Report of Independent Auditors

The Trustees of
Atlantic Telephone Membership Corporation Retiree Welfare Benefit Plan Trust

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Atlantic Telephone Membership Corporation Retiree Welfare Benefit Plan Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Atlantic Telephone Membership Corporation Retiree Welfare Benefit Plan Trust as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, and the related statements of benefit obligations as of December 31, 2024 and 2023, and the changes in benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Atlantic Telephone Membership Corporation Retiree Welfare Benefit Plan Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlantic Telephone Membership Corporation Retiree Welfare Benefit Plan Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Atlantic Telephone Membership Corporation Retiree Welfare Benefit Plan Trust's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlantic Telephone Membership Corporation Retiree Welfare Benefit Plan Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(j) – Schedule of Reportable Transactions (Held at End of Year) as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Atlantic Telephone Membership Corporation

Retiree Welfare Benefit Plan Trust

Notes to Financial Statements

Note 1 – Description of Plan

The following brief description of the Atlantic Telephone Membership Corporation Retiree Welfare Benefit Plan Trust (the Plan) provides only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

General – The Plan provides health and other benefits to eligible retired employees of the Atlantic Telephone Membership Corporation (the Company or ATMC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees are eligible for benefits when a combination of age plus years of service equals 85, but not before age 55.

Benefits – The Plan provides health benefits including medical (hospital, surgical, and major medical), dental, vision, and life insurance as well as discounts on telephone, internet, and cable television services for retired participants, dependents, and their beneficiaries.

Medical benefits – For those retiring prior to February 1, 2009, benefits are provided from the date of retirement until death. The retiree can elect to cover a spouse or dependent child. Spouse and dependent coverage ceases upon the death of the retiree. Effective January 1, 2017, coverage for retirees under age 65 changed from a traditional plan to a high deductible health plan (HDHP) with an annual contribution of \$2,700 on behalf of the participant to a health savings account (HSA). Coverage for retirees age 65 or older changed from a traditional plan to a Medicare supplement plan with a \$125 per month contribution towards Medicare Part B premiums. A yearly contribution of \$1,434 is required by the retiree for spouse or dependent coverage.

For those retiring after February 1, 2009, with at least 30 years of service, retirees are covered before age 65 at no cost, but must contribute the active premium rates for spousal coverage. Effective January 1, 2017, coverage for retirees under age 65 changed from a traditional plan to an HDHP with an annual contribution of \$2,700 on behalf of the participant to an HSA. For retirees age 65 or older, the Company's contribution is a monthly stipend paid on behalf of the retiree for a Medicare supplement plan. There is no spousal coverage for retirees age 65 and older. Effective January 1, 2020, the post-Medicare stipend amount is capped at \$650 per month for all retirees. The monthly stipend was \$569 and \$551 for 2024 and 2023, respectively.

The Plan was amended in November of 2024, to discontinue stipends effective January 1, 2050. Stipends will no longer be provided after 2049.

Effective January 1, 2020, new retirees are no longer eligible for the life insurance benefit and all new employees are no longer eligible for postretirement medical benefits.

Dental and vision benefits – For those retiring prior to February 1, 2009, the retiree, spouse, and dependents, where applicable, are covered until the retiree's death. For those retiring on or after February 1, 2009, the retiree is fully covered; however, but must contribute the active premium rates for spousal coverage, where applicable.

Life insurance benefit – Life insurance is provided to retired employees of the Company at an amount equal to 25% of the pre-retirement amount.

Atlantic Telephone Membership Corporation

Retiree Welfare Benefit Plan Trust

Notes to Financial Statements

Medical, dental, vision, and life insurance benefits of participants and their beneficiaries are provided under group insurance contracts with United Healthcare, United American, and the Standard.

The Plan also pays for 50% of the cost of service for telephone, security, and internet for eligible retirees. Cable television streaming is billed to the retiree at programming cost.

Contributions – Contributions are made by the Company at the discretion of the Company's Board of Directors. The minimum contribution for a year is an amount that is sufficient to provide the benefits expected to be paid during the year. The maximum annual contribution is the amount, based upon actuarial principals and computations, which is estimated to be necessary to adequately provide, on a level basis, sufficient funds to provide postretirement benefits expected to be paid by the Plan, as well as establishing a "reserve" for funding future benefit liabilities in accordance with Sections 419 and 419A of the Internal Revenue Code (IRC).

Reimbursement to Plan Sponsor – The Plan Sponsor may request reimbursement from the Trust for contributions it's made to the Plan to pay plan benefits and premiums on behalf of eligible participants. The Plan Sponsor requested reimbursement from the Trust of \$2,028,300 and \$4,150,000 during the years ended December 31, 2024 and 2023, respectively. The reimbursement for the year ended December 31, 2024, was requested and paid during 2024 and covered contributions made by the Plan Sponsor to the Plan to pay premiums and benefits for the year ended 2023 and the years ended 2013 through 2015. The 2023 reimbursement pertained to premiums and benefits paid for the periods ended 2016 through 2022.

Note 2 – Summary of Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of estimates – The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment valuation – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation or depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes to Financial Statements

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

As the Plan was nearing fully funded, the Plan decided to continue reimbursing the Plan Sponsor for contributions the Plan Sponsor made to pay premiums paid on behalf of the Plan. After discussion with their advisor American Trust and approval from the Board of Directors and the VEBA trustees the Plan reimbursed the Plan Sponsor approximately \$2.5 million thus far in 2025.

The Plan has evaluated subsequent events through September 29, 2025, which is the date the financial statements were available to be issued.

Note 3 – Postretirement Benefit Obligations

Postretirement benefit obligations represent the actuarial present value of those estimated future benefits that are attributable under the Plan's provisions to the service employees have rendered. Postretirement benefits include future benefits expected to be paid to or for (a) currently retired or terminated employees and their beneficiaries and dependents, and (b) active employees and their beneficiaries and dependents after retirement from service with the Company. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an independent actuary and is that amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

For measurement purposes, a medical trend assumption of 5.00% and 5.50% beginning in 2024 and 2023, respectively, in the valuations. The 5.00% rate was assumed to decrease gradually by 0.5% per year for four years to 4.00% and to remain at that level thereafter. The HSA contributions are assumed to follow the same trends as the medical benefits. Dental and vision benefits are expected to increase at a rate of 4.00% per year for both 2024 and 2023. Medicare stipend costs are assumed to increase at 2.00% per year at December 31, 2024 and 2023. Other benefits have no increases assumed.

Atlantic Telephone Membership Corporation
Retiree Welfare Benefit Plan Trust
Notes to Financial Statements

The following were other significant assumptions used in the valuations as of December 31:

	<u>2024</u>	<u>2023</u>
Weighted-average discount rate	5.49%	4.80%
Expected long-term rate return on assets	7.50%	7.50%
Mortality	SOA Pri-2012 Mortality Table with Projection Scale MP-2021	
Average retirement age	Assumed percentages based on employee ages ranging from 55–70	
Turnover	Assumed percentages based on employee ages ranging from 20–55	

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

The Plan's deficiency of net assets under postretirement benefit obligations at December 31, 2024 and 2023, will be funded through future contributions.

The assumed health cost trend rates have a significant effect on the amounts reported in the accompanying financial statements. If the assumed rate increased by one percentage point each year, it would increase the obligations as of December 31, 2024 and 2023, by approximately \$672,000 and \$789,000, respectively.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Atlantic Telephone Membership Corporation

Retiree Welfare Benefit Plan Trust

Notes to Financial Statements

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Common stock – Valued at the closing price reported on the active market on which the individual securities are traded.

Partnerships – Valued using the NAV of units held. The NAV is used as a practical expedient to estimate fair value and is based on audited financial statements of the partnerships as of December 31. This practical expedient is not used when it is determined to be probable that the interest in the partnership will sell for an amount different than the reported NAV.

Money market account and interest-bearing cash – Valued at cost which approximates fair value.

The following table provides additional information for investments in certain entities that measure fair value using the NAV practical expedient:

	Fair Value 12/31/24	Fair Value 12/31/23	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Campbell Fund Trust Unit					
Series A	\$ -	\$ 427,459	Daily	N/A	N/A

Total	<u>\$ 576,439</u>	<u>\$ 983,532</u>

Notes to Financial Statements

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31:

Note 5 – Tax Status

The Atlantic Telephone Membership Corporation Retiree Welfare Benefit Plan Trust, established to hold the Plan's net assets, is qualified under Section 501(c)(9) of the IRC. Accordingly, the Trust's net investment income is exempt from income taxes. The Trust obtained a favorable tax determination letter from the Internal Revenue Service (IRS) effective as of October 20, 2006. The Trust has been amended since receipt of that determination letter. However, the Trust administrator believes the Trust is currently designed and operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Retiree Welfare Benefit Plan Trust
Notes to Financial Statements

GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Plan Termination

Although it has not expressed any intent of doing so, the Plan may be terminated by the Company at any time subject to the provisions set forth in ERISA. If, following a complete termination of the Plan, there are assets in the Trust Fund after all liabilities of the Plan to participants have been satisfied, such remaining assets shall be applied by the trustee, in accordance with the directions of the Company, to the cost of any successor welfare benefit program adopted by the Company for the benefit of the participants, their covered dependents, or their designated beneficiaries.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of postretirement benefit obligations are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 8 – Party-in-Interest Transactions

Fees paid during the years for investment advisory and management services rendered by the custodian were based on customary and reasonable rates for such services and totaled approximately \$85,000 and \$87,000 for the years ended December 31, 2024 and 2023, respectively.

ATMC is both the Plan administrator and the Plan Sponsor. During the years ended December 31, 2024 and 2023, ATMC provided the Plan with certain accounting and administrative services for which no fees were charged.
