% from compensation on a pre-tax basis as a deferral contribution. Deferral contributions made automatically are treated the same under the plan as deferral contributions made by the participants own election. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. All employees who are eligible to make elective deferrals under this plan and who have attained the age of 50 before the close of the plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Section 414(v) of the Code.

The company contributes 60% of the first 5% of base compensation that a participant contributes to the plan. For purposes of determining the matching contributions under the plan, the pretax contributions will not include catch-up contributions. Additional amounts may be contributed at the option of the company’s board of directors. Each participant’s annual contribution shall not exceed the maximum amount allowed for deferral for U.S. federal income tax purposes. The amount of a participant’s annual compensation which may be taken into account for purposes of determining the amount of the employer match or for any other purpose under the plan shall not exceed an amount prescribed annually by the Internal Revenue Service (“IRS”).

#### **Participant’s accounts**

Each participant’s account is credited with the participant’s contribution and allocations of (a) the company’s contribution and (b) plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Aerovías de México, S.A. de C.V. 401(k) Retirement Plan**  
**Notes to the Financial Statements**

---

**A. Description of the Plan - Continued**

**Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The interest rate on loans outstanding at December 31, 2024 is 4.25% to 9.50%. Principal and interest are paid ratably through semi-monthly payroll deductions.

**Vesting**

Participants are 100% vested in the current market value of their contributions to the plan plus actual earnings thereon. Vesting in the company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants not fully vested receive rights to the company's contributions as follows:

<b>Years of Employment</b>	<b>Vested Percentage</b>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

**Payment of benefits**

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

**Forfeited accounts**

Should a partially vested participant leave the plan, an immediate forfeiture of the non-vested portion of company contributions will occur. Accumulated forfeitures, which were \$99,197 and \$100,094 at December 31, 2024 and 2023 respectively, are available to fund company contributions to the plan and pay plan expenses. Forfeitures of \$15,561 were used to pay plan expenses during 2024.

**B. Summary of Significant Accounting and Reporting Policies**

**Basis of accounting**

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See Note C for a discussion of fair value measurements.

**Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition**

Investments are reported at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

**Payment of benefits**

Benefits are recorded when paid.

**Operating expenses**

Certain administrative expenses of maintaining the plan are paid by the company. Contract administrative fees are paid by the plan.

**Subsequent events**

The plan has evaluated subsequent events through September 18, 2025, the date the financial statements were available to be issued.

## Notes to the Financial Statements

---

### B. Summary of Significant Accounting and Reporting Policies - Continued

#### Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

### C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The 3 levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**Aerovías de México, S.A. de C.V. 401(k) Retirement Plan**  
Notes to the Financial Statements

**C. Fair Value Measurements - Continued**

*Common stocks:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Corporate bonds:* Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

*U.S. government securities:* Valued using pricing models maximizing the use of observable inputs for similar securities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Level 1</u>	<b><u>Assets at Fair Value as of December 31, 2024</u></b>		
		<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$8,964,209</u>			<u>\$8,964,209</u>
Investments at fair value	<u>\$8,964,209</u>			<u>\$8,964,209</u>
		<b><u>Assets at Fair Value as of December 31, 2023</u></b>		
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$7,189,781</u>			<u>\$7,189,781</u>
Investments at fair value	<u>\$7,189,781</u>			<u>\$7,189,781</u>

**D. Fidelity Managed Income Portfolio**

In 2005, the plan entered into a benefit responsive investment contract with Fidelity totaling \$775,073 for 2024 and \$783,891 for 2023. Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The average yield and crediting interest rates for 2024 and 2023 was 3.62% and 2.55%, respectively. The crediting interest rate is based on a formula agreed upon with the issuer.

## **Aerovías de México, S.A. de C.V. 401(k) Retirement Plan**

### **Notes to the Financial Statements**

---

#### **D. Fidelity Managed Income Portfolio - Continued**

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

#### **E. Related Party Transactions and Party-In-Interest Transactions**

Certain plan investments are shares of mutual funds and a common/collective trust managed by Fidelity Investment. Fidelity Investment is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services were paid by the company for the year ended December 31, 2024.

#### **F. Plan Termination**

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

**Aerovías de México, S.A. de C.V. 401(k) Retirement Plan**  
Notes to the Financial Statements

---

**G. Tax Status**

On June 30, 2020, the IRS stated that the prototype adopted by the plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The plan has not received a determination letter specific to the plan itself; however, the plan administrator and the plan's tax counsel believe that the plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**H. Risks and Uncertainties**

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## Independent Auditor's Report

To the Administrative Committee of the  
Aerovías de México, S.A. de C.V. 401(k) Retirement Plan

### Opinion

We have audited the accompanying financial statements of Aerovías de México, S.A. de C.V. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Aerovías de México, S.A. de C.V. 401(k) Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aerovías de México, S.A. de C.V. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aerovías de México, S.A. de C.V. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Independent Auditor's Report- Continued**

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aerovías de México, S.A. de C.V. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aerovías de México, S.A. de C.V. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

## Independent Auditor's Report- Continued

### Supplemental Schedule Required by ERISA - Continued

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### A. Description of the Plan

The following brief description of the Aerovías de México, S.A. de C.V. 401(k) Retirement Plan (plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

#### General

The Plan is a defined contribution plan covering all employees of Aerovías de México, S.A. de C.V. (the “company”) except residents of Puerto Rico, leased employees, are covered by a collective bargaining agreement unless the agreement requires the employees to be included under the plan, or a nonresident alien with no income from a U.S. source. Eligible participants will have completed one month of service. Additional related employers participating in the plan are : Aerolitoral, S.A. de C.V. and Aerovías Empresa de Cargo, S.A. de C.V. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

#### Contributions

Each year, participants may elect to contribute a percentage of eligible compensation into the plan after satisfying the plan’s eligibility requirements. For pre-tax contributions being withheld from compensation, the percentage deferred is subject to an annual limit of the lesser of 60% of eligible compensation or the highest amount allowed by law. This plan also contains an automatic enrollment feature. Participants subject to automatic enrollment will be notified approximately 30 days prior to when the company will begin to automatically deduct 5% from compensation on a pre-tax basis as a deferral contribution. Deferral contributions made automatically are treated the same under the plan as deferral contributions made by the participants own election. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. All employees who are eligible to make elective deferrals under this plan and who have attained the age of 50 before the close of the plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Section 414(v) of the Code.

The company contributes 60% of the first 5% of base compensation that a participant contributes to the plan. For purposes of determining the matching contributions under the plan, the pretax contributions will not include catch-up contributions. Additional amounts may be contributed at the option of the company’s board of directors. Each participant’s annual contribution shall not exceed the maximum amount allowed for deferral for U.S. federal income tax purposes. The amount of a participant’s annual compensation which may be taken into account for purposes of determining the amount of the employer match or for any other purpose under the plan shall not exceed an amount prescribed annually by the Internal Revenue Service (“IRS”).

#### Participant’s accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the company’s contribution and (b) plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Aerovías de México, S.A. de C.V. 401(k) Retirement Plan**  
**Notes to the Financial Statements**

---

**A. Description of the Plan - Continued**

**Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The interest rate on loans outstanding at December 31, 2024 is 4.25% to 9.50%. Principal and interest are paid ratably through semi-monthly payroll deductions.

**Vesting**

Participants are 100% vested in the current market value of their contributions to the plan plus actual earnings thereon. Vesting in the company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants not fully vested receive rights to the company's contributions as follows:

<b>Years of Employment</b>	<b>Vested Percentage</b>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

**Payment of benefits**

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

**Forfeited accounts**

Should a partially vested participant leave the plan, an immediate forfeiture of the non-vested portion of company contributions will occur. Accumulated forfeitures, which were \$99,197 and \$100,094 at December 31, 2024 and 2023 respectively, are available to fund company contributions to the plan and pay plan expenses. Forfeitures of \$15,561 were used to pay plan expenses during 2024.

**B. Summary of Significant Accounting and Reporting Policies**

**Basis of accounting**

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See Note C for a discussion of fair value measurements.

**Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition**

Investments are reported at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

**Payment of benefits**

Benefits are recorded when paid.

**Operating expenses**

Certain administrative expenses of maintaining the plan are paid by the company. Contract administrative fees are paid by the plan.

**Subsequent events**

The plan has evaluated subsequent events through September 18, 2025, the date the financial statements were available to be issued.

## Notes to the Financial Statements

### B. Summary of Significant Accounting and Reporting Policies - Continued

#### Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

### C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The 3 levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**Aerovías de México, S.A. de C.V. 401(k) Retirement Plan**  
Notes to the Financial Statements

**C. Fair Value Measurements - Continued**

*Common stocks:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Corporate bonds:* Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

*U.S. government securities:* Valued using pricing models maximizing the use of observable inputs for similar securities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<b><u>Assets at Fair Value as of December 31, 2024</u></b>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$8,964,209</u>			<u>\$8,964,209</u>
Investments at fair value	<u>\$8,964,209</u>			<u>\$8,964,209</u>
	<b><u>Assets at Fair Value as of December 31, 2023</u></b>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$7,189,781</u>			<u>\$7,189,781</u>
Investments at fair value	<u>\$7,189,781</u>			<u>\$7,189,781</u>

**D. Fidelity Managed Income Portfolio**

In 2005, the plan entered into a benefit responsive investment contract with Fidelity totaling \$775,073 for 2024 and \$783,891 for 2023. Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The average yield and crediting interest rates for 2024 and 2023 was 3.62% and 2.55%, respectively. The crediting interest rate is based on a formula agreed upon with the issuer.

## **Aerovías de México, S.A. de C.V. 401(k) Retirement Plan**

### **Notes to the Financial Statements**

---

#### **D. Fidelity Managed Income Portfolio - Continued**

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

#### **E. Related Party Transactions and Party-In-Interest Transactions**

Certain plan investments are shares of mutual funds and a common/collective trust managed by Fidelity Investment. Fidelity Investment is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services were paid by the company for the year ended December 31, 2024.

#### **F. Plan Termination**

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

**Aerovías de México, S.A. de C.V. 401(k) Retirement Plan**  
**Notes to the Financial Statements**

---

**G. Tax Status**

On June 30, 2020, the IRS stated that the prototype adopted by the plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The plan has not received a determination letter specific to the plan itself; however, the plan administrator and the plan's tax counsel believe that the plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**H. Risks and Uncertainties**

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
