Independent Auditor's Report

Plan Administrator
Foxconn EV System LLC 401(k) Plan
Austin, TX

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Foxconn EV System LLC 401(k) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 and 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

ACORN ACCOUNTANCY CORPORATION

A Professional Corporation

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Subsequent Event

As discussed in Note 8, effective January 1, 2025, Foxconn EV System LLC appointed ADP Retirement Trust Services, LLC as the plan trustee following the resignation of Reliance Trust Company on December 31, 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

ACORN ACCOUNTANCY CORPORATION

9040 Telstar Ave. Suite# 121
EL Monte, CA 91731
Tel: (626) 579-5088
Fax: (626) 579-5009

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment

Note 1: Description of the Plan

The following description of Foxconn EV System LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees of Foxconn EV System LLC (the Company) who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”).

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Reliance Trust Company (“Reliance” or the “Trustee”) is the trustee of the Plan.

Contributions

The Plan allows participants to defer a percentage of their eligible compensation as contributions to the Plan. Eligible participants may elect to make Pre-tax or Roth contributions. Contributions are subject to certain limitations. The Company matches 100 percent of the participant's salary deferral up to 4 percent of the employee's eligible compensation. Additional contributions can be made at the discretion of the Company's Board of Directors.

Participants are also allowed to make rollover contributions of amounts received from other eligible tax-qualified retirement plans (including rollover contributions of Roth contributions). Such contributions are deposited in the appropriate investment funds in accordance with the participants' directions and the Plan's provision. An aggregate of \$325,166 were rolled into the Plan during the year ended December 31, 2024, and are included in the rollovers in the statement of changes in the net assets available for benefits.

Participant Investment Account Options

Investment account options include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, profit-sharing contributions, if any, an allocation of the plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions, employer matching contributions, employer profit sharing contributions (if any), and rollovers, as well as all earnings on these contributions, are fully vested when made or earned.

Forfeitures

Forfeitures that occur during a Plan year will be used to reduce Plan administration fees or to reduce future employer contributions. As of December 31, 2024 and 2023, there were no forfeitures or forfeiture activity.

Payment of Benefits

Upon retirement or termination of service, a participant may elect to receive a distribution of their vested account balance in a lump-sum payment, or installments over a period of not more than assumed life expectancy, or partial withdrawals if the value of the participant's vested interest in the account is greater than \$5,000. If the vested interest is less than \$5,000, the account balance may only be distributed in a lump-sum payment. In-service or hardship withdrawals are also permitted as outlined in the *Plan Document*.

Participant Notes Receivable

The *Plan Document* includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be \$500. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50 percent of the participant's vested account balance. All loans are repayable over a period not to exceed five years (except loans for the purchase of a principal residence, which is repayable over a period not to exceed thirty years). Interest on the loans is based on the prime rate as specified in the Wall Street Journal plus 2 percent. The interest rate on participant notes receivable for the year ended December 31, 2024 ranged from 5.00% to 9.50%. Principal and interest are paid in equal installments through payroll deductions.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. The Company has not expressed such intention as of these financial statements date.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, foreign exchange, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 2: Summary of Significant Accounting Policies, continued

Valuation of Investments and Income Recognition

The Plan's assets are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis, while dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has an investment option, the MetLife Reliance Stable Value Fund Series 25053 - Class 0, a fully-benefit responsive investment account. That investment is reported at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan that is attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. In year 2024, there was distribution of \$0.63 million, including termination distributions of \$0.51 million accounted for approximately 81% of the total payment of benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distribution and recordkeeping fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of fees and expenses related to the maintenance of the Plan's records.

Note 3: Related Party and Party-in-interest Transactions

The Company, the plan sponsor, provides certain administrative services at no cost to the Plan. In addition, certain Plan investment options are sponsored by the Trustee of the Plan. Therefore, any transaction executed with the Trustee qualifies as a party-in-interest transaction. Any purchases and sales of these funds are performed in the open market at fair value.

Note 4: Plan Tax Status

The Plan has received a copy of the opinion letter, dated October 6, 2020 and addressed to the Plan’s service provider, Automatic Data Processing, Inc. (ADP), from the Internal Revenue Service (IRS) for the acceptability of the form of its prototype plan. The IRS letter indicates that the form of the Plan is acceptable under Internal Revenue Code. It further states that an employer who adopts this plan will be considered to have a plan qualified under Code Section 401.

Although the Plan may have been amended, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan and related trust were qualified as tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: Fair Value Measurements-Unaudited

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 quoted prices for identical assets, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include money market funds and equity securities. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include pool separate accounts, corporate bonds and municipal securities. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan did not have any Level 2 and Level 3 measurements as of December 31, 2024 and 2023.

Mutual Funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 inputs).

Money Market Fund is valued at \$1 per share which represents the net asset value (“NAV”) per share held by the Plan at year end. As of December 31, 2024, money market fund consisted of Vanguard Federal Money Market Fund - Investor Class and the Plan investments in this trust are classified within Level 1 of the fair value hierarchy.

Notes to Financial Statements
December 31, 2024 and 2023

Note 6: Fair Value Measurements-Unaudited, continued

Common/Collective Trust Funds (“CCT”) are valued using Net Asset Value (NAV) based on the value of the fund’s underlying assets (minus applicable costs and liabilities), divided by the number of shares outstanding. The underlying investments are valued by the issuer using either quoted market prices on active markets or observable inputs or quotations from inactive markets. The common/collective trust fund solely includes MetLife Reliance Stable Value Fund Series 25053 - Class 0.

The preceding method described for valuation of the fund may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth a summary of the Plan’s investments measured at fair value on a recurring basis as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Total	Level 1	Level 2	Level 3
