3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **WHITLEY PENN, LLP**

(2) EIN: **75-2393478**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

REPORT OF INDEPENDENT AUDITORS

To the Investment Committee of the
Elbit Systems of America Pension Plan for Employees in the Night Vision Bargaining Unit

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Elbit Systems of America Pension Plan for Employees in the Night Vision Bargaining Unit (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Form 5500, Schedule H, Line 4j - Schedule of Reportable Transactions as of December 31, 2024, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

A. Description of the Plan

General

The following brief description of the Elbit Systems of America Pension Plan for Employees in the Night Vision Bargaining Unit (the “Plan”), formerly the Harris Corporation Pension Plan for Employees in the Night Vision Bargaining Unit (the “Harris Plan”), is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

Effective April 4, 2019, Elbit Systems of America, LLC (the “Company”) entered into an Asset Purchase Agreement (the “Agreement”) with Harris Corporation (“Harris”) and pursuant to the Agreement, the Company was required to assume sponsorship of the Harris Plan. The Company established the Elbit Systems of America Pension Plan for Employees in the Night Vision Bargaining Unit Trust to receive the transfer of assets attributable to the Harris Plan. As of the closing date of the Agreement, the Company accepted the transfer of sponsorship of the Plan from Harris, the Company became the plan sponsor, and the Plan was amended to be renamed. The Company is referred to herein as the “Plan Sponsor.”

The Plan is a defined benefit plan covering substantially all hourly employees of Harris Communications Systems, Night Vision, at Roanoke, Virginia. In 2019, the Plan was amended to provide that Elbit Systems of America – Night Vision LLC was a Participating Unit, as defined in the Plan document. Employees are eligible to participate upon the attainment of the earlier of (i) three years of continuous service, or (ii) the date the employee completes one year of continuous service or reaches age 21, whichever is later. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During 2020, the Board of Directors of the Company authorized a provision and executed an amendment to the Plan to enact a “soft freeze” effective July 26, 2020. The “soft freeze” of the Plan prohibits employees that are hired on or after the freeze date from being added to the Plan. Existing participants would continue to accrue benefits as defined under the Plan’s provisions based on years of service and Plan provisions in effect.

Effective July 26, 2020, there will be no new entrants into the Plan. Those who are participants in the Plan on July 26, 2020, would continue to accrue benefits of fifty-eight dollars (\$58.00) per month for each year of credited service for all service after December 1, 1958. Employees hired on or after July 26, 2020, will be automatically enrolled in the Company’s 401(k) plan.

In November 2020, the Board of Directors of the Company authorized a provision and executed an amendment to the Plan to enact a “hard freeze” effective December 31, 2020. Under the “hard freeze,” existing Plan participants will no longer continue to accrue benefits after December 31, 2020, as defined under the Plan’s provisions.

A. Description of the Plan – continued

General – continued

Effective June 1, 2023, the Plan changed trustees and custodians from Northern Trust Company to Principal Trust Company.

Contributions

The Plan's funding policy is for the Plan Sponsor to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement as calculated by an independent actuary. Additionally, the Plan Sponsor makes annual contributions to the Plan based upon the maximum deductibility under the Internal Revenue Code (the "Code"). At December 31, 2024 and 2023, the Plan was fully funded as defined by ERISA funding requirements. After consideration of the funded status, the Plan Sponsor elected to make no contribution attributable to 2024 or 2023.

Plan Expenses

Employees of the Company perform certain administrative functions of the Plan with no compensation from the Plan. In accordance with Plan provisions, the Plan pays substantially all administrative expenses and costs relating to asset charges and recordkeeping, as well as Pension Benefit Guarantee Corporation ("PBGC") premiums. Any administrative expenses, if any, that are paid by the Company are not reflected in the accompanying financial statements.

Plan Benefits

As of January 1, 2012, the Plan was amended so that the benefit rate and formula to determine a participant's pension benefit shall be the rate in effect on the day the participant ceases to be an eligible employee, even if the participant continues in service as an employee with a participating unit, the Plan Sponsor, or an associated company after such date. The following table details the monthly pension benefit per year of credited service due to this amendment and the amendments during 2020 discussed in Note A.

A married employee who is a vested participant is automatically covered by the preretirement death benefit option, which will provide a benefit for the surviving spouse upon death prior to retirement, unless coverage is waived. The benefit would be equal to the benefit the spouse would have received had the employee retired on the date of death, computed under the normal form of payment and subject to certain limitations. An employee, who has attained age 50, has completed 15 years of continuous service, and who becomes totally and permanently disabled is eligible to receive a disability retirement benefit. The amount of the benefit is computed as it would be for normal retirement based on the employee's years of credited service as of the date of disability.

Vesting

Participants are eligible for monthly benefit payments upon reaching age 65. The normal monthly benefit payments are determined by multiplication of a benefit rate, which depends upon the period of credited service, by the total number of years of credited service, not to exceed 45 years. A participant is 100% vested after five years of service. Prior to that time, the participant is not vested. Employees are eligible to receive early retirement benefits between the ages of 55 and 65 upon completion of 15 years of continuous service. Early retirement benefits are computed in a manner similar to normal retirement at age 65, except that they are reduced by certain factors, as outlined in the Plan document, for each month that the early retirement date precedes the normal retirement date.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates. Refer to Note C for significant assumptions used in determining the Plan's present value of accumulated plan benefits.

Risks and Uncertainties

The Plan directly invests in mutual funds, money market funds, U.S. government securities, and corporate debt instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are generally subject to market or credit risks customarily associated with equity and fixed income investments. Fair values are determined in accordance with U.S. GAAP, which defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about assets and liabilities measured at fair value. See Note D for information related to the Plan's valuation methodologies.

Purchases and sales of securities are recorded on a trade-date basis. The net realized and unrealized gains (losses) on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

**ELBIT SYSTEMS OF AMERICA PENSION PLAN FOR EMPLOYEES IN THE
NIGHT VISION BARGAINING UNIT**

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies – continued

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are estimated future periodic payments, including lump-sum distributions, attributable under the Plan's provisions to services rendered by employees through the valuation date. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries and present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered through the valuation date.

C. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by Plan participants to reflect the time value of money and the probability of payment (such as for death, disability, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of the accumulated plan benefits information based on a beginning of the year valuation is as follows:

	January 1, 2024
Vested benefits:	
Participants currently receiving payments	\$ 52,988,443
Other vested participants	<u>23,587,654</u>
Total vested benefits	<u>76,576,097</u>
 Total actuarial present value of accumulated plan benefits	 <u><u>\$ 76,576,097</u></u>

**ELBIT SYSTEMS OF AMERICA PENSION PLAN FOR EMPLOYEES IN THE
NIGHT VISION BARGAINING UNIT**

NOTES TO FINANCIAL STATEMENTS (continued)

C. Actuarial Present Value of Accumulated Plan Benefits – continued

The following is a summary of the changes in the actuarial present value of accumulated plan benefits between the applicable benefit information dates:

	Year Ended January 1, 2024
Actuarial present value of accumulated plan benefits at beginning of the year	\$ 76,820,881
Changes during the year:	
Benefits accumulated and actuarial losses	1,127,145
Changes in actuarial assumptions	6,765,970
Increase for interest due to change in the discount period	4,715,459
Benefits paid	<u>(12,853,358)</u>
Actuarial present value of accumulated plan benefits at end of the year	<u><u>\$ 76,576,097</u></u>

The actuarial cost method used was the unit credit actuarial cost method. The more significant assumptions underlying the actuarial computations as of January 1, 2024 and 2023, for the respective actuarial valuations are as follows:

	2024	2023
Interest discount rate	5.11%	5.26%
Retirement age	From age 55 to 72	From age 55 to 72

There have been no changes in the methodologies used at December 31, 2024 and 2023. For 2024, the mortality assumption used is Pri-2012 Mortality Table adjusted for immortality improvement using Projection Scale MP-2021. For 2023, the mortality assumption used is RP-2014 Mortality Table adjusted for immortality improvement using Projection Scale MP-2021.

The change in the actuarial assumptions was primarily due to the following: (1) the segment interest rates updated to the current rates as specified by the Internal Revenue Service (“IRS”) regulations; (2) the Accounting Standards Codification 960 rate decreased from 6.75% to 5.75%; and (3) the mortality assumption was updated according to the projection in the IRS regulations.

These actuarial assumptions are based on the presumption that the Plan will continue. If the Plan Sponsor terminates the Plan at some future date, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

D. Fair Value Measurements

U.S. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

Level 1 — Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.

Level 2 — Inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for assets or liabilities through correlation with market data at the measurement date and for the duration of the instruments' anticipated lives.

Level 3 — Inputs reflect the best estimate of what market participants would use in pricing assets or liabilities at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model.

There have been no changes in the methodologies used at December 31, 2024 and 2023. For the year ended December 31, 2024, there were no significant transfers between levels. The Plan held no Level 3 investments as of December 31, 2024.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds and money market funds: The fair values of the mutual funds are considered Level 1, as the investments have readily available quoted prices in active markets.

U.S. Government securities and corporate debt instruments: Fair values of certain U.S. Government securities are considered Level 1, as these investments have readily available quoted prices in active markets. Fair values of certain U.S. Government securities and corporate debt instruments are obtained primarily from pricing services engaged by the custodian, and the Plan receives one price for each security. The fair values provided by the pricing service are estimated by using either a price or spread basis, where the inputs to those models are based on observable market inputs. For the price basis, evaluators attempt to match each issue to its best-known market maker and contact firms that deal with the respective securities. Evaluators maintain quality by surveying the dealer community, obtaining relevant trade data, benchmark quotes, and spreads, and incorporating this information into the evaluation process. For the spread basis, a bullet (noncall) spread scale is created for the relevant maturities of each issuer. These spreads represent credit risk based on the new issue market, secondary trading, and dealer quotes. These U.S. Government securities and corporate debt instruments are classified within Level 2 of the valuation hierarchy.

E. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of a money market fund managed by Principal Funds, Inc., an affiliate of Principal Bank, the trustee. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA, which are exempt from prohibited transaction rules.

F. Plan Termination

The Company has the right under the Plan to terminate the Plan subject to the provisions set forth under ERISA. See Note I.

NOTES TO FINANCIAL STATEMENTS *(continued)*

G. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held and accrued income at December 31, 2024 and 2023, net realized and unrealized gains (losses) on investments, and interest and dividends for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Northern Trust Company and Principal Bank, (the trustees of the Plan).

H. Tax Status

The Plan obtained its latest determination letter dated March 6, 2018, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through September 24, 2025, the date the financial statements were available for issuance.

During 2025, the Plan's Investment Committee resolved to terminate the Plan effective September 30, 2025, in accordance with the PBGC provisions and reporting requirements.

SECTION XII

ACTUARIAL COST METHODS

Traditional Unit Credit (TUC)

The actuarial cost method used in the development of the minimum contribution was the unit credit cost method.

The normal cost is the sum of all the individual normal costs for each participant. For active participants, the individual normal cost is the present value of the benefit earned during the year being valued. For active participants whose credited service equals or exceeds the plan maximum, if any, and for non-active participants, the normal cost is zero.

The actuarial accrued liability is the sum of the individual accrued liabilities for all participants. The individual accrued liability for an active participant is the present value of the accrued benefit as of the valuation date. The unfunded liability is the actuarial accrued liability less the valuation assets.

The total annual cost of the plan is the normal cost plus an amount to amortize the shortfall amount.

Projected Unit Credit (PUC)

The actuarial cost method used in the development of the maximum contribution was the projected unit credit cost method.

Under this method, the normal cost is the sum of the individual normal costs for all participants. For an active participant, the individual normal cost is the present value at the current age of the projected benefit at the assumed retirement age, based on the actuarial assumptions, divided by the participant's expected years of credited service at that age. For a non-active participant, the normal cost is zero.

The actuarial accrued liability is the sum of the individual accrued liabilities for all plan participants. For an active participant, the individual accrued liability is the product of the normal cost and the total years of credited service at the current age. For non-active participants, the individual accrued liability is the present value at the current age of future benefits. The unfunded actuarial accrued liability equals the actuarial accrued liability less the valuation assets.

SECTION XIII ACTUARIAL METHODS AND ASSUMPTIONS

A summary of the actuarial assumptions used in the valuation is presented below:

SELECTION OF ACTUARIAL ASSUMPTIONS

Assumption		Entity Who Selects Assumption	Basis for Assumption Selection	Change in Assumption
Segment Interest Rates for Minimum Contribution	Segment 1: 4.75% Segment 2: 4.87% Segment 3: 5.59%	Prescribed by Internal Revenue Service (IRC Sec. 430(h)(2)(C))	The Funding Target Liability for Minimum Contribution is determined using three 24-month average interest rates ("segment rates"), each of which applies to cash flows during specified periods. The Plan Sponsor has elected a 4 month look back for determining these rates each Plan Year. These segment rates are adjusted by the applicable percentage of the 25-year average segment rates.	The segment 1, segment 2 and segment 3 interest rates changed from 4.75%, 5.00%, and 5.74%, respectively as of the prior measurement date, January 1, 2023, to reflect the current prescribed rates. This change increased the Funding Target Liability for Minimum Contribution as of the current measurement date, January 1, 2024, by 1.26%.
Segment Interest Rates for Maximum Contribution	Segment 1: 3.62% Segment 2: 4.46% Segment 3: 4.52%	Prescribed by Internal Revenue Service (IRC Sec. 404(o)(6))	The Funding Target Liability for Maximum Contribution is determined using three 24-month average interest rates ("segment rates"), each of which applies to cash flows during specified periods. The Plan Sponsor has elected a 4 month look back for determining these rates each Plan Year.	The segment 1, segment 2 and segment 3 interest rates changed from 1.41%, 3.09%, and 3.58%, respectively as of the prior measurement date, January 1, 2023, to reflect the current prescribed rates. This change decreased the Funding Target Liability for Maximum Contribution as of the current measurement date, January 1, 2024, by 12.85%.
ASC 960 Interest Rate	5.75%	Elbit Systems of America, LLC	The ASC 960 interest rate is developed based on the allocation of the Plan's assets by investment class and the capital market outlook for each investment class. This information is provided by the Plan's investment advisor.	The ASC 950 rate changed from 6.75% as of the prior measurement date, January 1, 2023. This change increased the ASC 960 Liability as of the current measurement date, January 1, 2024, by 9.69%.
Inflation Rate	N/A	N/A	Long-term CPI-U experience.	None
Salary Scale	N/A	N/A	Plan benefits do not depend on future salary.	None
Taxable Wage Base Increase	N/A	N/A	Plan benefits do not depend on future taxable wage base.	None
IRC 415 and 401(a)(17) Limit Projection	N/A	N/A	Projected increases to benefit and pay limits are not applicable under the Actuarial Funding Method used for the Funding Target Liability and the ASC 960 Actuarial Present Value of Accrued Benefits.	None
Pre-Retirement Mortality	2024 IRS Non-Annuitant (M/F)	Prescribed by Internal Revenue Service (IRC Sec. 430(h)(3) for Minimum and IRC Sec. 404(o)(6) for Maximum)	The IRS prescribes by regulation mortality tables to be used in determining minimum and maximum contributions. Those tables are based on the actual experience of pension plans and projected trends in that experience. Current prescribed tables are based on the Pri-2012 Mortality Tables Report, adjusted for mortality improvement using an adjusted Projection Scale MP-2021.	The mortality tables changed from the 2023 IRS Non-Annuitant (M/F) tables as of the prior measurement date, January 1, 2023, to reflect the current prescribed tables. This change, together with the change in post-retirement mortality, decreased the Funding Target Liability for Minimum Contribution and Maximum Contribution as of the current measurement date, January 1, 2024, by 2.09% and 1.98%, respectively.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Summary of Plan Provisions

Plan Effective Date: January 1, 1964

Eligibility Requirements: Age: 21
Service: 1 year
Or
3 years of Continuous Service

Years of Continuous Service: The total number of years and months of uninterrupted employment measured from the date employment commences to the date employment terminates. Notwithstanding this, any plan year in which an Employee is credited with 1,000 or more hours of service, shall count as a full year of continuous service.

Year of Benefit Service: One year of credited service, up to a maximum of 48 years (45 years for a Participant who terminates employment on or after January 1, 2009 but prior to January 1, 2012, 40 years for a Participant who terminates employment on or after January 1, 2000 but prior to January 1, 2009, and 35 years for a Participant who terminates employment prior to January 1, 2000), will accrue for each calendar year in which a participant completes at least 1,680 hours; and if a participant completes less than 1,680 hours, he shall receive 1/10th of a year credit for each 168 hours or major portion thereof completed.

Year of Vesting Service: A 12-consecutive-month computation period in which an Employee is credited with 1,000 or more hours of service. The Computation period commences on January 1.

Normal Retirement Date: The first day of the month following a participant's 65th birthday.

Normal Retirement Benefit: Based on years of benefit service as follows:

<u>Last day of employment</u>	<u>Benefit Unit per year of service</u>
1/1/06 – 12/31/06	\$31
1/1/07 – 12/31/07	\$34
1/1/08 – 12/31/08	\$37
1/1/09 – 12/31/09	\$39
1/1/10 – 12/31/10	\$41
1/1/11 – 12/31/11	\$43
1/1/12 – 12/31/12	\$45
1/1/13 – 12/31/13	\$47
1/1/14 – 12/31/16	\$49
1/1/17 – 07/26/20	\$53
7/26/20 – 12/31/20	\$58

- Normal Form of Benefit:* Single: Life Annuity
Married: Reduced Joint and 50% Survivor Annuity
- Accrued Benefit:* The amount to which a participant would be entitled under the benefit formula based upon the participant's Years of Benefit Service and the plan provisions in effect as of the date of determination.
- Early Retirement:* A participant who has attained age 55 with 15 Years of Service may retire and receive an early retirement benefit. The amount of the early retirement benefit equals the Accrued Benefit, reduced 1/15th for each month of the first 5 years and 1/30th for each of the next 5 years that retirement precedes the Normal Retirement Date.
- Disability Retirement:* A participant who has total and permanent disability after age 50 and 15 years of Continuous Service. The amount of the disability benefit is the Accrued Benefit payable immediately.
- Deferred Vested Pension:* Participants who accumulate 5 years of Continuous Service can receive their Accrued pension deferred to age 65, or reduced pension after age 55. The reduction is the same as for Early Retirement.
- Death Benefit:* Eligible once a participant has become eligible for the Deferred Vested Pension and deceases. Benefit will commence no earlier than the earliest retirement date of the participant. Spouse will receive Accrued Benefit at time of death, adjusted as if participant had retired on date payments to spouse commence under joint and 50% survivor option, and then died. Coverage for this charge may be waived with consent of the spouse.
- Vesting:* Based on Years of Service, subject to the following schedule:
- | <u>Years of Service</u> | <u>Vested Percentage</u> |
|-------------------------|--------------------------|
| Less than 5 years | 0% |
| 5 years or more | 100% |
- Notwithstanding the above vesting schedule, a participant will become 100% vested upon reaching the Normal Retirement Date.
- Participants who terminate with a vested benefit prior to becoming eligible for Early Retirement may commence payments as early as age 55. In this case, the benefit payable at the Normal Retirement Date is reduced actuarially to the actual benefit commencement date.
- Optional Forms of Benefit:* Life annuity, joint and 50%, 75%, or 100% (N/A for terminations) survivor annuity, Social Security level income annuity.
