INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of  
The Garlic Company 401(k) Retirement Plan

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of The Garlic Company 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Garlic Company 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Garlic Company 401(k) Retirement Plan's ability to continue as a going concern for one year after the date financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Garlic Company 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Garlic Company 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental Schedules of: (1) Schedule H, line 4i-Schedule of Assets (Held at End of Year) and (2) Schedule H, line 4a- Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**THE GARLIC COMPANY 401(k) RETIREMENT PLAN**  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**NOTE A - DESCRIPTION OF THE PLAN**

The following description of The Garlic Company 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

**1. General**

The Plan is a defined contribution plan which was established for the benefit of substantially all employees of The Garlic Company (the “Employer”) and meets all requirements under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**2. Eligibility**

Effective January 1, 2024, all employees are eligible to participate in the Plan upon attainment of age 21 and three months of service with 250 hours of service, prior to quarterly entry dates. Previously, the service requirement was 12 months with 1,000 hours of service.

**3. Contributions**

Participants may elect to contribute on a tax-deferred basis and/or make Roth contributions, up to 100% of their compensation, not to exceed the maximum deferral limit per Section 402(g)(1) of the IRC. Additional “catch-up” contributions can be made beginning in the plan year in which a participant will be at least age 50 by the end of the plan year. Participants may also rollover pre-tax amounts representing distributions from other qualified plans. Employees who have not met the eligibility requirements may make eligible rollover contributions to the Plan.

In addition, the Employer may elect to make discretionary matching contributions, qualified matching contributions, and discretionary non-elective contributions. For the year ended December 31, 2024, the Employer made discretionary matching contributions totaling \$254,763. No non-elective or qualified matching contributions were made during the year.

**4. Investment Options**

Upon enrollment in the Plan, a participant may direct employee and Employer contributions, as desired, in any of a variety of investment options held by Fidelity Management Trust Company (“Fidelity”), the trustee, as elected by the Employer. Participants may change their investment options daily.

**THE GARLIC COMPANY 401(k) RETIREMENT PLAN**  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**NOTE A - DESCRIPTION OF THE PLAN (Continued)**

**5. Participant Accounts**

Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. Allocations of Employer discretionary non-elective contributions are based on the same ratio each participant's compensation bears to the compensation of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**6. Vesting**

Participant contributions, rollovers and Employer qualified matching contributions plus actual earnings thereon are fully vested at all times. Vesting in the Employer discretionary matching and Employer non-elective contribution portions of participant accounts plus actual earnings thereon is based on years of continuous service. A participant becomes vested in 20% increments per year after the first year and is fully vested at the end of the fifth year of service.

**7. Benefit Payments**

When a participant attains normal retirement age, incurs total disability, or dies, while employed by the Employer, the participant (or beneficiary in the case of death) is entitled to 100% of the participant's account balance. When a participant terminates service due to reasons other than retirement, disability, or death, the participant is entitled to a lump sum payment of their vested account balance. In-service and hardship distributions are permitted if certain criteria are met.

**8. Forfeitures**

Forfeitures of terminated participants' non-vested accounts may be used to pay allowable administrative expenses of the Plan and any remaining amounts may be used to reduce future Employer contributions. Forfeiture balances at December 31, 2024 and 2023 were \$7,728 and \$28,168, respectively, and are included in the Statements of Net Assets Available for Benefits. During the year ended December 31, 2024, forfeitures totaling \$20,461 were applied against the Employer matching contribution.

**9. Notes Receivable from Participants**

Participants may borrow against their vested account balance a minimum of \$1,000 up to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance during the preceding 12 months. The loans shall bear a reasonable rate of interest and must be repaid within 5 years, or 10 years if used for the purchase of a principal residence. A participant may only have two loans outstanding at one time.

## THE GARLIC COMPANY 401(k) RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**1. Basis of Presentation**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

**2. Plan Administration**

The Garlic Company is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

**3. Administrative Expenses**

Administrative expenses incurred by the trustee in performance of its duties are paid from the assets of the Plan. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

**4. Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note D for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes gains and losses on investments bought and sold as well as held during the year.

**5. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**6. Payment of Benefits**

Benefits are recorded when paid.

## THE GARLIC COMPANY 401(k) RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

##### 7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

##### 8. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability in the Statements of Net Assets Available for Benefits with a corresponding decrease in participant deferrals in the Statement of Changes in Net Assets Available for Benefits. The Plan distributed the excess contributions payable at December 31, 2024 and 2023 to the applicable participants prior to March 15, 2025 and March 15, 2024, respectively.

##### 9. Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

#### NOTE C - CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-require supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity (the trustee of the Plan).

#### NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**THE GARLIC COMPANY 401(k) RETIREMENT PLAN**  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**NOTE D - FAIR VALUE MEASUREMENTS (Continued)**

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the quoted net asset value (NAV) of shares held by the Plan at year end. These funds are required to publish their daily NAV and to transact at that price. The NAV for mutual funds is a publicly available quoted price in an active market.

*Common collective trust funds:*

During 2023 and part of 2024, the Plan held an investment in the Fidelity Advisor Stable Value Fund (the "Stable Value Fund") which invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into "wrap" contracts issued by third-parties and invests in cash equivalents represented by shares in money market funds. The Stable Value Fund strives to maintain a stable NAV of \$1.00 per unit, although there is no guarantee that the portfolio will be able to maintain this value. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. The Plan no longer held this fund as of December 31, 2024.

As of December 31, 2024, the Plan held an investment in the Fidelity Fisher All World EQ3 Fund, a common collective trust that invests in global equity securities across developed and emerging markets. The NAV, as reported by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV.

**THE GARLIC COMPANY 401(k) RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

**NOTE D - FAIR VALUE MEASUREMENTS (Continued)**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

*Assets at Fair Value as of December 31, 2024*

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Assets in the fair value hierarchy:				
Mutual funds	\$ 7,345,391	\$ -	\$ -	\$ 7,345,391
Investments measured at net asset value <sup>(a)</sup>				2,335
Investments at fair value				\$ 7,347,726

*Assets at Fair Value as of December 31, 2023*

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Assets in the fair value hierarchy:				
Mutual funds	\$ 6,543,949	\$ -	\$ -	\$ 6,543,949
Investments measured at net asset value <sup>(a)</sup>				227,131
Investments at fair value				\$ 6,771,080

<sup>(a)</sup> In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table summarizes investments for which fair value is using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments. The redemption period is applicable only to the Plan.

**NOTE D - FAIR VALUE MEASUREMENTS (Continued)**

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>

Common collective trust fund	\$ 227,131	None	Daily	Up to 12 months

**NOTE E - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

**NOTE F - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Employer reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, all interests of participants become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

## THE GARLIC COMPANY 401(k) RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

All investments are held with Fidelity, the trustee and record-keeper of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants of the Plan and the related interest income are also considered party-in-interest transactions. Statutory exemptions exist with respect to these transactions.

During the year ended December 31, 2024, the Employer failed to remit employee contributions totaling \$1,211 to the Plan on a timely basis in accordance with Department of Labor Regulations. As a result, lost earnings on these untimely contributions and on the Employer matching contributions were remitted to the Plan and allocated to affected participant accounts in 2025.

#### NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500 at December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 7,744,174	\$ 7,062,722

**THE GARLIC COMPANY 401(k) RETIREMENT PLAN**  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**NOTE I - TAX STATUS**

The Employer adopted a non-standardized pre-approved profit sharing plan (“pre-approved”), which received its latest opinion letter dated June 30, 2020 from the IRS, which stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter, however, the plan administrator and the Plan’s advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE J - SUBSEQUENT EVENTS**

Effective May 23, 2025, the Plan sponsor converted from a general partnership to a limited liability company. Furthermore, effective January 1, 2025, the Plan Sponsor increased the discretionary matching contribution rate from 3% to 4%.

Plan management has evaluated subsequent events through September 16, 2025, the date the financial statements were available to be issued.
